(E6)

, October 20, 1952.

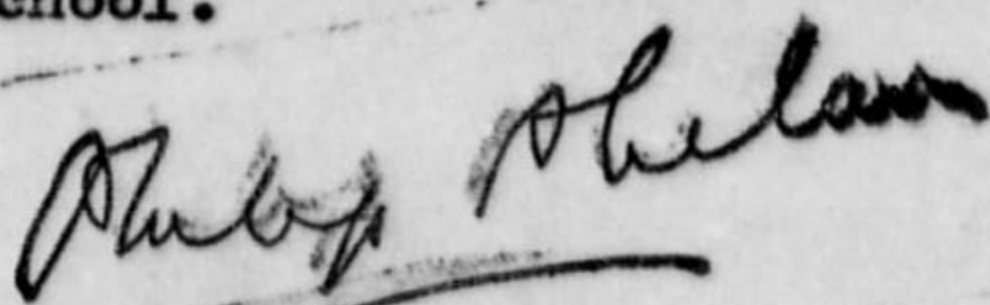

Mr. R.H. Moore,
Supt. Indian Agency,
Duncan, B.C.,

With reference to the September
Quarterly Return for the Kuper Island Indian
Residential School, the Department approves the
discharge of the following pupils:

# 0617	# 578	# 577	# 0571
0603	650	591	0576
0619	660	593	0579
0604	665	594	0598
0627	667	596	0614
0628	623	602	0545
0630	668	627	0587
	0597	566	

As the necessary applications for
admission for pupils # 0645 Rita Smith and pupil #
677 Elmer James were not received and their admissions
not approved, we are disallowing the per capita grant
claimed on the above-mentioned Return. When these
admissions are approved the Principal may claim them
on the December Return, retroactive to September 1 or
the date they entered the school.

MFT/HM

Philip Phelan,
Superintendent of Education.

Admission to Residential School.
Re: Your File: 885-10 (E6)

I would ask that, in future, the Department be kind enough to send a copy of the authorisation of admission of pupils to Residential schools direct to the Principal. The way it is now this office receives a letter approving the admission of certain pupils to the Kuper Is. Res. school, which means that we have to send almost an identical letter to the Principal. As I see it all there has to be done at head office is to have the letter to me written in duplicate, one copy of which should be sent direct to the School Principal. It will save us considerable time, in view of the stenograph shortage in this office.

R.H. Moore.
Indian Superintendent.

APPLICATION FOR ADMISSION

To the
Director of Indian Affairs,
Ottawa, Canada

Dec. 195 2

Sir,—

I hereby make application for admission of the undermentioned child into the Kuper Island Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Citizenship and Immigration may deem proper:

Indian name of child Valeria Alfreda Joe
English name Valeria Alfreda Joe
Age Nov. 28 1939
Name of Band Somenos
No. of ticket under which child's annuity is paid #39
Father's full name and No. Expired
Mother's full name and No. Mrs Bernadette Thorne
Parents living or dead Father dead. Mother living.
State of child's health Good
Religion Catholic
Does applicant speak English? Yes
Previously attended St. Catherin's Day school for 06 years

Mrs Bernadette Thorne
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

* Maryanne M. Langlois B.N.
Signature of Missionary or other Witness

A. Hoos
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

SCHOOL DURING December 31

QUARTER, 19 52

DISCHARGE OF PUPILS

NOTE:—One or more of these forms should be forwarded with each quarterly return and full particulars should be given regarding all pupils either admitted or discharged during the quarter.

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

885-10
(E6)

, January 13, 1953.

Mr. R.H. Moore,
Supt. Indian Agency,
Duncan, B.C.,

With reference to the December Quarterly Return for the Kuper Island Indian Residential School, it is noted that pupil # 641 was sick in hospital during the quarter. The Principal has neglected to indicate the dates of absence. Pupil # 656 was placed in Nanaimo Hospital during the quarter, however, the Principal has neglected to indicate the date.

Pupil # 664 was discharged to attend Tsartlip School. The Principal has claimed 25 days grant but has neglected to indicate the date the pupil left the school.

For pupil # 666 the Principal has claimed 92 days grant as indicated in the Remarks Column. This pupil was truant. If the pupil was truant for even one day the Principal should not have claimed grant for that day.

It would be appreciated if you would advise the dates the above-mentioned children left the school or the period of their absences and instruct the Principal that on future Quarterly Returns this information must be indicated in the Remarks Column of the Return otherwise, it will be necessary to delay payment of the Per Capita Grant until this information is obtained.

Please advise the Principal that we have allowed 122 days grant for pupil # 677 and 107 days for pupil # 0645. These are the children for whom no applications for admission were received and for whom grant was claimed on the September Quarterly Return. We have now received the necessary applications for admission and have allowed the retroactive grant.

Philip Phelan,
Superintendent of Education.

January 16th, 1953.

Mr. Philip Phelan,
Superintendent of Education
Indian Affairs Branch,
Department of Citizenship & Immigration
Ottawa, Ont.

Dear Mr. Phelan :

Re : Your telegram received 4.45 P.M.
Jan. 16/53 - Information Pupils
641 and 664

Pupil 641 was sent after two days of illness at school, with the approval of the M.O. for observation to the Chemainus General Hospital, Dec. 17/52. Subsequently he missed a full week of class, the end of the term. This same pupil 641, as of Jan. 8/53 is discharged here and registered in the Nanaimo Indian Hospital where he has been admitted for treatment on that date.

Pupil 664 was discharged Oct. 25/52 at the request of the father who was now home from the Nanaimo Indian Hospital. As home conditions were improved, and the boy could attend a day school, Mr. R.H. Moore, Indian Superintendent approved the discharge in favor of someone on our long waiting list.

I reported this discharge on Form 1069 Oct. 31/52. Sorry that through distraction, I overlooked reporting on quaterly Form 411 filed at the end of the term.

Trusting that this will clarify this matter and thanking you for calling my attention to it, I am

Sincerely yours,

L. D. LeClair

Chemainus, B.C.,

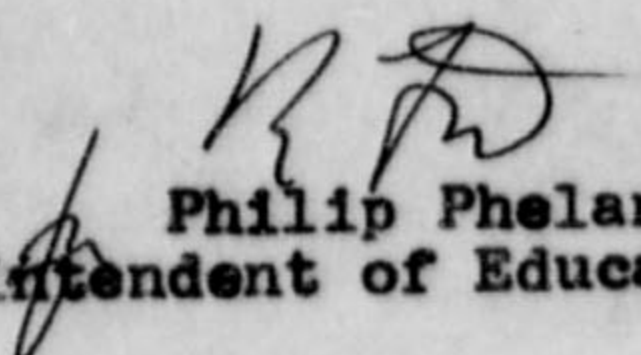

Dear Father LeClair:

This will acknowledge your
letter of January 16th regarding children who
were shown on the December Quarterly Return as
being ill during the quarter.

This information was required by
Treasury officials before payment of the December
Per Capita Grant could be made.

Please be advised that this
information was brought to their attention and
it is expected that a cheque for the grant will
be going out shortly.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Mr. R.H. Moore,
Supt. Indian Agency,
Duncan, B.C.,

With reference to your letter of January 23rd regarding the admission of a number of children to the Kuper Island Indian Residential School, it is noted that most of these children have attended the Westholme or Tsartlip Consolidated or St. Catherine's Indian Day Schools.

Please advise why you consider it necessary that these children be provided with institutional care at the Kuper Island Residential School as this school is already over the authorized enrolment.

Philip Phelan,
Superintendent of Education.

Re: Your letter Jan.16/53,-152/25-2-885.

Dear Mr. Moore:

I think that all this information which Ottawa is asking for I have failed to give on my Quaterly Form I.A.411. If you refer yourself to the one I have filed with your office, I omitted by distraction to state the discharges during the last quater.

Please find enclosed this omitted report. I have forwarded full details about all the pupils a few days ago to Ottawa, as the same information was asked for by wire received from the Superintendent of Education.

However, the information of pupil #666 William Smith was not given because not asked for. May I state that William Smith was truant nine days during the quater. However, he kept residence here because at no time was pupil #666 William Smith ever discharged, as you well know.

Trusting that this will clear up this matter, I am

Sincerely yours,

(Sgd) "Lucian D. LeClair"

January 28/53.

Department of Citizenship & Immigration,
Indian Affairs Branch,
OTTAWA.

RE: YOUR FILE 885-10 (E6)

With reference to your letter of the 26th instant, requesting information why certain children who were in attendance at Westholme, Tsartlip Consolidated and St. Catherine's Indian Day Schools were sent to the Kuper Island Residential School, rather than remaining at the day schools, I would advise that these children were sent to the Residential School as they were not being cared for at home by their parents or guardians, or they came from broken homes.

I can assure you they were not put in the Residential School without due consideration and investigation and while I, personally, do not recall the exact cause in each individual case, I know the conditions were unsatisfactory, not only from the point of view of this office, but also from that of the schools previously attended and the children themselves.

R.H. MOORE,
Superintendent,
Cowichan Agency.

CHEMAINUS, B.C.

Dear Father LeClair:-

The Department approves the admission of the following
children to the Kuper Island Indian Residential School:-

Victor Joseph Norris,
Frank Norris,
Arnold Garry Wilson,
John Howard Wilson

Dorothy Wilson
Simon James Smith
Fraser Smith.

Yours truly,

R.H. MOORE,
Superintendent,
Cowichan Agency.

Memo to Dept:- About two months ago the Department was asked by me to be good enough to send letters approving the admission of children to residential school forward in duplicate, so that I could send one to the school concerned, rather than having to write a special letter. This was done on two or three occasions but usually these come single copy, which is most annoying to me as it wastes valuable time.

Please find attached hereto application
for admission to Kuper Island School for Manson Isaac Pelkey
listed under Roll No. 49 Tsawout.

This boy has just been discharged from
Nanaimo Indian Hospital and was recommended by the Medical
Superintendent to go to the Residential School rather than
return to the home of his father who is a widower and where
home conditions are not as good as they might be.

I arranged with the Reverend Principal to
accept this boy which he was kind enough to do and I recommend
that approval be granted.

Re: Henry Richard Williams -
Roll No. 86 Penelakut Band

Please find attached Application for Admission
to Kuper Island Residential School of the above noted.

The father and mother of this child are both
blind and he was in poor physical condition, being undernourished
and with severe ear and skin ailments. It was obvious that he
was not being cared for at home and his mother threw out all the
medication and drugs given her for his use by the Health Services.
The result being extended and frequent visits to the Hospital.

In view of all the circumstances I had no
alternative but to take the child and send it to the Residential
School.

Your approval will be appreciated.

Re: Christine Sampson
#29 Tsartlip Band

Please find attached application for admission of the above named pupil to Kuper Island Indian Residential School. My reasons for making this recommendation are as follows:

1. One of a large family of 8 children all under 18 years of age
2. Intends to continue her education and if possible join the Sisters of St. Ann.
3. K.I.R.S. does, I think, teach up to Grade 8 after which the pupil could go to a Convent.

If this application is approved, please advise as soon as possible.

Re: Judith Vivian Williams
Raymond Sylvester Williams
#43 Pauquachin Band

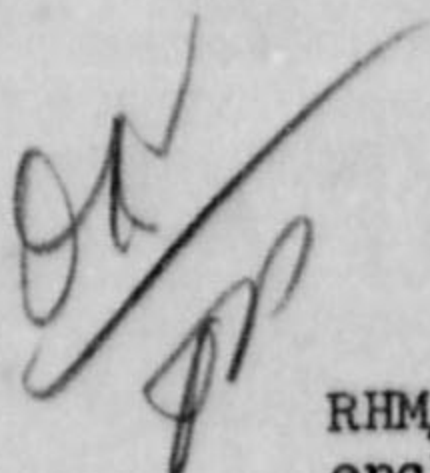

Please find attached herewith original copies of Application for Admission for the a/m to Kuper Island Residential School.

These pupils formerly attended Koksilah I.D.S. but due to the fact that their mother and father have separated and are not living in this country, it was thought advisable that the children should be sent to a Residential School, as the boy is getting out of hand and is too much for his grandmother to look after.

In view of the fact that the home conditions are not satisfactory, I would recommend approval of this application.

Yours truly,

R.H. MOORE
Superintendent
Cowichan Agency

Re: Ralph Munro Williams
No. 65 Skwah Band

The attached application from the Superintendent of the New Westminster Agency for the above noted to enter Kuper Island R.S. in this Agency is being forwarded for your approval.

The Reverend Principal has agreed to accept this young pupil and I so informed Mr. Letcher who knows the family history--which I do not.

If approval of this application is given, please notify the Reverend Principal direct, sending copies of the letter to the New Westminster Agency Office and the writer.

Re: Abraham Anthony BOB
#78 Somenos Band

Enclosed herewith is Application for Admission to Kuper Island
Residential School in behalf of the a/n.

This boy is illegitimate, the mother having several other illegitimate children. The home atmosphere and conditions are definitely not good and it is felt that the boy would stand a much better chance of developing into a useful citizen in the environment of a Residential School. It is, therefore, recommended that this application be approved.

Further, I would point out that I have suggested at least three times that approved Applications for Admission be sent to the principals concerned, a copy of the approving letter being sent to the Agency office. The present procedure is simply a duplication of work.

Yours truly,

Aug. 5, 1953

INDIAN AFFAIRS

Indian Affairs Branch
Department of Citizenship & Immigration
Ottawa, Ont.

I wish to submit herewith Applications for Admission to Kuper Island Residential School for:

1. Delmar Johnny Roll No. 32 Khenipsen Band
2. Allan Murphy Johnny Roll No. 32 Khenipsen Band

My reasons for recommending the admission of these two pupils to a Residential School are:

- (a) Father and mother have been separated for 6 years with little chance of a reconciliation
- (b) Father is an open T.B. case and refuses to go to hospital till he is assured that his children are being cared for.
- (c) The widowed grandmother is unable to care for them as she has four or five of her own as well as two illegitimate grandchildren.

Yours truly,

Re: Joyce Pelkey
#50 Tsawout Band

The attached application of the a/n for admission to Kuper Island Residential School is sent for your approval.

This child, born at the time of the mother's death, has been cared for since then by her grandparents, who find it impossible to do so any longer for financial reasons, as well as the fact that the girl is inclined to get out of control.

I would ask that you give your approval and notify the Reverend Principal direct, sending a copy of the letter to this office.

Yours truly,

Send copy to Principal
make is
open copy*

Indian Affairs Branch
Department of Citizenship & Immigration
Ottawa, Ontario.

I wish to submit herewith applications for admission to Kuper Island Residential School for the Jack children, Gabriel Grayson and Rachel Gale, #23 Tseycum Band.

The reason for this application is due to the fact that the home is broken and the husband and father is living with another woman in the U.S.A.

Mrs. Jack has six other children and as she has a hard time trying to make ends meet as well as the fact that she is inclined to be a little wild herself, Residential School is considered to be advisable and I would therefore recommend approval of the applications.

Will you please authorize admission direct to the Reverend Principal at the school, sending this office a copy.

Yours truly,

R.H. MOORE
Superintendent

Re: WILSON, Alan Isaac
#80 Tsaptlip Band

I wish to submit herewith application for admission for the a/n
to Kuper Island Residential School.

The mother, Mrs. Virginia Wilson, is a widow with eight children
and is presently living in common-law relationship with a man who
deserted his own family to enter into this relationship. The boy
is in the care of his grandmother, also a widow, and who is on
relief. Furthermore, she is tubercular.

In view of the general background and extremely poor home conditions
I would recommend that this application be approved.

If approval is given, would you kindly notify the Reverend Principal
direct, sending a copy of the letter to this office.

Yours truly,

K.R. BROWN
Acting Superintendent
Cowichan Agency

Re: Agatha Tom
#13 Tsartlip Band

Attached hereto is application for admission to Kuper Island Residential School in behalf of the a/n girl.

This girl is very anxious to receive an adequate education, according to a report received from the Reverend Principal of Tsartlip Consolidated School. However, her home conditions are very poor, her father being particularly unco-operative in this regard. Through no fault of her own, the girl's attendance at school during the past term was virtually nil as she was kept at home by her father for no valid reason.

In view of the foregoing, it is recommended that approval be given to this application.

Yours truly,

K.R. BROWN
Acting Superintendent
Cowichan Agency

Mr. K.R. Brown,
A/Supt. Indian Agency,
Duncan, B.C.,

The Department approves the
admission of Agatha Tom to the Kuper Island
Indian Residential School.

With reference to the
applications for admission for the Chapman
children, it would be appreciated if you would
advise the necessity for providing institutional
care for these children. This information is
required before consideration can be given to
this request.

A copy of this letter is being
forwarded to Superintendent Letcher.

Department of Citizenship & Immigration
Ottawa, Ontario.

We have enclosed an application for admission to Kuper Island Residential School for Marvin Bazile Joseph JOHNNY.

There is no home life for this child as the mother wanders around and continues to move her place of residence. She is unsuitable and not capable of providing for the child. We would therefore recommend approval of the application.

We are now given to understand that the Physical Examination Section of the application is no longer required and that the new type of forms no longer carries this data. We are requisitioning for a supply of the new forms.

Yours truly,

K.R. BROWN

RE: MYRA ARLENE "NANCY" JOE.
ROLL NO. 35, SOMENOS BAND.

Attached please find application for admission of the above named girl, daughter of Abraham and Lorraine Joe, to the Kuper Island Residential School.

The mother of this girl is at present in the Nanaimo Indian Hospital and is unable to care for Nancy. This being the case, I would appreciate receiving your approval of the above application.

Would it be possible to have your reply by return mail in order that this child may be enrolled as soon as possible. Unfortunately the forms were made out some time ago, but we were awaiting the signature of the mother before forwarding the application.

Re: Abraham Johnny
#26 Khenipsen Band

Attached hereto is application for admission for the a/n child to Kuper Island Residential School.

Home conditions are not only poor, they are non-existent for this child. He is illegitimate and the mother has now abandoned him to the decidedly sketchy care of his father and an aged grandfather. Our Agency nurse found the child literally wandering the Reserve and suffering from an extremely heavy cold.

The Reverend Principal has expressed himself as being entirely willing to accept this child, and under the extremely adverse home conditions, approval is recommended.

Yours truly,

K.R. BROWN

Re: George Frank Harris
#98 Chemainus Band

Enclosed herewith is application for admission to Kuper Island
Residential School in behalf of the a/n boy.

The family home is on a very isolated section of the Chemainus Reserve
and if he were not in Residential School, the child's education would
be completely neglected. It is therefore recommended that approval
be given. It might be added that this application is being forwarded
at the suggestion of the Reverend Principal of the school.

Re: Admissions & Discharges -
Kuper Island Indian Residential School

In reference to your letter of September 8th, 1953, your file 885-10 (E6), concerning the applications for admission for Patrick Joseph and Charles Michael Chapman of the Skawahlook Band into Kuper Island Residential School, we would advise as follows:

The parents of the two children are both living and reside at Ruby Creek, B.C., where there is no Indian Day School. A public school operates in a logging camp which is about 2 miles from the children's home, however, the parents do not wish the children to attend there, having a decided preference for a Catholic School. This family has other children already in attendance at Kuper Island. The Principal made room for these children and they are already in attendance. Their admission is recommended.

Re: Diane NORRIS
Teresa NORRIS
#22 Lyackson Band

Attached herewith are applications for admission for the a/n children to Kuper Island Residential School.

These children live on a very isolated Island and it is impossible for them to attend anything but a Residential School. You will note that Diane now aged 10½ years has attended school for only six weeks.

This application is being submitted at the Reverend Principal's suggestion and for this and the afore mentioned reasons, approval is recommended.

Yours truly,

K.R. BROWN
Acting Superintendent
Cowichan Agency

Re: Rosaline Stella PAGE

Enclosed herewith is application for admission for the a/n child to Kuper Island Residential School.

Home conditions are very poor indeed. The father is a fisherman and the fish boat is their only housing with the result that school attendance is disrupted and very unsatisfactory. It is therefore recommended that this application be approved.

Yours truly,

K.R. BROWN
Acting Superintendent
Cowichan Agency

APPLICATION FOR ADMISSION

To the
Director of Indian Affairs,
Ottawa, Canada

F.A. # 9 IN -121881
B.C.H.I.S. #030503302

.....September 15.....194...53.

Sir,—

I hereby make application for admission of the undermentioned child into
the.....Kuper Island.....Residential School; to remain
therein under the guardianship of the Principal for such term as the Minister of Mines and
Resources may deem proper:

Indian name of child.....
English name.....Rosaline Stella PAGE
Age.....Born June 8, 1945
Name of Band.....Khenipsen
No. of ticket under which child's annuity is paid.....#33
Father's full name and No.....Francis PAGE #33
Mother's full name and No.....Mary Elphina Page #33
Parents living or dead.....Both Living
State of child's health.....Apparently Good
Religion.....R.C.
Does applicant speak English?.....Yes
Previously attended.....St. Catherine's I.D.S.....school for.....2.....years

.....Francis Page
(Signature of father)

NOTE—If mother or guardian signs, agent
must forward full explanatory note.

I hereby certify that the above application for
admission has been read over and interpreted to
the parent or guardian and that the contents were
understood by him or her and that I witnessed his
or her signature to this document.

I recommend the admission of the above child,
who is of good moral character and is eligible to be
admitted as a grant-earning pupil.

*.....
Signature of Missionary or other Witness

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket
under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years,
except in the case of an orphan, destitute or neglected child. When application is made for the admission
of such cases, full particulars should accompany the application.

KUPER ISLAND INDUSTRIAL SCHOOL.

At the time of my visit to this school this summer (1922), the following matters were brought to my attention.

x

x

x

I found here the best gymnasium at any Indian school in Canada. There is a spectators' balcony, dressing rooms, lavatories and playrooms - all in the gymnasium building. There is a splendid band here, they need a few more instruments at this time. They have a splendid manual training equipment, but no instructor. Mr. Cairns suggests a Government manual training instructor to travel among the 5 or 6 residential schools on the mainland.

Kuper Island School ----- The Principal stated that while he had a fair supply of tools purchased by the Department in 1915, six of the eight benches supplied them had been taken away for use at the Nanaimo Day School Manual Training room, and others would have to be supplied. He also informed me that the services of a manual training instructor from Ladysmith could be obtained, if necessary, but some arrangement would have to be made with regard to transporting him to and from the school each week. It may be possible that an addition to the staff will be made of a competent carpenter.

MEMO FOR FILE:

On File 600224, Commissioner Ditchburn was authorized, on February 6th, to purchase manual training equipment as follows for this school. The correspondence indicates that it may be necessary to engage a special organizer and the work will be commenced as soon as arrangements can be made for instructors at the various schools. Mr. Ditchburn is making enquiries regarding this phase of the work, also.

Kuper Island Indian Residential School

- 6 Single benches.
- 8 Bench screws.
- 8 Individual sets tools.
- 8 Drawing sets.
- Material.

The estimated cost is \$269.36.

POOR-COPY

Ottawa, May 14, 1929.

Reverend Sir:

The Department is making special efforts to improve the instruction in manual and vocational training for boys in the Indian schools of British Columbia. If this phase of our educational programme can be made more effective, it will greatly benefit the Indians of the Province. Most residential schools have a workshop or other space that can be used for vocational training. If steps to improve the workshop facilities should be taken at the Kuper Island Indian Residential School, please cooperate with Mr. Indian Agent Lomas with a view to making a recommendation to the Department.

A thorough course in carpentry is the present aim. To this end, Mr. Commissioner Ditchburn has been authorized to supply benches and tools and there has been directed to you a text on manual training, job sheets in woodworking and a publication on how to work with tools and wood. Further, you have been authorized to present to Mr. Indian Agent Lomas reasonable accounts for materials with which to work.

The Department is desirous of having a qualified instructor for this work at all schools where this special training is being undertaken. Some schools have on the staff an officer who is well qualified for the activity and who can be released from other duties for the manual training classes. I understand there are summer courses for instructors in manual training in Vancouver and Victoria. Other Indian schools are so situated that they can secure the services of instructors from municipal schools. In this case, classes are held two or three times per week. The Department would like to know what arrangements you have made, or can make, for this important work. Do not hesitate to enlist the cooperation of Mr. Indian Agent Lomas, if the Department can be of any assistance.

At a later date, it is hoped to extend the vocational training to include gas engines and other machinery; and, whenever you believe this additional course should be given at the Kuper Island Indian Residential School, you will please inform the Department. A copy of this letter is being directed to Mr. Lomas for his information.

Your obedient servant,

J. D. McLEAN

May 30th 1929.

J.D. McLean Esq.,

Asst. Deputy & Secretary

Department of Ind. Affairs,

Ottawa . Ont .

Dear Sir:

In answer to your letter of 14th inst. No 152-0-11 would say that I have a competent carpenter on the staff who, in the last three years put an addition to the boiler room and build a new pig sty and a new house for the lighting plant. Arrangements are being made to have him follow the summer course for instructors in manual training.

With regard to the workshop facilities I think that the special room set apart for this purpose in the present building is really too small for the size of benches we were requested to put up according to a proposed plan.

I expect a visit from Mr. Indian Agent Lomas. This matter will be talked over with him, and some suggestions made, with the view of, sooner or later, including gas and other machinery in the vocational training.

Your obedient servant

Reverend Sir:

I wish to refer to your letter of May 30th, which was in reply to my communication of May 14th, regarding manual and vocational training for boys at the Kuper Island Indian Residential School. Benches and tools have been supplied, and the Department wishes to learn if you need any help in the matter of materials with which to work. There has also been directed to you manual training texts and job sheets. The Department would be grateful for a report on this activity generally, with recommendations how this service can be improved.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

October 12th 1929.

J.D. McLean Esq.,

Asst. Deputy & Secretary

Department of Ind. Affairs

Ottawa. Ont.

Dear Sir:

In answer to your favored of 26th ultimo No 152-0-11 re manual training: benches were made last summer at the school, some tools were supplied; and according to instructions of Mr Ditchburn material to work with was bought to the amount of about \$50.00.

The work is started under the direction of Mr Wiseman, member of the staff: class in the evening between 5 -6; and during the regular work hours 6 boys in turn do necessary and practical work under the supervision of the instructor. Just now they are putting shingles on the barn; later on they will put new floors in the play-halls.

Re improving the present service this is very difficult under prevailing conditions. First of all, owing to the location of the school it is impossible to get an instructor from surrounding public schools for a few days a week. Then again by affecting to the work a member of the staff much of his time is taken up and many important improvements and necessary repairs are being put off for weeks and months.

Now if I am allowed to make a suggestion I would say that there should be one man more on the staff i.e.: one instructor for man. training and gen. carpentry work: improvements and repairs. one mechanic for all machinery, boats and pipe system. one for farm and stock. one for all odd jobs in and around the house: bakery, furnace, garden etc. one for general discipline when pupils neither in class nor trade, asst. principal, on half day salary. - With this arrangement more time could be given to the pupils for their training, and proper care could be taken of things which begin to require more and more as the buildings are getting older.

But this can absolutely not be done with our present grant. Up till last spring I was about able to manage things by very careful administration. But since then many things seem to be making it more and more difficult every day: This summer I have been paying for meat as much as 28cts per pound by the quarter. Then 6 sisters who were getting \$25.00 per month

Ottawa, October 25, 1929.

Reverend Sir:

I have your letter of the 12th instant, with reference to the manual training activity at the Kuper Island Indian Residential School. I regret that it is impossible to increase the per capita grant, as it would disturb the schedule of payments to schools of the same kind. The Department would like to help you in this important work, and, if you will add a man to the staff, the Department will give a grant of \$50 per month for his salary. There would then be, in addition to the Reverend Sisters,

The Reverend Principal,
The Assistant Principal,
A Boys' Disciplinarian,
A Handy man,
A Farmer,
A Mechanic,
A Manual Training Instructor.

Please let me know if you can take advantage of this offer.

Your obedient servant,

J. D. McLEAN

Russell T. Ferrier Esq.,

Supt. of Ind. Education

Ottawa . Ont.

R

Dear Sir:

In a letter from the Department No 152-0-11 October 25th ultimo Signed by J.D. McLean Asst. Deputy & Secretary I was promised \$50.00 per month towards salary of an additional man on the staff, in order to make the vocational training more effective.

From Jan. 1st I have a first class mechanic and would like to know if the Department is going to forward the above amount at the end of every month or every quarter; and if at the end of each quarter if it will be necessary for me to mention it on my quarterly returns.

Now with regard to the tools furnished last year for the manual training room I must say that very few practical and necessary things can be made because they supplied us only with one size of chisels, back saws only, no ordinary hand saws, no rip saws, no gouges, no rasps, no screw-drivers, no hammers. In view then of getting a few of these most necessary sets and two or three more elaborate tools for the instructor I hereby apply for a grant of \$100.00 one hundred dollars.

Yours obediently

Principal.

Ottawa, February 15, 1930.

Reverend Sir:

I have your letter of the 7th instant, with reference to manual training instruction at the Kuper Island Indian Residential School. I note that an instructor was appointed on January first, and the Department will allow \$50 per month towards his salary, payable once every quarter, if you will forward a voucher, in favour of the school management, for the service. As our funds are exhausted at the present time, I have to request that the first voucher will not be forwarded until the first of April.

I have also to authorize you to expend \$100 for instructor's tools. Please do not make the purchase for a few weeks, so that the account will not reach us before the month of April. The account should be in duplicate, properly certified by yourself.

Your obedient servant,

A. F. MacKenzie

Rev. Sir:

I have to acknowledge receipt of the voucher which you submitted covering the grant payable by this Department towards the salary of the manual training instructor at the Kuper Island Indian Residential School for the quarter ended March 31st, last, to the amount of \$150.

In this connection I have to say that a cheque for this amount will be sent you in due course. In future, I have to request that at the end of each quarter you will prepare your account for the grant due, in duplicate, and forward same to Mr. Agent Lomas, Duncan, B.C., as it is necessary that he certify same before payment can be made. We are informing the Agent of the grant allowed and requesting him, upon receipt of the voucher, in duplicate, for the grant due at the end of each quarter, to certify the voucher and forward it to the Department for payment.

EX-11

Dear Sir:

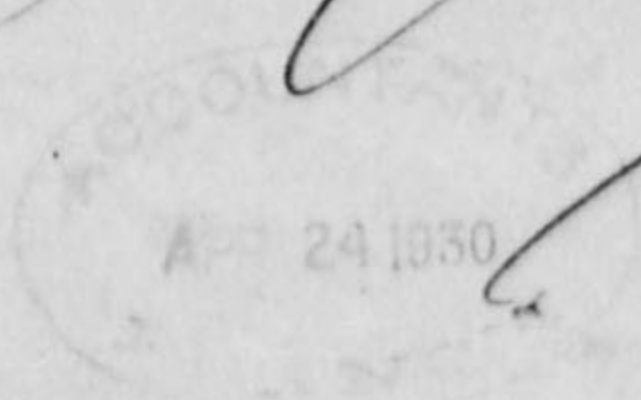

By letter 150-0-11 Feb. 15th 1930 I was authorized to spent \$100.00 on tools for our Manual Training Room. I bought them from Marshall Wells Ltd. wholesale. Owing to the fact that a special sale was on at the time I was in the store 2 seperate bills have been made out.

Everything has been received in good condition and is most satisfactory. I am enclosing properly certified accounts and freight bills.

Thanking you most sincerely I beg to remain, Dear Sir,

Your obedient servant

Duncan, B. C.

July 9th, 1930.

Sir:-

Application has been received from the Reverend J. Geurts, Principal, Uper Island Industrial School, for authority to purchase \$50.00 worth of lumber, etc, for use in manual training school. I would respectfully request that the Department grant the same.

Your obedient servant,

(Alfred H. Lomas)
Indian Agent.

562-G-3

Ottawa, July 16, 1930.

Sir:

Replying to your letter of the 9th instant, I have to say that the Principal of the Kuper Island Indian Residential School may incur an expenditure not exceeding the sum of \$50 in the purchase of lumber and other materials to be used in the manual training work. He should obtain an itemized account, in duplicate, covering the cost. This account, he should hand to you and you will be good enough to attach same to proper voucher forms, certify in the usual manner and forward to the Department for payment.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

July 23, 1930.

Approved
OK
Memorandum:

DR. SCOTT.

Father Geurts, Principal of the Kuper Island Indian Residential School, visited the Department today. He is desirous of erecting a utility building, approximately 24 x 40, in the centre of which will be a machine room and at either end a blacksmith shop and a repair shop. Underneath the space will be used for storing wood.

He has a very fine mechanic and they can erect it themselves, if we will provide about \$800 worth of material. This could quite properly be a charge on B. C. Special and, as not more than \$12,000 is being used for Education this year, I wish to recommend that \$800 be allowed for the purpose.

During the next and the following years, Father Geurts hopes to provide a lathe, a drill and other equipment. Some of it will be purchased by the School, but they will also want help from time to time. This ought to prove a very useful training for the older boys.

*1. Mr. Paget.

Ottawa, August 9, 1930.

Sir:

Father Guerts, Principal of the Kuper Island Indian Residential School, visited the Department some two weeks ago. He is desirous of erecting a utility building, approximately 20' x 40', in the centre of which will be a machine room and at the ends a blacksmith shop and a repair shop. The basement will be used for storing wood, etc. Father Guerts promised that he would be responsible for the erection of such a building if the Department would provide approximately \$800 for materials. Will you please inform him that his request is granted and that he may purchase the materials without delay. The accounts, in duplicate, properly certified, should be forwarded through your office. Father Guerts is receiving a copy of this letter direct for his information. It is understood that the accounts will be paid from B. C. Special Vote.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

CAMERON LUMBER CO. Ltd.

Victoria, B. C.
Sept. 8th, 1930.

Principal, Kuper Island School,
Kuper Island, B. C.

Dear Sir:-

We have received the enclosed account for transportation of lumber delivered to wharf for shipment to Kuper Island School.

As our instructions were to send up \$50.00 worth of material and nothing was said as to prepaid freight on the lumber we naturally inferred that it was your intention to pay the freight on the material, we therefore, enclose Freight Bill for 14.90, and would kindly ask you to remit same to the Island Freight Service, Ltd.

Yours very truly,

Cameron Lumber Co., Ltd.

(Signed) F. Daniels,
Local Salesman.

R

Sir:-

In connection with yours of the 16th, July last granting authority covering an expenditure of \$50.00 in the purchase of lumber for manual training at Kuper Island Industrial School, I now beg to enclose herewith the following accounts,-

Cameron Lumber Company, Ltd.	Voucher No. 385	50.00
Island Freight Service	Voucher No. 387	14.50

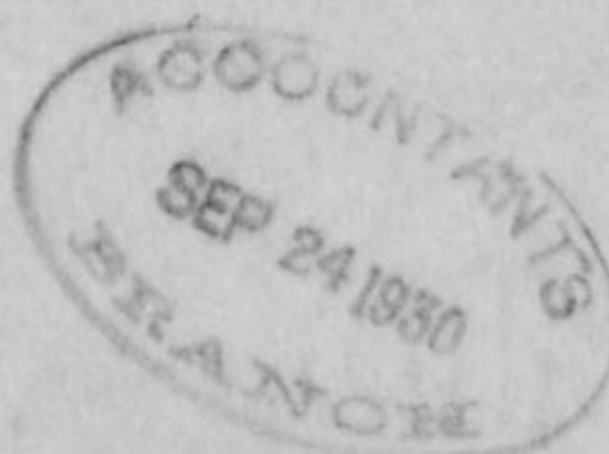

Also enclosed you will find copy of letter from Cameron Lumber Co. Ltd, to the Principal of Kuper Island School forwarding account of the Island Freight Service, covering the cartage on the lumber, which account comes over and above the authority granted, but which is trusted the Department will take care of.

Reverend Gaurts in forwarding the accounts, expresses appreciation of the authority granted.

Your obedient servant,

Kate Robertson

177-H-3

Your File No. 152-0-11

Sir:-

In reference to your letter of the 9th, August last, authorizing an expenditure of approximately \$800 to purchase lumber, etc, for a utility building at Kuper Island Industrial School, I now beg to enclose herewith the following accounts, which have just come to hand through the Principal, Reverend J. Geurts,-

Pay Jms.

Cameron Lumber Co,	Voucher No. 557	\$550.00 ✓
Evans, Coleman, Johnson Bros.	Vch No. 558	109.70 ✓
Evans, Coleman & Evans,	Voucher No. 559	62.37 ✓
Marhsall Wells B. C. Ltd.	Vch. 560	110.56 ✓

Reverend J. Geurts, in his covering letter notes that the total amount is a little over \$800, but trusts the same will be accepted. The lumber was given by contract and the freight included in the contract price.

Your obedient servant,

H. Graham

(H. Graham)
Indian Agent.

Dear Sirs:-

We beg to acknowledge receipt of your
cheque #5953 for \$110.56.

We regret we are unable to reconcile
the amount with our books here and would appreciate
your advising us details of the invoices making up
this amount that we may keep both our accounts in
alignment.

Thanking you, we are,

Ottawa, 23rd December, 1930.

Dear Sir,-

With reference to your letter of the 17th instant, I may say the Department desires to thank you for drawing attention to the payment of \$110.56 made to you recently by official cheque No 5953, as seemingly you received \$13.02 in excess of the amount due.

I enclose the voucher received at the Department upon which payment was made. It is No 560, and as you will observe it is certified by the Principal of the Kuper Island Indian School, and by Mr Graham, Indian Agent. It would appear, however, that the charge of \$13.02 made in the first invoice (dated 23rd October) is duplicated in the third invoice dated 31st October (See entry Invoice No 1022593, which number appears also on the first invoice mentioned.)

It seems advisable to point out also that Invoice No 1030506 is referred to twice in accounts dated 31st Oct., although different amounts are charged. Explanation in this connection is desired.

When you have examined the Voucher kindly return it to the Department with refund of the amount over paid.

The account for 72¢ freight prepaid is attached to the voucher form and also account of \$1.35 for freight. These accounts were covered by the cheque for \$110.56 which you received.

Yours truly.

Dear Sirs:-

Replying to your favor of December 23rd.
re invoice for goods supplied to the Kuper Island Indian
Residential School.

Re our invoice No. 1022593 for Nails, amount,
\$13.02 on which you have received a duplicate invoice, dated
October 23rd. and October 31st.

In checking over our records we find there is
only one amount for \$13.02 charged you on our Ledger.

Re invoice No. 1030506 which is referred to
in account dated October 31st.

You will note that the amount of \$33.85 takes
the discount of 2% and the amount of \$36.37 is a net item and
is sold at Net Cash.

Dear Sirs,-

I beg to acknowledge receipt of your letter of the 31st December stating that Invoice No 1022593 for \$13.02, for goods supplied the Kuper Island Indian Residential School is charged once only in your ledger, and in reply I have to point out that your accounts dated respectively the 23rd and 31st October contain this charge under invoice No 1022593, and both accounts were paid by cheque No 5953. Kindly therefore make refund to the Department of \$13.02, and the 2% discount on \$33.65 viz:- 68¢, not previously deducted, which will make a total refund of \$13.70.

When making the refund of \$13.70 kindly return the Department's voucher which was sent to you with official letter of the 23rd December.

Yours truly.

F.H. Paget.

Dear Sirs,-

Order No.4940/13891

On the 29th September last the Department sent you official cheque No.4061 for \$50.00 covering your account dated the 8th August for lumber supplied for use at the Kuper Island Indian School. Attention has recently been drawn to the first two items in this account. They amount respectively to \$9.75 and \$3.68. Kindly examine them and furnish explanation in connection therewith. It is thought that possibly they should read as follows,-

120 Lin. 1n x 12	120'	65.00	7.00
70 " 1/2n x 8	47'	57.00	2.68

Of course if the foregoing is a correct understanding regarding the charges, a refund should be made in this matter by your Company. I shall appreciate the receipt of your reply at the earliest possible date.

Yours truly,

F.H.Paget
Chief Accountant.

ALSO TO DATE OF THIS LETTER

Your file No. 152-0-11.

COMMISSIONER'S OFFICE
P. O. BOX 666

VICTORIA, B.C., May 14, 1931.

Dear Sir:

I beg to acknowledge receipt of your letter of the 8th instant enclosing copy of letter sent to the Cameron Lumber Company taking exception to the amount charged for two items on a bill of lumber supplied the Kuper Island Indian Residential School for the Manual Training classes. I have today seen the Cameron Lumber Company and they state as the 120 lin. 1 x 12 was a full one inch thick when finished it should be figured as 120 lin. 1 1/4 x 12 -- 150'. Therefore the amount of \$9.75 is correct, but on the second item 70 lin. 3/4 x 8, this is figured as 1x8 -- 47' and amounts to \$2.68 as stated in your letter. Therefore a refund of \$1.00 is owing to the Department and the company states that they are forwarding you a cheque for this amount today.

Your obedient servant,

W. E. Ditchburn

Dear Sir:

Your No.152-0-11, Our Order No.4940/13891

Replying to your letter of the 8th instant with reference to our invoice dated August 8th, 1930 covering lumber supplied by us to the Kuper Island Indian School.

Our extension of the first item on our invoice is correct, inasmuch as this material was dressed to a full thickness of 1" net size. When material is ordered dressed to full 1" thickness it is customary to charge $\frac{1}{4}$ " to cover loss in dressing. Accordingly the correct extension of this item is as follows:

120 Lin. $1\frac{1}{4}$ (1" net) x 12	150'	\$65.00	\$9.75
---------------------------------------	------	---------	--------

We regret, however, that the second item of \$3.68 is incorrect; this should be \$2.68 as noted in your letter.

We are pleased to enclose herewith our cheque for \$1.00 to cover this overcharge, and regret any inconvenience we may have caused you in this connection.

Yours very truly,

COQUALEETZA RESIDENTIAL SCHOOL
Sardis, B.C.

Sardis, B.C.,
November 3, 1931

Mr. W.E. Ditchburn, Commissioner,
Department of Indian Affairs,
Victoria, B.C.

Dear Sir:

Let me remind you of a short interview we had with Dr. Scott, the Deputy Minister, in your office at Victoria on Wednesday, August 19th, regarding the question of providing necessary equipment for carrying on the third years work of instruction in the Motor Mechanics class at Coqualeetza Residential School.

The equipment required by the instructor, and which should be in place within the next four weeks, is a Deisel or semi-Deisel engine; an automatic electric light motor system for a medium sized fishing launch; and a few tools. The Deisel engine we thought would cost between \$500.00 and \$600.00. Mr. Edwards found one, a used engine, which would answer all purposes of instruction, much cheaper.

1 Scandia 7 horsepower, semi-Deisel engine, 1 cylinder, 2 cycle, equipped with direct reversal and also with reverse clutch. It is a used engine and has been running for eight months. It is in good running order, complete with extra parts	\$ 200.00
1 Matthews automatic electric light motor system, model H, 32 volt, 400 watt. This is in splendid condition and good working order	150.00
1 hand drill and drills	12.50
1 vise, 4"	10.65
1 solder copper and solder	2.45
1 12" Crescent wrench	2.75
1 8" Crescent wrench	1.65
1 14" pipe wrench	2.55
2 tanks for engine test purposes, complete with fittings	15.00
1 blackboard (present one is worn out)	15.00
Estimated freight	10.00
	\$ 422.55

Indian Affairs (RG 10 Volume 6457, file 885-11, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

oor-copy

Nov. 3, 1931.

Both Mr. Edwards and I have been to Vancouver and looked over a number of engines, used and new. The new ones are out of the question at the present time. We could have obtained a used Deisel engine, 20 horsepower, for \$500.00 but came across this semi-Deisel. The principles involved in the working of the Deisel and the semi-Deisel are exactly the same, and the price of the 7 horsepower semi-Deisel is such a saving that we are justified in recommending its purchase.

The small electric light plant for a fishing boat is part of the Motor Mechanics third Year course and it is infinitely better to learn its operation in gas boats than to continue the use of unsafe coal oil lamps which many Indians use.

While not an expert, I have personally seen and examined the engine and the lighting plant recommended by Mr. Edwards and feel staisfied we could not do better. Thdy are good value.

The above, with what was supplied the Motor Mechanics Department last year furnishes sufficient equipment for instructional purposes in the first, second and third years course.

At the interview to which I referred, I carried away the impression and was encouraged to believe that, when needed, this material would be provided by the Department from a fund you have for such purposes.

I have no hesitation in recommending a grant of \$425.00 be allowed for the material, tools and equipment as above outlined.

Let me thank you for the interest you have taken in the past in this enterprise of teaching Indian youths, who will most of them be fishermen owning their own motor boats for fishing, how to run their engines and make their own repairs. Such training is certainly essential to their happiness and prosperity. To my mind the success of this branch of technical training warrants further development.

Thanking you for your continued interest.

Yours very truly,

G.H. Paley,
Principal.

IN YOUR REPLY REFER TO

No. 182/9/22925

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
P. O. BOX 666

VICTORIA, B.C., November 4, 1931.

Dear Dr. Scott:

I am attaching hereto for your information and consideration copy of a letter I received from Reverend G.H. Raley, principal of the Coqualeetza Residential School, in connection with some additional equipment he asked be supplied with for his manual training instruction room for third year pupils.

When I was at Coqualeetza school during the later part of May, Mr. Edwards, the manual training instructor, and Mr. Raley spoke to me about obtaining a second-hand Deisel engine in order that the pupils might receive instructions on the operation of this class of internal combustion engine. I informed both Mr. Raley and Mr. Edwards that when they notified me as to just what the cost would be I would then take up the question with yourself.

You will remember that when you were in Victoria in August, Mr. Raley called at this office and the matter was then discussed, and if I remember correctly you asked him to supply information as to what he proposes getting and what the cost of the same would be. This information is fully contained in Mr. Raley's letter and as the requisition is within reason, I would recommend that he be given authority to expend \$425.00 on the equipment and tools mentioned in the list contained in his letter.

Your obedient servant,

W.E. Ditchburn.

Dear Mr. Ditchburn:

I have your 182/9/22925 of the 4th instant, with enclosure, with reference to additional equipment for the third year manual training class at the Coqualeetza Indian Residential School. In view of your representations, I have decided to make a special grant of \$425 from the special appropriation, and I am so informing Reverend Mr. Raley. A cheque for the amount of the grant is being directed to him, so that he can make purchase of the second hand equipment desired.

Yours very truly,

over

Ottawa, March 2, 1932.

Sir:

I have your letter of the 22nd ultimo, relative to the request of the Principal of the Kuper Island Indian Residential School for authority to incur an expenditure of approximately \$50 to purchase material for the use of the manual training classes.

In reply I have to say that the Department will approve of an expenditure not exceeding approximately the above amount in the purchase of the material required for the use of the manual training class. You should arrange, after consulting the Principal as to the material he requires, for the purchase from a firm on the list to receive consideration, in accordance with departmental instructions.

After the purchase has been made, please forward an itemized account, in duplicate, properly certified, covering the cost. It should be stated on the account that payment is to be made from B.C. Special Appropriation.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

A. F. McKenzie Esq.,
Asst. Deputy and Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:

I beg to enclose statement of expenditure and receipted accounts in connection with the engine, electric lighting plant, material etc. purchased by me for use in the motor mechanics branch of our technical department. This outlay was authorized by special grant, see your file #152-0-11, dated Ottawa, November 12th. 1931, and signed Duncan C. Scott. The amount authorized was \$425. and paid to that amount by the Department's cheque #4571. The accounts herewith and statement are in duplicate.

Thanking you for your interest.

Yours very truly,

G. H. Raley

Ottawa, April 27, 1933.

Sir:

I have your letter of the 22nd ultimo, requesting authority to incur an expenditure in the purchase of lumber and materials required in connection with the manual training classes at the Kuper Island Indian Residential School. In reply I have to say that the Department will approve of you arranging for the purchase of the materials considered necessary, to a cost which must not exceed the sum of \$50. An encumbrance certificate is enclosed, covering the funds for the purpose. Please obtain an itemized account, in triplicate. This you should attach to proper voucher forms, certify in the usual manner and forward for payment. Please state on the voucher that the expenditure is incurred under authority of E. R. No. 322.

Replying to your letter of the 28th ultimo, I have to say that it will not be necessary for you to obtain an encumbrance certificate covering the grant towards salary of the manual training instructor, as a blanket encumbrance has been obtained by the Department for grants and salaries.

Encl.

Rev. Sir:

As soon as possible after March 31st next, you should forward to the Department a detailed report regarding the vocational training that is given at the Kuper Island Residential School. This report should contain the following information:

- (a) Instruction: Name, age and qualifications of instructor or instructors.
- (b) Industries: Under this heading you should specify the industries taught, the number of pupils in each industry, number of hours weekly that each pupil is engaged, and list of work accomplished during the period April 1, 1933, to March 31, 1934.
- (c) General Remarks: Under this heading you should state if the pupils are interested, and if you consider the results that are being obtained justify the expenditure that is being made.

If you feel that the value of the course could be improved, you should state in what manner you believe this could be done.

In addition to the above, you should let me know what is being done at your school to carry out the instructions contained in circular letter of March 18, 1931, a copy of which is enclosed.

Your obedient servant,

A. F. MacKenzie,
Secretary.

INDIAN INDUSTRIAL SCHOOL

KUPER ISLAND, B. C.

THE VOCATIONAL TRAINING .

Owing to the impossibility of getting an outsider for the manual training at the Kuper Island Indian Residential School, the Department has kindly provided for part salary of a special man on the staff, Bro. Wiseman, who is about 40 years of age, was trained as carpenter in an Industrial School in the East, and as such has spent over 10 years in Kuper Island.

In the course of the year about 30 pupils have been receiving manual training instructions, each pupil one half day a week.

Besides this general course 6 pupils have been receiving special training in carpentry. - In the manual training shop the pupils have made usefull things for in and around the house, such as : ladders, step-ladders, tables, benches, desks etc. - The carpenters have to their credit an addition to our gym 35/40. with a complete gymnastic outfit; some of the things had been previously supplied by the Department, others are home-made.

In the past year 5 tons of cement has been used for all kind of improvements and 6 boys have been taught how to mix this properly. They also were taught how to make forms for general building purposes and for more artistic work.

Re gas boats, the bigger boys take turns, at least twice a week, in running a boat, for the regular trips we have to make to Chemoineus.

Finally 4 boys take turns in the bakery under the direction of a man in charge.

The girls too are properly prepared for their future life, by competent sisters both in the kitchen & sewing room. - Pupils over 14 take regular turns in the kitchen where they are taught gen. cooking and baking bread, cakes etc.

In the laundry the bulk of the washing is done by machine; but besides this every wash day there is always some hand washing and hand ironing.

In the sewing room the girls do all the darning and mending. The older more advanced girls learn machine sewing. They make all their own dresses and also the shirts of the boys. In fancy needle work and crochet they compete most favorably with the whites as has been proved by the many exhibition prices.

2

All the pupils are keenly interested in this kind of work. The best articles produced, sent to the local exhibition, have given a real name to the school. The Indians are proud of their children and their work. And sometimes you hear the whites express the wish to have a school like Kuper for their children.

The results more than justify the expenditure.

EXTRACT FROM REPORT OF INSPECTOR G. H. BARRY
ON HIS INSPECTION OF THE KUPER ISLAND INDIAN
RESIDENTIAL SCHOOL.

(Date of Inspection Jan. 29 & 30/35)

Vocational Training:

There is little to add to previous reports on the Vocational Training given at Kuper Island.

The girls make all their clothes with the exception of underwear. Of course all mending, darning, sewing, is taught with great care by the Sisters in charge. The Boys' shirts are made by the Girls and the Singer sewing machines are in constant use. There are only two good Singer machines and one Singer Tailor Machine supplied during the past few years which are of much use now. The other machines are quite worn out. In view of the very good work being done and the large quantity of clothes made up here, I would strongly recommend the supply of ONE NEW TAILOR SINGER MACHINE at the present time. I have in mind letters received from the Department in the past with regard to the number of machines thought to be necessary in these schools, but am of the opinion that another heavy machine is badly needed here.

The work in Manual Training is still under the charge of Brother E. Wiseman. I inspected the Manual Training Shop, though there were no boys working there at the time. The work done during the year appears to be much the same as has been reported on previously. The M.T. Class under guidance reshingled the roof of the Gymnasium Building. The Department supplied the shingles. The work looks as if it had been very well carried out. While inspecting the M.T. Shop, I noticed that the shavings had been swept under the benches which are against the walls. This is a very bad arrangement. It is very untidy, and a spark might cause a fire. I asked the Principal to see that the shavings after a day's work be swept up before the boys left and that these shavings be placed in a box or barrel kept for this purpose. They could then be taken to the Boiler Room and used to light fires, Etc., or just burned if not wanted. I would suggest that if the Department were writing to the Principal my suggestion be endorsed and instructions given that the M.T. Shop be kept clear of saw dust and shavings when the boys are not working there.

Indian Affairs (RG 10 Volume 6457, file 885-11, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Ottawa, March 1st, 1935.

Reverend Sir,-

The Department is in receipt of Inspector Barry's report regarding his visit to the Kuper Island Indian Residential School on January 29th and 30th, last.

The Inspector reports that, while inspecting the manual training shop, he noticed that the shavings had been swept under the benches, which are against the wall.

The Department considers this a bad arrangement owing to the fact that a spark might cause a fire. I have, therefore, to request that, after each day's work, the shavings be swept up before the boys leave the manual training room and these shavings should be placed in a box or barrel kept for the purpose.

Your obedient servant,

A. F. MacKenzie.

Ottawa, October 20, 1936.

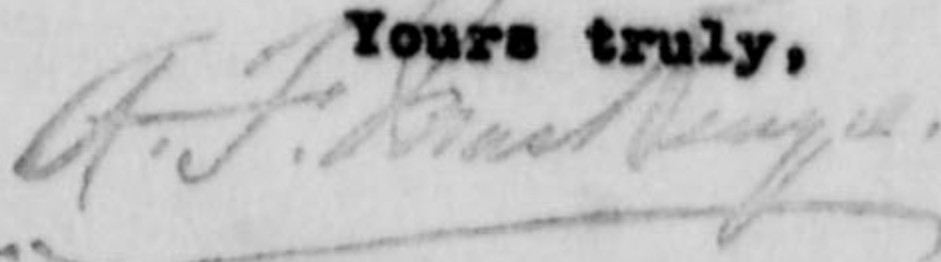

EX'D.

Dear Sir,-

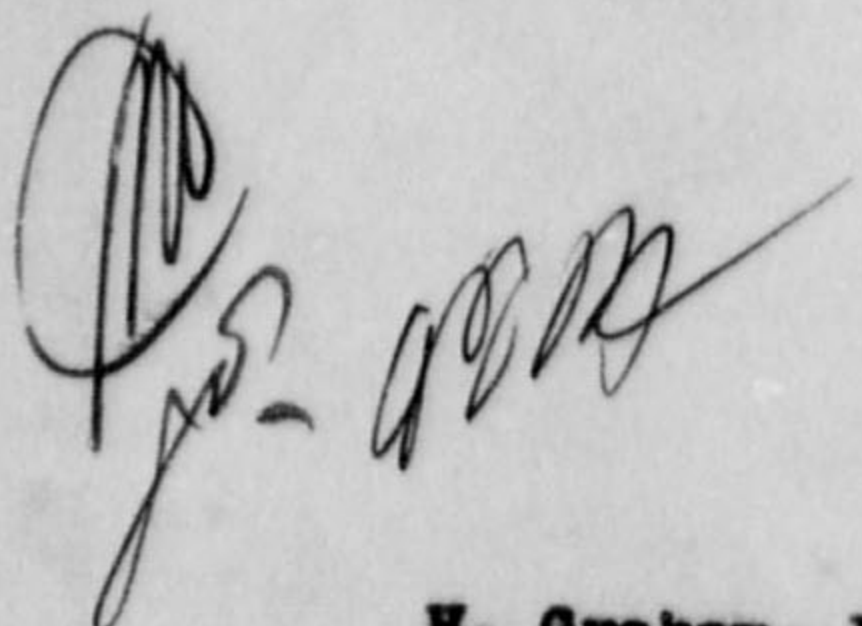

With reference to your letter of the 14th instant, you may authorize the Principal of the Kuper Island Indian Residential School to expend an amount not exceeding \$50.00 in the purchase of material for the manual training room.

The Department will place an order for a bath room scales.

Yours truly,

A. F. MacKenzie.
Secretary.

POOR COPY

H.

Ottawa, February 11, 1937.

Dear Father Geurts:

I am deeply interested in vocational instruction and in the best ways and means of promoting this instruction in our residential schools and also in our day schools.

I have read very carefully a report submitted by you to the Department on April 17th, 1934, in which you referred to a number of pupils in your school and the progress they were then making in carpentry work. This report indicates that vocational instruction in your school was very effectively organized when you wrote this particular report.

I have been wondering if it would be possible for you to supply me with information, indicating just what progress has been made by the students who took this course of instruction, after their departure from school. I should also like to have from you an expression of opinion as to the attitude of the students to this work and also the attitude of the Indian parents. The Minister of the Department expressed the view in Parliament, a few days ago, that our courses of study should become gradually and steadily more vocational in character. In seeking this information from you, I am simply making an attempt to carry out the policy the Minister has in mind. Any additional suggestions you may care to offer would be very much appreciated.

Yours very sincerely,

R. A. Hoey
R. A. Hoey,
Supt. of Welfare & Training.

Ottawa,
February 9, 1942.

Dear Sir:

With reference to your letter of the 3rd instant you may purchase the material required for the manual training class at the Kuper Island Residential School. It is noted that the total cost of this will be \$58.30 and I attach copy of the quotation received from Clarke & Son. When forwarding the account you should attach copy of your purchase order.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:-

I have received a request from Mr. Indian Agent Moore for permission to expend an amount of, approximately, \$50.00 to purchase lumber and 3 ply fir for the Manual Training Division of the Kuper Island Indian Residential School.

As these materials are required in connection with the work of the division referred to the expenditure is recommended for approval as a charge against the B. C. Special Vote 1942-43 estimates.

Yours faithfully,

D. M. MacKay,
Indian Commissioner for B.C.

*See Serial 3/1/43 sent central
from no c 172 office for instructions
12/8/43*

Dear Sir:

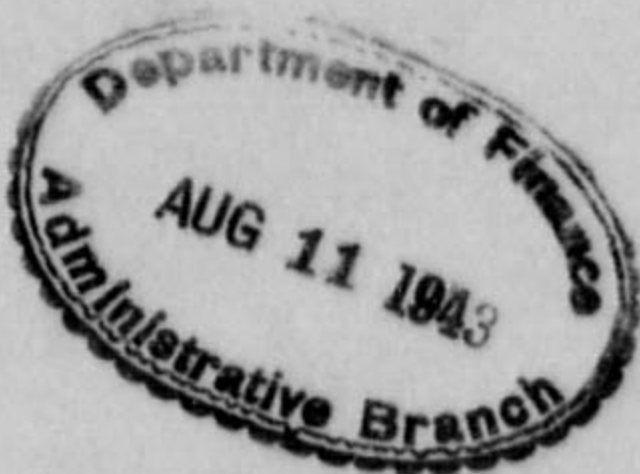

I beg to state I inadvertently destroyed a cheque for \$150.00 forwarded for payment of Manual Training Instructor's salary at this school.

I am quite positive the cheque fell in waste basket and it is customary to burn the contents of the waste basket daily. The bank has been notified to forgo payment of such if perchance this did not take place and would now be in the hands of someone. The cheque was not endorsed by me.

withd.

Yours very truly

Rev. J. Camirand
Rev. J. Camirand.

VANCOUVER, B.C.

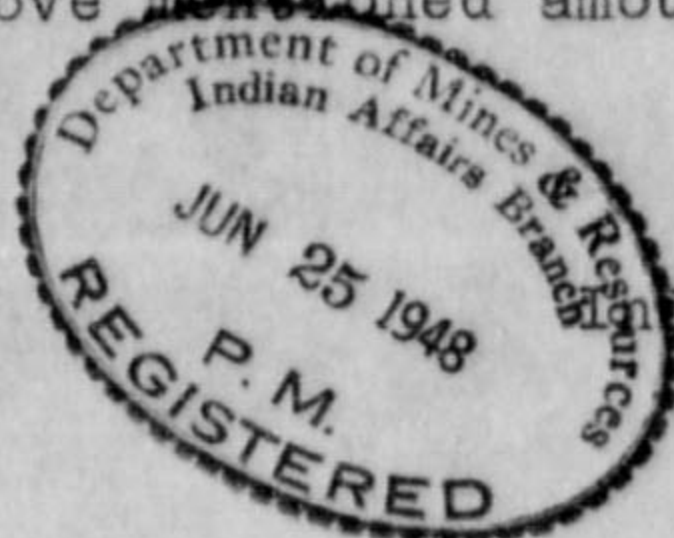

June 21, 1948.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

all
I am forwarding herewith Superintendent Moore's letter of June 17th and quotation of Mitchell and Anderson Lumber Company, Sydney, B.C., requesting authority for an expenditure of \$100.49 for the purchase of manual training supplies for the Kuper Island Indian Residential School.

In view of the fact that no materials of this nature have been purchased for over a year for this school I would recommend that Mr. Moore be authorized to expend the above mentioned amount.

June 17, 1948.

Mr. W. S. Arneil,
Indian Commissioner for B.C.,
Post Office Box 70,
VANCOUVER, B. C.

Please find, attached, quotation from Mitchell & Anderson
Lumber Co. Ltd., of Sidney, B. C., amounting to one hundred dollars and
forty-nine cents (\$100.49) covering the cost of Manual Training Supplies
to be used at the Kuper Island Residential School.

Owing to the difficulty in procuring suitable material for
this purpose no supplies of this nature have been purchased for the past
year and I would ask that the necessary Purchase Order be issued covering
those items listed.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.,

With reference to your letter
of the 5th instant, the Department approves the
expenditure of approximately \$119. for manual
training supplies for the Kuper Island School.

In authorizing the above amount,
we have struck out the two items which you marked
with a blue X.

Philip Phelan,
Chief, Education Division.

Re: Manual Training Supplies
Kuper Island Residential
School

Attached is a requisition from the above mentioned school amounting to approximately \$160.00. Inspector Davey is of the opinion that this requisition for lumber is rather excessive for the size of the school concerned and recommends that the department authorize this expenditure with the exception of the items marked with a blue X.

Re: Manual Training Instructor,
Kuper Island Indian Residential School

Attached is an application for the appointment of Mr. W.H. Morris to the position of Manual Training Instructor at the above-mentioned school. The Principal, the Reverend Father Camirand, is prepared to employ this applicant and requests that the Department make a grant towards his salary.

This applicant has had no formal course for instruction in this work. He has, however, considerable practical experience and is prepared to assist in the organization and supervision of games. He has also had experience in handling boys and it is, therefore, recommended that the grant towards his salary be set at \$100.00 per month, in accordance with the new grant schedule.

Re: Manual Training Instructor
Kuper Island Residential School

I have been informed by the principal of the above mentioned school that the former Manual Training Instructor, Mr. W.H. Morris, has resigned.

Attached is an application from the Principal for the appointment of Brother Wiseman as Manual Training Instructor. Inspector Davey has had an opportunity to see some of Brother Wiseman's work and he appears to be a capable craftsman. Unfortunately, due to a rheumatic condition he is unable to take the boys for sports. He also has a pronounced French accent and his English is none too good. The Inspector feels however that Mr. Wiseman would make a satisfactory substitute in the manual training shop for the remainder of the current academic year and I would recommend that he be classified in the lowest bracket for salary purposes.

INSTRUCTIONS.

1. This Report is to be sent to the Department of Mines and Resources, Training Division, at the end of each teaching month.
2. Operations Learned and Grade obtained is secured from the Student Record Sheet. Use the number of the operation - not the name. Example: John Jones 4A-6B-8C-10, etc. The 4 stands for the operation: the A for the standing obtained: 6 would stand for the operation: B for the grade or standing obtained, and so on (see Foreword for Job Sheets).
3. The Report is signed by the Instructor and the Principal.

Note: If no instruction has been given during the month, state so on the report and give the reason for not being able to give any instruction.

This Report is to be used for all manual training activities: Sewing, Cooking, Metal Work, Gardening, Woodwork, etc.

- (a) Label the Report according to the activity on which you are reporting. Insert the activity just before the "Month".
- (b) In the space provided for the year insert 1st, 2nd, or 3rd, representing the year on the Basic Chart on which the pupil is working.
- (c) Write the number only of the basic operation satisfactorily mastered and the grade obtained. Example: IB, 8A, 12C, etc., as the case may be. A stands for excellent, very good; B for good, fair; and C for poor.

Re: Vocational Training Equipment
Kuper Island Residential School

Attached is a letter from Superintendent Moore dated May 3rd and a requisition from the above mentioned school for two sewing machines, one planer with a 2 H.P. motor and one band saw.

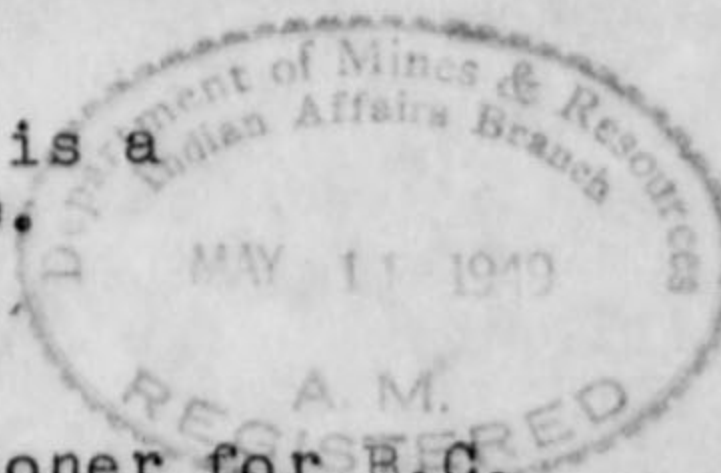

The Reverend Principal has indicated that the planer will make it possible to salvage a considerable amount of lumber from a building which is to be dismantled at the residential school. It is felt that although the cost of the planer and motor will be approximately \$500.00, according to quotations received, this expenditure would be recovered through the use of salvaged material. The supplying of power tools to this residential school is justified in that there is an opportunity for graduate pupils to make use of this type of equipment when they leave school. On the reserve adjoining the school property an Indian has established a boatbuilding business in which he makes use of power equipment of this type.

It is recommended that the purchase of the above items be authorized, with the exception of the sewing machines with which the school appears to be adequately supplied.

It is considered that this expenditure is a legitimate charge against the B.C. Special Vote.

Re: Kuper Island Residential School.

A letter recently received here from the Principal of the above school, stated that he was submitting requisitions for Manual Training shop equipment and sewing machines, as discussed with Mr. Davey during his last visit.

I may say that this is the first intimation I've had about the Planer, and no mention was made of anything like it last year, when the Estimates were being prepared. I think the Reverend Principal has misunderstood, but in case the Department will buy this for him, without it being included in the Estimates, I will send it forward, anyway. Should it not be in order now, I will appreciate it's return so that I may hold it until the Estimates are being prepared for next year.

The two sewing machines asked for are badly needed, I understand, as their present machines (eight of them) are not in good repair and insufficient for the school's requirements.

If in order, I would recommend approval of all the equipment asked for, as it is impossible to get an instructor to go to that school to work without equipment. The planer would save a lot of money in the price of lumber, as well as good training for the boys.

R. H. MOORE,
Superintendent,
Cowichan Agency.

Indian Residential School
Kuper Island B.C.

April 28/49

PLANER

This item would occasion considerable savings for the reason that old material could be salvaged and turned in for good use in the shop; also because rough lumber is always available at low cost and could be planed in the shop in sizes to suit the purpose.

It is this requirement of lumber in small widths or sizes that bring up the cost of lumber for cabinet work.

As there is a prospect of having to tear down old buildings, much of the lumber salvaged could thus be used for various projects.

A 2 H.P. motor would be required to operate this planer.

Attached is an application received from the Principal of the Kuper Island Residential School for the appointment of Mr. John Carsen to the position of Manual Training Instructor at that school.

Inspector Davey has interviewed Mr. Carsen and believes that he will fit in satisfactorily at this school. Although the applicant has had no formal training in instruction in woodwork he was employed as Pro-rec physical instructor by the Province and also as supervisor at the Kamloops Residential School and the Provincial school for the deaf and blind. He holds a certificate for a physical education course taken at the Provincial Summer session in 1945. This young man has also been recommended by Father O'Grady of the Kamloops Residential School.

Re: Manual Training Instructor
Kuper Island Residential School

I refer to the application of Mr. John Carsen for the position of Manual Training Instructor at the above-mentioned school and Mr. Doucet's reply of August 25th.

I appreciate that Mr. Carsen has had no training for instruction in woodwork. He has had however, two year's experience in this type of employment. I suggest therefore, that the Department classify him as a grade 1 instructor at the rate of \$75.00 per teaching month for ten months in accordance with the Department's schedule.

Re: Manual Training Instructor
Kuper Island Residential School

Reference is to your letter of September 1, file 3-11-2 (152).

The application of Mr. John Carsen and letters relating thereto have been reviewed. There is little therein to sustain the view that in shop work he is a practical man with experience as a skilled worker which is the basic requirement for classification in Grade 1. It is noted that Mr. Carsen is only twenty-six and that for the five years preceding this application has been engaged in occupations unlikely to maintain or develop any skills he may have acquired during his earlier and comparatively brief experience in woodworking trades.

It is considered, therefore, that his qualifications to conduct the manual training course are inadequate and appointment as a manual training instructor cannot, accordingly, be approved.

Re: Manual Training Instructor
Kuper Island Residential School

W. J. McNeil
I attach herewith a letter from the Reverend Principal of the above-mentioned School, concerning the employment of a Manual Training Instructor.

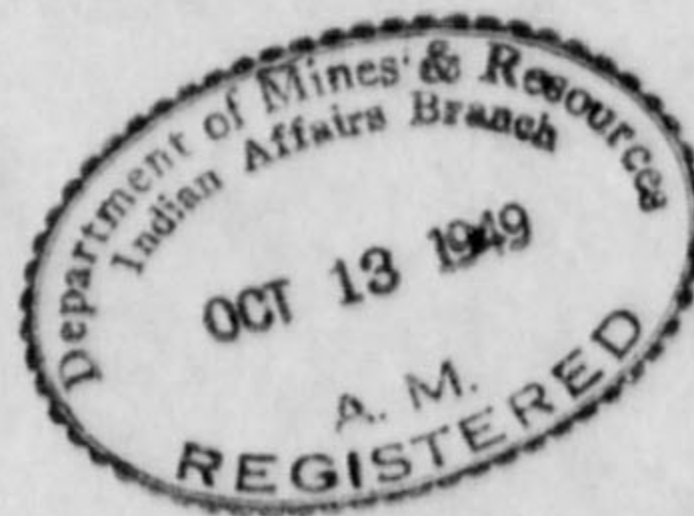

It will be noted that Father Camirand requests the re-employment of Brother Wiseman, who was formerly employed in the capacity of Manual Training Instructor at the Kuper Island School.

It is recommended that the Department approve the Reverend Father's request.

September 26/49

Mr. W. S. Arneil
Indian Commissioner for B.C.
P.O. Box 70
Vancouver B.C.

Dear Sir:

I have your letter of 22nd instant, (3-II-2) stating the Department are not prepared to make a grant towards the salary of Mr. John Carsen, whose appointment as Manual Training Instructor at this school was recommended by Inspector Davey. I presume this is due to the fact that Mr. Carsen could not produce a certificate for woodwork, and I can well see that this is very much required. It is however the intention of Mr. Carsen to obtain this as soon as possible through a correspondence course if possible. He tells me he has had training in woodwork in an Institution for deaf and dumb in Vancouver and later taught woodwork there.

I beg to state that otherwise Mr. Carsen is most qualified in handling boys on the playground and elsewhere and is well liked by the boys. An all-around athlete and capable of coaching any line of sports, he would be the right man for this school, considering that his defect of hearing which does not handicap him to much extent with his hearing aid, makes that he is satisfied to isolate himself on an island, having no desire to associate with others outside, which makes it most convenient in a place like this. If he could better his position as a woodworker and obtain the certificate required, I feel some consideration should be extended him, for it is no easy matter to find a good playground supervisor who is also a good shop instructor and willing to live on an island.

Therefore may I kindly ask if the Department will consider maintaining the Instructor we have had these past years, Brother Wiseman, an experienced carpenter, at the salary granted for the term ending June last, and this for the next three months, during which time Mr. Carsen will endeavor to obtain a certificate.

Yours very truly

J. Camirand

Your File 3-11-2 (152)

With reference to your letter of the 11th instant, the Department approves the re-appointment of Brother Wiseman for a period of 3 months.

We will allow towards his salary the same amount as before, namely \$75.00 a teaching month.

INSTRUCTIONS.

1. This Report is to be sent to the Department of Mines and Resources, Training Division, at the end of each teaching month.
2. Operations Learned and Grade obtained is secured from the Student Record Sheet. Use the number of the operation - not the name. Example: John Jones 4A-6B-8C-10, etc. The 4 stands for the operation: the A for the standing obtained: 6 would stand for the operation: B for the grade or standing obtained, and so on (see Foreword for Job Sheets).
3. The Report is signed by the Instructor and the Principal.

Note: If no instruction has been given during the month, state so on the report and give the reason for not being able to give any instruction.

This Report is to be used for all manual training activities: Sewing, Cooking, Metal Work, Gardening, Woodwork, etc.

- (a) Label the Report according to the activity on which you are reporting. Insert the activity just before the "Month".
- (b) In the space provided for the year insert 1st, 2nd, or 3rd, representing the year on the Basic Chart on which the pupil is working.
- (c) Write the number only of the basic operation satisfactorily mastered and the grade obtained. Example: 1B, 8A, 12C, etc., as the case may be. A stands for excellent, very good; B for good, fair; and C for poor.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of
Lirrie Joseph Edward, Pupil No. *0344*
of the *Kuper Island* Indian Residential School at *Kuper Island*
who died at *Chemainus Hospital* (place) on *May 6th* 19 *35*

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

B. STATEMENT OF THE PHYSICIAN WHO ATTENDED
THE DECEASED PUPIL

I attended George Thomas from Nov / 37
to March 6th The immediate cause of death was

Tubercular meningitis
The contributory cause of death was Biliary Tbc

Do you consider that the Principal of the School, and the members of the School staff exercised reasonable care and judgment in regard to the illness and death of this pupil? Yes

Did they follow out your professional instructions? Yes

If in either respect, you consider them to have been at fault, it is required that you express your carefully considered views as follows:

I believe that quiescent tuberculosis was reactivated by measles, chicken pox & influenza. I did tuberculin tests on all pupils last year. This boy was one of the 25% positives. Would like permission to have skiograms on all pupils & tuberculin positive reactions & suitable facilities provided for adequate rest.

M.D.

This patient was admitted to Chemarins hospital on Jan 27th/38. X-ray showed milary tuberculosis. Was discharged home to remain in bed on Feb 10th. Saw Dr Swan after leaving here. Seen by us on March 6th. Died March 7th.

Physician and Surgeon

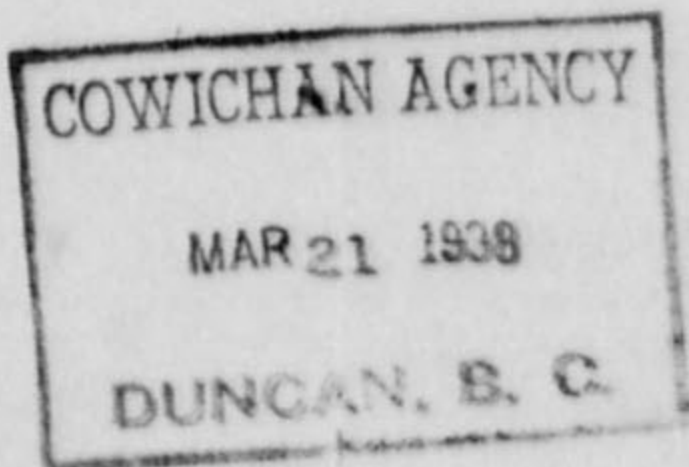

Courtenay, B. C. Mar 18 1938

Indian Agent
Duncan.

Dr. Sir Re Stanley Frank deceased

This boy was brought to me on
Mar 1st with a note from the doctor
at Chemainus stating that he had
tubercular meningitis. I sent him to
St Joseph's Hosp at Comox and did a
spinal puncture the following day
and examination of this fluid confirmed
the former diagnosis.

He had severe headache, stiffness in
neck muscles, vomiting, pyrexia
very little increase in pulse rate,
retracted abdomen. His condition
gradually became worse, lapsing into
unconsciousness a few days before
death which took place Mar 11th 1938

Yours truly
J. McKee M.D.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of

Stanley Frank....., Pupil No. *437*.....
of the *Kuper Island* Indian Residential School at *Kuper Island*,
who died at *St Joseph Hospital Bonnet* (place) on *Dec 11th 1938* 19.....

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

2. At what time of day?..... Afternoon.....
3. When and to whom did he or she report this illness or accident?..... Disciplinarian.....
.....
4. What means were taken to afford relief?.....
5. What medicines were used for this purpose and in what dose or quantity?.....
.....
6. When was the doctor called?..... Doctor called in next day for monthly visit.
7. If the pupil was removed to hospital, at what time was this done and by what means of transport? May 15th by motor launch......
8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school?
9. Add any other useful information here.

Child complained of having been hit in the chest by a soft ball.

Doctor calling on monthly visit examined the child; the latter at

this time stating that there was no great pain. Child later complained of pain in bowels; this was attended to by the nurse; complained again of pain in the chest and nurse applied mustard plasters and kept him in bed for a few days. Finally being up and around but listless, I had him sent to the hospital and kept under observation.

John Cornison

Principal. *J. C. M.*

NOTE: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

FORM No. 414.

**A. STATEMENT OF THE PRINCIPAL OF THE RESIDENTIAL
SCHOOL**

1. On what date did this pupil fall sick or suffer injury? December 15th 1940
2. At what time of day? P.M.
3. When and to whom did he or she report this illness or accident? Noticed by member of staff
4. What means were taken to afford relief? Nurse took charge
5. What medicines were used for this purpose and in what dose or quantity? Remedies for cold
6. When was the doctor called? December 23rd 1940
7. If the pupil was removed to hospital, at what time was this done and by what means of transport? By motor boat Dec. 23/1940
8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school?
9. Add any other useful information here.

Child has always been very sick. During holidays was sent to an Indian home other than his own, his father not taking any care of him, and as cosequence was never fed sufficiently.

Rev. John Camisand
Principal. S. M. M.

NOTE: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

Ottawa.

Sir:

I beg to submit herewith in duplicate a report covering the death of Raymond A. Brown, pupil No. 503 of the Kuper Island Residential School, which I trust you will find in order.

You will please note from this report that the boy did not die until the sixth day after he was admitted to the Chemainus Hospital, so that probably this report is not required but I am sending one to be on the safe side.

Yours obediently,

154334

To the Honorable the Minister
the Interior, Ottawa, Ont.

The Petition of the Indian Council and
Chiefs of Port Simpson B.C.
Humbly Sheweth:-

That heretofore there has not been any
boarding-school for Indian boys at Port
Simpson which has received support from
the Dominion Government, but a small school
has for some years been maintained and a
school building erected by the Charity of the
Methodist Church through its Missionary Society
and friends-

That during at least six months in
each year most of our people are engaged in
fishing and hunting which make it necessary
for them to be away from Port Simpson during that
time and they are obliged to take their boys with
them, thereby depriving them of educational facilities.

That the Mission at Port Simpson was started
twenty two (22) years ago by the Methodist Church
and the Indians here are almost all Methodists,
and are a peace-loving law-abiding, and loyal
people, so that during all that time no serious
breach of the peace has occurred, whereas at the
missions of some other denominations there has
been frequent disturbances which entailed expense
and trouble upon the Government.

That the existing private Institution
maintained in manner aforesaid is entirely inade-
quate for the requirements of the large Indian
population of Port Simpson which appears
by the Annual Report of the Department of

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

POOR COPY

Indian Affairs, 1896, to be 416 (see p. 339).
 Our people do not wish to send their children
 away to be educated at a neighboring village
 where the boarding school is under the supervision
 of another denomination when there are so many
 children at Port Simpson, but they desire a
 school where the boys can be kept during their
 long absence as aforesaid and where they can be
 educated under the direction of a teacher of their
 own denomination -

Your Petitioners therefore pray that
 a boarding school for the education, care
 and maintenance of Indian boys be established
 at Port Simpson under the supervision of the
 Methodist Church

And your Petitioners will ever pray

Dated 21st August 1896.

Vancouver, February 1st, 1905.

Geo. V. Morrow, Esq.,
Indian Agent,

271171

Dear Sir,

As instructed by the authorities of the Methodist Church, I beg leave to apply, through you as Indian Agent to the Department of Indian Affairs to grant that the two Boarding Schools at Port Simpson, known as the Crosby Girls Home and the Port Simpson Boys Home, be combined into an Industrial Institute with all the larger powers and privileges pertaining thereto and thus the better enable it to meet the needs of the very large school population of Port Simpson and the surrounding territory.

In support of this request I most respectfully present the following reasons for your consideration and that of the Department.

1. Port Simpson as a town has the largest Indian population in British Columbia, numbering between 700 and 800.

2. It is the acknowledged centre of the Queen Charlotte Island Indians E.G. Skidegate and Massett and of the Naas River Indians, E.G. Kincolith, Greenville etc. aggregating in all about 2300 Indians.

3. In these communities there are scores of large boys and young men as in Port Simpson who need the advantages of just such trades as are taught in an Industrial Institute and which are not now afforded them.

4. The Indian Population are keenly alive to this need and feel the urgency of having this Institute established in their midst. This need they have felt for years past and have been constantly clamoring for such an Institute and are earnestly asking for it now.

5. The above mentioned Government Boarding Schools are well equipped, well patronized and doing excellent work, but their efficiency would be immensely improved and the needs of the situation would be very much more completely met were they unified and expanded into an Industrial Institute. It would also be in harmony with the fitness of things that the largest Indian Community of British Columbia should receive this recognition of its needs when so many smaller places have so long been thus favored by the Indian Department.

Trusting that this petition on behalf of the Indians as well as that of the Methodist Church will receive most earnest and favorable consideration both from you and the Department,

I remain most respectfully yours,

R. Whittington

Q. 4. 354

Indian Office,

Victoria, February 14th, 1905.

Sir,-

I have the honor to enclose herewith a letter, dated the 7th instant from Mr. Agent Morrow of the North West Coast Agency, covering an application of the 1st of the present month made to him by the Reverend R. Whittington, Vancouver, B. C., Superintendent of Methodist missions in British Columbia, for the unification into an Industrial school of the Boys' and Girls' Boarding schools at Port Simpson. As is known to the Department these two institutions are quite separate and distinct although both are located in the Port Simpson village. The reasons assigned by Dr. Whittington for wishing to bring about the change are, in the main correct, as stated by the Agent, and if sufficient agricultural land can be secured in the vicinity to give effect to the proposal I see no objection to the carrying out of the scheme, provided the arrangement suggested meets with the approval of the Department.

Your obedient servant,

A. J. Brown

Indian Superintendent, B. C.

North - West Coast Agency

Indian Office

Metlakatla, B.C. Feby 7th/05.

Sir:-

I have the honour to enclose you, application from Rev Dr Whittington, Superintendent of Methodist Indian Missions in British Columbia, to have the two boarding schools at Port Simpson, The "Crosby Girls Home", and the "Port Simpson Boys home", combined into one Industrial school.

In support of his request under clauses (1) (2) (3) (4) and (5) he gives his reasons for desiring the change. I cannot agree with the arguments advanced by Dr Whittington in clause (2) viz that Port Simpson is the acknowledged centre of Queen Charlotte Island, and Naas River Indians, as these Indians have their own reserve, villages and homes, and at present frequent Port Simpson even for trading purposes very little, compared with what they did in olden times, as they now congregate at the salmon fishing centres, the Naas and Skeena rivers, and return to their homes when the fishing season is over.

With reference to last part of clause (3) I may also add, that a number of Naas River and Massett Indian boys attend the Metlakatla Industrial school.

With these exceptions the Doctors arguments are good, and correct in every particular and if the Department entertain this question and decide to establish another Industrial school in the Agency,

A.W. Vowell, Esq.,

Indian Superintendent.

Victoria, B.C.

I beg to strongly recommend that the proposal made by Dr Whittington be acted on, as the material for an Industrial school, viewed from every stand point, is to be found at Port Simpson, and no doubt rests in my mind that same could be easily filled with Indian boys and girls, in fact the Institutions located there have more applications than they can accept. Further, an industrial school conducted under the direction of competent trades instructors, is no doubt the education that is required by Indians, and Port Simpson certainly is an excellent point for the establishment of such.

Dr Whittington informs me he is going to Ottawa to lay the matter before the Department, and he will be able to inform the Department on all points, and ~~lay~~ lay his proposals before ~~the~~ Superintendent General of Indian Affairs, and if his proposal is favourably considered by them, and it is decided to establish another Industrial school in the Agency, I certainly have no hesitation in stating, that Port Simpson is the proper place to establish same.

I have the honour to be

Hon. Mr. Sloan,

Ottawa,

Dear Mr. Sloan,

I am given to understand that the R.Cs. are pushing for Industrial Institutes at North Vancouver and Kuper Island. I think that you have right of way for me with reference to the Port Simpson Industrial Institute at Port Simpson. I am writing by this mail to Mr. Macpherson and to Ralph Smith where theses other desired Institutes are located and I have no doubt that they will agree with you that Port Simpson should have the first consideration.

The R.Cs. have already five Institutes in the province whilst we have only one and our work is in no sense secondary to theirs to say the least of it.

It is not my object to press either the Government unduly in this matter, but the effect would be exceedingly bad if we were set aside whilst these others get everything they ask for.

I remain,

Yours very sincerely,

R. Whittington

Hon. R. G. Macpherson,

Ottawa,

Dear Mr. Macpherson,

Since my return I have heard that the R. Cs. are pressing for Institutes at Kuper Island and North Vancouver. I feel that application for Fort Simpson should have right of way and I have written to Messers Smith and Sloan the members concerned along with you in this matter to see to it that we are the first to have consent. I do not wish to be understood as pressing any of you or the Government too closely or of interfering with other churches where you all are the best judges, but I feel that we should have the first consideration for the effect would be very bad in the north and for our church if it were demonstrated that the others could get what they wanted and we could get nothing although the reasonableness of our claim has not been controverted. The R. Cs. already have ^{five} Institutes in this province and we have only one and yet our work is in no sense inferior to theirs.

Very sincerely yours,

R. Whittington.

Receivd

Department of Indian Affairs,
OTTAWA 1st April, 1905

The Deputy Superintendent General:-

With reference to the letters from Messrs MacPherson and Sloan, Members of Parliament, who forward communications addressed to them by the Rev. R. Whittington, Superintendent of Methodist Missions in B.C. regarding certain applications made by him to the Department for grants for the establishment of an industrial school at Port Simpson and assistance towards the erection of a Principal's dwelling at Coqualeetza Institute, and to the reverend gentleman's remarks relative to applications which have been submitted to the Department by the Roman Catholics for additional aid to their schools, I beg to say that the Department is not making any increase this year to the Roman Catholic schools or establishing any new institutions for them.

On the 16th March last, Mr Supt. Vowell forwarded a letter from Mr Agent Robertson covering an application from the Principal of Kuper Island Industrial school for an additional allowance for 25 pupils at that institution. Mr Vowell was informed that the Department could not entertain this application favorably at present.

In February last Mr MacPherson, M.P. left a petition with the Department from the Chiefs of the Squamish tribe for the conversion of the Squamish

ARCHIVES PUBLIQUES
CANADA

POOR COPY

boarding school into an industrial institute, and on the 13th of that month, Mr MacPherson was advised that the Department could not comply with this request as it considered it inadvisable to increase the number of industrial schools in B.C. at present. Mr MacPherson replied on the 22nd Feby. that he was very sorry for the stand taken by the Department in this instance and he would like very much if it would take the matter up and ask the Agent for a report. In compliance with this request, Mr Vowell was written to but up to the present no reply has been received.

As I understand the situation in B.C., it is not the Department's intention to increase the number of industrial schools in that province at present. If it is ever thought advisable to add to their number, the Methodists would be fairly entitled to consideration, as out of a total population of 25,234, they have 3,130 adherents with one industrial school, while the Church of England with 4,017 have three industrial schools and the Roman Catholics five for 11,555 members of their church, -making nine industrial schools in all. In addition to the industrial schools there are eight boarding schools and thirty day schools in operation. The eight boarding schools are equally divided between the Methodists, Roman Catholics, Church of England and Presbyterians, -two to each.

When Dr Whittington was in Ottawa last winter he discussed the claims of his church with you in my presence and it was decided that he should receive a sufficient grant to complete the Port Simpson day school building and that the question of contributing towards the erection of the Principal's residence at Coqualeetza, although decided against on

several occasions, would be again considered when the Supplementary Estimates were being dealt with.. I may state that \$1500.00 is placed in this estimate for this school.

The question of converting the Port Simpson boarding school into an industrial school ^{was} ~~is~~ also referred to and I understood him to say that he was willing to let it remain in abeyance for the present.

I consider it unwise to make any changes in the existing schools until a definite school policy has been decided upon.

Hon. and Dear Sir,

We the undersigned Chiefs of the different Tribes of the Tsimp-sha-an Nation having long felt the necessity of an Industrial Institute in Port Simpson, for the advancement of our people, and having for several years been asking for the same, we now most heartily and strongly endorse the request of Rev. Dr. Wellington recently presented and the above petition praying the Government to grant the request, - and we hereby would earnestly plead with the Government to establish the Institute here, at as early a date as possible, that the large number of young people among us, and around us may have the valuable advantages thereof. And for ourselves we will ever pray - Four of the Chiefs have signed as members of the Council, and the others only are signing this paper -

Port Simpson

British Columbia

The Honorable.

The Minister of "The Interior") April 10. 1905.
Ottawa, Ont.

How and Dear Sir,

Whereas a request has recently been presented to the Department, and to the Indian branch of the Department by the Rev. Dr. Whittington, asking that an Industrial Institute be established at Port Simpson. -

And whereas, the establishment of such an Institute is being delayed pending a meeting of the Inter-Denominational Committee, Re - A system of Education for the Indians. -

And whereas Port Simpson has an Indian population of from 700 to 800. - by far the largest number of Indians in any one place in British Columbia; -

And whereas, the Indian Chiefs, and the leading men among them, have been for a number of years desiring, and asking for such an Institution, that their boys, and young men may be trained in the useful trades and thus become more useful and self-reliant Citizens. -

And whereas, these Indians are fishermen and for months in the year have absolutely nothing to do

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

and during that period there are scores of boys and young men ~~wasting~~ the street absolutely idle, to their own detriment, who would gladly avail themselves of the privileges of the Institute

And whereas there are already two Indian Boarding Schools in Port Simpson, with 45 girls in the one and 25 boys in the other, many of them large, and ready for the benefits afforded by the Institute; and the difference of the additional cost to the Government would be small in comparison to the results attained, and the benefits afforded

And whereas in other Indian villages comparatively adjacent to Port Simpson, and to which Port Simpson is a business centre, there are from 1500 to 2000 other Indians similarly situated who would be materially benefitted by such an Institute established in Port Simpson, -

And whereas it is of the utmost importance that some such provision for these boys and young men be made, and ready for them when they return from the Salmon fishing in September

Therefore, your petitioners, the white citizens of Port Simpson, would hereby most respectfully urge upon the Government to grant the request of Dr. Whittington without unnecessary delay, that the estimates thereof may be placed in the supplementary supplies for this Session

Port Simpson, B.C.

274602

April 22nd 1908

To The Honorable

Frank Oliver M.P.

Minister of the Interior, Ottawa Ont.

Hon. and Dear Sir,

The Rev R. Whittington D.D. Superintendent of Methodist Indian Missions in B.C. at the frequent & urgent request of the Indians of this Northern Coast, has recently presented a request to the Department to have the two Indian Boarding Schools converted into an Industrial School that our Indian young people may thereby be taught the useful trades so much needed among them on this Northern Coast. Unfortunately the granting of Dr Whittington's request is being delayed. We are told that the present policy of the Department is not to establish more Industrial Schools in B.C. but we earnestly hope that to meet the necessities of the over 2000 Indians at, and comparatively adjacent to, Port Simpson, this will be made a necessary exception.

Enclosed I am forwarding an urgent petition praying for the granting of this request as early as possible beginning with the coming fiscal year (July) that we may be ready for effective work by the first of Sept when our people return from the Salween fishing.

The accompanying petition has been signed by the white Citizens of Port Simpson (voters), nearly all of whom are

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

representative men.

There is also as you will see, a signed endorsement by the Indian Municipal Council - another by the Chiefs of the I-Sump-she-an Nation, and still another signed by our best Indian men at Port Simpson - They speak for themselves and I need say no more, but I am sure Sir, that if the Department were here, and could see for themselves the absolute necessity of our young people being taught the useful trades, the petition would immediately be granted.

Committing all to your most favorable consideration and trusting for an early and an affirmative reply

167793

Department of Indian Affairs.

OTTAWA, 9th May, 1905

The Deputy Superintendent General :-

With reference to the petitions hereunder from residents of Port Simpson and Chiefs and Councillors of the Port Simpson Band for the amalgamation of the Boys and Girls Boarding schools at that place into an industrial school, transmitted to the Department by Rev. Mr Grenfell, resident Methodist minister at that place, I beg to say that Rev. Mr Whittington Superintendent of Methodist Missions in B.C. submitted a similar proposition to the Department a few months ago personally and again by letter of the 18th March last, when he was informed that the Department regretted that it did not at present see its way clear to meet his wishes in this direction, and Mr Macpherson M.P. and Mr Sloan, M.P. who had written the Department in behalf of Dr Whittington's project, were similarly informed.

Dr Whittington in support of his application claims that Port Simpson is the largest Indian centre in B.C. and the town has an Indian population of 703 all of whom are Methodists, who have Indian adherents in ~~this Agency~~ the North-West Coast Agency to the number of 2049. He claims that there are scores of large boys and young men in this district (including Port Simpson) who need the advantages of just such trades as are taught in an industrial institute, and which are not now afforded them. He says that the

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Indian population feel the urgent necessity of having this institution established in their midst.

I think he has reserved his principal reason for the last. It is that the largest Indian community in B.C. should receive recognition when so many smaller places have so long been thus favored by the Indian Department.

With regard to the needs of Port Simpson which is the principal settlement in this Agency, I may say that there were 157 children of school age at this place. There are three schools now in operation at this point, - the Day school with an enrollment of 62 last quarter; the Girls Home with 45 and the Boys Home with 24 pupils. - making a total of 131 children attending school, which is not a bad showing for Indians. I doubt if this showing can be equalled in many white settlements.

The Women's Missionary Society of the Methodist Church established the Girls school (which is called the Crosby Home) nearly thirty years ago and put up expensive buildings costing the Society from \$8000.00 to \$10,000 with accommodation for about 50 resident pupils. This school was conducted solely at the cost of the Society until the year 1892 when a grant for 20 pupils at \$60 per capita was made by the Government. This number has now been increased to 35 and the school is still conducted by the above named Society, which works independently of the Methodist Missionary Society, which is carrying on the Boys Home and the Day School.

The Boys Home was established in 1888 under the auspices of the Methodist Church and it only

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

POOR COPY

received the Departmental grant of \$60 per cap. for 10 pupils on the 1st July 1902, and last year this was increased to 20.

A new day school building is under construction at Port Simpson, which will accommodate all the children in the town and the Department has agreed to pay the cost of the materials used in its erection which will amount to about \$1900.00.

At present all the Indians in this Agency make their living by fishing and hunting, -chiefly fishing. They make good wages and are much better off than the usual run of Indians, and I fail to see what special benefit the establishment of an Industrial ^{School} would be to them, as their present occupation affords them ample means of subsistence, and any trades instruction they might receive in such a school would never enable them to compete with white mechanics. The whole object of the petition, as I see it, is to obtain more money. The per capita allowance to boarding schools in B.C. is only \$60 per head, while the grant to Industrial schools is \$130.00 for each pupil. Of course the increased grant would be a great relief to the Women's Association and the Methodist Missionary Society, which are now taxed to keep to keep the two institutions in operation with only \$60.00 a head.

There are 9 Industrial schools in operation in B.C. and the Methodists have control of only one, the Roman Catholics having 5 and the Ch. of England three. The census returns show that out of a population of 25,234 Indians, the Methodists have 3,130 adherents as against 11,555 Roman Catholics and 4,017 Anglicans in the Province. The Presbyterians

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

00R-COFF

have only 303, and the religious belief of the 3500 nomadic Indians is not given. Basing their claim on alone the census, the Methodists would be entitled to more industrial schools if it were the policy of the Department to increase their number. It is for the Department to decide whether the Industrial school offers sufficient superior advantages over the other class of schools to justify it in establishing more.

Ottawa, January 29, 1906.

The Deputy Superintendent General:-

I have been asked whether there is any further action needed on this file.

I see you have prepared a memorandum to the Minister with ~~the~~ reference to the petition from the Port Simpson chiefs and councillors for the amalgamation of the boys' and girls' boarding schools at that place into an industrial school, but there is nothing to show that this file has been before the Minister.

In my memorandum of May 9, last, I pointed out that I did not see any necessity for the establishment of an industrial school at this point, that the schools now in existence at Port Simpson should serve all useful purposes. I also pointed out that the Port Simpson Indians were well-to-do, and in confirmation of this statement I beg to attach a view of the residence of a Port Simpson chief, who was one of the signers of the petition asking for the establishment of an industrial school

Vancouver, B.C., February 13th, 1908.

Geo. W. Morrow, Esq.,
Indian Agent,
Metlakatla,

Dear Sir,

Some considerable time ago I sent an application to you and through you to the Indian Department requesting that the Crosby Girl's Home and the Boy's Boarding School both of Port Simpson be recognised as an Industrial Institute. The Department at that time laid the matter over for a time promising further consideration at a later date.

I again beg leave to repeat the request and hope that you will recommend it to the Department. I respectfully request in addition that the grant be a per capita for thirty boys and thirty girls.

As all the facts pertinent to the ~~former~~-application situation were embodied in the former application I beg leave to refer you to it on this occasion.

I remain,

Yours very sincerely,

R. Whittington.

House of Commons, Ottawa, Ont

My dear Sir

I trust you will find the parliamentary sessions of 1906-07 both congenial & full of interest, with many opportunities of usefulness in voice & vote. How rapidly this great Country is developing I am amazed at the progress made since I came to Canada in 1868, and especially during the vigorous administration of Sir Wilfred Laurier, and his Cabinet. A gentleman of large experience remarked to me a week ago - that the next few years will mean wonderful developments on this Northern Coast of B.C. in Mines & Forest & Fisheries - and I am heartily believe it.

Will you permit me to call your attention to the Petition which you so kindly & ably laid before the Department last year, for the transforming of the two Indian Boarding Schools here into an Industrial Institute, so urgently needed in this place. We are all confident that our representation is not only willing but able to bring this to pass.

With kindest regards, and many wishes for a very agreeable & successful session, I am Yours Sincerely

John Grenfell

P.S. I am anxious to see this in successful operation before I leave Port Simpson.

The Deputy Superintendent General:-

Mr. Sloan, M.P., incloses a communication from the Rev. J. Grenfell asking for the conversion of the Indian boarding schools at Port Simpson into industrial schools.

Similar applications have been received for some time back and refused, and I think the Department would be quite justified in again refusing this request, as the boarding schools meet the requirements. The application is evidently made with the view to obtaining the increased grant paid to an industrial school. The boarding schools in British Columbia only get \$60 per capita, while the industrial schools get at the rate of \$130.

In this connection I beg to refer you to your own memorandum to the Minister, of May 17, last, in which you stated that you certainly think that the Department should go slowly in the matter of establishing industrial schools.

Schools
I think that the present
Can stand. After

To A.W. Vowell Esq.,

Supt. of Indian Affairs,

British Columbia.

Dear Sir,

As there is a likelihood of the Government fulfilling the promise to place an Industrial school in the North in the near future we should like to tell you that Port Simpson has repeatedly been promised this advantage and through its council hereby urges its claim asking you who knows the large population and its needs to kindly assist in this good work.

We are ready to give an area of land at or near Port Simpson for the purpose of an Industrial Institute for buildings, out buildings, gardens, &c., and sufficient quantity for this purpose as may be deemed advisable by the Government.

We are,

Yours faithfully,

"W. Kelby"

Chief Councillor

A.

"Albert Wellington"

Secretary.

Det. 52

I have the honor to transmit herewith a copy of a petition of the Port Simpson people for a boys' industrial school, which has been sent me by Dr. Large, of Port Simpson.

With reference thereto I would point out that if this petition, and offer of the Indians of six acres of land for the purpose of a school site, are to be seriously considered, the matter of water supply will have to be given consideration. *also.*

The old boarding school was supplied with water from the roof of the building, which supply was supplemented with a small supply of surface water from a well furnished at the expense of the Department, which has not been very satisfactory on account of spring water being limited therein.

The Department will be well aware that an up-to-date institution will require an adequate water supply system.

I have the honor to be,

Sir,

Your obedient servant,

E. Large, Secy. Gen.
Indian Agent.

Port Simpson. B.C. February 18th. 1918.

To the Government of Canada, & the Missionary Society of the Methodist Church
of Canada.-

We the undersigned male members of the Port Simpson Band of Indians, humbly present
our petition for the erection of an Industrial School on the Port Simpson Reserve.

We would bring forward for your consideration a few of the reasons why we think
our petition should be granted.

1. This is the largest Indian village in all of Northern British Columbia, having a
population of over 700 Indian people.
2. We have had a Boarding School for boys for a great number of years, -which has ~~been~~
been closed recently, because the buildings were no longer suitable for the purpose.
This School was always supplied to its capacity with boys.
3. We now have a Boarding school for Girls, under the management of the Women's
Missionary Society of the Methodist Church, with accommodation for 40 girls. This
School is full, & girls on a waiting list. We feel strongly that our boys should
receive an equal training with our girls.
4. No other School on the Coast or in the Interior can adequately minister to our
needs, & we have in Port Simpson & tributary Indian villages, enough children to
supply such an Institute.
5. Because we are within 25 miles of Prince Rupert, -the Western Terminus of the
Grand Trunk Pacific Railway, -this village should be an outstanding one, of which
the residents, the Government, & the Church can be justly proud, & to which we can
welcome tourists & others, & show them the adequate provision that has been made
for the advancement of the younger generation of Indians.
6. The labor conditions yearly becoming more acute, demand that our young people
should be more thoroughly equipped to take their just position in the development
of this Northern country.

POOR COPY

1. The Chiefs & adult males of the Port Simpson Band of Indians, this day, in meeting assembled, unanimously agreed to set aside six acres of the Reserve, for the use of such an Institution, - the Government to select the site of such school.
3. Our Reserved lands are not suitable for the pursuit of agriculture, so that the training provided at the Coqualeetza Institute in farming, is in great measure lost on our boys. A similar Institute, if built at Hazelton, would be open to like objection. We require, here on the Coast, an Industrial Institute where training can be given in engineering, mechanics, boat building, carpentering &c.
9. There is a Hospital adjoining the Reserve, so that the pupils could have close medical supervision, - and Hospital care when necessary.
10. While the soil here is not as productive as that of the Interior, it is well suited to the growing of garden produce. Freight rates on the Steamers from the Southern Cities, are quite reasonable, so that the expense of operating an Institute would probably be no greater here, than in the Interior. The question, primarily, is not one of land, but of the education of children, & we believe that our children would be best served by a coast institution.
11. If conditions remain as at present, the girls graduating from the Girls Home, will not find the boys of the village, - with inferior training, - congenial, & the tendency will be away from marriage, - with the attending dangers of a nearby Coast city.
12. The Government & Church know, by past experience, that a Boys Home can be successfully maintained at this place, & we feel a school should be reopened here, before other Institutes are undertaken elsewhere. -----;

Port Simpson, B.C.,
February 16th, 1916.

A Public Meeting was held by the Port Simpson Indians, in the Port Simpson Athletic Association Hall, at 10.30 A.M. Mr. Henry Nelson was Chairman, & Mr. Joshua Ryan, Secretary. Dr. R. W. Large was asked to take notes of the proceedings.

The following Chiefs and adult males of the Port Simpson tribe were present:-

Messrs. Henry Nelson, Joshua Ryan, Chief Legaic (George Kelly), Joshua Moody, Richard Bryant, Joseph Bradley, Matthew Johnston, Charles Wesley, Fred Alexie, William Russ, Mark Wright, Charles Moffatt, Louis Huson, James White, James Mackay, Sr., Sam Hughes, James Wesley, Louis Grey, Harry Ryan, Jr., Caleb Keith, Peter Stafford, Arthur Wesley, Matthew Shepherd, William Musgrave, Simon Morrison, Matthew Feak, Fred Dudoward, George Henry, William White, Joseph Ryan, Moses Johnston, David Swanson, Jr., Elijah Pollard, William Sampson, Peter Wesley, Alonzo Tait, Stephen Ward, Peter Ryan, Jr., Joshua Morrison, James Grey, Willie Gosnell, Joseph Mathers, Jonathan Ward, Heber Hayward, Henry Bradley, Peter Dennis, Robert Tait, Jacob Webster, Edward Simpson, Charley Alexie, Johnny Mathers, Joseph Offutt, Sam Bennett, Peter Denny, David Denny, James Henry & towards close of the meeting William Pollard.

There were also present.- Rev. J. H. Arnup, B.A., Assistant Secretary of the Foreign Department of the Methodist Church of Canada, Dr. J. C. Spencer, Dr. R. W. Large, Captain Wm. Oliver & Rev. George W. Dean, of Mission Ship "Thomas Crosby".

Address of Joseph Bradley.

Mr. Chairman, Friends of the village & Chiefs.-

We thank God & the King. We are thankful to God for sparing Rev. Mr. Arnup to come and meet with us

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

ARCHIVES PUBLIQUES
CANADA

POOR-COPY

in Port Simpson. I have the pleasure of asking him what authority he has. You remember this world is all a great race. It is many years past since the Tsimp-sheans started to run a race against two countries,- the Japanese & Chinese. The Japanese are ahead of us,- here we are behind. We are thankful to the Government for sending us teachers to train our children. We greet every skilful worker. First Ministers were sent amongst us and also Schools, and we have always wished our children to have more education. We are standing still while the Japanese are distancing us in the race. We are asking for a long time for an Industrial School. I have travelled considerably, and have seen various countries and schools, and I would like to know why we haven't one here? I saw one at Tacoma which was excellent. Why cannot we have as good a one as the Americans?

Address of Matthew Johnston.

I wish to speak to you about the School. When Mr. Ferrier was here last he said the Government was going to build an Industrial School here,- a better one than the one at Chilliwack. I would like to ask Mr. Arnup what kind of a School the Government intends building here?

When Mr. Ferrier came he wanted a block of

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

POOR-COPY

land for the School. The second time he came he wanted six acres. It was not our fault at that time that the School was not built,- Mr. Ferrier changed the amount of land he required. He told us that the building would be of brick, concrete and woodwork.

We want a good school. We will give the six acres for a good school, as Mr. Ferrier has asked, and we would like to have the school right away. We have plenty of Indian carpenters here to help put up the school, so that white carpenters will not be required. We also have a blacksmith shop.

I am glad to meet you, Mr. Arnup, with a smiling face. We smile back at you. Mr. Raley did his best to have the school while he was here, and now I think Doctor Spencer should be well pleased.

Address of Moses Johnston.

Mr. Chairman. I wish to return thanks, on behalf of the audience, for the privilege of talking with Rev. Mr. Arnup of the Missionary Society, for sending the Gospel all over the country. We now can tell what is right and what is wrong. These last few days our thoughts have been fixed on the new School, which we have long talked about. It is the earnest wish, Mr. Arnup, of the village, that you will tell us whether

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

this school has been passed over to some other place, or how it now stands. I believe, Mr. Arnup, that this will bring the question to a conclusion. If you will answer this, we can then go on to further discussion, - if it has not been passed over to another village. We thank you for your kind attention.

Address of Rev. J. H. Arnup, B.A.

Mr. Chairman and members of this meeting.

I do not need to tell the men how glad I am to be among them. If I did not wish to be among them, I would not have come so far to meet them. It has been my wish to visit the Coast ever since I entered the employ of the Missionary Society. When Rev. Dr. Chown and Rev. Mr. Farrell were here, I wished to come, but was prevented. About a year ago I hoped to come, but was disappointed. So you can understand why, when I did come, I had a wide smile on my face. I am not used to smiling on people I do not wish to see. Also, since I came, the Missionaries and the people have all smiled on me.

You wish me to talk about the matter of the School which has brought us together. My interest in this question is all the greater because for a number of years I taught school myself. The people who neglect

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

POOR COPY

the education of the children are like those who in the spring time neglect to cultivate their garden, and in the fall find nothing has grown. I was glad to hear you thank the Government and the Church for the schools you have. It is well for us to remember that we first had the Missionary,- afterwards the schools, which at first were supplied and paid for by the Church. Now the schools given by the Government for the people are assisted by the counsel of Mr. Ferrier, who waits upon the Government each year and makes suggestions re the better assistance to the Indian schools. All the Missionary Officials are in favour of Port Simpson having a School. Mr. Ferrier has advocated it for years. Dr. Wrinch and Mr. Raley have both told me they thought Port Simpson should have an Industrial School. Dr. Spencer and Dr. Large have told me they thought there should be a school here. This is the position of our Church.

The Government is also concerned in this question. Mr. Ferrier first brought it to the attention of the Government when he first asked the people for the small piece of land. The Government thought,- and I think they were right,- that a small piece of land was not sufficient for the kind of school they wanted to build. After discussion, the Government promised to build the school if more land was granted. Mr. Ferrier came and asked for six acres, but the people voted

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

against it. It was a great disappointment to Mr. Ferrier and the Missionary Society. Mr. Ferrier had to go back to the Government and say, the people would not give the land. This was after the plans had been partly drawn and the money granted. The plans had to stop, and the money used for other purposes.

You ask me if this school has been passed over for another place, and I will tell you exactly what I think. We needed two or three schools in British Columbia. Mr. Ferrier thought the Port Simpson school should be built first, and that is why he asked the Government for it. When he was unable to get the land for the Port Simpson School, he asked the Government to go on with one of the other schools.

As you know, for many years we have had land at Hazelton, which Dr. Crosby got for school purposes. Mr. Ferrier thought the Port Simpson school should first be built, but when he failed here, he asked for the school at Hazelton. The Government said they would go on with it, and if the war had not broken out the school at Hazelton would have been started. But the war called for so much expenditure that all building of schools was left until after the war. So far as I know, it was not intended that the school at Hazelton should minister to the children at Port Simpson. In that way it is true to say that the Simpson school has not been passed

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

00R-COPY

over for another place. After the war when the Government starts again to build schools for us, they will have this record,-

1.- A school which they planned for Port Simpson, but which was stopped because of not having lands available.

2.- The school at Hazelton for which they had land. I do not know which of these two schools the Government will go ahead with first. They will not build both at once. It is your business as a people's Counsel to show the Government why they should go ahead with the school at Port Simpson. You have taken the first step in passing unanimously yesterday at your meeting a resolution to grant the land. I think you should restate this in a resolution from this meeting and that copies should be sent to Mr. Ferrier, the Government, and the Missionary Society. I think also you should draw up a petition setting out the reasons why you think the first school built, would be built here. In dealing with the Government and the Church, the people who show the best reasons, will get their request^s granted. No one can state your needs better than yourselves and the Missionaries with you.

I do not know what action the Government will take and therefore I cannot state which school will be built first, but I can promise that I will tell what I

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

have seen and heard of the needs here, to the Missionary Board.

One has asked me what authority I have. If that means what authority I have to do, I haven't any. My position is to get the facts for the Missionary Board, and explain to them as their representative these facts so that they will know what to do. That is why I have come here. And when I go back and tell them how you have smiled on me and about this meeting they will feel better than they did when word came that the people of Port Simpson would not grant the site for a school.

I am sorry for having spoken so long, but I wish to place the matter clearly before you.

I thank the Chairman, Interpreter, Chiefs and people for the careful hearing they have given me.

Address of Joseph Bradley.

The Gospel came to Port Simpson first, and therefore we should have first consideration. This is the best place for the following reasons,-

This is a centre, and the tributary places would send children here,- as they look to Port Simpson for leadership. I think we should have a petition drawn up and signed, so that Mr. Arnup may have a copy for the Board.

We have granted the six acres on the understanding it is to be an Industrial School that will be built.

William Musgrave,-

I move first that we vote in the presence of Mr. Arnup on this question of a school and the granting of the six acres of land.

Joseph Ryan,-

I second the resolution that we are willing to give the six acres of land desired, and that we want an Industrial School built by the Government at Port Simpson.

Chairman Henry Nelson,-

Vote on this granting of the six acres of land for school

Passed unanimously by a standing vote.

Vote as to the desiring of an Industrial School at Port Simpson to be built first.

Passed unanimously by a standing vote.

Moved by Charles Wesley, seconded by Joseph Ryan, that the Government can have the six acres anywhere they desire, as long as they build the school on it.

Passed unanimously by a standing vote.

Ottawa, April 5, 1916.

Sir,-

I.B.

I have to acknowledge the receipt of your letter of the 11th ultimo enclosing a copy of a petition from the Port Simpson Band of Indians asking for the erection of an industrial school on their reserve.

In reply I beg to say that this matter will be taken up with the church authorities.

MEETING OF PORT SIMPSON DISTRICT: METHODIST CHURCH OF CANADA.

HELD AT PRINCE RUPERT, B.C. *September* 1919.

RESOLUTION

MOVED BY Rev. J. R. Hewitt, B.A.

SECONDED BY Rev. J. H. Nuttall B.A.

" WHEREAS it has been apparent since the closing of the BOYS' BOARDING SCHOOL at Port Simpson, B.C. by the Department of Indian Affairs and the Methodist Church of Canada, that no provision exists in Northern British Columbia and north of Alert Bay for the residential school accommodation of Indian boys for whom a boarding school education would be preferable to that of an Indian day school;

and Whereas it is probable that considerably over 100 boys could be secured for enrolment if such facilities were available;

and WHEREAS the Crosby Girls' Boarding School at Port Simpson, having accommodation for and an enrolment of 40 grant earning pupils in residence, while there is always a larger number seeking admission, ~~and the building is old, poorly lit and insufficiently ventilated;~~

and WHEREAS Indian boys are being sent over 500 miles to the south to attend boarding schools, often ~~summing~~ to the aversion of parents who would wish to see them in a school nearer home;

and WHEREAS it is deemed to be in the best interests of Indian education in these parts to have a larger building or buildings for the accommodation of about 150 or 200 pupils of both sexes, either under one roof or separately as may be most desirable;

and WHEREAS a desirable site for such a building can be located either within or outside the Port Simpson Indian Reserve:

BE IT THEREFORE RESOLVED that this meeting of the Port Simpson District representatives of the Methodist Church of Canada go on record as being favourable to the establishment of such an institution; and that copies of the resolution be sent to: The Women's Missionary Society, Toronto,
The Supt of Indian Education (Mr. Ferrier),
The Deputy Superintendent Gen. of Indian Affairs,
The Indian Agent and
C. W. Peck, V.C., M.P.

Carried unanimously.

November 30, 1919.

Reverend Sir,-

I have to acknowledge the receipt of your letter of the 11th instant with regard to the establishment of an Indian boarding school at Port Simpson. I am fully in sympathy with the spirit which actuated the District Meeting in this matter, and I greatly appreciate the devoted interest which the Methodist Church has shown with regard to Indian education. I regret, however, to inform you that I am unable to see any present prospect of undertaking the erection of such a boarding school.

We are of course prepared to keep up our present establishment for Indian education throughout the country, and to support our schools to the fullest extent that our parliamentary appropriation will allow, but the erection of new school buildings, which would involve such a large initial expenditure at this time, owing to the high cost of material and rates of wages, will have to be carefully considered in connection with the present financial situation.

The present need for public economy places stringent limitations upon our expenditure, which, as you will readily understand, are very difficult, and in some cases, impossible to surmount. I regret that I am unable to give you more encouragement in this matter.

Yours truly,

Deputy Superintendent General.

[Handwritten signature]
Sir,—

I have the honor to transmit herewith a copy of a Resolution which has been sent to me by the Simpson District Secretary of the Methodist Church of Canada, which will be self-explanatory.

I beg to say that I am in accord with this Resolution and would recommend that it be given serious consideration.

I am informed that there is a piece of land off the reserve at Port Simpson, in extent ten acres, belonging to the estate of the late Gordon Lockerby, and believe the site can be purchased for one thousand dollars.

I think the Department has had correspondence previously in connection with the proposed establishment of a boarding school for Port Simpson; and my recollection is that the Indians declined to grant or surrender sufficient land for the purpose of a boarding school. There are a good many reasons why a school of this kind should be outside the reserve.

I have the honor to be,

Sir,

Your obedient servant,

Pert Simpson.B.C.

February, 6th. 1920.

To,

*H. H. Perry, Indian Agent
Dept. of Indian Affairs*

On behalf of the people of Pert Simpson,
we are petitioning for a school such as will educate the children
of this and surrounding villages. (By this we mean boys & girls)

We believe that it not the policies of the Govt.
and that it is not for the welfare of the community, that we
still remain illiterate.

We may mention here, that the younger generation,
at the present time, are more or less illiterate and that more
progress was made by the older generation, (whose ages range from
35 to 40 yrs.) and the younger generation have not attained the
same standards as the older.

This through no fault of their own, the main fault
being, "There are no boarding schools in this vicinity, at which
they can attend. The nearest school, being at Sardis, which has many
draw-backs, to discourage pupils from here. One of the chief draw-
backs being. "To acclimatize the students from the north to a
different locality. Many have returned only to become invalids, so
that it seems useless to try and educate a student, in surroundings
in which it is difficult for them to maintain their proper health.

With a suitable Industrial School, one that teach,
students, occupations that are suitable for his or her surroundings
or locality; will be, for bettering of the country and will turn out
a citizen that will be able to meet the requirements of this
competitive age.

That Pert Simpson, being the central Village in
Northern B.C., and serves as head-quarters for the surrounding Tribes
would be the best place to build such a school.

The people of Pert Simpson remember that when this
subject of a school, was placed before them, they rejected the idea
at that time, without considering the injury they were inflicting
on the community, and further, the people that rejected the proposal
could hardly be called representatives of the people as the majority
of the people were away, at their spring fishing.

They regret that these proposals were turned down
at that time and in asking that the school be reconsidered, they will
not place any difficulty in the matter of selecting a site.

We further believe, that if a good Industrial School
be built here. It will in the near future help to create industry
which will be a benefit to the country and the natives.

Another reason, a day school is unsuccessful, is
(this reason may safely cover all villages of the north) The
occupation of the parents of all or the largest majority of the
natives, is such that they must leave their homes with their families
at from eight to ten months every year, making it impossible for the
children to attend school.

-*.2.*-

There is only one solution, that is, to build a suitable Industrial School such as will keep the students at school the whole year round. Thus leaving the parents, without excuse to educate their children.

Thanking you for this opportunity of placing before your official notice and hoping that you will place this before the proper authorities at Ottawa.

We are humbly
your petitioners,

.....

Ottawa, October 12th. 1920.

J. MacKinnon
Duncan C. Scott, Esq.,
Deputy Superintendent General
of Indian Affairs,
Ottawa.

Dear Mr. Scott,

Enclosed find a petition from the people of Port Simpson, signed on their behalf by about one hundred of their leading men. This petition as you will see requests the Government to build them a large industrial school for the education of both boys and girls. As the co-education of their children was involved in this petition, which was presented to me last February, I thought it only courtesy on my part to present it to the Women's Missionary Society of our Church, they owning and operating a girls' school at Port Simpson. The Board of the Women's Missionary Society met the last week of September, and they unanimously reached the conclusion that they would heartily cooperate with the general board in the management of a school for the education of boys and girls and would render any assistance possible to the Government in the

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

POOR-COPY

erection of the same.

I presented this petition to the General Board of Missions which met last week in Toronto. The Board acceded to the principle of co-education and also to the wisdom of selecting Port Simpson as a place suitable for the erection of a large industrial school.

When I received this petition from the people they appointed a deputation to show me the land that they would be willing to give; it is about a mile and a half down the coast from the village. They offer all the land we require from one hundred up to four hundred acres if necessary. I also required that they would build a dock, dig out the foundations of the main building, put in a dam for water supply which would be about half a mile up the mountain-side, dig a ditch and put in the pipe. I may say that these terms they did not agree to. I have written Mr. Lawson who was Secretary of the meeting telling him what I have done with the petition, and also rehearsing the conditions that I would like them to comply with. I have pointed out to him that not only is the Women's Missionary Society and the General Board of our Church aympathetic to the movement, but the Deputy Superintendent General is also. At the same time I have assured him that

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

POOR-COPY

-3-

it is a question of time as to when we will be able to get the money, since the Government has a large number of schemes that call for large expenditures.

I would take it as a favour if you would write a letter to the Secretary of the meeting that presented me with the petition, setting forth the Government's viewpoint.

Yours sincerely,

T. Fries

Ottawa, November 11th. 1920.

Sir,

The Rev. Mr. Ferrier, Superintendent of Indian Methodist schools, has placed before the Department the petition of the people of Port Simpson, in which they ask for the establishment of an industrial school at that point, that would provide for the education of the children in that and neighbouring districts. In reply I beg to say that the Department is disposed to consider the project favourably, but I regret that it is not possible to give you assurance that the work will be undertaken in the near future.

The funds at the disposal of the Department for this purpose are very limited and it is necessary not only to economize but to extend our boarding and industrial school system very gradually, bearing in mind those districts in which such provision is most urgently needed. The Department is aware of the conditions at Port Simpson and will keep the needs of the educational work there constantly in view.

WFL

I am glad to be able to report the opening of the new Indian Girls' Home by the Methodist Church at Port Simson on the 29th of the month. A number of pupils have already been admitted and as the accomodation is limited, all available room will soon be taken up. The need of a large boarding school for Indian boys is becoming most obvious, as the boarding schools in the south are unable to receive more pupils from the northern agencies, being already filled to capacity.

PETITION REGARDING THE ESTABLISHMENT OF A
BOARDING SCHOOL FOR INDIAN CHILDREN AT
PORT SIMPSON, B.C.

Doctor D. C. Scott,
Deputy Superintendent General of Indian Affairs,
O T T A W A.

Sir,

Whereas we are informed that the new Coqualeetza Indian Residential School, opened last October at Sardis, B.C., is now filled to capacity, with an attendance roll and waiting list including many children from the north-west coast of British Columbia;

And whereas, at the present time, the Woman's Missionary Society of the United Church of Canada, in conjunction with the Department of Indian Affairs, are continuing their long-established and most effective efforts among the Indian girls at Port Simpson, - no provision, however, being made by any organization, of boarding-school facilities for the boys of that district;

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

ARCHIVES PUBLIQUES
CANADA

POOR-COPY

that district./

And whereas the undersigned missionary workers and friends interested in the welfare of the native people do declare that the moral and social conditions especially among the boys and young men of the Northern tribes give rise to great anxiety for the present, and great apprehension for the future, - many such young people giving evidence of certain developments which will not only bring about race degradation and extinction, but which, if unchecked, will produce a moral and social menace to the adjoining Canadian white population;

And whereas it is our strong conviction that such undesirable conditions can only be met by granting to our Native people such Educational facilities as accrue from a local Boarding School;

And whereas it is generally conceded that few native tribes, if any, in the whole of the Dominion of Canada, manifest a higher standard of social and intellectual progress, than do those British Columbia tribes included in the Nass and Queen Charlotte Agencies, - the children of the Tsimpsean and Haida tribes especially, responding most readily to influences of Education and social uplift;

social uplift. /

And whereas in Port Simpson; Skeena River; Nass River and Queen Charlotte districts, there is at present a concentrated field containing several hundred children eligible for entrance into a Boarding School, but who are at present denied requisite Educational facilities owing to the nomadic habits of their parents, and owing to the great distance at which Boarding Schools, presently available, are situated;

And in view of that practical and most sympathetic attitude which has always been manifested by the Department of Indian Affairs in native educational problems such as this;

We, the undersigned missionary workers and friends interested in the Native people, do make earnest petition that the Department make provision for the immediate establishment of a Boarding School for Indian boys and girls at Port Simpson, British Columbia.

William Allan
Missionary-in-charge

August 30th, 1925.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,-

When I was out at Port Simpson during the month of March the people were very anxious to have a large residential school for the education of the boys and girls.

I requested that a formal petition be sent to the Indian Department setting forth their reasons for the request. I am now informed that action has been taken and a request has been sent to Ottawa.

I trust this petition will receive favorable consideration and that provision will be made by the next session of Parliament for the erection of a school that will accommodate about 125 pupils.

Yours respectfully,

[Handwritten signature: J. J. J. J.]

For two years I have been Resident Missionary of the United Church Of Canada to the Indians of Port Simpson. I am writing to you for first hand information on a matter that means much to all our people here.

I have been confidently assured, and have understood all along, that the Dominion Government intended, as soon as funds were again available (the \$40,000.00 at one time voted for this purpose having been withdrawn), to build us a Residential School for Indian boys and girls.

You will of course know all about this. Our people are expecting it, and keep asking me about it insistantly.

I did not wonder that no action was taken last year, pending the settlement of the Indian Land Question. But I have been eagerly waiting for word this year that we might expect a beginning at the new school in the near future.

A rumor now comes to us that a school is to be built, but on another Reserve, and under the auspices of another church, which only recently have had a new school built at Lytten.

Will you kindly tell me, Dr. Scott, if there is any truth in this report, and what hope I may give to my people of a Residential School being built in Port Simpson in the near future?

Dear Dr. Scott: Re: A New Indian Residential School
in Northern British Columbia.

Pursuant to our conversation when I was in your office on Friday last I wish to draw your attention to the urgent need of a new School to accommodate from one hundred to one hundred and twenty-five pupils to be situated at Port Simpson for the education of the Indian children under the care of The United Church of Canada.

This request has been before you for some years. Our teachers and missionaries in that part of the Province are pressing very urgently for this building and their request is supported by a resolution from the Prince Rupert Presbytery and also by the Home Missions Committee of the British Columbia Conference, both of which were before our Home Mission Board at its recent session on the 28th of November. As you kindly gave me to understand that this could not be included in the Estimates that are coming before the next session of Parliament, I trust that it will receive your favourable consideration and provision be made for the construction of this building, if possible, in the Estimates that will come before Parliament in 1930.

In the meantime we will look over the ground for a suitable site and also report on the type of building, also the size of building, that will be required.

Yours respectfully,

T. Herries

DEPT. OF INDIAN AFFAIRS
FEB 27 1929

Prince Rupert, B.C.,
Feb. 14th, 1929.

Sir:

noted
I have the honor to forward my report as follows: for the months of December and January, also account of travelling expenses for the same period.

x

x

x

The need of a boarding school for this Agency is becoming increasingly urgent, and I hope this matter is receiving the earnest consideration of the Department. The present boarding schools at Coqualeetza and Alert Bay are overflowing whilst no provision is made for this large agency. At present great expense is incurred by the Indian parents in paying transit of their children to and from these schools. It would be a source of great satisfaction to the Indians in this agency if there were a residential school for boys and girls near at hand and I am quite sure there would be no difficulty in filling it.

Sir:

I have the honor to forward herewith my daily journals for the months of February and March and to report as follows:

X X X

The day schools throughout the Agency have been satisfactorily carried on, but the attendance began to fall off as the people left the villages for their hunting and fishing camps.

The Indians of the agency are keenly alive to the need of education for their children and regret the necessity of having to take them away from the schools when they leave the villages in search of employment and other means of livelihood. I have in previous reports stressed the need of a residential school for this Agency to remedy the present condition of affairs, and would also respectfully urge that a proper inspection of the day schools by an Inspector qualified for the work be made regularly. This would not only bring all the day schools in the Agency under a uniform system of teaching but would also be an encouragement and help to the teachers in isolated villages. Possibly an arrangement might be made with the Provincial Department of Education in this regard.

1929.

Dear Dr. Scott;- RE INDIAN RESIDENTIAL SCHOOLS
IN BRITISH COLUMBIA.

The following recommendations were sent forward to our Board from a meeting of representatives of The Anglican Church and The United Church of Canada, held in Vancouver on September 30th, in reference to the matter of Indian Residential Schools for the area north of Queen Charlotte Sound:

- (1) THAT both Indian Residential Schools - one for The United Church and one for the Anglican Church - should be located on the mainland.
- (2) THAT each Church should recruit pupils only from its own constituency.
- (3) THAT, subject to the above, each Church should be free to agree with the Department upon the location and capacity of the school for its own constituency.

These recommendations represent the unanimous findings of the Commission, and go forward to you with the approval of the Executive of our Board.

Yours most faithfully,

Colin G. Young

OCEAN FALLS, B.C.,
Nov. 20th, 1929.

Rev. G. A. Wilson, D.D.,
411 Dominion Bank Bldg.,
Vancouver, B.C.

Dear Dr. Wilson;- RE PROPOSED NEW INDIAN RESIDENTIAL SCHOOL IN THE NORTH.

I had hoped to have written to you before this on the above matter, but have had an unusually busy trip South to Smiths and Rivers Inlets for the last two weeks and found no time for writing en route as I sometimes do.

I talked the matter of a site for the above school with Dr. Darby and Mr. Gibson, and should have done so with Mr. Deans, but forgot it yesterday when in to see him. I shall take it up with him later. Dr. Darby was strongly in favor of a site at Old Town, near Bella Bella. Mr. Gibson was not so strongly favorable at first, but came round to that view later, I think. I was not at first much impressed with the suggestion, but every day since it has appealed to me more strongly. Of course, there is the undoubted fact that the Presbytery, through the recommendation of the Port Simpson delegates, endorsed the request that the new school be located at that place. Then there was a request that the school go to Hazelton, but I do not think there was any great unanimity of heart on the question, seeing there was really no other proposition forthcoming. I shall try to set forth the pros and cons of the thing as I see them, and think I shall be ready to support my view at Presbytery when it meets.

- (1) Port Simpson: Possesses undoubted power as an historic centre: Has also a large native population in itself and nearby. Is close to the Queen Charlotte Island peoples, and has a good Hospital nearby, etc. But, on the other hand, as I understand it, there is no good farming land nearby, which is a fundamental requisite for such a school. Again, it has only a weekly boat service, and is off the main lines of boat travel. It is also at one end of the territory to be served, and close to territory served by the Anglican Church. Some mention is being made of the fact that the Tsimpseans are old time enemies of the Haidas of the Q.C.Ids. and Port Simpson would therefore not be looked upon as a favorable site by the latter people. I do not know whether there is much in this argument or not. I don't think such a spirit should be countenanced although it may have some practical bearing on the problem for the meantime.
- (2) Hazelton: Has a fine site with all kinds of good land available for cultivation. It is the centre of a fair number of our United Church Indians, for example at Kishpiox and at Kitzequcla (Skeena Crossing). On the other hand there is a large centre of Anglican Indians right at Hazelton itself. We have a fine Hospital there, and the Anglicans have only a church and resident pastor, which we have also, of course. But, Hazelton would not appeal to the Indians of the Coast, I fear. It would mean a boat journey and then a train journey as well with a stopover in Prince Rupert. It would however, have the advantage of ^{not} being too close to any site, or proposed site for an Anglican School as would Port Simpson, I feel, for seeing the Anglicans have a school now at Alert Bay, if they purpose a further school, it could only naturally be in the North.
- (3) Bella Coola: Has all the advantages of being near a good sized village of native people. There is a good Hospital, partly in connection with our Church and there is good land available, although it would have to be cleared at a probable cost of at least \$500.00 per acre.
Against this are the facts of a weekly boat service, and the situation being to one side, although central from the point of view of north and south. I do not think it would make any strong appeal to our native people, or to the Church at large.

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

- (4) Bella Bella: I have come to the conclusion that this is the logical centre for a new school for the following reasons:
- 1 - It is central, both for the East and West and North and South.
 - 2 - It has the best boat service of any place on the Coast, all S.S.Co's. have it on their list of ports of call. It has from three to four boats a week each way, during the summer months, and at least two and usually three boats each way in the winter.
 - 3 - It has all the drawing power of historic associations that Port Simpson can have, and is without any of the old lingering tribal objections so far as I know.
 - 4 - The site is far enough away from the present village to ensure privacy and the best environment for the pupils, and I understand the land is good for agricultural purposes, and is practically cleared and ready for occupation.
 - 5 - In view of the fact that there is some likelihood of the Anglican Church asking for another school on the Coast, Bella Bella would be the logical place for our own Church. It has long been the stronghold of United Church work, made sacred through the work of men like Dr. Large and now our own Dr. George Darby. It is far enough away from Alert Bay to cause no lessening of the functions of that school, and it is central to our own work, especially, to those parts that have been neglected so long, namely, Smith's and Rivers Inlets where the Indians constitute a problem for our Church at the present moment. I feel that Bella Bella would appeal very strongly to the Indians of these two localities. Kitamaat, Hartley Bay and Bella Coola are not far removed, and in the summer these peoples are always in the Bella Bella area during the cannery season. It is much more nearly in the centre of our Native work than any other point proposed as a site for a school. As I have said before, if there is likelihood of the Anglican Church asking for another school it could only go in the North, either at the Nass, Metlakatla, or Port Simpson, and while there may be room for two schools there, yet it seems to me the United Church School at Bella Bella and the Anglican one in the North would be the more reasonable arrangement.
 - 6 - Steamships of the C.N.S.S.Co. from the Queen Charlotte Ids. pass right by Bella Bella giving a direct connection with the villages on the Islands.

I think this is about the best I can do on the problem and trust that in the musings of a multitude of counsellors there may arise wisdom for the guidance of our Church in this important matter.

With all good wishes,

I am,

Sincerely yours,

(SGD.)

R. C. SCOTT.

"Mission House,"
Bella Coola, B.C.,
Nov. - 1929.

Dear Doctor Wilson:-

Your communication as regards the new Residential School received by last mail and at the earliest opportunity it was brought before a large gathering of our people. Indian Agent Fougner in the Chair:- The gathering was pleased to know that our Church recommended that a new Residential School be erected for the benefit of our Northern Indians.

Our people unanimously urge that the proposed new school be erected at Bella Coola where there is an area of over 3000 acres of arable land, and support this contention with the following reasons:

- (1) We ourselves have at present over 100 children in the village; 65 of these being of school age.
- (2) Our day school is full up; besides those of our children at Alert Bay and at Sardis.
- (3) The parents find that our school at Sardis is too far away; and the fares too expensive; while the one at Alert Bay is not under the charge of our Church.
- (4) Bella Coola is in a central position from Rivers Inlet people, Bella Bella, Klemtu, Kitilope and Kitaamat, - and also the stick Indians back of us who have no school facilities wish their children sent here.
- (5) Bella Coola is quite a centre for United Church work. We have two Churches, a fully equipped hospital and day school manned by our Church.
- (6) We have a regular weekly mail service; beside other connection, with local points.
- (7) Bella Coola can offer what no other Indian Reserve can tender - 50 acres of agricultural land, and more if necessary on which to erect our new Residential School.

I cannot recall the Presbytery where a resolution was passed asking that a school be erected at Port Simpson, though at a meeting of the Workers amongst the Indians held some years ago, before Union, did recommend a school at Port Simpson, but since that time conditions have changed entirely. A school at Port Simpson will not help us at all - 275 miles away in a severe climate.

As soon as the site is decided on in Bella Coola, our people will at once begin to clear the land. A portion of the land is covered with a good growth of wood, making excellent fire-wood.

I trust the Church may see its way clear to erect the school in our midst where it is greatly needed.

I am, sincerely,

(SGD.) T. EDW. RENDLE.
Missionary to the Bella Coolas.

KITIMAAT MISSION, B.C.,
December 10th, 1929.

Dear Dr. Wilson:-

Your letter of November 4th came to hand November 28th regular mail. In reply to your queries - you will remember in my former reply re centre for proposed Central School or Schools for Indian children I said I was not so well acquainted with the geography of the district as to be able to name a location not only central but socially furnished for the highest upbringing and welfare for the present and future of our Indian people and children.

Now, if there was a Vancouver or Victoria north of Queen Charlotte Islands, I would advocate placing the school there. We have not such cities: I would then place the school at Prince Rupert.

My brief experience with the Indians is - bring them out in contact with our white population, and the best of them, if you are ever to benefit them and lift them out of the deadening past. They meet now with white men, as they go out to work in canneries or engage in fishing, to their great detriment. White men, I have heard myself, that would poison the good in Saints. And the Indians think this is the White Man and his Christianity. My policy is, then, - bring the Indian (or any other backward people) into the open, into open welcome contact with the very best, purest and noblest in the Human Sphere. Otherwise "we are hiding our Light under a bushel."

"If you were God and God were you
Say, what would you do?"

If you were the Indian and the Indian were you,
Say - What would you do or like done?

Show our Indians (children) you are men and must see and learn and do the man's part.

If this thought helps the location - Amen!

Very sincerely yours,

(SGD.) ALEX MCGEE,
Kitimaat Mission, B.C.

TSIMSHIAN PETITION.

(C O P Y)

To the Rev. Dr. Cochrane:-

We, the native residents of Port Simpson, B.C., represented by our Chiefs and Councillors, lay before you our humble request that you and the United Church of Canada will use your influence on behalf of the Tsimshian people in establishing a residential school at Port Simpson.

In requesting this we will endeavour to show you some of the difficulties that we are laboring under at the present time, making it impossible to give even an elementary education to our children, owing to the fact we must at different seasons of the year leave our homes and taking with us our children to our various fields of our activities at which points there are no way of educating them.

In asking that you use your influence for us with the proper authorities to establish a residential school in our village, we would point out to you the central location of Port Simpson, which is the central point of a group of Tsimshian, Nishga, Gitksan, and Haida villages serving over a large population, over three thousand people and in the village of Port Simpson alone there is over a hundred children of school age who cannot get a proper education owing to the present mode of living of the natives here, this would be overcome with the establishing of a residential school here at Port Simpson. All of these villages are located within a radius of twenty four hours from Port Simpson at the farthest points, making communication between parent and school easier and not costly.

At present some of our children are being taken care of at Sardis, but the distance from home which in some cases is over six hundred miles, making it almost impossible and costly to the parents in sending their children to and fro and very often the children are not able to acclimatize themselves to the new surroundings, which tends to discourage us in sending them such a distance from home, thus placing a hardship on the children over which we at present have no control, owing to our present mode of making our living.

We also wish to point out to you that educating the children right in their own district amidst his own environment and in suitable industries for their own future welfare in the district they will be a credit to themselves and the people they represent.

We wish also to mention that in the past when matters of school came in our midst there was always some little dissensions in the matter of lands and locations. We can assure you at this time the people are all one in their request and will co-operate with you and the authorities in supporting any reasonable request for lands and location.

We wish also to point out to you our location is right on the paths of the regular steamers and also the splendid Church and Hospital right here in our midst.

We earnestly ask that you give our humble requests your very careful consideration and we trust we will have your support in them.

Signed on behalf of the native residents of Port Simpson, B.C., October 22nd, 1929.

BELLA BELLA, B.C.,

Nov. 15th, 1929.

Dear Dr. Wilson;-

RE RESIDENTIAL SCHOOL.

I don't think it wise to say that each Church shall recruit from its own constituency, for we have a number of our children at Alert Bay, and they are doing very well. Alert Bay is very close to us. In fact, when we are talking Church Union, why separate Indian Children.

As to location, if it is to serve Prince Rupert Presbytery only, there are two or three places. -

- 1st - Bella Coola, very good land, mild climate, rather heavy timber on the promised site. The trouble with Bella Coola, it is at one end of the district, and is not over well served with steamboat service.
- 2nd - Port Simpson is maybe central, but what about the land?
- 3rd - The Forks of the Skeena, or Hazelton, was in the old days thought to be the very best site of all.

It would pay to look over the above places before deciding. At Bella Bella old town there is a very good place indeed, right on the steamboat route, good soil, fair supply of water. I think this could be bought at a very fair price from the B. C. Packers, who own it.

I think the whole question should be left till Conference.

Kind regards,

(SGD.) W. HEWSON GIBSON.

PORT SIMPSON, B.C.,
Nov. 25th, 1929.

Rev. G. A. Wilson, D.D.,
Vancouver.

Dear Dr. Wilson:-

Your letter of the 4th inst. received, and contents carefully noted.

After consultation with Dr. Large and others of our staff and white group here I beg to submit the following reply, in which there is general concurrence.

- I. We believe the school ought to be placed on the coast, and not inland. The Residential Schools that are placed inland naturally give considerable time and attention to farming, which is useful to natives of the interior, but is almost wholly wasted on our northern coast Indians. This is a serious consideration with us, and ought to carry weight in any deliberations of the board as to the location of the school. This northern coast region, which contains so large an Indian population, is in no sense a farming country. And the young Indians of these tribes ought to receive their education and training along lines that they can utilize after their school days are ended.

Our people require an academic education that will create in them an intelligent interest in literature and art and science and history and citizenship and public affairs and the general cultural aspects of civilization.

The young men require an elementary business education that will enable them to compete on a somewhat equal footing with white men.

And on the Industrial side they would profit by carpentering, boat-building, gas oil and electrical engineering, and general machine shop practice.

Another industry that we believe might wisely be undertaken, in at least an experimental way, and might in time grow into a major source of income for our people, is fur farming. The trapping industry, at one time so lucrative on the northern coast, is decreasing year by year. Where a trapper brought in 100 skins 20 years ago, he now brings in ten. But fur farming, under proper direction, ought to be rewarding; and it might in time be a source of income for our Indians comparable to reindeer raising in Alaska; which has made the natives there so eminently prosperous. This latter is only a suggestion, but certainly worth looking into.

- II. Now as to the location of a Residential School on the northern coast, - we believe that Port Simpson is the logical place; and for the following reasons:

Indian Affairs (RG 10 Volume 6458, file 886-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

- (1) The central and accessible location of Port Simpson. We are situated between the two northern rivers, the Skeena and the Naas, with their Indian villages. And we are within 3½ hours' run by gas boat of Prince Rupert.
- (2) Port Simpson is much the largest Indian village on the coast. There are about 600 Indians resident in Port Simpson. There are also about 20 families belonging to this village living in Prince Rupert.
- (3) Our fine new Government Dock, built during the past two years, affords convenient accommodation for the landing of boats at all times of the year, and for the handling of freight.
- (4) There is plenty of land available at Port Simpson for school purposes, either (a) by extending the mission holdings on the Indian Reserve, or (b) by purchase from the Hudson's Bay Co. The Hudson's Bay property of almost 107 acres immediately adjoins the Mission property and the Indian Reserve. A considerable area is levelled and sown to grass. And it has a wide harbour frontage. The whole property could, I understand, be purchased quite reasonably at the present time; and there are certain store buildings, now in use, that could be purchased and used for shop purposes if desired.
- (5) There is already at Port Simpson a fine commodious Church; which has been newly painted this year. And there is a hospital of 35 beds, with Dr. and nursing staff. Also the Crosby Girls' Home, a substantial modern building, built by the Women's Missionary Society a few years ago as a temporary measure until the Residential School, which was at that time promised, would be built. This latter building could be used as a teacher's residence, or such other purpose as desired, in connection with the School.
- (6) The native people of Port Simpson have for many years looked forward to the establishment of a Residential School at their village; and are themselves eagerly asking for it.

We believe, therefore, that the Mission Board will be acting in the best interests of the United Church Indian constituency on the northern coast by deciding to build the new Residential School at Port Simpson.

Yours sincerely,

(SGD.) M. F. EBY.

My dear Dr. Scott: Re: Indian Residential School in
Northern British Columbia.

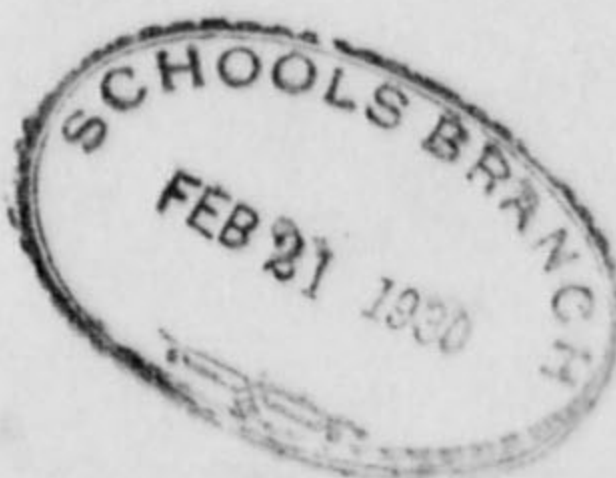

I am enclosing copy of a resolution which has just come to hand from the Prince Rupert Presbytery of the United Church of Canada in reference to the location of the proposed new Indian Residential School in Northern British Columbia.

You will notice that, with representation present from all of the points on the coast, the unanimous decision arrived at was that it would meet the desires of our workers there best if a new school could be erected at Port Simpson. I think I have previously sent you opinions on this matter expressed by our workers at different points and they were in no means in agreement. It seems at last that they have reached unanimity and I am therefore doubly pleased to send you this communication.

Believe me,

Very sincerely yours,

RBC:AMA.

R

Dear Dr. Scott:-

I am asked by an old friend to interfere in a matter outside my district, which I always object to doing.

He writes me from Bella Coola saying that the leading Indians have asked him to do so. They have offered to give fifty acres of the best land in the valley for an Indian Industrial School, and naturally the Indians there want it there, instead of at Port Simpson. He says the land is excellent, and the climate very good.

I shall be glad to hear if anything can be done to help them.

Yours faithfully,

A. W. Neill.

March 12, 1930.

Dear Mr. Neill:

I have your letter of the 8th instant, concerning the establishment of an Indian residential school at Bella Coola. The United Church Missionary Society, which is active among these Indians, has requested the establishment of an educational institution for our wards at Hazelton, Port Simpson, Bella Bella and Bella Coola. There has been much correspondence and several resolutions concerning the best location. It appears that the United Church representatives are now unanimous in the selection of Port Simpson.

You know that residential schools for each group are out of the question, and, in a matter of this kind, considerable weight is given to the wishes of the interested church. At the present time, I do not know when it will be possible to establish a residential school for these Indians, but I can safely say that Bella Coola will not be favoured when a site is being chosen.

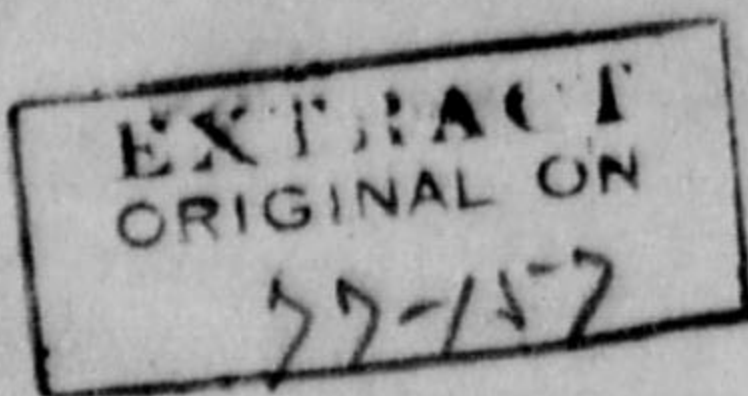

Yours very truly,

Duncan C. Scott

INSPECTION REPORT QUEEN CHARLOTTE AGENCY NO. 1.

SCHOOLS

I inspected the Day school at Massett, 124 children attend this school. It is a nice building, well kept and in good order. I also inspected the new school at Skidegate. 48 children attend there. This school, too, is in splendid order, and clean. Quite a number of children from this agency go either to the Alert Bay Residential school or to Coqueleetza, which is quite a distance for them, and costs the parents quite a large sum in fares,

If a school for Protestants is erected finally at or near Prince Rupert as referred to by me before, this will be a great convenience to the Indians of Queen Charlotte, who could almost fill a residential school themselves, as you can see.

THE HONOURABLE THE MINISTER OF INTERIOR.

HONORABLE SIR:

Your petitioners the Indians of Port Simpson B.C. do present to you for your kind and sympathetic consideration this humble petition and will ever pray.

x x x

1. That in view of the fact that the Indians have to compete against the white man, in their efforts for a livelihood and in order to meet this competition, one of our great needs is a suitable Industrial school to train and equip our young to meet this ever increasing competition. We would ask and recommend that such Industrial School be situated here in Port Simpson, which is the centre of an Indian population of over two thousand Indians and would thus better serve the Northern Indians in their own requirements and in their own environment. Past experience has shown us that our native children cannot acclimatize or adjust themselves to conditions in the southern part of this province.

x x x

That previous to arriving to a definite decision on this our humble petition and as there are many other matters, such as can only be dealt with in direct conferences, with the Honorable the Minister of Interior, we humbly ask that we be granted the privilege of having a direct conference here, at your convenience.

Victoria, B.C., April 16, 1931.

Dear Sir:

I have the honor to acknowledge receipt of Departmental letter dated March 31st, ultimo (unnumbered) covering copy of a petition received at the Department from the Port Simpson Indians.

In reply I beg to say that the contents of the petition have been carefully perused and I would make the following observations thereon, viz:-

x x x

1. In consideration of the establishment of an Industrial or Residential School at Port Simpson, which is a station of the United Church of Canada, it would have to be borne in mind that such a school, if established, would probably result in the withdrawal of approximately 58% of the pupils of the Coqualeetza Indian Residential School at Sardis, B.C. who hail from northern British Columbia as indicated in the attached list taken from the Quarterly Return of Coqualeetza School for the quarter ended December 30th, 1931. It will be further known to the Department that a Girls' School as well as Day school exists at Port Simpson.

X

X

On the same date (21st of June), I also visited Coqualeetza Residential school, but the principal, Mr. Raley, was away, and about 40 of the children had already left for their homes. As most of the other children were busy getting ready to go away, I did not hear or see any of the children at work, I understand, however, that 40 odd children will have to remain under Mr. Raley's care throughout the holidays, as their parents have not the money to pay for their fares back over the long distance to Queen Charlotte Islands. This is another point that bears out my contention that this school, of Protestant denomination, should really be up north, somewhere in the vicinity of Prince Rupert, as suggested. Owing to the outward movement of the children, naturally the school was in a somewhat untidy condition, but under the circumstances this was to be expected. However, the essentials were in order, including fire fighting apparatus, fire escapes, etc. and the kitchens and lavatories clean.

P E T I T I O N :

The Petition of the Native Communities of Naas River, British Columbia, ethnologically known as the NISHKA INDIANS, herein humbly sheweth that,

Whereas nearly half a century has elapsed since the Dominion Government assumed paternal responsibility for our "up-bringing" and education, nothing commensurate with such responsibility has yet been undertaken for the benefit of the Nishka people.

For we consider that the policy of maintaining Village Day Schools, while good and necessary in itself, leads virtually to no effective end, being unsupplemented, as it is, by a higher and more technical institution as an educational terminus.

We admit that, hitherto, this need has not sufficiently impressed us, though, in a way, we did perceive it; but, now, owing to the rapid development of the world around us, the need has become more visible and eloquent, resolving itself into an earnest desire on the part of our people to have an Industrial Boarding School on the Naas for the benefit of our children, both now and in the days to come.

And Whereas, hitherto, as far as we were conscious of the need of higher education for our children, we sought to obtain it by sending them to institutions remotely situated in various parts of the Province, with results, however, far from satisfactory to us:

For, firstly, the mortality among those so sent has been abnormally high; and secondly, the difficulty of getting both boys and girls back to school after vacation to complete their terms has been found almost insuperable, owing to the aversion of the scholars to return to conditions in various ways distasteful to them, said conditions being inevitable in institutions where racial antipathies and mixed forms of speech not infrequently embitter relations among the children, and where the dominance of a church, which may not be the mother church of all the children, tends to the gendering of indifference rather than reverence; while, thirdly, as a matter of fact, some of these institutions are located in the midst of, or almost adjoining, some Indian town or village, which, in the case of girls especially, while perhaps carrying with it advantages for those native to that particular place, is pitiful of dangers for those coming from elsewhere. For the boys also such an environment is, generally speaking, morally unhealthy.

And Whereas our views on this question were laid before the Royal Commission on its visit to the Naas in 1915, when the various native communities on the river united in presenting a petition for the establishment of an Industrial Boarding School for the Naas district, which petition the Commission promised to lay before, and recommend to, the Government:

Yet, notwithstanding the assurances thus given, we regret to hear now that it is proposed to erect the school we asked for at Port Simpson (entirely outside our Agency) instead of on the Naas.

We think it ought to be clearly understood by the Authorities concerned in this decision that the Nishka people would preferably send their children to more distant schools than to one situated at Port Simpson. And for this reason, the Zisheans and Nishkas, while of certain racial affinity, are divided by the use of two different forms of speech. It is therefore intolerable to us to find our young people return from school with an outside dialect upon their tongue. We desire to send them to school to learn English, and to receive some civilised domestic training, and not to become further steeped in the atmosphere of Indian mentality.

We feel compelled therefore to state that, in our opinion, and from our point of view, the establishment of an Industrial Boarding School at Port Simpson will in no way benefit the Nishka people. It would be outside of our country; it would be outside of our Agency; it would be outside of our

desires, our church and other interests, as we see them.

A n d W h e r e a s duly qualified medical supervision is to be considered as an essential factor in the establishment and carrying on of such an institution as this petition has in view, not only with regard to the health of the children individually, but in the matter of hygiene and sanitation generally, and especially as to the steps to be immediately taken in cases of emergency for the prevention of infection and the spread of disease :

WE beg to draw attention to the fact that, already, the Indian Department subsidises a medical man at the mouth of the Naas : so that at least this most essential prerequisite for the establishment of such a school is already on hand.

A n d W h e r e a s the entire native population of the Naas being now separately constituted one distinct Indian Agency ; and being religiously members of one distinctive church, viz., the ANGLICAN ; and being of one language and one racial mentality ; and being also sufficient in population to assure a full complement of scholars for such institution from term to term , --

We consider that the best interests of our people, and the benevolent desires of the Government on our behalf, would be most effectively served by the establishment of one central Industrial institution for Indian boys and girls on Naas River (at a point to be determined upon hereafter) than at Port Simpson or any other point on the coast or interior of B. C.

T H E R E F O R E , and because of the reasons herein severally set forth, we the undersigned NISHKA INDIANS of Naas River, British Columbia, do hereby present our humble petition to the Government of Canada to grant us an INDUSTRIAL SCHOOL for the more complete up-lift and educational advancement of our people ; and that this School be centrally situated on some suitable place on the NAAS RIVER.

A n d your Petitioners shall ever pray :

C o p y

Ottawa, Ontario,
May 11th, 1921.

Dear Sir -

I have received your letter of the 28th ultimo, with which was enclosed Petition from the Nishka Indians requesting the establishment of an Industrial Boarding School in the Naas District.

While I appreciate your desire to obtain better educational facilities for the Indian children, it will not be possible for the Government, owing to present financial conditions, to consider the provision of such an appropriation at this Session of Parliament. I shall, however, request the Deputy Superintendent General to note your Petition and, while I cannot promise that any grant will be made in the near future, you may rest assured the matter will be given sympathetic consideration.

Believe me,
Yours faithfully,

He L. L. L.

C. B. Barton, Esq.,

May 17, 1921.

Dear Sir,-

I have to acknowledge the receipt of your letter of the 3rd instant, forwarding a petition, signed by the Indians residing at all the principal villages on the Haas river, requesting the establishment of an industrial boarding school in their district.

In reply I beg to inform you that a copy of this petition was also sent to the Superintendent General by Mr. C. B. Barton, of Kincolith. I am inclosing herewith a copy of the Minister's reply to Mr. Barton.

Incl.

W. E. Collison
Yours truly,

W. E. Collison, Esq.,
Indian Agent,
Prince Rupert, B.C.

W. E. Collison
Deputy Superintendent General.

OFFICE OF
INDIAN AGENT
Prince Rupert B.C.
April 20th 1936

11-9292

Sir:-

I beg to transmit herewith, return on the Crosby Girls' Home at Port Simpson for the quarter ended March 31st 1936.

Assuming that there was an error in the amount of the account, the principal, Miss Deacon was communicated with and I was informed by her that the Department had made a reduction of 10% in the grant dating from January 1st last.

In view of the fact that this office has not received any notification of a change, the return is being forwarded subject to any change the Department may have authorized.

I shall be glad to be advised in the matter.

Your obedient servant,

[Handwritten signature]
Indian Agent

WEC/JJ

The Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir,-

With reference to your letter of the 20th ultimo, I enclose copy of circular letter of March 27th, last. This letter was sent you at that time but, apparently, it went astray in the mail.

Yours truly,

J. D. Sutherland.
Acting Supt. of Indian Education.

W. E. Collison, Esq.,
Indian Agent,
Prince Rupert, B. C.

Ottawa, January 27th, 1937.

Dear Sir:

I have to inform you that the December quarter grant for the Port Simpson Girls' Home has been calculated and is being paid as follows:

Aver. 28.89	-	Earnings	\$1,263.93
		Less 5%	63.19
		Amt. due	\$1,200.74
		Less Advance....	600.00
		Bal. due	\$ 600.74.

Cheque for the above balance is being forwarded to your General Treasurer.

Yours truly,

Philip Phelan
Philip Phelan,
Chief, Training Division.

Mr. Philip Phelan,
Chief, Training Division,
Department of Indian Affairs,
Ottawa.

Dear Mr. Phelan:

Re. No. 168-1-3:

On the 27th of January you advised us that the December quarterly grant for the Port Simpson Girls' Home had been calculated and that a cheque had been forwarded to our General Treasurer. We understand this is the first time our Treasurer has received this information and she has found it extremely helpful.

We would, therefore, appreciate your sending forward to us similar copies which pertain to our Indian Residential Schools and Day Schools on the Reserves.

Yours sincerely,

Isabel M. L. Loveys
Home Mission Executive Secretary.

Ottawa, February 16th, 1937.

Dear Madam:

With reference to your letter of the 8th instant, the December quarter per capita allowances of the schools conducted under the auspices of The Woman's Missionary Society of the United Church of Canada have been paid as shown on the attached statement.

The salaries of teachers of Indian day schools conducted under the auspices of the United Church of Canada are now forwarded direct to the teachers concerned. If you will let me know the names of the schools about which you require information in connection with the teachers' salaries I will be pleased to advise you.

Yours truly,

Philip Phelan
Philip Phelan,

Mr. Ferrier
Secretary Dept. Indian Affairs,
Ottawa, Ontario.

Dear Sir:-

Re the new boarding school at Port Simpson,
B.C. It would be advisable to have a fire place in the sitting
room of the staff. The climate admits of this being very
useful and pleasant.

EXTRACT
ON

EP.*

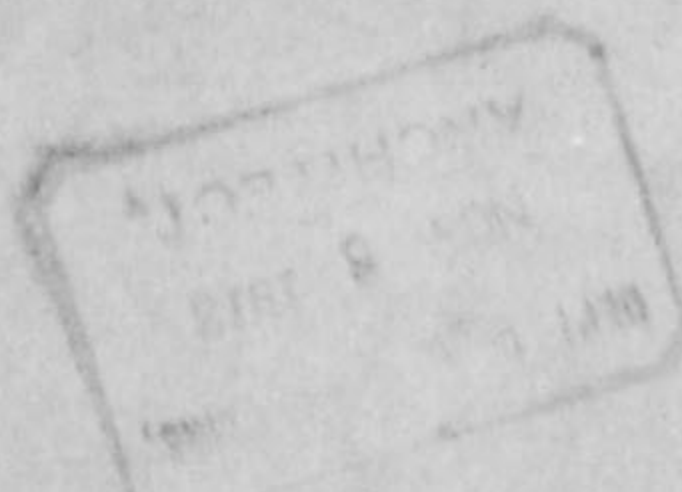

The name of Mr. Edwin Chown, c/o Rev. S.D.
Chown, 1710 Dunbar St., Vancouver, has been suggested to me
as a thoroughly reliable architect who would render excellent *service*
to the Department and to the Methodist Church.

If this name is satisfactory to the Dept.
it would be much appreciated by the Methodists of British
Columbia.

TF/JM.

Yours sincerely,

T. Ferrier

Return to Mr. Agilwin*

Ottawa, November 20, 1913.

Rev. Sir,-

I beg to acknowledge the receipt of your letter dated October 24th ultimo respecting the preparation of plans, etc., for the proposed new Indian Boarding School for boys at Port Simpson, B. C., suggesting the name of Mr. Edwin Chown, Architect, of Vancouver, in connection with this work, and to say in reply that while thanking you for your suggestions in this matter, it is the intention to have the plans for this school prepared in the Department

Your obedient servant,

Aast. Deputy and Secretary.

Duncan C. Scott/-

Dear Sir/-

I purpose being at Port Simpson about the 15th of March. I understand from Mr. Stevens, the Member, that there has been a man appointed for the overseeing of the building. Would you kindly let me know this man's address? On account of the formation of the soil at Port Simpson, I think it very desirable that he be along when the site is selected, and if I knew him I could have him accompany me in going over the proposed sites and making a selection.

Yours sincerely,

T. Ferrier

Dear Sir,-

I have your letter of the 31st ultimo, stating that you propose to be at Fort Simpson about the 15th of March.

We have not taken any steps as yet to appoint an inspector for the building, but will do so in due course; he may not, however, be a local man, and, in the meantime, I think that you, the resident Missionary and the local Indian Agent should come to a decision regarding the site.

Yours sincerely,

Deputy Superintendent General.

The name of Mr. E. A. Chown has been suggested as inspector for the proposed building at Port Simpson. He is a resident of Vancouver. It might be that we could utilize his services to greater advantage at Kuper Island. Kindly keep this in mind and consult with me when the time to take up the matter of inspection comes.

Ottawa, November 21st, 1933.

Reverend Sir,-

In a report regarding his inspection of the Port Simpson Indian Residential School on May 29th, 1933, Inspector Barry writes, in part, as follows:-

"Water Supply:- The source of the water supply is muskeg. Though sufficient for domestic purposes, there would not be enough pressure to fight any sort of fire.

"Fire-Fighting:- There are four large 'Soda Type' extinguishers. These are tested from time to time. There are about six small Pyrene extinguishers. With reference to my report of last year under this heading, I am glad to be able to report that regular fire drills have been held this last year.

When Colonel Pragnell was with me during the inspection of this school last year, we came to the conclusion that a fire escape was necessary for the use of the children in the new dormitory. I beg to recommend again that such a fire escape be erected on the end of the new addition. I have gone into this matter again during the present inspection and am satisfied that this is the best place for such an escape. It will be the least expensive place to erect such an escape, which should be constructed from the dormitory window right to the ground. As the hill rises behind this dormitory, a fairly short escape is all that will be required. I would suggest that the Department take this matter up with the United Church authorities, as was done in the case of the Kitamaat Indian Residential School.

The only possible thing to do in a school of this type in case of fire would be to get the children out as soon as possible. Any serious fighting of fire is out of the question owing to lack of any pressure in the pipe lines.

"Lighting:- The present Electric Lighting plant, a 850 Watt 32 Volt Delco, is ten years old. It is far too small for the school. New batteries are required; but as I recommended last year this machine should be sold to the Indians for what it might fetch, and a proper sized plant substituted. This recommendation was contained in a special letter to the Department last year; but I understand that my suggestion has not been accepted. I would now suggest that the contents of this report as far as it is of vital importance to the United Church Board of Home Missions be communicated to them, with a view of having the more urgent work at this school attended to in the near future."

I should appreciate if you would bring our Inspector's report to the attention of the officers of the Women's Missionary Society.

Your obedient servant,

J. D. Sutherland.

Sir:

I beg to forward my report for the month of November as follows:-

x

x

x

Crosby Girls' Home

With regard to fire protection for the building I would recommend that an additional iron fire escape be provided for the dormitory in the new wing. The one already in place serves for the older part of the building. This improvement would be for the better protection of the children and would cost approximately \$100.00.

Dear Sir:

Re: Port Simpson Residential School.

With regard to the Residential School at Port Simpson, I have pleasure in sending forward to you the following resolutions passed by the Executive of the Woman's Missionary Society on March 1st:-

"Re: Fire Escape.- That in accordance with the request of the Department of Indian Affairs we authorize the erection of a fire escape at the Crosby Girls' Home, Port Simpson, at an estimated cost of \$125.00, expenditure to be financed from Property Account, if not met by the Department of Indian Affairs."

"Re: Delco Batteries.- That in the light of a recent report from the Department of Indian Affairs, a grant of \$250.00 be made from Emergency to care for new Delco batteries and overhauling the engine at the Crosby Girls' Home, Port Simpson."

The members of the Woman's Missionary Society seem to have a feeling, as evidenced in the last clause of their resolution regarding the fire escape, that this is an item which might very well be financed by the Department of Indian Affairs.

Yours very sincerely,

KJB.MLT

Reverend Sir:

I beg to acknowledge receipt of your letter of the 6th instant, forwarding resolutions recently passed by the Executive of the Woman's Missionary Society.

It is noted that arrangements will be made to erect a fire escape at the Port Simpson Indian Residential School and to repair the batteries and engine.

Owing to lack of funds, it will not be possible for the Department to consider payment of the above.

Your obedient servant,

A. F. MacKenzie,
Secretary.

EXTRACT from Inspector Barry's Report regarding his inspection of the PORT SIMPSON INDIAN RESIDENTIAL SCHOOL on May 21, 1937.

Original on File 168-1-6.

Fire Protection:-

I would ask that the following be read in reference to and continuation of my report on Page 2 forwarded from Victoria on October 18, 1935.

The four large type Soda Fire Extinguishers have been refilled since my last inspection. There are also some half dozen Pyrene Extinguishers at this school.

I am told that Fire Drills are held regularly now, but this is very difficult to believe. The Fire Drills held are obviously not of the type we understand as such. My reason for saying this is that I have now at last discovered why the Principal did not want a fire drill held on September 19, 1935, and why it has been impossible to hold these drills regularly as the Indian Affairs Branch has instructed. THERE ARE FINE WIRE MESH SCREENS NAILED OUTSIDE THE WINDOWS LEADING FROM THE DORMITORIES TO THE ESCAPES.

The Principal tells me that to hold a Drill down the escapes FROM THE DORMITORIES the screens have to be taken off by a skilled man or the window frames suffer.

Water Supply:-

The source of the water supply is muskeg. There is not quite sufficient water in a dry year, and there is of course no sufficient supply to fight even a small fire. The pressure in the pipes is very low.

I would recommend that the extension of pipe line from the school to the Mission House put in a few years ago be disconnected and the school permitted to make use of all the available water. The Mission House can arrange for a separate supply. The school requires all the water it can get, from its own pipe line.

EXTRACT from Inspector Barry's Letter of May 23, 1937, addressed to Indian Commissioner MacKay, submitting above report.
Original on File 168-1-6.

Miss Deacon asked me, in confidence, to try and have the pipe line disconnected below the school and so that the Mission House could not draw on their supply which is none too plentiful for the needs of the school in the drier seasons. The Mission House can arrange for its own supply and in any case has nothing to do with the school. The present time is considered suitable as the Missionary is expected to leave soon for another sphere of work and it would be hard to cut this line when there was a Missionary in residence.

EX'D.

Ottawa, June 24, 1937.

Reverend Sir:

The Department is in receipt of Inspector Barry's report regarding the inspection of the Port Simpson Indian Residential School on May 21st, 1937. In connection with the water supply, our Inspector writes as follows:-

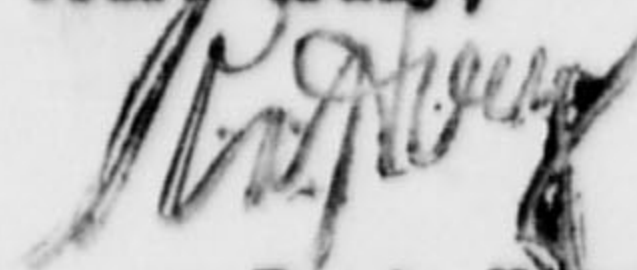

"Water Supply:

"The source of the water supply is muskeg. There is not quite sufficient water in a dry year, and there is, of course, no sufficient supply to fight even a small fire. The pressure in the pipes is very low.

"I would recommend that the extension of pipeline from the school to the Mission House, put in a few years ago, be disconnected and the school permitted to make use of all the available water. The Mission House can arrange for a separate supply. The school requires all the water it can get, from its own pipeline."

In connection with the above, I understand that the Mission House could arrange for its own supply, and, if so, the school will obtain a much larger supply of water. I would appreciate it if you would bring this matter to the attention of the Women's Missionary Society.

EXD

Dear Sir,-

In Inspector Barry's report regarding his inspection of the Port Simpson Indian Residential School on May 21st, he suggested that arrangements be made for disconnecting the extension of the pipeline from the residential school to the mission house.

The Department wrote the Board of Home Missions of the United Church of Canada and we are now advised that provision has been made for tanks to take the place of the water system at the mission house and, therefore, the extension of the pipeline to the school will be disconnected.

Yours truly,

R. A. Heey.
Supt. of Welfare & Training.

CERTIFIED TO BE A TRUE COPY OF A MINUTE OF A MEETING OF THE
COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY
THE GOVERNOR GENERAL ON THE 25th APRIL 1938.

PRIVY COUNCIL
CANADA.

R

The Committee of the Privy Council have had
before them a report, dated 6th April, 1938, from the
Minister of Mines and Resources, stating:

That the estimates for the fiscal year 1938-39,
Vote Number 169, Indian Affairs Branch, Mines and Resources,
provide an amount of \$34,582.00 for new works, repairs and
purchase of equipment for the following Church owned Indian
Residential Schools:

(a) ONTARIO

Spanish Roman Catholic Residential School
Moose Fort Church of England Residential School

(b) SASKATCHEWAN

Thunderchild Roman Catholic Residential School

(c) ALBERTA

Ermineskin Roman Catholic Residential School
Grouard Roman Catholic Residential School
Holy Angels Roman Catholic Residential School
Joussard Roman Catholic Residential School
St Albert Roman Catholic Residential School
Sturgeon Lake Roman Catholic Residential School
Vermilion Roman Catholic Residential School
Wabasca Roman Catholic Residential School
Wabasca Church of England Residential School
Whitefish Lake Church of England Residential School

(d) NORTHWEST TERRITORIES

Aklavik Roman Catholic Residential School
Aklavik Church of England Residential School
Fort Resolution Roman Catholic Residential School
Providence Mission Roman Catholic Residential School

(e) BRITISH COLUMBIA

Ahousaht United Church Residential School
Cariboo Roman Catholic Residential School
Christie Roman Catholic Residential School
Kitimaat United Church Residential School
Fort Simpson United Church Residential School
St Mary's Mission Roman Catholic Residential School
Squamish Roman Catholic Residential School.

That, as these buildings are Church owned, new works, repairs and purchase of equipment constitute a grant and, therefore, the approval of Your Excellency in Council is desirable.

The Minister, therefore, recommends that approval be given for the expenditure at the above-mentioned Indian Residential Schools of the sum of \$34,582.00, same to be chargeable to Vote Number 169, 1938-39, Indian Affairs Branch, Mines and Resources.

The Committee concur in the foregoing recommendation and submit the same for approval.

E. J. Lemaire.

Clerk of the Privy Council.

The Honourable
the Minister of Mines and Resources.

EX'D.

Prince Rupert, B.C., June 4th, 1938.

Dear Sir:

I beg to report for the month of May as follows:-
x x x

CROSBY GIRLS' SCHOOL

During my inspection of the school, particular attention was paid to the window exits leading to the fire escapes in each of the dormitories. Window screens have been made to open outward on hinges which can be easily manipulated by the pupils. Two senior girls sleep in each of the dormitories their duties being to take charge of the smaller children in the event of a fire. Fortunately as the school stands on sloping ground, the distance from the fire exit windows to the ground in one of the dormitories at the rear is only a matter of a few feet and the children can easily be lifted to the ground without the use of the fire escape, if necessary.

I found the several departments of the school in excellent order. In the classroom, pupils under Miss Lincoln, teacher, have made good progress.

Oct. 22. 1939

Mr. J. Gillett,
Indian Agent,
Prince Rupert B.C.

Dear Sir:-

For several weeks past our electric light plant has been giving great trouble and I have been wondering if the Department of Indian Affairs would consider coming to our assistance in the purchase of a new engine.

The Delco engine and generator capacity 850 watt, 32 volt has been in operation since 1923 and the estimated cost for a general overhaul and repair would be about \$100.00 with always the doubt if such an expenditure would be advisable.

There is also the danger of fire as the engine back fires badly and during the winter months especially and the heavy strain on the plant, which is small, its just a gamble whether we have light or not. Mr. Gosnell has managed to keep it going so far this fall, but he says he can't guarantee that it will last all winter, he is getting a few minor repairs in the meantime.

Anything you can do in our behalf will be greatly appreciated here, and also by our W.M.S. Board in Toronto.

Very many thanks,
Yours truly,

Bessie French

I beg to forward herewith an application received through the office of the Indian Agent, Prince Rupert, from the Principal of the Crosby Girls' Home at Port Simpson for assistance in having the school lighting plant repaired or replaced.

4 500 pm
Our records would indicate that in November, 1932, a request for a lighting plant and heating equipment was submitted to the Department on behalf of the Crosby Girls' School but the Department replied to the effect that inasmuch as the school was the property of the Church Authorities and was erected by them without reference to the Department, the provision of such equipment was a responsibility of the Church. See your letter of November 25th, 1932, your file 168-1-5, in this connection. It would appear that since the above ruling was made, the Department has modified its policy to some extent in such matters.

If the Department is prepared to extend assistance in this case, the Agent will be requested to investigate and advise as to whether the plant should be repaired or replaced. I should appreciate your instructions in the matter.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

Dear Sir:

With reference to your letter of the 3rd instant an amount of \$500.00 was provided in the current year's appropriation for repairs and improvements at the Port Simpson residential school.

It will, therefore, be in order for you to have the Agent investigate and advise in what manner he considers the amount provided should be expended. Due to present regulations it will not be possible to allow more than the amount stated above.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:- Your File 168-1-5.

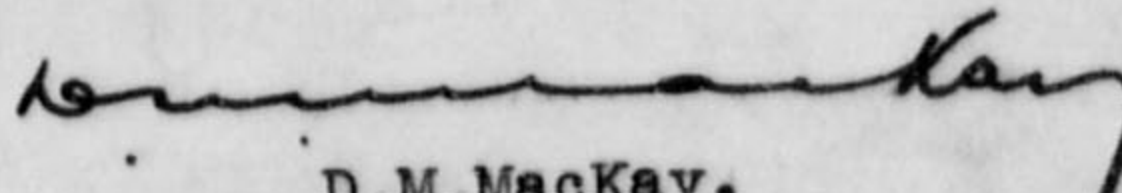

With reference to your letter of November 9th, I have now been informed by the Indian Agent that a new engine and batteries are necessary for the lighting plant for the Crosby Girls' Home, Port Simpson, Skeena River Agency, B.C.

The Agent recommends that the engine be purchased from the Canadian Fairbanks-Morse Co., Ltd., 798 Beatty St., Vancouver, B.C., at a cost of \$218.50, f.o.b. Port Simpson, and that the batteries be purchased from the MacKinnon Sales & Service Ltd., 1308 Granville St., Vancouver, B.C., at a cost of \$167.15, f.o.b. Port Simpson.

Mr. Gillett also requests five 1-qt. Pyrene Fire Extinguishers be supplied.

I am enclosing requisition and tenders, as received from Mr. Gillett, and would recommend that this material be purchased for this School.

Yours faithfully,

D.M. MacKay.
Indian Commissioner for B.C.

OFFICE OF THE INDIAN AGENT

Prince Rupert, B.C.,
January 31st, 1941.

Dear Sir:

The sewer in connection with the Crosby Girls' Home gave serious trouble and it had to be unearthed about 100 feet. It was found that a number of sections had collapsed. These had to be replaced by twenty-one pieces of vitrified pipes which cost, including a few feet of lumber, \$38.41. The labour bill, approximately \$45.00, was paid for by the school. The Principal has asked if the Department could give some assistance. I recommend that if funds are available, the Department pay \$38.41 for the material.

Yours faithfully,

"J. Gillett"

Prince Rupert, B.C.
August 7th, 1943.

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver, B.C.

In 1943-44 estimates I placed an amount of \$500.00 for re-shingling of the Crosby Girl's Home at Port Simpson. If the funds are available and the Department considers it their obligation, although the school is the property of the United Church, I recommend that the work be carried out as soon as labour is available. The list of material required is on Form 37 attached herewith. The shingles may be purchased at the Telegraph Cove Mills Limited as per tender, which is the only available source. I cannot secure tenders for hardware etc., from the local merchants but believe that among them the material will be available at the quotations mentioned. The approximate cost therefore, is as follows:

Material as outlined:-	\$269.90
Labour (Indian)	200.00
Cartage and freight	25.00
Unforeseen expenses	5.10
	<u>\$500.00</u>

Re: Repairs, Crosby Girls' Home,
Port Simpson Indian Reserve, B.C.

I have for acknowledgment your letter of the 13th instant and also quotations and correspondence relating to repairs at the above noted school, sent forward therewith.

I must again express regret that it has not been possible to proceed with repairs at this school until this comparatively late date. It is noted that Indian Agent Gillett received a quotation from Telegraph Cove Mills, Limited, on shingles, and that this quotation is dated June 5, 1943. I find it somewhat difficult to understand why this information was not sent forward to us at that time.

In view of the lateness of the season and our desire to have this work undertaken and accomplished at the earliest possible date, we are sending this letter forward by air mail. You should have Indian Agent Gillett make the best possible local arrangements for the purchase of the supplies necessary for this repair work. We are sending him a cheque for \$200.00, the amount he estimates will be necessary for Indian labour.

I acknowledge receipt of your letter of the 24th inst., relative to an accountable cheque for labour on the Crosby Girl's Home at Port Simpson.

We experienced great difficulty in securing labour for this work but it has now been completed. Unfortunately, as soon as the work was finished, one or two of the labourers went trapping and we have not been able to contact them to make payment. I believe, however, that we may do so this week. I will forward the pay sheet as soon as completed.

J. Gillett,
Indian Agent.

It was difficult to secure the labour to complete this work. The \$200.00 paid for the shingling but was not sufficient to cover shingle staining, which has had to be left on account of weather conditions. Miss French, principal of the Home, considers that the school itself will have enough funds in hand to get this attended to in the spring.

Dear Sir:

Referring to your Voucher #F4459, covering shipment of 10 ctn. Pilot Biscuits to Miss B. French Crosby Girl's School Port Simpson, on April 25 - charged at \$5.80. This was paid by your cheque in the amount of \$5.40 received June 15, which leaves a balance outstanding in your account of 40¢.

We would be glad if you would kindly check your copy and advise if it is made out for \$5.40.

Thanking you, we are,

Yours very truly,

UNION STEAMSHIPS LIMITED,

(Miss) B. Munro.

EX'D.

Dear Madam:

Last year pilot biscuits were sent to the Port Simpson School, on the understanding that the school management would pay the cost of transportation. Evidently you sent a cheque for \$5.40 to Union Steamships, Limited, Vancouver. However, we are now in receipt of a letter from them, dated March 21, stating that the correct charge was \$5.80, and consequently they request an additional 40¢. It would be appreciated if you would forward this amount to the company.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Mr. Indian Agent Gillett has submitted an account from Boulton Limited, Vancouver, B.C., in the amount of \$103.90, covering cost of repairs to the lighting plant in the Crosby Girl's Home, Port Simpson, advising that the Women's Missionary Society has asked if the Department would assist in paying for these repairs, and recommending that the Department meet half the cost.

Mr. Gillett advises that the plant was purchased by the Department several years ago and I concur in his recommendation that the Department pay \$51.95 of the amount. If this recommendation meets with the approval of the Department it would be appreciated if you would advise how the Department would like the matter handled, whether by the submission of a voucher or if the amount will be paid directly to the Women's Missionary Society.

Prince Rupert, B. C.
April 4th, 1946.

Department of Mines & Resources, Indian Affairs Branch,
Ottawa.

Attached is a report on the Crosby Girls' Home. I have visited this school at least once a month since it has opened in September and several special visits were necessary. The children have been disobedient and defiant. The teachers have not been working harmoniously together which has been the chief cause of disobedience on the part of the school children. Miss Rogers is classed as Secretary-Treasurer of the school, Miss Fulton more or less is in charge of the children outside of the classroom and Miss Gormley is the classroom teacher. Miss Rogers would not assume the position of matron or principal instead it was divided between herself and Miss Fulton, who is young and inexperienced. Miss Gormley is a missionary teacher who has served many years over in China.

We have done our best to try and keep the school functioning under the present setup as the Women's Missionary Society could not secure a better staff. Recently I asked Mrs. Campbell, Representative of the Women's Missionary Society for B. C., to visit the school. This she did and she has given us assurance that the whole staff will be changed in September.

Re: The Crosbie Girls' Home

As you know, the hospital at Port Simpson has just about reached the limit of its usefulness. I went through the building very carefully on my recent visit there and it would not seem to me to be good business to put the necessary money into this old building to effect the repairs and renovation required.

I carefully inspected the Crosbie Girls' School and if there should be any disposition on behalf of the Women's Missionary Society to discontinue the operation of this building as a school, I would be pleased to discuss its purchase. It would make an excellent hospital providing all the ward accommodation were necessary with adequate provision for staff quarters.

The Miller Bay Hospital will amply provide for all long term cases including tuberculosis from Port Simpson. I feel, however, that we should keep a resident doctor at this point and accommodation sufficient to care for maternity cases and emergencies. The doctor would be responsible for frequent visits to Naas and the supervision of nursing stations there.

I would be pleased to receive an early reply as to whether or not there is any possibility of acquiring this school on behalf of the Indian Health Services.

168-1-5
Miller Bay Indian Hospital,
Prince Rupert, B.C.
10 August 1946.

Dear Doctor Moore:

Re: Port Simpson Hospital

EX'D.

I was over to Port Simpson yesterday and we are making arrangements for the immediate transfer of the long-term tuberculous patients to Miller Bay.

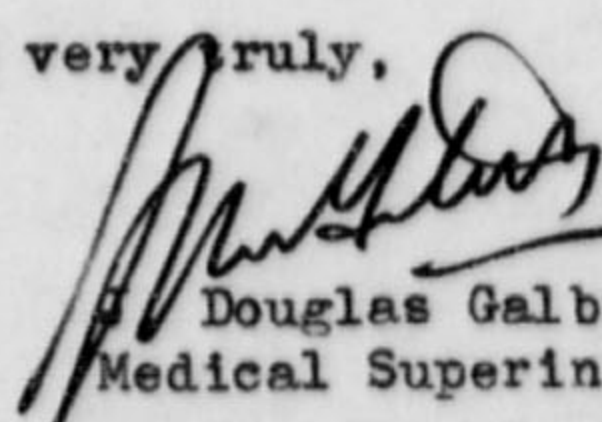

While at Port Simpson I was talking to Mr. Cuthill, Manager of the Hudson's Bay Post there, and he mentioned that Mr. Gosling, head of the Technical Division of the Hudson's Bay Company, is expected to be in Port Simpson within the next month or two. He will be accompanied by an architect. Mr. Cuthill suggested that the services of these two men might be of value to us in coming to some decision regarding the conversion of the present old Hospital building or the Crosby Home into a suitable hospital unit for future needs there.

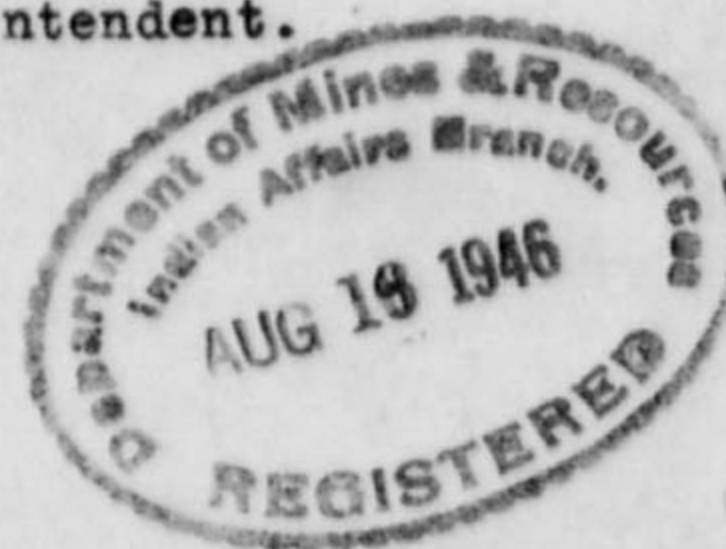

The Hudson's Bay Company intend to build a new store at Port Simpson, and they will have a construction gang in there later this winter. It is possible that we can make use of this construction gang to a limited degree in connection with any changes that may be necessary. In any case Mr. Cuthill indicated that they would cooperate in any way possible to assist us there.

If you have any further information regarding the possibility of taking over the Crosby Girls' Home at Port Simpson I would be pleased if you would let me know.

Yours very truly,

JDG/mm

Prince Rupert, B. C.
September 25th, 1946.

Major D. M. MacKay, Indian Commissioner for B. C., Vancouver.

The Crosby Girls' Home at Port Simpson was inspected on September 23rd. The fire alarm system is completely inadequate. There is only a small three-inch electric door bell, the batteries are dead and the wiring corroded and out of order. The present setup is installed by the kitchen door - the most obvious site of a fire.

It is recommended that two eight-inch gongs with batteries, wiring and all equipment be installed at once on the dormitory floor of this school with the switches placed at either end of the building. Authority is requested to incur this expenditure as follows:

2 only 8 inch gongs @ \$9.00 each	\$ 18.00
2 only batteries @ \$3.00 each	6.00
2 only switches @ \$2.00 each	4.00
wiring	8.00
labor	20.00
Total	\$ 56.00

It is considered that the installation of this equipment is urgent.

Prince Rupert, B.C.
November 1st, 1946.

Major D. M. MacKay, Indian Commissioner for B.C., VANCOUVER B C

Conditions at the Crosby Girls' Home, where the entire population is female, would indicate the necessity of a night watchman during the winter months at least.

The Hospital is putting on a watchman, and the Medical Superintendent, Dr. J.A. MacDonald has agreed that one man could handle both the hospital and school on a joint salary basis.

There has been a lot of trouble with native boys at this school, apart from the fire risk, and it is recommended that a grant of \$40.00 per month be made towards the salary of a watchman. The Medical Superintendent has engaged a very suitable man already and if approved, vouchers will be submitted monthly towards the salary at the aforementioned rate, for eight months per year.

The Crosby Home is frame, with hot air furnace, and oil burner in kitchen range. The building was put up in 1918, and is a potential fire hazard.

I am forwarding Mr. Indian Agent Anfield's letter of November 1st in connection with the necessity for the employment of a night watchman at the Port Simpson Indian Residential School.

It will be noted that the Port Simpson Hospital is employing a watchman and it has been agreed that one man could watch both the hospital and the school on a joint salary basis. This school is a church owned building but in view of the fire hazard and danger to the pupils and as the Department apparently has allowed similar grants at the Cariboo, Christie, Kootenay and St. Mary's Schools, reference Mr. Phelan's letter 155-0-5 of March 1st last, it is recommended that the Department contribute \$40.00 a month for eight months each year.

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We have your letter of the 8th instant with reference to allowing a grant towards the salary of the night watchman of the Fort Simpson Indian Residential School.

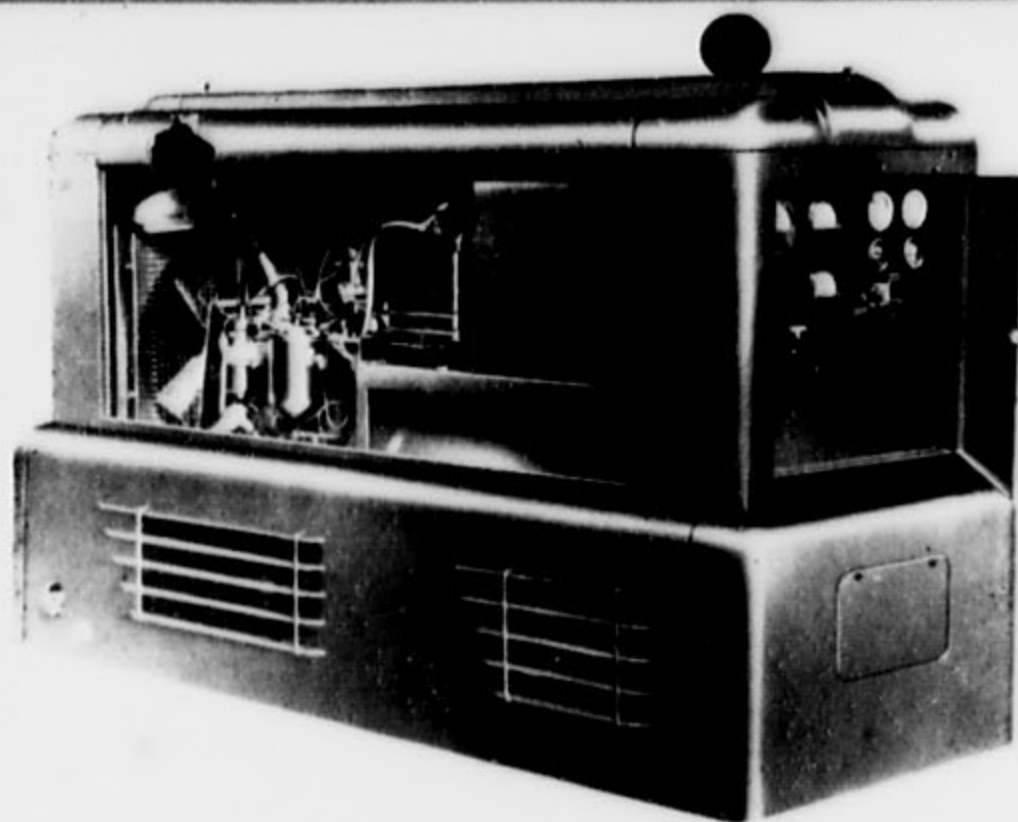

As you are aware, this is a Church-owned school and no provision was made in the current year's appropriation for the amount that would be necessary to pay part of the salary of the night watchman.

Under these circumstances, we regret that favourable consideration cannot be given to your recommendation. However, we will include an amount in the appropriation for the fiscal year 1947-48 which will permit a grant being paid for the winter of the same year.

10KW TO 35KW SERIES

Models in these Series are high capacity units, designed for intermittent standby service or continuous heavy-duty. For numerous commercial, industrial, construction and agricultural applications. Dependable standby units for radio stations, hospitals, hatcheries wherever mainline failures may cause costly delays in production, spoilage of materials or danger to human lives. Four and six-cylinder, water-cooled, four-cycle engines. Revolving field type generator with built-in separate exciter. Remote Starting.

Alternating Current 60-Cycle

Electricity

FOR ANY JOB . . . ANYWHERE

WITH an F-M Electric Generating Plant you take your electric power source anywhere you need it for any job! If city power or rural highlines are too remote, or if other factors make installation of commercial service impractical or too expensive, then an F-M Electric Plant will provide the most economical, reliable means of securing electricity. Even where commercial power service is available, F-M units are ideally suited as emergency, auxiliary or standby plants.

There is the simplest, 350-watt model for furnishing electricity for small cottages, trailers, or homes, to the 35,000-watt types for supplying current for large scale industrial or contracting operations using hundreds of lights, motors and electric tools and machinery.

From the extensive F-M line, models can be selected to serve homes, farms, trailers, schools, camps, ranches, repair shops, railroads, stores, service stations, etc. They furnish reliable electric power for lighting, refrigeration, communication, battery charging, fire fighting, water pumping and other jobs. They are practical for countless applications such as railroad maintenance, construction or engineering, mining, aviation, medical, transportation.

 CANADA

POOR-COPY

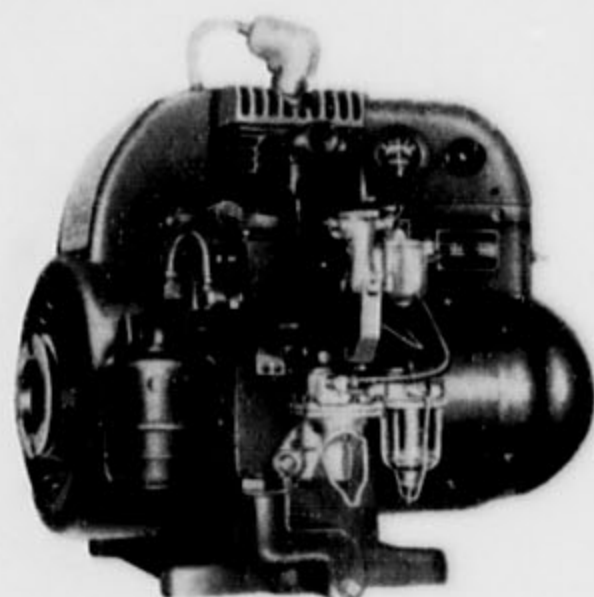

SERIES 1C

Small, portable plants that are easy to start and simple to operate. Powered by single cylinder, four-cycle, air-cooled engines. The generator is four-pole, self-excited, inherently regulated. Manual or Remote Starting.

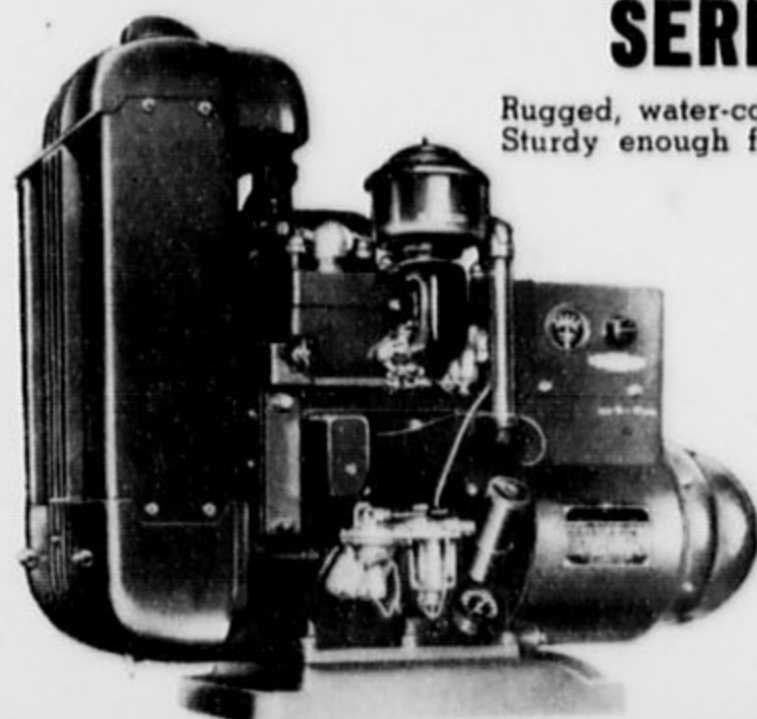

SERIES 1B

These units have many commercial, domestic and miscellaneous applications—portable or stationary. Quick starting and simple to operate. The engine is a single cylinder, air-cooled, four-cycle unit of sturdy construction. The generator is four-pole, self-excited and inherently regulated. Manual, Remote or Automatic Starting.

SERIES W2C

Rugged, water-cooled Series W2C. Sturdy enough for continuous, full capacity operation. Recommended where load demands are more than average. Heavy-duty, two-cylinder, four-cycle, engine. Four-pole, self-excited, saturated field generator, specially designed for close inherent regulation.

ADDRESS ALL COMMUNICATIONS
TO THE COMPANY NOT TO INDIVIDUALS

September 30, 1946.

Department of Mines and Resources,
Indian Affairs Branch,
Prince Rupert, B. C.

Attention: Mr. F. Earl Anfield,
Indian Agent.

Gentlemen:

File: 2-11-19C.

We have your request for information as to the availability of Fairbanks-Morse-Onan Electric Lighting Plants in both 1000 and 2000 watt sizes, and are pleased to be able to tell you that at the moment we can make immediate delivery of either of these plants.

Unfortunately these plants are available only equipped for remote control stop and start and the factory are quoting some 3 - 4 months delivery upon Automatic Panels, which, of course, can be installed on any remote control plant very easily.

The price upon the Model 10LS Fairbanks-Morse-Onan Electric Lighting Plant with a capacity of 1000 watts, 115 volt, 60 cycle, single phase is \$483.00 less 18% f.o.b. Vancouver, and the price of the Model W2S Fairbanks-Morse-Onan Electric Lighting Plant, capacity 2000 watts, 115 volt, 60 cycle, single phase, is \$727.50 less 18% f.o.b. Vancouver.

We are enclosing a folder which illustrates and describes the plants upon which we have quoted and trust you will find it self-explanatory.

Yours truly,

The Canadian FAIRBANKS-MORSE Company Limited

A. S. Baird, Manager,

Prince Rupert, B.C.
October 8th, 1946.

Major D. M. MacKay, Indian Commissioner for B.C., Vancouver.

An extensive examination of the Crosby Girls Home was recently made by the Agent accompanied by the Executive Secretary, Women's Missionary Society, Mrs. Isobel M. Loveys, of Toronto. The plumbing and sanitary condition in the School were in a frightful state, and after an extensive conference, and a further inspection by a competent plumber from Prince Rupert, Mrs. Loveys authorized repairs and alterations from Women's Missionary Society funds to a total of \$1500.00, as per the attached list. A complete new staff has been engaged at this School, and from present indications there is hope for a much improved standard throughout the School.

The lighting plant is in very bad condition indeed, and is totally inadequate to meet the needs of the School. It was leaking raw gas whilst I was there, and I consider its present condition a grave fire risk to the School. It took at least 20 minutes to get it started, and it has a very bad knock, indicative of either a worn crank-shaft bearing or main bearings gone. The plant is a Briggs-Stratton, 750 watt plant, 32 volt and was put in by the Women's Missionary Society many years ago.

An examination of the load potential was made, and it is recommended that a 110 volt AC plant of 2000 watt be installed to take care of an estimated load requirement of 1400 watts. Under present conditions the lights are kept to a minimum, but even then they go so dim as to be of little use in the school. The dullness and dinginess of the present light is such as to have an unhealthy effect on the children's minds.

Mrs. Loveys asks that in view of her action in sanctioning the sum of \$1500.00 for plumbing, baths, more toilets and overhaul of the furnace, that the Department meet the cost of the proposed

new plant.

Bid on an Onan plant is attached. It is considered that the 2 K.W. plant at a cost f.o.b. Vancouver of \$596.55 would provide a most suitable plant for this School.

The Hudson Bay Co. at Port Simpson have a competent electrical man who would instal this plant, and check all present wiring for \$100.00. The present plant is battery operated (16 1/2 volt storage cells). These are 10 years old and are absolutely dead and beyond further use.

The new plant suggested can be started manually but is equipped with a remote control stop and start switch, which can be installed in the Matron's room. The plant also permits 4 - 12 volt (10 watt) night lights, to be operated from the starting batteries. The Hudson Bay Co. would instal these in their one charge of \$100.00.

It is considered that the installation of this plant is an urgent requirement and the plant is recommended for immediate purchase.

F. Earl Anfield
F. EARL ANFIELD,
Indian Agent.

Oct. 15, 1946.

F. E. Anfield, Esq., Indian Agent, Prince Rupert, B.C.

With reference to your letter of October 8th in connection with the proposed replacement of the lighting plant at the Crosby Girls Home, a review of our file indicates that representations were made by the Principal on October 22nd, 1939 for repair of their lighting plant which was stated to be a 850 watt 30 volt Delco plant. Following this, under date of January 3rd, 1940, Mr. Gillett wrote recommending the purchase of a Model 800 Fairbanks-Morse plant and under date of January 11th, 1940, the proposed purchase was referred to the Department and recommended for approval. Nothing further was heard in the matter. Your letter above mentioned indicates that the present plant is a 750 watt, 32 volt Briggs-Stratton regarding which we have nothing on file although it is thought that this may have been supplied in lieu of the Fairbanks-Morse plant recommended by Mr. Gillett in 1940.

You might look into the matter further and advise me when the present plant was secured and what disposition was made of the Delco plant above referred to, and in addition secure an estimate of repairing the present plant as I am doubtful if the Department could secure funds for its replacement.

-EW

Prince Rupert, B. C.
November 28th, 1946.

Major D. M. MacKay, Indian Commissioner for B. C., Vancouver.

Reference your 215-8-5451 of October 15th dealing with the proposed replacement of a lighting plant at the Crosby Girls Home, Port Simpson, it is advised that in 1945 the Department paid 50% of the repairs required to overhaul this Model 800 Briggs & Stratton lighting plant. The School paid the balance and the work was done by Boultbey Limited, B. C. Agents for Briggs & Stratton engines.

It is possible that in 1940 Fairbanks-Morse engines were unavailable and that a Briggs & Stratton was purchased at that time. The present plant is giving increasing trouble and in a report received yesterday it had temporarily expired.

Repairs were being effected locally in an effort to keep the plant running during the present winter. The batteries are definitely gone and beyond any possibility of replacement. I am going to Port Simpson, Alice Arm and Stewart this week-end and will make a further check on this plant and submit another report.

P.O. BOX 70
VANCOUVER, B.C. Dec. 5, 1946.

Indian Affairs Branch, Dept. of Mines and Resources,
Ottawa, Ont.

I am forwarding Mr. Indian Agent Anfield's letter of October 8th and enclosures referred to therein, together with a copy of my reply of October 15th and the Agent's subsequent letter of November 28th, in connection with the proposed replacement of the lighting plant at the Crosby Girls Home.

As stated in my letter above referred to, following my recommendation of January 11th, 1940 to the Department regarding the purchase of a Fairbanks-Morse, Model 800, lighting plant, we have no information on file regarding the present plant. It would appear, however, that the Department provided the present Briggs-Stratton lighting plant in preference to the Fairbanks-Morse plant recommended.

The information enclosed is provided in order that the Department may be aware of the condition of the present plant at this school but no action is recommended in connection with the matter pending receipt of Mr. Anfield's further report.

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver.

Reference your letter of December 18/46 file 215-8-6102 having reference to the lighting plant at the Crosby Girls Home, Port Simpson. I have today returned from inspecting this School. There is a definite possibility that, early in the new year, the Hudson's Bay Company will be installing a large diesel lighting plant in connection with their new store at that point. The Manager, Mr. D. Cuthill, has advised me that his Company would be glad to extend line to the School and provide light and power (110 Volts A.C.) on a meter basis. In view of this, it is requested that the matter of supplying a new lighting plant be postponed pending a further report.

Major D. M. MacKay, Indian Commissioner for B. C., Vancouver.

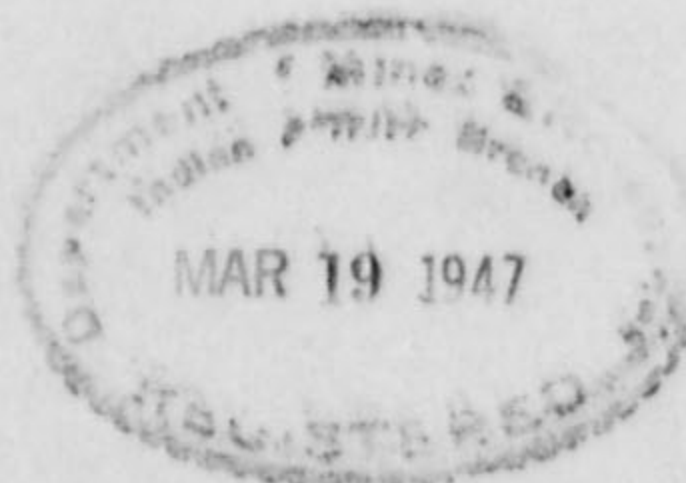

Re attached voucher no. 179 for \$20.00 being labor incurred installing fire gongs at the Crosby Home, the sum of \$56.00 was sanctioned. Materials cost \$48.34 as per voucher no. 633, an increase of some \$12.00 over estimated price. No firm price could be quoted when the estimate was made as supplies had to be brought in.

It is recommended the accounts be paid as submitted. The gongs were tested on my last two visits to Port Simpson and a good job has been done. The building was emptied of staff and pupils in two minutes.

File 12-11-1

October 20, 1947.

MEMORANDUM.

To: The Indian Commissioner for B.C.
From: The District Inspector of Indian Schools.

Re - Crosby Girls' Home -

I refer to the request from Mr. Indian Agent Anfield, in his letter dated October 5th, that the Department make a grant of \$1220.00 for re-wiring the above mentioned school. As I have reported on previous occasions I do not believe that this building is suitable for school purposes, and have advised that the school be closed. I cannot support Mr. Anfield's request that the Department be involved in considerable expenditure for a school which is unlikely to operate with any degree of efficiency.

I also wish to point out that the lighting plant at this school is in very poor condition and should any encouragement be given in this matter, it is probable that there will be further demands upon the Department. The operation of this school has been unsatisfactory for a number of years, and it is my considered opinion that there will not be any great improvement as long as this old building with its inadequate plumbing, playground facilities and lack of space is used.

R.F. Davey
R.F. Davey
District Inspector of Indian Schools.

October 15, 1947

Mr. F. Anfield
Indian Agent
Prince Rupert, B. C.

Dear Sir:

Please find enclosed a drawing of the Croaby Home at Port Simpson, our price to wire this, as the drawing, including: new service, 50 lights, 20 switches, fused panels controlling each floor and the whole wired in rigid conduit according to code rulings, would be \$1220.00.

Hoping we may have the pleasure of doing this work, we remain,

Yours truly

Grant and Newton

P.O. Box 187.

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver, B.C..

An examination of the wiring of the Crosby Girls Home was made on my last visit to Port Simpson. The condition was such as to ask an electrician to inspect it further and he agrees with me that it is unsafe for use.

I have had Grant and Newton, electrical contractors check this school and enclosed please find their bid on rewiring the place. In view of the fact that last year the W.M.S. spent \$1800.00 on repairs and are now spending a further \$1000.00 on the roof and building, would it be possible to secure a grant from the Department to make this place safe.

If funds are not forthcoming from either the Department or W.M.S. I would recommend that use of the lighting plant be discontinued, and the school revert to lamps, also a considerable fire risk.

The school is just about ready to open and pupils are being assembled now for this purpose.

F. Earl Anfield
F. Earl Anfield,
Indian Agent.

November 25th, 1947.

Major D. M. MacKay, Indian Commissioner for B. C., Vancouver.

Re: Crosby Home Indian Residential School, Port Simpson.

On September 24th the Women's Missionary Society of the United Church, which body operates the above-noted School, wired me that funds to the extent of \$1,000.00 were available for repairs to this building. They requested that I supervise these repairs, which have now been completed and which make the building tight from rain and much more habitable than heretofore.

I would refer to my letter of August 1st, 1947, following up my letter of June 14, 1947, and your reply of August 19th, also to your subsequent telegram of August 29th, 1947. Rightly or wrongly, I inferred from this correspondence that the Department was not opposing the re-opening of the School for the current academic year, and on the strength of this information proceeded to arrange for repairs and the admission of pupils. At the time of writing there are eight children in residence and more have been called in. Practically all these children are orphaned in part or children from anti-social surroundings and their care in an institution is imperative.

The School is in charge of Miss Moats and from my observations I would say she is competent to manage the School. Her co-workers are elderly but seem anxious to do their best. There are three workers only at the time of writing. The question of classroom work comes into the picture. At present the day school with some adjustment of grades can handle these children. If the pressure gets too heavy, it is recommended that Miss Moats be asked to teach them on a half day basis at the Crosby Home.

In view of all the facts, it is recommended that the School be re-opened as from October 1st; that pupilage be

Re: Port Simpson Indian Residential School

With reference to Mr. Neary's letter of October 29th, (file 169-1-5 WT 1), I had an opportunity of discussing with Mr. Anfield some time ago the question of the continued operation of this school and have now received a report from him dated November 25th, a copy of which is attached.

A review of our files indicates that the question of continued operation of the school was the subject of discussion between the Department and the W.M.S., and when this office was advised by the local representative of the W.M.S. that a teacher was proceeding north to open the school we naturally assumed that such action was the result of the discussion referred to. Mr. Anfield, apparently acting on the basis of the same information, proceeded to arrange for repairs and the admission of pupils with the result that the school is now in session with eight children in residence.

A memorandum dated December 1st from District School Inspector Davey is attached wherein he concurs in the recommendations made by Mr. Anfield regarding the age limit, number of pupils to be enrolled and the proposed attendance of the children at the day school at Port Simpson. Under the circumstances there would appear to be no alternative but to recommend approval of these arrangements.

Port Simpson Indian Residential School

(Crosby Girls' Home)

Dear Doctor Dorey:

On October 15 Mr. Indian Agent Anfield wrote to Major MacKay in Vancouver, requesting consideration of an expenditure of some \$1,220.00 for re-wiring the Crosby Girls' Residential School.

Our answer of October 29 read as follows:

"The Department is not prepared to authorize any expenditure on this building and we were under the impression that this residential school had been permanently closed.

"It is difficult for us to understand why an endeavour is being made to recruit pupils for it."

On November 25 Mr. Indian Agent Anfield wrote the attached letter to Major MacKay. In view of our recent conversation concerning this school, we would appreciate your comments on the above situation.

Major D. M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, British Columbia.

Port Simpson Indian Residential School

Reference - your 12-11-1 of December 3, 1947 -

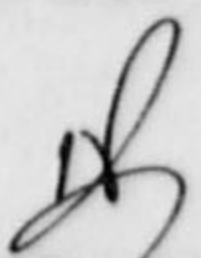

On October 29, on file 168-1-5, we wrote you as follows concerning the above Residential School:

"The Department is not prepared to authorize any expenditure on this building and we were under the impression that this residential school had been permanently closed.

"It is difficult for us to understand why an endeavour is being made to recruit pupils for it."

This letter was sent to you in answer to Mr. Coleman's communication (file 12-11-1) of October 23 and requesting consideration of Mr. Indian Agent Anfield's request for an expenditure of \$1,220.00 for re-wiring this school.

It is presumed from Mr. Indian Agent Anfield's letter of November 25 that the Women's Missionary Society has gone ahead with these repairs and provided the necessary funds. Therefore we are today writing to Dr. Dorey, of the United Church, concerning this school, as a distinct impression was gained from him recently that this school was not to be re-opened.

Bernard F. Neary,
Supt. of Welfare & Training.

Department of Mines and Resources,
O t t a w a, Ontario.

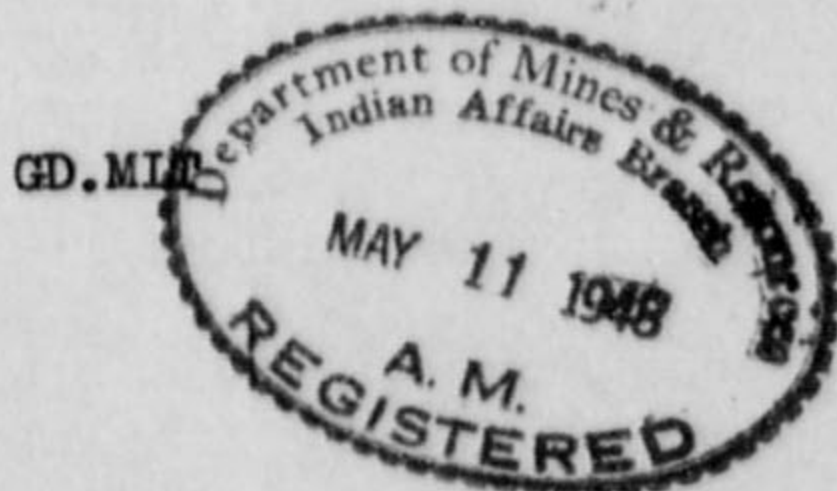

Dear Colonel Neary: Re: Port Simpson - Crosby
 Girls' Home

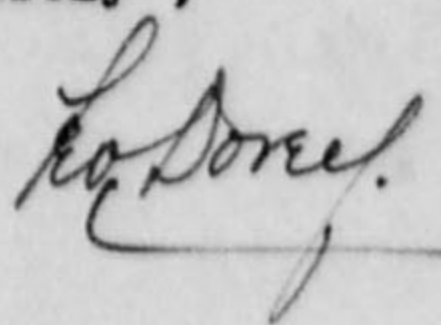

You will remember that I discussed with you the advisability of moving the Crosby Girls' Home from Port Simpson to Prince Rupert. My understanding was that this had been recommended by Inspector Davey.

The Board of Home Missions concurs with The Woman's Missionary Society in requesting the Department to give consideration to this, and that the nature of the work be changed to meet the needs of Indian girls attending High School in the city of Prince Rupert.

I shall be very glad to know that your Department will co-operate with our Church in doing this. I feel sure that the officers of The Woman's Missionary Society will do everything they can to be of assistance. It is very difficult to know just what would be needed by way of maintenance grants.

Yours sincerely ,

May 12th,
1949.

Dear Major MacKay: Re: Port Simpson Building

The Woman's Missionary Society owns a large house or institution, formerly known as the Crosby Girls' Home. As you know, the Home is no longer in operation and consequently the building is deteriorating. I have been asked to communicate with you to ascertain if any use could be made of this building, with the suggestion that it might be used as a home for aged persons who cannot otherwise be cared for.

I should be glad if you could let us know, first, whether there is need for such a home, to accommodate probably fifteen or twenty persons. It is obvious that those to be accommodated must be members of the Band at Port Simpson, or not too far away, because old people usually do not want to be removed too far from their home people.

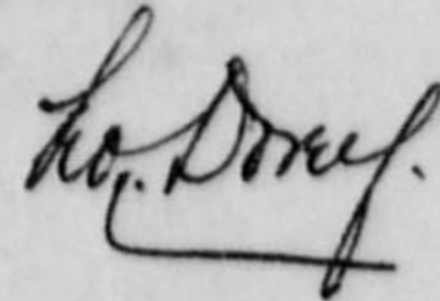

The second question has to do with finance. If these people were not Indians, the old age pension which they would receive would probably finance the expenditure for maintenance, but the Government policy does not seem to contemplate anything except a very meagre allowance for old Indian people. I do not suppose that you are in any position to venture a prophecy as to whether the Government will make a change, so that the principle of the old age pension may apply to Indians as well as to white people. In any case, the question of the financing of such a home remains. I do not think it would be looked upon with any favor that the Church should do any more than provide the building, and probably the salary of a competent person to manage the affairs. In other respects, the venture should be self-sustaining, as all expenditure for maintenance, including the upkeep of the building, should be met out of the resources of the people.

This is just a bare outline of a possible use of the building which has been discussed. If you have any other suggestions, we should be very glad to have them.

With kindest personal regards,

Yours sincerely,

GD.MLT

Dear Mr. Arneil:

I am forwarding herewith a copy of a letter received from Dr. Dorey, regarding the building at Port Simpson formerly used as a residential school for girls.

You will note that Dr. Dorey suggests the use of the building as a home for aged and infirm Indians with the Church providing the building and probably the salary of a competent person to manage the home.

I imagine that it will be necessary for you to refer the proposal first of all to Mr. Anfield, and I should appreciate hearing from you following receipt of Mr. Anfield's report.

Yours sincerely,

bm

Re: Port Simpson Residential School Building
Your File D.I.A.

With reference to the Director's letter of May 25th regarding the proposed use of the above-mentioned building as a home for aged and infirm Indians, my views with regard to this proposal are very much in line with those expressed by Mr. Anfield in his letter of June 14th, attached.

Mr. Anfield's suggestion concerning the use of the building for hospitalization of T.B. cases has been referred to Dr. Tennant, who is taking the matter up with Dr. Galbraith, Superintendent of the Millar Bay Hospital.

Prince Rupert, B. C.
June 14th, 1949.

W. S. Arneil, Esq., Indian Commissioner for B. C., Box 70,
Vancouver.

Your 12-11-1 of June 10th, 1949, having reference to the possible use of the former Crosby Girl's Home at Port Simpson, has been received with copies of correspondence with the Director and Dr. G. E. Dorey of the United Church.

For several years I have been exploring the possible value of homes for aged Indians and have surveyed this building and the old Mission House at Port Simpson with such a project in view. From this study, I have reached the conclusion that the institutionalizing of old Indians is an unsound procedure and that they would be better taken care of in necessitous cases by placing them in private homes on a monthly grant basis.

It is considered, however, that the Crosby Home at Port Simpson has definite values as a T.B. Preventorium and it is recommended that this phase of endeavor be explored by the Indian Health Services. I would say, however, that from practical experience in building and operating a preventorium for years at Alert Bay, I can see where the Crosby Home has a definite use along these lines. Apart from the crowded conditions at Miller Bay's children's wards, there are, I am sure, sufficient T.B. suspect children to fill two preventoria in this district. This is, of course, a medical problem and not within my jurisdiction. From the physical point of view, the building is still sound though a new furnace, lighting plant and complete wiring job would have to be installed to make the place habitable. In addition to this, complete decoration and repairs to the roof would have to be done.

I see no practical use to which this building could be put within the ambit of our welfare service. It is, however, recommended that the possible use of this building by the Indian

2 continued.

Health Services be fully explored. It is just possible that if a preventorium was started at Port Simpson, with it could be combined the present nursing facilities.

OTTAWA, August 4, 1949.

Reverend George Dorey, D.D.,
Secretary,
Board of Home Missions,
The United Church of Canada,
299 Queen Street, W.,
TORONTO 2B, Ontario.

Dear Doctor Dorey:

On receipt of your letter of May 12, 1949,
regarding the building at Port Simpson, B.C., formerly
known as the Crosby Girls' Home, I wrote to Mr. Arneil
for his reaction to the suggestion made that the
building might be suitable for use as a home for aged
Indians.

The proposal was given consideration by both
Mr. Anfield and Mr. Arneil and they have advised that
the building should not be taken over for such purposes.
They have suggested, however, that it might be used to
advantage by the Indian Medical Services and have referred
the matter to Dr. Tennant. Dr. Tennant will discuss the
subject with Dr. Galbraith, Superintendent of the Millar
Bay Hospital, at the first convenient opportunity.

With kindest personal regards,

Yours sincerely,

B. Munick

Director.

Dear Mr. Arneil:

Re: Port Simpson Residential School
Building -

You will recall that you wrote to me under date of June 30th, last, in reply to my letter of May 25th, regarding this building, which was formerly used as a residential school for girls. I have been wondering if Dr. Tennant has had an opportunity to discuss the proposal that the building be used by the Medical Services, with Dr. Galbraith. I anticipate further inquiries from Dr. Dorey, and should appreciate your bringing the matter again to the attention of Dr. Tennant.

Yours sincerely,

W. S. Arneil
Director.

Re: Port Simpson Residential School
Building
Your File D.I.A.

With reference to the Director's letter of August 23rd, Dr. Tennant advises me that he has been corresponding with Dr. Galbraith regarding the proposed use of the above-mentioned building for hospitalization of tuberculous patients and it is generally agreed that extensive alterations would be necessary, apart from which the isolated location of the reserve is such that, in the opinion of Dr. Galbraith, it would be almost impossible to retain a suitable staff. Apparently the Indian Health Services are not interested in acquiring the building.

Dr. Tennant is receiving a copy of this letter.

Re: Former Port Simpson Residential School

We are in receipt of the following letter from
Dr. George Dorey, Secretary of the Board of Home
Missions of the United Church of Canada.

"We are advised that when this Home was
closed, certain articles were moved from the Home
to the School and that this was done with the
permission of everyone concerned. However, no
payment has been made for these articles and the
Secretary for the Woman's Missionary Society
advises that they place a value of \$150.00 on
the piano and \$50.00 on other articles: namely,
a radio, record player and stepladder, - making a
total of \$200.00. The officers of The Woman's
Missionary Society will be glad to receive payment
of this amount."

Please make immediate inquiries in view to
ascertaining whether the items mentioned are in use in
the Port Simpson Day School and if their value is
approximately the amount mentioned in Dr. Dorey's letter.
An early reply would be appreciated.

Bernard F. Neary,
Supt. of Indian Education.

Re: Crosby Home, Port Simpson
Furniture

With reference to yours of February 1, file 12-11-4, dealing with the above-named subject. Attached please find c.c. of letter received from Miss Gladys Findlay, Principal of the Indian Day School at Port Simpson. Her remarks are concurred in and it is considered that a total of \$200.00 would be adequate compensation for the items mentioned in Dr. Dorey's letter to the Department.

There is no doubt as to the value of the piano to the school. This is a large Day School and music should be a definite part of the curriculum in which the piano is essential.

It is recommended that these items be purchased and on your instructions, a voucher will be forwarded without delay.

Port Simpson, B. C.
Feb. 11, 1950.

Mr. F. E. Anfield
Indian Superintendent
Prince Rupert, B. C.

Dear Mr. Anfield:

The four articles from the Crosby Home are in use here.

The radio is a Stewart - Warner battery set and is in good repair but the record player is in very poor shape, so I doubt if those two articles and the stepladder are worth \$50.00. However, the piano is, in our opinion, perhaps worth a little more than \$150.00 so the \$200.00 estimate is fair enough.

Though the piano is a little out of tune and a few of the ivories are missing from its keys, we make good use of it in the senior classroom and I am glad that it is to remain in the school.

Sincerely,

"Gladys Findlay"

Chief Dudoword.

Dear Chief:-

Replying to your communication of the 23rd, re the lease of sufficient lands for school purposes. This lease ought to be drawn up in favor of the Indian Department rather than the Methodist Missionary Society.

You know the Government are building the building and the Methodist Church is to manage the same. I presume your intention is to lease the land for school purposes, however that will make no difference to the Band whether the lease is drawn up in favor of the Government or the Methodist Church. The school is to be built for the welfare and the education of your children. I have carefully looked over the document and am much pleased with it's spirit.

Trusting that the school will soon be built and that it will be a credit to all the people that are interested in it.

Yours sincerely,

TF/JM.

Dear Sir:-

We the undersigned beg to inform you that at a public meeting held in the Church Hall at Port Simpson, B.C. on Saturday the 18th inst. at which nearly all the chiefs and people were present, it was decided to lease to the Methodist Church the Block of land adjoining the present premises of the Missionary Society to the South for Education and Missionary purposes.

There is a road running between but so long as you keep a footpath open the road allowance may not be required for some years to come.

The public meeting expressed itself strongly upon the matter of work. We have a number of good carpenters and good general workmen and we feel that you will be able to secure for our people some work in connection with the undertaking of the building. We are enthusiastic about the work and hope the building will be commenced without any delay.

Thanking you for your interest on our behalf,

We are yours Faithfully,

MISSION HOUSE

Port Simpson, B.C., Oct. 24, 1913.

The Rev. T. Ferrier,
Superintendent of Indian Education,
and Hospitals.

Brandon Man.

448861

Dear Mr. Ferrier:-

For some time past I have been trying to get the Port Simpson Indians to commit themselves in regard to a site for the proposed new school.

When you were in Port Simpson in the spring if you remember, we examined three, one of which, if you look at the rough diagram is part of lot 9, Range 5, Coast District. This is adjacent to the Girl's Home bordering on the south line of their lot and a very desirable location.

A second site is exactly opposite across the Government trail in a westward direction and on the Indian Departments plan of the Port Simpson Townsite is marked Block XVI. This joins the present mission property on the south side. This also is a desirable location.

If neither of the above suit or if we could not secure the one adjacent to the Girl's Home there is the present site, which would certainly be a last resort.

I am inclined to think the first impossible. It is owned by a Victoria liquor seller, who said a few years ago that he would not sell any but he would sell all his holdings viz. 20 acres in a block. He asked \$25,000.00. I have tried to see him in Victoria but failed. Now have written him in regard to the matter, so that we shall have some basis to work upon when the site is decided upon.

In regard to the second site the fact that the Indians are willing to give it to us shows two things, their desire for a school and their confidence in the Methodist Church. The Indians are incensed over the present aspect of the land question, they have refused to lease land, turning down all applications even though good money has been offered them, until their grievance is settled and I had to assure them before they were willing to consider the matter that the granting of the land for educational purposes would make no difference to the legal aspect of their claim. Their promise is in writing. I thought it would do them good to commit themselves to paper, the letter they sent is important and should be kept on file. I kept a copy but it has not their signatures.

Might I ask that in your acknowledgment of the letter to Mr. DuDoward nothing is said of the site off the reserve. At present they do not know that we are even thinking of that.

With kind regards Yours sincerely,

(Rev. J. A. Kelley
Letter.)

X

X

X

X

As regards a site and size of same for the proposed Boarding school, I beg to say that, being unaware of the requirements of the Department, I am not able to furnish it without further knowledge of the Department's proposals. It would seem that whatever arrangements have been entered into between the Methodist Church and the Department have taken place without the matter being officially referred to me.

Some time ago, when visiting Port Simpson, I met Rev. Mr. Ferrier, with whom I casually took a walk to what Mr. Ferrier regarded a possible site for a boarding school. Later at his request, we looked over the townsite plan to see how the selection of such a site would effect the surveyed lots. On another occasion, Rev. G. H. Raley, the Principal of the old school, whilst preparing suggestions to be embodied in a specification to be placed into Mr. Ferrier's hands, to be later considered by the Department, asked me if I would spend a little time with him in considering such suggestions, to which I consented. Neither of these interviews were considered by me to be official, as I had received no instructions from you in regard to such matters, and I simply obliged these gentlemen by acceding to their requests. At the same time, I reported them to you.

I have been given to understand that the Church authorities have found difficulty in endeavouring to secure from the Port Simpson Indians their approval to the establishment of a new boarding institution on a site proposed by Rev. G. H. Raley at the suggestion of Rev. T. Ferrier. I am informed that Mr. Raley very recently met the chiefs and asked them to give their consent to the setting aside of six acres, to which proposal the Indians would not agree.

Several such interviews are said to have been had with the chiefs, individually and collectively, but I have not been made officially aware of any of them by the Church authorities; and not having received any instructions from the Department, I did not feel that it was my duty to be inquisitive in the matter.

I would suggest that (unless it is the intention of the Department to expropriate a site for the proposed building) a meeting of the Port Simpson Indians be convened, to acquaint them with the Department's intentions, officially, and if there are any objections coming from the Indians to find out what they are, before so extensive an undertaking be commenced.

Indian Affairs (RG 10 Volume 6458, file 886-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

The site proposed by the Church authorities, seemed, at the time of Rev. T. Ferrier's visit to Port Simpson, to be the best in view of the desire on the part of the said authorities to have a building upon or closely adjacent to the Mission reserve. A considerable sum of money will have to be spent to make the site a really desirable one for a big institution. Many better sites exist, and it would seem to be a favourable time for the Department to purchase outright a desirable piece of land.

To the Honorable,

256636

The Superintendent General
of Indian Affairs.
Ottawa
Ontario

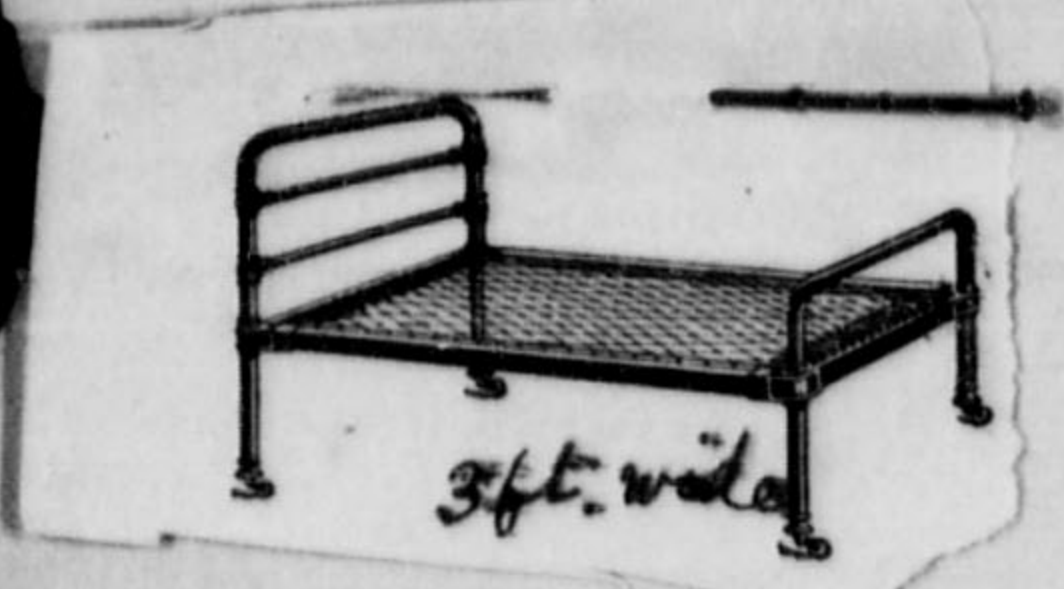

Honorable Sir;

Whereas the Crosby Girls' Home Boarding School is badly in need of new beds, those now in use being old wooden ones and their renewal being imperative;

we therefore humbly petition the Indian Department that the aforementioned Crosby Girls' Home Boarding School be granted forty-five beds and for sanitary reasons and durability we request that they be iron beds white or cream color with woven wire mattresses, similar to cut enclosed, with woven wire mattresses. We estimate that they can be furnished at 10 a piece.

And we will ever pray,

Your humble petitioners,
Hannah M. Paul
Principal

Chas M Richards

Sir,-

I have the honor to forward herewith a letter dated the 11th instant received from Mr. Agent Morrow of the North West Coast Agency, covering a petition from the management of the Port Simpson (Crosby) Indian Girls' Home praying that the Department authorize the expenditure of the sum of \$450.00 in the purchase of 45 metal beds for the use of the pupils of the institution. In view of the Agent's statements that these articles are much needed I would recommend that the sum named be expended for the purpose.

I have the honor to be

Sir,

Your obedient servant,

Indian Superintendent, B. G.

The Secretary

OTTAWA, 29th April, 1904:-

The Deputy Superintendent General:-

Mr Supt. Vowell has forwarded an application from the management of the Port Simpson Girls Home for a grant of \$450.00 to purchase 45 iron beds. The school has an enrollment of 45 pupils with an average attendance of 42 for the past year and up to the present time they have only been receiving a grant for 20 children from the Department, although 15 more pupils are provided for in next year's estimates. This school, Dr Sutherland informed me, is carried on independently of the Methodist Missionary Society by the Women's Missionary Society of the Methodist Church, and judging from reports received from the Superintendent and Agent, the school is deserving of any financial assistance the Department can see its way to grant. The Department has supplied boarding schools with iron bedsteads, in special cases and where special authority has been obtained, and if funds are available, I would recommend that a grant for this purpose be made.

The Deputy Superintendent General:-

I wish again to call your attention to the application made on behalf of the Port Simpson Girls Home for a grant of \$450.00 to purchase 45 iron beds. On my memo. of the 29th April last on this subject you stated in a marginal note that the matter should stand until the estimates were concluded. Funds are still available if you approve of this expenditure.

Sir:-

I have the honour to acknowledge receipt of your favour NoP.4.303 dated Dec 23rd/04, having further reference to my letter of the 11th of last March in connection with application from the Port Simpson Indian girls home for assistance from the Indian Department, to the extent of (\$450.00) four hundred and fifty dollars for ~~the~~ ^{metal} purchase of (45) forty five beds, and carefully note that the Department makes enquiry if this institution is still in need of the equipment, and if so where the beds could be purchased, from whom, and at what price, and in reply beg to advise you that I spoke to the Principal of this Institution recently on this subject and she informed me that they still had the old wooden bedsteads I reported on last year and were greatly in need of new ones. The beds could be purchased from the Skeena Commercial Coy Port Essington, B.C. at (10.00) ten dollars each delivered at Port Simpson, B.C.

The Deputy Superintendent General:-

In further reference to the application made last year by the management of the Port Simpson (Crosby) Indian Girls Home for a grant of \$450 for the purchase of 45 iron beds, I beg to say that this school, although belonging to the Methodist persuasion, is not under the immediate charge of the Methodist Missionary Society, but is controlled by the Women's Missionary Society of that Church.. Mr Agent Morrow, who was asked to report on this application states that the beds are needed, and funds can be spared for their purchase, if authorized.

Sir,

I have the honor to forward herewith letter dated 28th ultimo from Mr. Agent Morrow, North West Coast Agency, asking permission to expend the sum of \$32.50 in the purchase of sundry furnishings for the Port Simpson (Crosby) Girls' Home authority to purchase which I recommend be granted.

I may state for the information of the Department that it has been found that 4 feet by 30 feet of blackboard cloth will cost in Victoria \$15. instead of \$10. as named in the requisition and as near as can be ascertained the freight may exceed the sum of \$5. It would therefore be advisable for the Department to authorize a sum not to exceed \$40., providing the matter meets with its favorable consideration.

OTT
Ottawa, 27th May, 1919.

Gentlemen:-

I beg to transmit herewith cheque No. 207 for \$64.80 in payment for school desks which you shipped to British Columbia for the Crosby Girls' Boarding School at Port Simpson. \$19.80 has been charged for freight, but I may remind you that under your agreement with the Department, you were to pay the freight charges, and therefore I may say that the amount has been deducted from your account. I have also to point out that no receipt has been received by the Department for the freight charges paid.

In this connection I may say that Mr. Perry, the Indian Agent at Prince Rupert who submitted the account for the desks, stated that they were addressed to Skeena City, a flag station of the G.T.P. Railway on the Skeena River, with the result that the shipment had to be traced and forwarded and therefore it was delayed in arriving at Port Simpson, as the bill of lading had to be sent back to him from the school certified to by the teacher. Had shipment been made direct to Port Simpson as requested, the delay referred to would not have occurred.

Mr. J. D. McLean,
Dept. Indian Affairs,
Ottawa, Ont.

Dear Sir:

We acknowledge with thanks receipt of yours of May 27th enclosing cheque for \$64.80 which has been placed to the credit of the Department's account.

We note what you say with regard to the freight of \$19.80 being collected at destination. We paid the freight from Waterloo to Skeena City which amounted to \$16.30 a copy of which we enclose herewith You will, therefore note that the Railroad Company has charged the freight twice on this shipment and would therefore, ask you to kindly mail us your freight receipt on which you paid \$19.80 and we will put in a claim for same at this end.

With regard to shipment being destined Skeena City, wish to say that the destination was billed as Port Simpson and the railroad Company had no right to stop this shipment at Skeena City. The amount of freight was only paid to Skeena City which was on account of the Railway not going any farther than Skeena City and from there on it goes by boat and we were unable to get the transportation charges from Skeena City to Port Simpson.

Hoping that this will clear matters and that we may receive your check for \$19.80 amount deducted in error.

Yours very truly,

THE GLOBE FURNITURE CO. LIMITED.

EXD.

Ottawa, June 10th., 1919.

Sirs,-

I beg to draw attention to letter to you of the 27th May, and your reply of the 6th instant, relative to your account for school desks which you shipped to British Columbia for the Crosby Girls' School at Port Simpson. In the Department's letter quoted it was pointed out that the freight charges on the consignment amounted to \$19.80. It should have been stated that those charges amounted to \$19.18. You were reminded that under your agreement with the Department you were to pay the freight charges, with the result that when your account of \$83.98 was received, ~~it~~ was paid at \$64.80. Apparently you did not read the letter sent you carefully as you seem to be under the impression that the railway company charged freight on the shipment before making delivery. In this you are mistaken. I shall be glad if you will again peruse the Department's letter of the 27th May in a careful manner.

In the last paragraph of your letter you request the issue of a cheque in your favor for \$19.80. I may point out that the freight receipt which you have forwarded shows that you actually paid only \$16.30 freight charges, although you have shown \$19.18 in your account as paid, and you are asking the Department to pay \$19.80. In view of the agreement made at the time you received the order it is you and not the Department who should make payment of the freight charges. You will therefore understand that it is not proposed to issue a further cheque in your favor.

The Department observes your explanations in regard to shipment being made to Skeena City instead of to Port Simpson and the said explanation is accepted.

Your obedient servant,

Dear Sir:

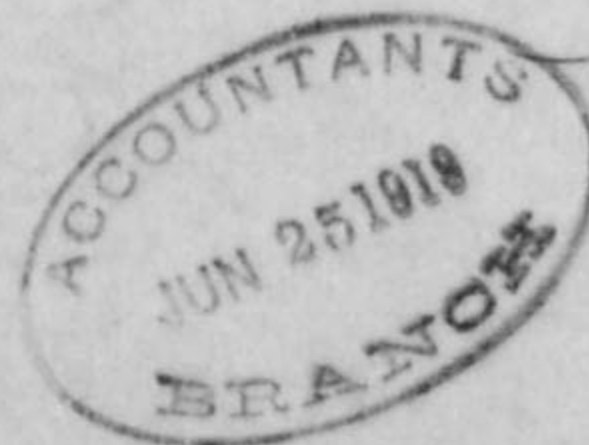

RE #119,500-5Ty

In reply to yours of June 10 with regard to shipment to Port Simpson wish to state that the amount of freight of \$19.18 was omitted in the price per desk and was therefore charged on the invoice in this way. Under the circumstances it is our fault in not including this amount in the price of each desk and are therefore dropping the matter, and will credit your account with same.

Yours very truly,

THE GLOBE FURNITURE COMPANY, LIMITED.

Ottawa, March 1, 1920.

Sir,-

I.G.

I have to acknowledge the receipt of your letter of the 14th ultimo enclosing a requisition from the Principal of the Port Simpson Girls' Home to be supplied with ten No. 3 Globe Steel Automatic Single Desks.

In reply I beg to say that twelve desks were ordered for this school in January, 1919, and it is considered that the Principal should have ordered the full supply required at that time.

It is noted by the requisition that there are twenty-six old desks at present in the school and, as the funds of the Department are limited, you will be good enough to state, before an order is placed for any further supply of new desks, whether it would not be possible to have the old desks repaired sufficiently to meet the needs of the school. The Department will await a full report from you regarding the present condition of the desks and whether it is absolutely necessary that a further supply be purchased at the present time.

Your obedient servant,

Sir,—

I have the honor to acknowledge the receipt of your communication of the 1st March, ultimo, No. 119500/5, having reference to the school desks asked for for the Crosby Girls' Boarding School at Port Simpson. I regret that this letter has not been answered sooner. It reached me only three days ago.

In replying thereto I beg to inform you that before requisition was made for these desks, Mr. Chief Inspector W.E. Ditchburn and I visited this school. The Matron-Principal asked for two dozen desks, but the Chief Inspector and I thought that some of those referred to by the Matron as having been often re-paired might possibly be repaired again. After careful inspection and elimination, we reduced the requisition and submitted it to the Department as so prepared.

I would therefore recommend that the supply asked for be furnished.

Your obedient servant,

Charles D. Buey
Indian Agent.

Ottawa, April 22, 1920.

Gentlemen,-

I have to request that you will be good enough to supply as soon as possible for the use of the Grosby Girls' Boarding School, Port Simpson, B.C., ten No. 3 Globe Steel Automatic Single Desks. These desks should be shipped to the Principal, Grosby Girls' Boarding School, Port Simpson, B. C., via Prince Rupert by G. T. Pacific Railway. The desks should be supplied at the price quoted by you in your price list of March 6th, last, namely, - \$9.75 per desk delivered to the nearest railway station in B. C., less 10%.

I will be pleased if you will inform the Department of your acceptance of this order and the date upon which the desks will be shipped.

Your account, in duplicate, should be forwarded to Mr. Charles C. Perry, Indian Agent, Prince Rupert, B.C., who, upon receipt of the desks, will certify the account and forward it to the Department for payment.

Your obedient servant,

~~Sir,~~

Dear Miss Miles,-

The 10 desks will soon arrive at Port Simpson. There should be 2 packages containing 10 (each 5) Desk Woods, 2 packages (5 each) 10 pairs No. 3 Desk Standards, also 10 inkwells and bolts in crate.

On arrival of these in good condition kindly notify me at once. I have asked Mr. Watkinson to see the desks set up in complete form, so that if you will kindly see him before certifying the delivery of the desks in good condition, I shall be obliged. Mr. Watkinson will be able to help you get a man to do the job, if you find any difficulty.

Yours sincerely,

Indian Agent.

Petty Cash Account

A Petty Cash advance may be provided by the issue of a cheque in your favour. Such cheque should be entered on the Credit side of your Cash Book under the heading, Miscellaneous, and on the Debit side of a Petty Cash Book. On the Credit side of the Petty Cash Book will be entered each amount expended.

At the end of each month the Petty Cash Account will be balanced and a cheque issued in your favour for the total amount of the month's expenditure, such cheque to be entered in the Cash Book, the expenditure being classified under the correct headings. Your Petty Cash Record will appear something like this.

Dr.		Cr.	
July 1 To advance	\$25.00	July 5 Vegetables	\$1.00)
		July 6 Wood Cutting	2.00)
		July 7 " "	2.00) \$12.00
		July 8 Groceries	4.00)
		July 26 Fish	3.00)
		July 31 By balance	13.00)
	<u>\$25.00</u>		<u>13.00</u>
			<u>\$25.00</u>

Dr.	
August 1 To balance	\$13.00
August 1 To ok.--July Expenses	12.00

Payments from Petty Cash of any considerable amount should be covered by voucher, whenever possible.

Filing of Accounts

Accounts paid by cheque should be filed alphabetically, the cheque number being noted on the account.

Accounts paid from Petty Cash should be filed together in order of payment.

Ottawa, August 16th, 1935.

Dear Madam:-

The Field Auditor of the Treasury Branch, Department of Finance, recently visited your school in order to make an examination or audit of the books. This is in accordance with a letter No.C150-46, which was sent to you under date of May 27th, 1935.

According to the report submitted by Mr. Holmes, the Auditor, it is necessary for you to be supplied with a Cash Book as furnished to other residential schools by this Department for the purpose of recording accurately the receipts and expenditure of the school's business. *This is going forward under separate cover*

Perhaps you have seen or used one of these books at other schools and will be familiar with its correct use, but in case you have not the following is an outline showing the manner in which it should be kept.

The headings to the columns are, to a large extent, self-explanatory. On the debit or left hand side you will observe all the cash receipts are recorded showing the dates upon which they were received. These receipts are classified under Government per capita grant, Church grants, farming and garden proceeds (if a farm is operated) and proceeds from other sources.

You are requested to ascertain from the W.M.S. the exact amount of the per capita grant which is sent to you and also the amount of the Church grant, if any, when those remittances are sent to you. This will

be

00R-COPY

be necessary in order to keep the Cash Book correctly and to give the desired information to the Department at the end of the fiscal year.

You will, from time to time, deposit these funds in the Bank Account, which by the way should be in the name of the school and not your own name or any other individual. The receipts shown in the Cash Book should agree with the total of the deposits which appear in the Bank Pass Book over any given period, the only exception being when you have cash on hand and have been unable to deposit it in the Bank.

The credit or right hand side of the book is used for expenditure where the expenses are recorded under the various column headings, such as salaries, clothing, food, etc. The enclosed specimen Cash Book sheet which has been written up and balanced as a guide for you covering a month's transactions and by this you will see that all the totals of the different columns of expenses agree with the total on the extreme right hand side of the sheet.

You will also observe that although one cheque may be written for more than one item of expense when it is made out to the same Company or individual the total of the cheque is extended and all cheque numbers must be recorded in the extreme right hand column provided for that purpose.

By recording the cheque numbers carefully you will find that you will save yourself much time when referring back over several months or years for a certain cheque and finding how it was made up. Also when you come to check your Bank Pass Book it is very simple and convenient to be in a position to compare the cheques presented and

cashed

cashed by the Bank with those you have recorded in the Cash Book. In this way you are in a position to know which cheques have not been presented at the Bank, and which should appear as outstanding at a month end or a fiscal year end. This also facilitates checking should your books be audited either by a Church official or the Field Auditor.

At the foot of the attached specimen sheet there has been prepared a Bank Reconciliation statement covering the close of the same period of business for which the cash sheet is written. It is quite simple and very easily followed and if carried out correctly will be satisfactory to you knowing that the Cash Book record agrees with the Bank balance shown in the Pass Book.

It is customary for the principals to assemble the cancelled cheques after they are paid and received from the Bank each month end, in numerical order, and you may also attach the invoice or voucher to the cheque which pays it. Another method which also proves satisfactory is to file the vouchers and invoices alphabetically and write the cheque number which pays it on the face of the account. Either method you will find will help you considerably for reference purposes.

The Cash Book will of course be closed off and totalled at the end of each month and the balance of the total receipts, less the total expenditures, will be carried forward to the following month. These totals of all the headings may be summarized each month at the back of the Cash Book, then when the twelve months' totals have been recorded your financial statement is complete for the fiscal year end (March 31).

MEMORANDUM

Schools Branch

In accordance with a verbal request of Mr. Phelan this office has prepared a draft letter addressed to the principal of the Port Simpson Indian School outlining the procedure to be followed in connection with the use of the Cash Book.

A specimen has been prepared of a month's transactions together with an example showing how to reconcile the Cash Book with the Bank Account.

Also attached to the letter of instructions is a short statement outlining the procedure to be followed in handling Petty Cash. It is understood that you will take the necessary steps to supply the principal of the School with a Cash Book.

When writing Miss Deacon will you please let us have a copy of your letter.

Representative of the Treasury.

Madam:

The Department is in receipt of Mr. Holmes' report regarding his examination of the books at the Port Simpson Residential School on July 22nd, last.

According to the report submitted by Mr. Holmes, it is necessary for you to be supplied with a Cash Book as furnished to other residential schools by this Department for the purpose of recording accurately the receipts and expenditure of the schools business. This is going forward under separate cover.

Perhaps you have seen or used one of these books at other schools and will be familiar with its correct use, but in case you have not the following is an outline showing the manner in which it should be kept.

The headings to the columns are, to a large extent, self-explanatory. On the debit or left hand side you will observe all the cash receipts are recorded showing the dates upon which they were received. These receipts are classified under Government per capita grant, Church grants, farming and garden proceeds (if a farm is operated) and proceeds from other sources.

You are requested to ascertain from the W.M.S. the exact amount of the per capita grant which is sent to you and also the amount of the Church grant, if any, when those remittances are sent to you. This will be necessary in order to keep the Cash Book correctly and to give the desired information to the Department at the end of the fiscal year.

You will, from time to time, deposit these funds in the Bank Account, which by the way should be in the name of the school and not your own name or any other individual. The receipts shown in the Cash Book should agree with the total of the deposits which appear in the Bank Pass Book over any given period, the only exception being when you have cash on hand and have been unable to deposit it is the Bank.

The credit or right hand side of the book is used for expenditure where the expenses are recorded under the various column headings, such as salaries, clothing, food, etc. The enclosed specimen Cash Book sheet which has been written up and balanced as a guide for you covering a month's transactions and by this you will see that all the totals of the different columns of expenses agree with the total on the extreme right hand side of the sheet.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Re.- Crosby Girls' Home
United Church of Canada.

Dear Mr. Allen,

Submitted herewith is report covering my examination of the books of the Crosby Girls' Home, Port Simpson, B.C.

I was informed by the Agent at Prince Rupert about noon of July 22, that the Principal of this School was leaving on holidays the following morning. I, therefore, proceeded to Port Simpson that afternoon and was shown the books, but as time would not permit of more than a hurried examination, I brought such records as were considered necessary back to Prince Rupert. After a thorough examination as was possible, I met the Principal when passing through on the boat and secured some necessary explanations.

The Principal is Miss L.M. Deacon and while she kept records which were apparently satisfactory for her own purposes, for audit purposes they were not satisfactory.

As there is no branch bank in Port Simpson, the account is kept in the Bank of Toronto, Vancouver, under the title Crosby Girls' Home. All grants are forwarded by the Womens Missionary Society direct to the Bank, without any notification to the Principal as to what they constitute, her only information being that obtained from the statement from the Bank. Cheques issued do not bear much relation to the actual accounts as many cheques are issued to the Hudsons Bay Company for cash, and accounts may be paid all in cash or by cheque or part cash and part cheque. The Bank forwards all paid cheques with statement of account monthly, the statement being checked by Miss Deacon and the receipt signed and returned to the Bank.

The School has never been supplied with the Departmental Cash Book for use at Residential Schools. A small Day Book is used in which the balance at the beginning of the month is debited followed by entries for revenue and on the credit side each individual payment is entered. At the end of each month a summary of expenditure under the headings used by the Department, is made and both debits and credits transferred to a small book used as a Cash Book. Cheques were numbered but the numbers were never entered in the books of account and cheques dated one month might apply to expenditure of a previous month and be so included in the books.

The Principal stated she thought this School was on a different status from other Residential Schools, in that it was more completely controlled by the Womens Missionary Society. For this reason and the fact that the Departmental Cash Book had not been provided, I did not issue any instructions with regard to bookkeeping procedure. If the Cash Book is to be put in use I thought that when forwarding it that instructions might be issued as to its use and the proper bookkeeping procedure.

In order to provide some information as to receipts and expenditures, statement #1 attached herewith was prepared to show Receipts and Expenditures for the fiscal year 1934-35.

The total receipts for the year were \$7,079.38 made up of \$6,689.38 as the Per Capita and Church Grants and \$50.00 as a grant for a scholarship, forwarded by the Womens Missionary Society and \$340.00 paid by the teachers for board and room, being at the rate of \$10.00 per month each for three teachers.

The total expenditures were \$7,080.83.

Indian Affairs (RG 10 Volume 6458, file 886-24, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Of this total \$2,291.52 was for Salaries of teachers, \$320.73 for Clothing and \$1,779.07 for Food.

Under the heading Phone, Light and Fuel, the total was \$896.58 of which \$727.75 was for coal and wood.

Expenditure for Buildings and Repairs amounted to \$804.78, of which \$266.43 was for bath-room fixtures and installation, \$229.90 for repairs to the furnace, \$85.00 for repairs to the roof and \$52.55 for calstaining the School building. The Principal stated that no added allowance was made by the Department for any of this expenditure.

Expenditure for House Equipment amounted to \$600.59 of which \$250.00 was for the purchase and installation of a small Delco system for lighting purposes, the balance for cleaning materials and utensils and dishes and kitchen utensils.

Expenditure for Extra Labour amounted to \$195.20 which is made up of payments for domestic service and the services of a handyman.

Of a total of \$138.76 under the heading Miscellaneous, \$50.00 was for the payment of the scholarship as provided for in the receipts to the School, about \$50.00 for Hospital and Medical expenses for the pupils and the balance for newspaper subscriptions and other incidentals.

The cost of operations as shown by statement #2, is based on the actual cash expenditure only as there are no farming operations carried on.

The averages are based on an attendance of 27 pupils.

The Per Capita could not be separated from the Church Grants for, as explained before in this report, the Womens Missionary Society forwarded funds direct to the Bank without notifying the Principal as to whether they were Government or Church grants, and it is therefore impossible to show the amount allowed by Government grant per pupil per day.

The following statements accompany this report, which is in duplicate,

Statement of Receipts and Expenditures, fiscal year 1934-35

Statement of Cost of Operations, fiscal year 1934-35

*Audit Office
Jan 18/37
H. G. 6*
Dear Sir,

Re- Crosby Girl's Home,
United Church
Port Simpson B.C.

P Submitted herewith is report of an examination of the books and records at the above-mentioned Residential School covering the period of sixteen months dating April 1, 1935, to July 31, 1936, completed on September 3.

The account for the School is kept in the Bank of Toronto, Vancouver, as there is no bank in Port Simpson. This is another school where, due to inconvenient banking facilities, much of the expenditure is made by cash which is obtained at the store of the Hudsons Bay Company, where cheques are cashed for the School. Such cheques are usually in amounts of \$25.00 to \$50.00, while payments were noted for amounts as high as \$65.00.

A record of cash receipts and payments is not kept. The Principal informed me she kept a statement for each month at the end of which expenditures were classified and entered in the cash book and the statement destroyed.

A small Day Book was used as a cash book until January 1, 1936, when the Departmental Cash Receipts and Expenditures Book, which had been received in November, was opened. This book had been written up to June 30th.

Receipts were never secured for cash payments and the monthly account of the Hudsons Bay Company was the only detailed account covering payments by cheque.

In order to illustrate the proper keeping of the records I wrote up and balanced the cash book for July and instructed the Principal regarding the system of bookkeeping and filing of records which the Department was endeavouring to establish at Residential Schools, and in order to confirm verbal instructions prepared memorandum attached herewith as Exhibit A, a copy of which was forwarded to the School.

Bank and Cash Book Reconciliation.

From date of last audit receipts as shown by the cash book were compared to credit entries in Bank statements and cancelled cheques to debit entries in Bank statements and expenditure entries, when entered in the cash book. Additions, extensions and balances were checked.

Bank and cash book reconciliation at March 31 and July 31, 1936, is shown in statement #1. Cash on hand at July 31 was \$281.00.

L.W. McCutcheon Esq.,
Representative of the Treasury,
Department of Indian Affairs,
Ottawa, Ont.

H. G. 6

Indian Affairs (RG 10 Volume 6458, file 886-24, part 1)

ARCHIVES PUBLIQUES
CANADA

Approximate Standing of Cash Account at August 31.

Balance at July 31 (Statement #1)	\$ 281.00
Less cheques issued during August	197.95
	<u>\$ 83.05</u>
Accounts payable August 31 (estimated)	150.00
Balance	(Dr.) \$ 66.95

From information available it would appear that the per capita grant covering the quarter to March 31, 1936, was the last credited to the School account.

RECEIPTS and EXPENDITURES.

Statement #2 shows receipts and expenditures for the year April 1, 1935 to March 31, 1936.

Receipts - Total receipts amounted to \$7,087.52 of which \$6,767.52 was received from the Women's Missionary Society and \$320.00 in payment for board by the staff of three, at the rate of \$10.00 per month each.

As the Women's Missionary Society transfer funds from Toronto direct to the account of the School in the Bank of Toronto, Vancouver, and notify the Principal stating only the total amount of such transfers, it was not possible to definitely establish the amount of the per capita grant. The amounts shown in the statement were estimated by the Principal from attendances during the different quarterly periods.

Expenditures - Expenditures as shown under the various classification headings in statement #2 are shown in detail in Statement #3.

As accounts were not available for analysis the break-down in statement #3 was made from information supplied by the Principal from memory.

Under Buildings and Repairs is shown an amount of \$156.80 for repairs to dam and pipes for water supply. In explanation of this expenditure, I was informed that the water for the School flows down from the hills and is dammed back at a certain point in the stream, from which it is piped to the School. During last winter the pipes burst as a result of freezing and in the spring part of the dam was destroyed due to flood conditions.

The payment for extra labour consists principally of a monthly wage averaging about \$10.00 paid to an Indian for performing such manual labour as is required about the School, as there is no male member on the staff. Additional expenditure under this heading was for sawing wood for winter's use.

Sufficient details could not be obtained to analyze Miscellaneous expenditure. I was informed it consisted of subscription to one newspaper, church papers and leaflets, drugs, postage and stationery.

COSTS OF OPERATION.

Statement #4 shows costs of operations for the year based on an expenditure of \$7,010.03 and an average attendance of 27.75 pupils.

The average cost per pupil per day was 69 cents, while the amount allowed by the estimated per capita grant per pupil per day was 42.4 cents.

A small garden is planted but the amount of produce raised is negligible. The cost of supplies is increased considerably by freight costs.

The staff, occupations and salaries at September 3 are listed, the salaries per annum being \$2,295.00, of which about \$300.00 per annum is repaid to the School for board.

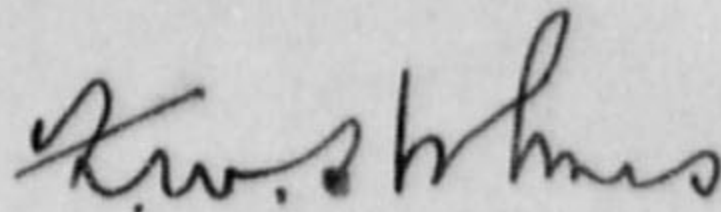

GENERAL

I desire to acknowledge the courtesies extended during my audit inspection.

This report is submitted in duplicate with the following attachments:-

Memorandum to Principal outlining bookkeeping procedure
Bank and Cash Book Reconciliation
Statement of Receipts and Expenditures
Detailed statement of Expenditures
Cost of Operations: Staff, Occupations and Salaries.

Yours truly,

F. W. Holmes,

Auditor.

EXHIBIT /- A

Prince Rupert B.C.
September 5, 1936.

Memorandum

Miss L.M Deacon.

This memorandum covering bookkeeping procedure as the Department is endeavouring to establish it at Residential Schools, has been prepared to confirm verbal instructions issued when at your School.

Payments should be made by cheque whenever the cashing of same would not greatly inconvenience the payee.

All cheques should be numbered and those in payment of accounts or services entered in the Cash Book, those issued for cash should not be entered in the Cash Book, but should be accounted for through a Record of Cash Payments.

Cash Book

All revenue to the School should be entered on the Dr. side of the Cash Book in the appropriate column and in due course deposited in the Bank.

Cheques entered should show the cheque number in the outer right hand column for the month in which they are issued. Expenditures should be classified and entered in the appropriate column. Detailed accounts should be secured on which the number of the paying cheque should be entered and the accounts filed by cheque number.

Record of Cash Payments.

This record should be started as from August I. On the Dr. side the first entry will be the amount of \$22.50, shown as cash on hand at July 31, by Bank Reconciliation statement, followed by cheques issued and cashed for the month. Such entries will include date, cheque number and amount.

Indian Affairs (RG 10 Volume 6458, file 886-24, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

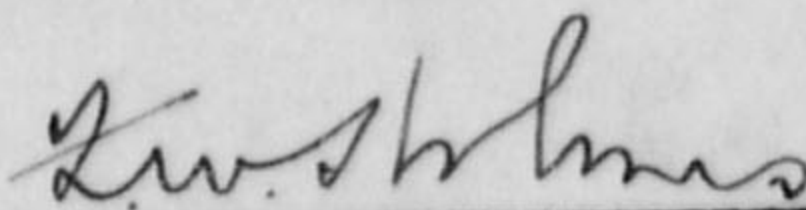

POOR COPY

On the Cr. side (right hand page of book) will be entered each item of expenditure, the entries to show date, name of payee, what the payment covers and amount. Receipts should be secured for payments of \$2.00 and over and filed together in order of payment.

At the end of each month the account should be added and balanced, the balance being carried forward to the following month. Expenditure for the month should be classified and entered in the Cash Book under the appropriate classification headings.

Bank Reconciliation.

As cheques issued to obtain cash will not be entered in the Cash Book, it will be necessary when reconciling the Cash Book balance with the Bank balance at the end of each month, to include the balance of cash on hand as shown by the Record of Cash Payments. This is illustrated in Bank and Cash Book Reconciliation at July 31, statement #1.

F. W. Holmes,
Auditor.

OFFICE OF
INDIAN AGENT

HAZELTON, B. C.,
JUNE 14th, 1937.

Dear Sir,

Re: Crosby Girl's School

Submitted herewith is report of examination of the Books and Records of the above named Residential School, covering the period of thirteen months, dating from the 1st of April, 1936, to the 30th of April, 1937, completed the 9th of June, 1937.

As mentioned in the last report, the method of obtaining cash through the Hudson Bay store on account of inconvenient Banking facilities, continues, the Creditors in many cases refusing to accept cheques in payment of indebtedness.

Receipts are now being obtained for paid accounts and same are being carefully filed away in good order.

The Principal, however, did not seem to understand that cheques issued in payment of accounts should be written in the Cash Book immediately in numerical order opposite the creditors account, but, waited until the end of the month and then wrote in the cancelled cheques, only, as returned by the Bank; then listed her outstanding cheques below and deducted same from the Bank Balance, which showed a net balance agreeing in each case with her balance after she had deducted the distributed expenditures for the month from the debit side of her Cash Book. I went into this matter with her and I believe she now understands exactly what to do. Apart from the foregoing, she is satisfactorily complying with the instructions as issued by Mr. Holmes.

Bank and Cash Book Reconciliation.

From date of last audit, receipts, as shown by the Cash Book, were compared to credit entries in Bank Statements, and cancelled cheques to debit entries in Bank Statements and expenditure entries. Additions, extensions and balances were checked.

Bank and Cash Book reconciliation at March 31st and April 30th are shown in Statement #1 attached; Cash on hand the 30th of April being \$173.45. No Bank Statement for May had been received at time of my visit and very few accounts paid, so that definite figures beyond 30th of April were not available.

Receipts and Expenditures.

Statement #2 (attached) shows Receipts and Expenditures for the Fiscal Year 1936-37. Total RECEIPTS are \$6900.00, of which \$4,675.15 is per Capita grant; \$1,904.85 from Women's Missionary Society and \$320.00 covers board paid by teachers.

Total EXPENDITURES of \$6,948.15, under their different classifications are shown in detail in Statement #3 (attached).

Indian Affairs (RG 10 Volume 6458, file 886-24, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Cost of Operation.

Statement #4 shows cost of operations for the year based on an expenditure of \$6,948.15 and an average attendance of 29 pupils.

The average cost per pupil per day was 65.6 cents, while the per capita grant per pupil per day was 44.2 cents.

The staff, occupations and salaries as at May are also shown on Statement #4, the salaries per annum now being \$2,450.00.

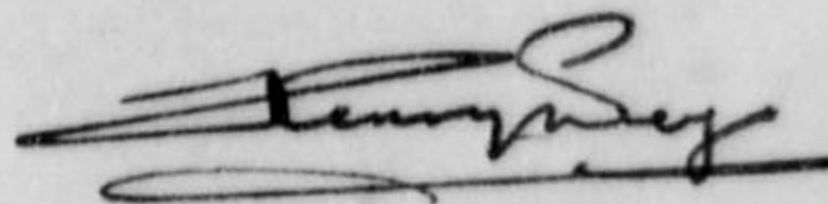

General.

I wish to record my appreciation of the courtesies extended me by the Principal during my inspection.

This Report is submitted in duplicate with the following attachments:-

Bank and Cash Book reconciliation,
Statement of Receipts and Expenditures,
Detailed Statement of Expenditures,
Cost of Operations, Staff, Occupations,
and salaries.

Prince Rupert B.C. Oct.14 - 1938

Re: Crosby Girls' Home,
Port Simpson, B.C.

Dear Sir:-

I beg to submit a report of an examination made of the books and records at the above school on October 12 - 1938. The examination covered a period of 17 months dating from April 1 - 1937 to August 31 - 1938.

Bank Reconciliation

(Statement 1)

The cash book was written up to the end of August and statement from the Bank of Commerce, Vancouver, gave a balance of \$1657.82, as at that date. The outstanding cheques amounted to \$103.30, and with cash on hand of \$22.51 as per petty cash journal gave net balance of \$1576.97 which agreed with cash book.

All receipts as per cash book are deposited in bank. Paid cheques were examined and compared to cash book entries. Vouchers were all on file by months and these were compared to synoptic entries and petty cash journal by test. A decided improvement is shown in the cash book and a reconciliation is made each month, and balance carried forward.

Receipts and Expenditures

This statement was prepared from a re-cap of the monthly synoptic totals and statement 2 gives the expenditures in detail.

The total receipts for this period amounted to \$10499.26. The per capita grant is shown as \$7094.75, but this is only the matron's estimate as the cheque goes to the W.M.S. Toronto and the per capita and church grant is received in one cheque at the school. The head office in Toronto should notify the school as to the amount received from the Department from the per capita grant.

The expenditures amounted to \$9274.78 and are self-explanatory. The cost of clothing at \$11.95 per child is not high but the cost of food at \$68.76 per pupil is above normal and due to some extent to the isolated position of the school. The cost per child per year was \$233.81 and is very high for a residential school. It is apparently very necessary for the church to contribute about \$2000.00 a year to finance this school.

The average attendance was 28 pupils and the staff of three carry on all the work.

The books and records were found to be in very good condition and Miss Deacon has succeeded in having the account-

Re Port Simpson Residential School

Dear Sir:

I beg to submit a report of an audit made at the above School on February 28th, 1940. The audit covered a period of 17 months dating from September 1st, 1938 to January 31st, 1940.

Bank Reconciliation - Statement 1.

The bank statement as at January 31st, gave a balance of \$1,959.28 and the outstanding cheques amounted to \$289.78. The cash on hand as per petty cash book showed \$30.09 and the net balance of \$1,699.59 agreed with cash book. Cheques were examined and compared to cash book entries and vouchers. Very few cheques are issued due to practically all the larger purchases being made at one place, and petty cash used for all small local purchases.

The petty cash book was examined and compared to vouchers. The per capita and church grants are mailed from Toronto to the bank in Vancouver for deposit.

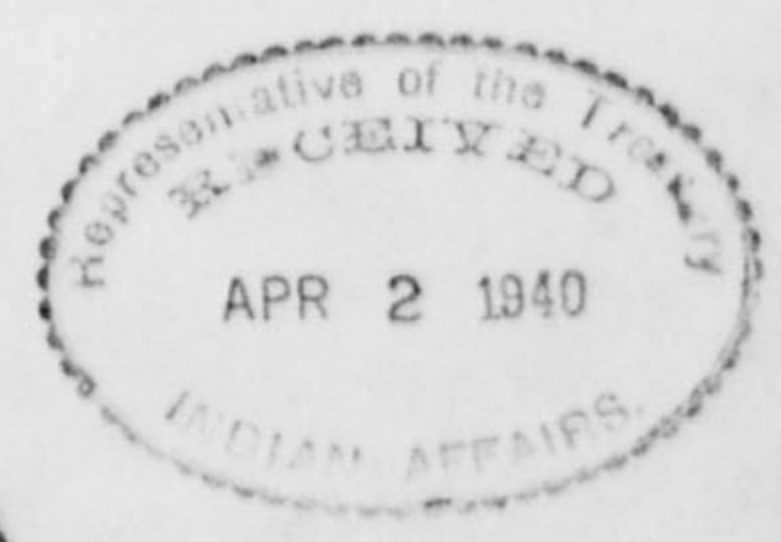

mm
J.K.

The total receipts for this period amounted to \$9,723.37. The per capita grant and church grant are sent from Toronto in one amount and are computed as to their total by the principal. I would recommend that the principal be advised as to the proper amount to credit to per capita.

The expenditures amounted to \$9,600.75 and are shown in detail on Statement 3. All expenditures are about normal and the extra labour of \$434.38 takes care of all male help required during the period.

There are no farming operations carried on at this School and no livestock. The cost of operation per pupil at \$250.99 is very high and requires considerable aid from the church. It is impossible for a school of this size to operate on its earnings. The cost of clothing at \$9.63 is rather low, and cost of food at \$67.76 per pupil above normal. The average attendance of pupils was 27 and the staff numbers 3.

L. W. McCutcheon, Esq.,
Chief Treasury Officer,

Vancouver, March 8th, 1941.

Re Port Simpson Residential School

Dear Sir,

I beg to submit a report of an audit made at the above School on February 24th, 1941. The audit covered a period of 12 months ended January 31st, 1941.

The Statement from the Bank of Montreal, Vancouver, gave a balance of \$431.48 as at January 31st. There was one outstanding cheque in the amount of \$20.00 and cash on hand was shown as \$2.97. The net balance of \$414.45 agreed with cash book.

The cheques from Toronto are sent direct to the bank in Vancouver. All cheques were compared to cash book entries and vouchers were checked to synoptic. Practically all supplies are purchased from the local Hudson's Bay store by cheque. Petty cash is used for small purchases from Indians.

The total revenue for this period was \$3746.23. The per capita grant as received from Toronto was \$3700.00, but does not include the total earnings for the year.

The expenditures amounted to \$5031.37 and are shown in detail on Statement 2. There is a large decrease shown in all expenditures this year. The food costs show a reduction of \$13.87 per pupil and clothing a reduction of \$5.18.

The cost of operation shows a reduction of \$4.79 per day and \$77.50 per pupil. The full grant of \$175.00 would appear to be being paid to this School. The average attendance was 29, an increase of 2, and the staff remains at three.

There is no farm or garden at this School and extra labour is done by the Indians.

The books and records were in very good condition and up-to-date. While the cost of operation is very low this period, the supplies on hand are small and expenditures will be heavier. The school would appear to be in a good financial condition.

I wish to acknowledge the cooperation of Miss French during my audit and the following Statements accompany this report:

1. Bank Reconciliation - Revenue Expenditure.
2. Analysis of Expenditure.
3. Operation cost and staff.

Yours faithfully,

T. G. Willis.
Auditor.

Re: Port Simpson Residential School
(Crosby Girls' School)

L. W. McCutcheon, Esq., Chief Treasury Officer, Indian Affairs Branch,
Department of Mines & Resources.

I beg to submit a report of an audit made at the above school
on January 29th, 1943, covering the period dating from February
1st, 1941 to December 31st, 1942.

Bank Reconciliation

The statement from the Bank of Toronto, Vancouver, gave a
balance of \$963.17 as at December 31st, 1942. Outstanding cheques
totalled \$281.92, and cash on hand 18 cents. The net balance of
\$681.43 agreed with the cash book.

All paid cheques were examined and checked to the cash book
entries. There were vouchers on file for the expenditures and these
were compared with the synoptic entries. The per capita grant cheques
from the Women's Missionary Society were all deposited in the bank,
and the other revenue used to reimburse petty cash.

The total revenue for the period was \$10,712.08, including the
per capita grant of \$10,292.50.

The expenditures totalled \$10,444.90 and are shown in detail in
Statement #2. Fuel costs are up slightly, while all other costs
appear to be about normal. The extra labor is for chores and laundry.

Clothing costs at \$2.15 per pupil per year is exceptionally low,
but it is the practice of the principal to have the parents purchase
most of the clothing, as at present they are earning good incomes.
The cost of food is very high at \$63.23, an increase of \$9.34. No
farm is operated at the school, and all food must be purchased with
the exception of gifts of fish.

The cost per pupil per year was \$189.88, an increase of \$16.39,
but is not high in comparison with other small schools.

The principal advised that there were no unpaid accounts, and
the school would appear to be in good financial condition. The books
and records were in good shape and up to date.

I wish to acknowledge the cooperation of Miss French during the
audit. The following statements accompany this report:

1. Bank Reconciliation-
Revenue Expenditure.
2. Analysis of Expenditure
3. Operation Cost and Staff

Re: Port Simpson Residential School
(Crosby Girls' School)

United Church - British Columbia

L.W. McCatcheon, Esq., Chief Treasury Officer,
Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

I beg to submit the report of an audit made at the above school on April 1st, 1944, covering the period of 14 months dating from January 1st, 1943 to February 29th, 1944.

Bank Reconciliation

The statement from the Bank of Toronto, Vancouver, gave a balance of \$1,341.32 as at February 29th, 1944. The outstanding cheques totalled \$257.99 and the cash on hand 25 cents. The net balance of \$1,083.58 agreed with the cash book.

All paid cheques were examined and checked to the cash book entries. Vouchers on file to cover the expenditures were examined by test. The cheques received from the Womens' Missionary Society to pay the per capita grant are deposited. Other revenue is used to reimburse Petty Cash.

Revenue and Expenditure

The revenue for the period totalled \$6,750.85 of which \$6,470.00 was from the per Capita grant. The disbursements totalled \$6,348.70 and are shown in detail in statement #2.

Most of the costs appear to be about normal. Extra labor is higher, and includes the teacher's salary for several months, as the local missionary is filling this position until another teacher can be located.

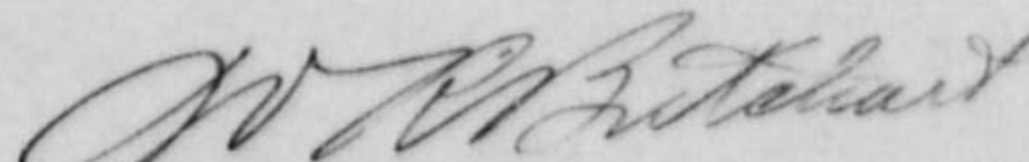

Clothing costs are exceedingly low at \$1.357, as the parents buy practically all clothing. Food costs work out at \$66.25 per pupil per year, an increase of 2 cents. All food used at the school has to be purchased. The cost of operation per pupil per year was \$187.65 -- a decrease of \$2.25 --, and is low for a small school.

I was advised that there are no debts owing by the school.

I wish to acknowledge the cooperation of Miss French during the audit.

Following are the statements attached to this report:

1. Bank Reconciliation - Revenue and Expenditure,
2. Analysis of Expenditure,
3. Operation Costs and Staff.

Total monthly Increase		<u>80.60</u>	18.0
	<u>94.52</u>	<u>94.52</u>	

With two exceptions, Power and Fuel, and Extra Labor, the items show increases.

Although clothing costs ^{were} more than doubled the amounts involved are very small. The cost per pupil per year of \$2.909 showed an increase of \$1.552, but is still very low.

Food costs were up by 15.5 per cent, with the per pupil cost of \$78.749 per year showing an increase of \$12.499.

The cost of operation per pupil per year was \$227.025 an increase of \$39.375.

General

The books and records were in fairly good condition and up to date. There were no apparent liabilities except for the current bills for May.

I wish to acknowledge the co-operation of Miss Rogers during the audit.

The following statements accompany this report:

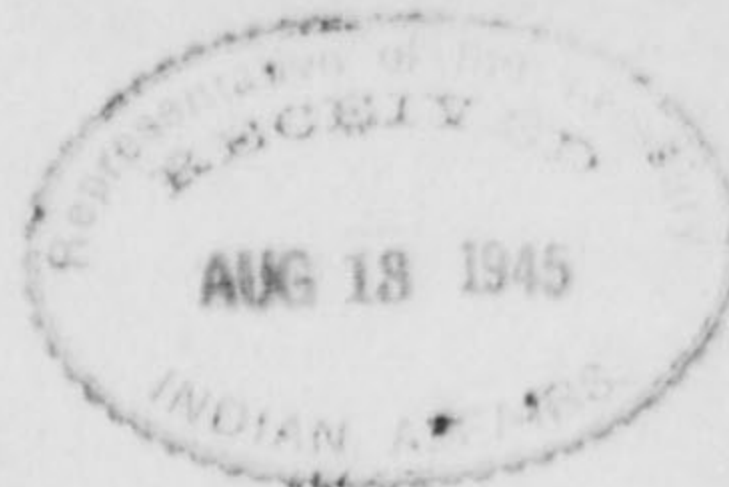

1. Bank Reconciliation
2. Cash Reconciliation
- Revenue and Expenditure.

Re: Port Simpson Residential School
"CROSBY GIRL'S SCHOOL"
United Church - British Columbia

L.W. McCutcheon, Esq.,
Chief Treasury Officer,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Canada.

I submit herewith the report of an audit made at the above school on June 12th, 1945, covering the period of 15 months dating from March 1, 1944 to May 31, 1945.

Bank Reconciliation

The statement from the Bank of Toronto, Vancouver, showed a balance of \$1,408.54 as at May 31, 1945. Outstanding cheques totalled \$910.17, and cash on hand amounted to \$19.59. The net balance of \$517.96 agreed with the cash book.

All paid cheques were examined and checked to the cash book entries. Vouchers were on file to cover expenditures and these were checked by test. The per capita grant is mailed directly to the bank by the Women's Missionary Society, Toronto. All other revenue was used to reimburse petty cash. Cash expenditures are quite heavy at this school due to banking difficulties. However, the amount of \$637.68 shown as paid in cash in the Cash Reconciliation includes \$300.00 deducted from the staff members in payment for board. Such deductions are shown as both revenue and expenditure in the statement.

There have been three principals at this school during the period, and as a result a number of errors had occurred in the cash book. The errors together with the method of entering cash expenditures caused considerable difficulty in striking a balance over the period. A good deal of time was spent in locating and correcting the errors.

Revenue & Expenditure

A total of \$7,445.52 was received during the period, of which the per capita grant accounted for \$7,012.50. The board of staff members amounted to \$300.00, but as stated above the value of board was deducted from the salary cheques, and treated as contra entries in revenue and expenditure. Other revenue totalled \$133.02.

The disbursements amounted to \$8,100.14. Due to the time spent in balancing as above mentioned and to the necessity of leaving at the time of a favorable tide, I did not make an analysis of the expenditures. However, judging from the vouchers examined, the breakdown would be much as for the last period.

The following table shows the respective increase or decrease per month per each synoptic heading as compared with the last period

	<u>Increase</u>	<u>Decrease</u>	<u>Per Cent</u>
Salaries	19.83		11.5
Clothing	3.56		108.5
Food	25.15		15.5
Phone, Light, Fuel		3.63	9.
Buildings & Repair	4.55		60

TO: L. W. McEutcheon, Esquire,
Chief Treasury Officer,
Indian Affairs Branch,
Department of Mines & Resources,
OTTAWA, Canada.

FROM: L. S. Houghton.

Port Simpson Residential School

I submit herewith the report of an audit made at the above School on June 2nd, 1946, covering the period June 1st, 1945 to May 31st, 1946.

Bank Reconciliation

The Bank statement and vouchers had not been received for the month of May 1946. Statement from the Bank of Toronto at Vancouver showed a balance of \$1,783.29 as at April 30th, 1946 and outstanding cheques totalled \$1,626.36. No deposits were made during the month of May, 1946 and cheques were issued in the amount of \$93.65. Cash on hand as at May 31, 1946 amounted to \$1.72 and the net balance of \$65.00 agreed with the Cash book as per Schedule No. 1.

All paid cheques were examined and checked to the Cash book entries. Vouchers were on file in support of expenditures and the same were examined by test and appeared in order. The per capita grant constitutes practically all the Revenue and is mailed directly to the Bank of Toronto at Vancouver by the Women's Missionary Society, (United Church of Canada), Toronto. The small amount of Sundry Revenue was used to reimburse petty cash, and not deposited. Cash expenditures are not particularly heavy, and are unavoidable owing to the lack of banking facilities at Port Simpson.

The Cash book was written up to date and in balance. The synoptic distribution was reasonably correct.

Revenue & Expenditure

A total of \$7,535.39 was received during the period, of which the per capita grant amounted to \$7,273.44, and sundry revenue \$261.95. No deduction is made from staff members for board as during the previous audit.

The disbursements amounted to \$7,988.35, showing a comparative increase in the cost of operation over the last corresponding period. The following summary shows the relative increase or decrease per month under the various synoptic headings which hardly require further breakdown.

Indian Affairs (RG 10 Volume 6458, file 886-24, part 1)

ARCHIVES PUBLIQUES
CANADA

POOR COPY

	Expenditure per month - previous audit period	Expenditure per month - this audit period	Increase	Decrease
Salaries	\$ 195.47	\$ 222.85	\$ 27.38	
Clothing	6.84	12.44	5.60	
Food	185.26	184.19		\$ 1.07
Phone, Light & Fuel	41.22	9.38		31.84
Buildings & Repair	12.09	27.55	15.46	
House Equipment	38.33	73.46	35.13	
Farm & Garden	-	.20	.20	
Transportation	15.12	12.50		2.62
Extra Labour	25.54	22.77		2.77
Miscellaneous	14.21	17.01	2.80	
			86.57	38.30
				48.27
<u>Total Monthly Increase</u>			<u>\$ 86.57</u>	<u>\$ 86.57</u>

The above summary shows an average monthly increase in the cost of operation of \$48.27. There is a noticeable decrease in the Fuel costs by reason of fuel supplies purchased during the last audit period having carried over well into this period. The supply was recently depleted and further purchases are now necessary for which the Principal is seeking an advance of the per capita grant. With the exception of minor decreases in respect to Food, Transportation and Extra Labour, the other departments show appreciable increase.

The cost of operation per pupil per year has risen from \$227.025 for the last period to \$307.24, an increase of \$80.215. The average pupil attendance has been reduced from 28.23 to 26.

General

The books and records were fairly well maintained and have been kept up to date. I am advised that there are no liabilities with the exception of one months salary to the teacher and a contingent account for fuel now being supplied.

Miss Rogers, the Principal extended every co-operation during the conduct of this audit and all explanations required were readily obtained.

The following Schedules are attached to this report:

- Schedule 1 Bank Reconciliation Statement
Cash Reconciliation Statement
- Schedule 2 Statement of Revenue and Expenditures
- Schedule 3 Statement of Operating Costs and Staff.

Respectfully submitted.

L. S. Houghton

L. S. HOUGHTON,
Treasury Auditor.

W. Lauchlan, Esq.,
Acting Chief Treasury Officer,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Canada.

Dear Sir: RE: Port Simpson Residential School

I submit herewith the report of an audit made at the above School covering the period June 1, 1946 to July 31, 1947.

Bank Reconciliation - (Statement #1)

The Bank Statement and cancelled cheques had not been received for the month of July 1947. The Statement from the Bank of Toronto at Vancouver showed an overdraft of \$46.05 as at June 31, 1947, and outstanding cheques as listed amounted to \$353.68 in June and \$18.96 in July. Cash on hand was verified in the amount of \$19.76 for a net overdraft as per Cash Book of \$398.93 at July 31.

The overdraft as per Cash Book as at June 30, 1947 was \$660.81 while expenditures in July amounted to \$38.12 and receipts amounted to \$300.00 thereby reconciling with the net bank balance. The \$300.00 was credited by the bank in June but was not entered in the Cash Book until July.

All cancelled cheques for the period together with those outstanding from the previous audit were examined and checked to the Cash Book entries. Vouchers were on hand in support of expenditures and as examined by test, appeared to be in order.

The per capita grant constitutes practically all the Revenue and is mailed directly to the Bank of Toronto at Vancouver by the Women's Missionary Society, (United Church of Canada) Toronto.

Cash Reconciliation - (Statement #1)

Sundry revenue amounting to \$294.07 was received but not deposited, being used for petty cash expenditures. A further \$30.00 was received for this purpose from the bank account and total expenditures supported by voucher amounted to \$306.03. The balance of \$19.76 was verified as being on hand. Cash expenditures are unavoidable owing to the lack of banking facilities at Port Simpson.

Revenue and Expenditures - (Statement #2)

A total of \$11,034.42 was received during the period, not including a refund of a Travel Advance as per contra. The

Indian Affairs (RG 10 Volume 6458, file 886-24, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

per capita advance accounted for \$10,740.35 and the balance of \$294.07 represented sundry revenue. No deductions were made from staff members for board.

The disbursements amounted to \$11,498.35 showing a comparative increase in the cost of operation over the last corresponding period. The following summary shows the relative increase or decrease per month under the various synoptic headings.

	Expenditures per month previous audit Period	Expenditures per month this audit Period	Increase	Decrease
Salaries	\$ 222.85	215.63		7.22
Clothing	12.44	13.37	.93	
Food	184.19	223.31	39.12	
Phone, Light & Fuel	9.38	74.87	65.49	
Buildings & Repair	27.55	181.16	153.61	
House Equipment	73.46	35.50		37.96
Farm & Garden	.20			.20
Transportation	12.50			12.50
Extra Labour	22.77	60.02	37.25	
Household Supplies		7.94	7.94	
Miscellaneous	17.01	9.51		7.50
	582.35	821.31	304.34	65.38
Monthly Increase	238.96			238.96
	<u>821.31</u>	<u>821.31</u>	<u>304.34</u>	<u>304.34</u>

The fluctuations in the costs from year to year are due, for the most part, to the practice of charging expenses in total to the period in which they are paid. In the previous audit, for example, coal purchases were negligible, due to the large inventory at the beginning of the audit period resulting in a corresponding decrease in the fuel costs.

Cost of Operations - (Statement #3)

The breakdown of the costs shows an increase in each category over the previous audit while the attendance has decreased.

The cost of operation per pupil per year has risen from \$307.24 for the last period to \$473.83, an increase of \$166.59 and has more than doubled in the past two years. The average pupil attendance from the four quarterly returns ending June 30, 1947 was 20.8, a decrease from 26 in the previous year.

General

The books and records were fairly well maintained and have been kept up to date. Operations apparently ceased in July 1947 and at the time of the audit the school was closed and no staff were available, as a result it has not been possible to determine if there are any contingent liabilities.

APPROVED:

Re: Crosby Girls Residential School, Port Simpson, B. C.

I submit herewith the report of an audit made at the above School covering the period August 1, 1947 to August 31, 1948. This school was officially closed in June, 1948.

Bank Reconciliation

Statement - 1.

The certificate of the Bank of Toronto, Vancouver, B.C., Statement - 2, shows a credit balance of \$431.98. There was one unrepresented cheque for \$3.50, leaving a bank balance of \$428.48, which with the cash on hand 34 cents equalled the cash balance of \$428.82 as showing in the Cash Book.

Cheque No. 124 for \$428.48 to close this account was issued in favour of the Women's Missionary Society, United Church of Canada, during September, 1948.

Cash Reconciliation

Statement - 1.

This statement shows in total the amount paid in cash, and its source. The cash receipts of \$62.96 were not deposited, and cheques totalling \$209.00 were drawn on the Bank to provide the cash needed to pay small bills at this village, due to lack of Banking facilities. The balance on hand, 34 cents was verified by count.

Receipts and Disbursements

Statement - 3.

The total receipts amounted to \$7,355.46 of which Grants from the Women's Missionary Society accounted for \$7,292.50, Sundry items totalled \$50.96, and there is an adjustment of \$12.00 for Income Tax deductions.

There was a bank overdraft of \$418.69 on August 1st, and the disbursements during the period amounted to \$6,527.71, which left a Cash Balance of \$428.82.

The following summary shows the increase or decrease of costs between this and the previous audit period, under the various Cost headings.

	<u>Expenditure, per Month</u>			
	<u>Previous</u>	<u>This</u>		
	<u>Audit Period</u>	<u>Audit Period</u>	<u>Increase</u>	<u>Decrease</u>
Salaries	\$ 215.63	\$ 201.24	\$	\$ 14.39

ARCHIVES PUBLIQUES
CANADA

POOR COPY

This comparison has been made on the basis of the number of months in the audit period, which is the usual method. The decrease in average cost per month has, no doubt, been affected by the closing of the school, which resulted in approximately one less school month than in the previous period, and smaller school attendance, which reduced the food costs, also, repairs to building were negligible during this period, as a result of the extensive repairs made during the previous period and the closing of the school.

Cost of Operations.

Statement - 4.

This statement shows a reduction in the cost of operation per year and in the cost per day as compared with the previous audit period.

The cost per pupil per year in total and for clothing and food, however, shows a small increase. This variance is accounted for by the sharp decrease in the average daily attendance from 20.8 to 12.11 pupils.

General.

The Cash Book and other records presented for audit were in good order, and written up to date. The cancelled cheques, supplier's Vouchers and other vouchers for the period August 1, 1947 to December 31, 1947 were not available for audit, as consequent to the closing of the school, all records pertaining to the home, with the exception of the cash book and vouchers etc., for 1948, were sent to the Women's Missionary Society Executive, Toronto.

This school closed officially on June 30, 1948, salaries ceasing - Mrs. McLachlan, on June 30th, Miss Middleton and Miss Moabs, on July 21, 1948. In addition Mrs. McLachlan and Miss Middleton received a month's salary \$75.00 as Holiday Pay.

Miss Middleton advises that there are "no unpaid bills or indefinite claims on the school." "We checked on this very carefully." It was noted during the audit that an old account of Prince Rupert Roofing Co., for \$7.56, no details had been paid to Brown & Harvey, Solicitors.

The Cash Book, and vouchers for the period January 1, to August 31, 1948, which were mailed to Mr. F. E. Anfield, Indian Superintendent, Prince Rupert, B.C., for audit, were returned to Miss Eva Middleton, Port Simpson, B.C., by parcel post on September 30, 1948.

The following statements were attached:

Re: Crosby Girl's Residential School, Port Simpson, B. C.

I submit herewith the report of an audit made at the above School covering the period August 1, 1947 to August 31, 1948. This school was officially closed in June, 1948.

Bank Reconciliation

Statement - 2.

The certificate of the Bank of Toronto, Vancouver, B.C.M. Statement - 2, shows a credit balance of \$431.98. There was one unpresented cheque for \$3.50, leaving a bank balance of \$428.48, which with the cash on hand 34 cents equalled the cash balance of \$428.82 as showing in the Cash Book.

Cheque No. 124 for \$428.48 to close this account was issued in favour of the Women's Missionary Society, United Church of Canada, during September, 1948.

Cash Reconciliation

Statement - 1.

This statement shows in total the amount paid in cash, and its source. The cash receipts of \$62.96 were not deposited, and cheques totalling \$209.00 were drawn on the Bank to provide the cash needed to pay small bills at this village, due to lack of Banking facilities. The balance on hand, 34 cents was verified by count.

Receipts and Disbursements

Statement - 3.

The total receipts amounted to \$7,355.46 of which Grants from the Women's Missionary Society accounted for \$7,292.50, Sundry items totalled \$50.96, and there is an adjustment of \$12.00 for Income Tax deductions.

There was a bank overdraft of \$418.69 on August 1st, and the disbursements during the period amounted to \$6,527.71, which left a Cash Balance of \$428.82.

The following summary shows the increase or decrease of costs between this and the previous audit period, under the various Cost headings.

<u>Expenditure, per Month</u>				
	<u>Previous Audit Period</u>	<u>This Audit Period</u>	<u>Increase</u>	<u>Decrease</u>
Salaries	\$ 215.63	\$ 201.24	\$	\$ 14.39
Clothing	13.37	7.45		5.92
Food	223.31	158.57		64.74
Phone, Light, Fuel	74.87	77.97	3.10	
Building & Repairs	181.16	6.28		174.88
House Equipment	35.50	3.64		31.86
Fram & Garden	---	---		
Transportation		.63	.63	
Extra Labour	60.02	40.70		19.32
Household Supplies	7.94	---		7.94
Miscellaneous	9.51	5.65		3.86
	<u>821.31</u>	<u>502.13</u>	<u>3.73</u>	<u>322.91</u>
Monthly decrease	<u>---</u>	<u>319.18</u>	<u>319.18</u>	<u>---</u>
	<u>\$ 821.31</u>	<u>\$ 821.31</u>	<u>\$ 322.91</u>	<u>\$ 322.91</u>

Indian Affairs (RG 10 Volume 6458, file 886-24, part 1)

POOR COPY

This comparison has been made on the basis of the number of months in the audit period, which is the usual method. The decrease in average cost per month has, no doubt, been affected by the closing of the school, which resulted in approximately one less school month than in the previous period, and smaller school attendance, which reduced the food costs, also, repairs to building were negligible during this period, as a result of the extensive repairs made during the previous period and the closing of the school.

Cost of Operations.

Statement - 4.

This statement shows a reduction in the cost of operation per year and in the cost per day as compared with the previous audit period.

The cost per pupil per year in total and for clothing and food, however, shows a small increase. This variance is accounted for by the sharp decrease in the average daily attendance from 20.8 to 12.11 pupils.

General.

The Cash Book and other records presented for audit were in good order, and written up to date. The cancelled cheques, supplier's Vouchers and other vouchers for the period August 1, 1947 to December 31, 1947 were not available for audit, as consequent to the closing of the school, all records pertaining to the home, with the exception of the cash book and vouchers etc., for 1948, were sent to the Women's Missionary Society Executive, Toronto.

This school closed officially on June 30, 1948, salaries ceasing - Mrs. McLachlan, on June 30th, Miss Middleton and Miss Morbs, on July 21, 1948. In addition Mrs. McLachlan and Miss Middleton received a month's salary \$75.00 as Holiday Pay.

Miss Middleton advises that there are "no unpaid bills or indefinite claims on the school." "We checked on this very carefully." It was noted during the audit that an old account of Prince Rupert Roofing Co., for \$7.56, no details had been paid to Brown & Harvey, Solicitors.

The Cash Book, and vouchers for the period January 1, to August 31, 1948, which were mailed to Mr. F. E. Anfield, Indian Superintendent, Prince Rupert, B.C., for audit, were returned to Miss Eva Middleton, Port Simpson, B.C., by parcel post on September 30, 1948.

C. W. Powell Esq.
Indian Superintendent.

Victoria

Sir,

I have the honor to acknowledge receipt of your letter of 28. Ult. (2096) and beg to report for your information that there are 15 children of school age at Douglas & a Shoshone Chuch. 15 at Sam-Ah-quam 45 at Pemberton Meadows. 40 at Sechelt. 32 at Shiammon 12 at Homalro and 12 at Klahouse. Besides these there is the whole Stwan amish Group having 92 children of school age among them. There are no schools in the neighbourhood of any of these Reserves at all excepting those in the vicinity of Tenasnoos, and Indian children would not be admitted to the City Schools as the City is taxed to its full capacity to find accommodation for all the white pupils. Owing to the migratory habits of the Indians day schools are in my opinion of very little service. and I would not recommend that a day school be opened on any Reserve. I would recommend that three Industrial Schools be established in this Agency. One at Pemberton Meadows having accommodation for all the children of school age at Douglas, Shoshone Chuch, Sam-Ah-quam, and Pemberton Meadows. One at Sechelt having accommodation for all the children at Homalro. Klahouse Shiammon and Sechelt. and one at Mission having accommodation for all the Stwan amish children. Bishop Deirieu is at present building a school just outside the Reserve at Mission, B.C. which he intends to open for the Stwan amish Indian.

Indians. There is however accommodation only for 25 pupils but it is the intention of the Bishop to enlarge it as soon as funds are available. The Indians on the Reserves mentioned are very much dissatisfied at seeing their children grow up in ignorance. I seldom ever visit them that the question is not brought up as one of their standing grievances. They claim the Government has broken faith with them. re Schools for their children that they were promised. Schools for their children by Governor Douglas, Governor Seymour, Lord Dufferin and again about three years ago by Lord Aberdeen, Governor General. After Lord Aberdeen's visit Mr Hayter Reed wrote to say that a sum would be placed in the estimates to build a School at Squamish Mission but for some reason or other nothing came out of the matter. If the Department would make provision for the education of say 150 of the most promising pupils of Reserves mentioned to start with, it would meet the pressing needs of the educational question. Say a School for 50 pupils at Pemberton Meadows including all the Douglas tribe. Another at Sechelt for 50 pupils including Homalco. Klahoose Shiammo & Sechelt. Another at Squamish Mission for 50 pupils which would include all the Squamish tribe. This would I feel remove the ground for the discontent existing. I would strongly urge that every effort be made by the Department to place within the reach of every Indian child of school age in this Agency the opportunity to obtain a suitable education.

Yours Obedient Servant
Frank Deolus
Indian Agent

Sir

I have the honour to acknowledge the receipt of your letter dated 22nd Ultimo having reference to Mr Agent Devlin's Annual Report ending 30th June last past and requesting a report giving the number of children of a school age with other information connected with schools in respect to the Indians belonging to the following Reserves namely:- Douglas, Shookum Chuck, Sam ah Quam, Hoomath, Klahoose, Sechelt, Mianmon, and Pemberton Meadows.

In accordance with your request I beg herewith to submit for your information Mr Devlin's report dated 12th instant which goes fully into the questions put forward in your letter under consideration. I would add that my views coincide with the Agents in the matters mentioned by him and which are warranted by the facts in each case I would therefore support his recommendations as far as they may be found feasible and expedient.

I have the honour to be

Sir

Your obedient servant

Ottawa, 24th December, 1898.

See

THE SECRETARY.

In revising the manuscript of the annual report of Mr. F. Devlin, Agent for the Fraser River Agency, B.C., I observed the statement occurring several times that there are no schools on certain reserves in that Agency. Extracts of these statements I placed on this file for reference.

Superintendent Vowell was informed of Agent Devlin's remarks and he was asked to report the number of children of school age on each of the reserves named, and to say whether he thought a school ought to be established in each case or whether there were white schools within a reasonable distance ~~of some of the re-~~ serves to which the Indian children might be sent.

It will be observed from Agent Devlin's letter, transmitted by Superintendent Vowell, that owing to the wandering habits of the Indians it is thought that day schools would be of little use, and it is recommended that three new industrial schools be established. As there are at present in this Agency two boarding schools and one industrial, namely, (R.C.) St. Mary's Mission boarding school, Mission City, (C. of E.) All Hallows boarding school at Yale, and (Meth.) Coqualeetza Home, Chilliwack, and as the Minister has already refused to establish a boarding school at Squamish within this Agency, I presume nothing will be done in this matter at present.

H. C. Ross

Sir,

I have to acknowledge the receipt of your letter of the 13th ultimo enclosing a report from Mr Agent Devlin relative to the necessity for the establishment of schools on the Douglas, Skookum Chuck, Sam ah Quam, Komalko, Klahoose, Sechelt, Sliammon and Pemberton Meadows Reserves.

In reply I am directed to say that at present nothing can be done in the matter of establishing schools for the above mentioned bands.

Your obedient servant,

(sgd) J. D. McLean

Secretary

Sir,

should be remedied and that without
delay. as from one end of this Agency
to the other the Indians are complaining
on account of no schools for their children.
As you are aware most of the Indians
of this Agency are Roman Catholics
and cannot avail themselves of
Squamish Institute, or All Hallows
Hall. That they have a tangible grievance
is beyond question and this grievance
should be remedied. Mr. Hayter Reed
several years ago promised the Squamish
Indians that a school would be provided
for their children. even wrote to them that
a sum would be placed in the estimates
that year for a school. but nothing came
of it. On many occasions about four years ago
while the Governor General Lord Aberdeen was
visiting Squamish Mission, a deputation of the
Indians presented him with an address of
welcome and requested him to use his influence
to get a school for their children. pointing
out to him that Governor Seymour promised
them schools for their children but that that
promise had not been kept. I would strongly
urge that two schools be provided. One at
Pemberton Meadows which would accommodate
fifty pupils and one at a convenient

Sir,

I have the honor to report for your information that a few days ago I had a visit from Chief Jack of Sechelt who informed me that the Sechelt Indians were feeling very much dissatisfied at the manner in which the Indian Department were treating them re Schools for the education of their children. He pointed out to me that they had a large number of Boys and Girls of School age (10-15) who are growing up in ignorance and without getting any opportunity of acquiring an education. The Chief asked me whose fault this was. He says it is not the fault of the Indians as they are all good and all anxious to send their children to School and give them an education. I promised Jack I would write you on the subject and would let him know result when I heard from you. All the Indians residing on the Coast including Homalco, Mookoose, Shammou, and Squamish are in a similar situation to the Sechelt Indians as far as educational facilities are concerned. As are also the Indians of Douglas Mootum-Chuck Samahquam and Temucton Meadows not one of whom are at School and no School for them to go to. This matter should

Department of Indian Affairs,

OTTAWA, 6th December, 1899

The Secretary:-

Mr Supt. Vowell forwards a communication from Mr Agent Devlin, in which he renews the application made this time last year for the establishment of schools for the Indians of Douglas, Skookum-chuck, Sam-ah-quam, Homalko, Klahoose, Sechelt, Sliammon and Pemberton Meadows reserves. The census shows that all these Indians are Roman Catholics and there are said to be about 450 children of school age, with only one boarding school at the Mission, with provision for 60 pupils.

Last year Mr Vowell was informed that nothing could then be done towards establishing a school for the above mentioned Indians.

On another file herewith (122,050) there is a memorandum addressed by Mr McKenna to the Minister in reference to the application for a boarding school at Squamish, which deals fully with the claims of the Roman Catholics for the establishment of a boarding school on the Lower Fraser.

If it is decided to meet the wishes of these Indians in any way, provision will have to be made in the estimates.

an annual expenditure of \$3000.00 each for maintenance alone. Buildings would also have to be provided which could not be put up for less than \$5000 each. and equipment and incidentals would bring the total cost of this application, if granted, up to \$30,000.

See Fyle 122,050.

Although there are a number of Roman Catholic Indian children in the District referred to, I think if a boarding school were opened at Squamish, it would meet the present requirements and would necessitate an expenditure in the neighborhood of \$10,000 for buildings equipment and maintenance.

Mr Devlin expressly stated in his first application that day schools would be of no use in the districts referred to and that boarding schools were the kind required.

School supported by the Government. That these Indians have a grievance and a tangible one is beyond question. There were 31 children of school age at Seckelt when taking the Census last year. On my last visit I find 11 more children have attained school age making a total of 42 children of school age on the reserve at present. Not one of whom can either read, write, or speak English. There should be an end put to this state of things and school accommodation provided for all children of school age in this Agency.

I have no better suggestion to offer than that suggested in my letter of 25. November 1899. viz one school for the Coast Indians, which would include Seckelt, Shiammon, Hornalxo, and Klahoos Bands. A building with accommodation for about 80 pupils would in my opinion be sufficient as there are always a number of children physically unfit for school. And another school with accommodation for about 60 pupils which would serve for the Indians of Pemberton Meadows, Samah-quam, Skookum Chucks, and Douglas Bands. Provision should be made to start one of these schools this coming Spring, and the other next year. If this is done it will remove the cause for a lot of ill feeling at present existing among these Indians.

Sir

When visiting Sechelt on 14th Ultimo the Indians complained strongly of their neglect by the Government in not providing them with a School for the education of their children. They consider that I am to blame in not pressing their claims on the Indian Department for a School. I assured them I had nothing whatever to do with it, that the Department was well aware they had no School. That I had myself drawn your attention to it. (See my letter 23 November 1899.) and that I had felt certain you had placed the matter before the Dept. for its consideration. They then proposed that I write and request the Department to draw from their money to their credit for rent of Slate Quarry, a sufficient sum to cover expenses and to purchase transportation for two of their number, who would proceed to Ottawa to press their claims on the Dept. for a School adding that they would not leave Ottawa until they got what they went for. I told them I could not recommend that any money to their credit for rent of Slate Quarry, be used for this purpose. I promised them I would place their grievance before you and that they could rest assured, the best possible would be done for them. They informed me they had been told by white men in Vancouver if they were Methodists they would have been provided with a School long since, and pointed to Chilliwack where there were only a small number of Methodist Indians altogether yet they had a magnificent School.

Sir:-

SCHOOLS:
NOV 26 1901

I have the honor to submit for your information and consideration a letter dated the 14th instant this day received from Mr. Agent Devlin of the Fraser Agency relative to a complaint made to him by the Sechelt Indians of the entire absence of educational facilities for their children; and expressing the hope that the Department may see its way clear to the establishment of a boarding school for the Indian bands of that neighborhood, and another for the children of the aborigines of the Pemberton Meadows locality. I have reason for believing that the Sechelt and neighboring Indians are earnest in their request for the advancement of their children and would therefore recommend that the application made on their behalf by the Agent be seriously considered, in order that a boarding establishment for the large number of children of the district may be opened as soon as possible. This is the subject that was brought to the Department's notice under cover of my letter of the 27th of November 1899^{263. d.} and your communication to me of the 9th of December of the same year

The Secretary

1008-004

Department of Indian Affairs,
OTTAWA, 4th December, 1901:-

The Secretary:-

Mr Supt. Vowell forwards a letter from Agent Devlin who states that the Sechelt Indians complain that they are not provided with a school for their children and suggests the opening of a boarding school for the Indian bands in that neighborhood and another for the children of the natives of the Pemberton Meadows locality. Agent Devlin states that there are 42 children of school age resident at present on the Sechelt reserve, not one of whom can read, write or speak English. Mr Supt. Vowell recommends the application made by the Agent on behalf of these Indians to the serious consideration of the Department in order that a boarding establishment for the large number of children in the district may be opened as soon as possible.

The principal reserve of the Sechelt Indians is situated on a reserve of that name, which I have shown on a rough sketch herewith. There are 234 Indians in the band with a school population of 42 as above stated. They are all said to have comfortable dwellings and are industrious and well behaved. Their principal resources are fishing, hunting and hand-logging with a little gardening.

It seems to me that if a day school were opened on this reserve it would afford all the educational facilities required. These Indians are all Roman Catholics and are ministered to by Rev. Father

Program indicated in final R.C. Indian not for boarding schools of Pemberton Meadows

*Mr. Supt. Vowell
I think a day school will meet the necessities of these Indians*

Chirouse, who has put up a fine church, which is shown in the ~~Passion Play held last summer~~, photographs of ~~the Passion Play~~ which were sent you by Mr Agent Devlin. A very interesting account of this Passion Play is given in the Christmas number of the Metropolitan Magazine, a copy of which is in the Department.

Applications for boarding schools in British Columbia are becoming very numerous but I fail to see why they are considered necessary there as the Coast Indians especially are all well-to-do and able to provide for their children, and to teach them while they are young the pursuits they will have to follow in order to obtain a livelihood in after life. Of course assistance should be given them in the matter of education but I would not advise its going any further than provision for day schools, as it would be quite possible to increase the existing accommodation at Industrial and Boarding ~~could easily be increased~~, if necessary.

The want of a knowledge of English is not so great as might appear as all the Indians of this locality speak Chinook, which is understood by all residents on the Coast.

Schools

To the Honorable Mr. Sifton
Chief of the Indian Affairs
in Ottawa

Honorable Sir

I will make use of this little schooling
I received at the school of the Father of St. Mary's
mission. to let you know what we want. we have
a great number of children who ought to go to
school but they cannot go because we have no school.
we have over seventy children who are old
Enough -

now we come to ask you to help us to have a
school. if you will you can help us right away.
First help us to build our school house where our
children can be looked after. as we have to go
far away from our village to make our living our
children ought to be kept at a boarding school
while we have to go to our work - we are sometimes
four and five months away.

then we would like that the government
would give what is given elsewhere for boarding
our children at school.

We have the promise of our bishop who has already
done much for us to get sisters to look after our
children at the school our children are growing
up and they do not learn anything.

it is too bad - but what can we do if the government does not help us. Long ago the Government who came here. Governors Douglas and Seymour told the Indians of this country to be quiet and not make trouble because their Land was taken away. They give their word coming from the queen that the Indians would be well treated. that they would get tools, seed, medicine and doctors help and especially school in exchange for their land. now, we have a right to a school, if the government does not wish to give us a school then give us back our land and we will get our school. we write you this now, because we know that you are the principle Chief of the Indian Department in the Government of Canada, can help us - we have good hope in you and we expect that you will help us now, we know that the King has a Governor in Ottawa but we will not write to him now, we will wait help from you first - another Governor from Ottawa who came here once, Governor Dufferin said that the Indian of British Columbia, have not been given their right yet, they never got any thing for their Land - that is true to day. now we think that the Government ought to something for us right away, we hear that

Dept. of Indian Affairs,

Ottawa, 12th March, 1903.

Memorandum :-

*Not at present
Mar 13/03*

Chief Julius of the Sechelt Band, B. C., writes under date of the 1st inst., applying for the establishment of a boarding-school on the Reserve. A similar application was received in November, 1891, from Mr. Agent Devlin through Superintendent Vowell, and I consider that the memorandum I then prepared covers the ground. The Minister decided that no action was then necessary.

There are two Roman Catholic Boarding-schools to which their children could be sent provided there was room for them, and, rather than open another boarding-school, I think it would be better to provide for more pupils at these boarding-schools if it was deemed necessary to secure boarding-school accommodation for some of the Sechelt children. As they are wholly without educational facilities, I think that a day-school might be allowed them.

My previous memorandum is turned out on this file.

Ind. Affairs
Sir

I am in receipt of your letter of 14th of March in answer to my letter to Mr. Difton asking for a school for my people at Seachelt. Your answer is not what I expected. I felt sure we would get a school. For twenty years we have been trying to get a school. We first applied to Doctor Powell then to old Mack our old agent, then to Mr. Devlin; always got the same story, nothing

can be Done for the present.
I would like to ask how many
more years are we to get those
answers? Please tell Mr. Diftou
we must have the school
ere we would write to the
Governor General and let
them know how we Seachelt
Indian have being treated.
So hope we would not have
to do this.

249250

Sir;

I have the honor to enclose herewith for the consideration of the Department, letter dated 24th instant No. 608/1 from Mr. Agent McDonald, Fraser Agency, together with an application signed by a majority of the male members of the Sechelt band of Indians asking Departmental aid in the sum of \$93.75 for drain pipe to be used in connection with the splendid new school building which they have recently erected on their reserve, and which in view of the fact that the Indians have built such a creditable structure for school purposes, at no small expense I would recommend their application to the most favorable consideration of the Department.

As regards the further expenditure of \$1,000.00 for furnishings for the school, the Agent has been informed that until a detailed description of the furniture together with the cost is received the Department would not likely take the application into its consideration, and he has been asked to forward the same as soon as it is possible to do so.

I have the honor to be,

Sir,

Your Obedient Servant,

Indian Superintendent, B. C.

The Secretary,

Dept. of Indian Affairs,

Sir:-

78.75
15.00
93.75

I have the honor to enclose herewith an application, in duplicate, signed by a majority of the male members of the Sechelt band of Indians, of the full age of twenty one years, in which they ask the Department to purchase for them, 225 feet of six inch drain pipe - cost \$78.75 and freight \$15.00 from Vancouver to Sechelt. This pipe they wish to use in connection with sewerage system for their School. They also ask for authority to expend the sum of \$1000.00, in the purchase of furniture for the same institution. A detailed list of the furniture required cannot be given at present as the Sisters who are to have charge of the School have not yet arrived here, and as they are the best judges of suitable furnishings it is thought best to leave the selecting in their hands. If authority is given for these purchases the whole amount is to be deducted from funds deposited to their credit with the Department. As these Indians are making great efforts to open their School as soon as possible, and are unable themselves to purchase the furniture and drain pipe I would recommend their application to the favourable consideration of the Department.

I have the honor to be,

Sir,

Yours obedient servant,
R. M. Donald,

Sechelt Indian Reserve.
Sept. 19th 1903.
249250

At a meeting of the male members of the Sechelt band of Indians held at Sechelt this 19th day of September 1903, it was moved by Chief Jules and seconded by Chief George: that we the undersigned, being a majority of the male members of the Sechelt band of Indians, of the full age of twenty one years, do hereby most respectfully ask the Indian Department to purchase for us two hundred and twenty five feet of six inch drain pipe, and also to expend the sum of \$1000.00 in the purchase of furniture for our school, the drain pipe to be used in connection with sewerage system for the same institution. The whole amount to be deducted from funds deposited to our credit with the Department.

Our school is now nearing completion, and as we have devoted all our energies during the past six months in endeavoring to earn money with which to pay the building Contractor, we are consequently unable to purchase the necessary furniture ourselves-

OTTAWA, 10th February, 1904

each

The Deputy Superintendent General:-

In further reference to the application of the Sechelt Band of Indians for permission to expend the sum of \$1,000.00 from their funds in the purchase of furnishings for their new school building, I beg to say that a detailed list of the articles required has been forwarded by Mr Agent McDonald to the Department through Mr Supt. Vowell amounting to \$1016.36. A resolution was passed by a majority of the male members of the Band for the expenditure of \$1000.00 for this purpose on the 19th Sept. last and is turned out herewith. These Indians have a sufficient amount to their credit to meet this outlay and they have put up a school building themselves at a cost of about \$7000.00. The Department was not consulted on this subject, although applications had previously been received for the establishment of a boarding school on that reserve, which were endorsed by Mr Devlin, the late Agent and Mr Vowell.

The last time this matter was before the Minister was in December 1901, when he decided that no action could be taken and Mr Vowell was so informed. Two communications were subsequently received from the Chief demanding the establishment of a boarding school, but he was informed that the Department could not accede to his request. The Indians, as I said

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

before, have built the school, which is to be placed in charge of the Roman Catholic Sisters, and the expenditure they now wish to make out of their funds will equip it for 50 pupils.

The Department has never recognized this school in any way and no provision has been made for its maintenance. It is now completed, however, and will be ready for occupation when furnished and the Department will no doubt be expected to give it the usual support granted to boarding schools. It would appear that whoever is at the back of this movement is desirous of forcing the hand of the Department into recognizing this school. The Band has the requisite funds to its credit and claims the right to spend it in equipment. If the Department authorizes this outlay, it will be tantamount to recognizing the school.

Thos. Benson

MEMORANDUM:

Deputy Superintendent General.

Money in the Sechelt account is available for expenditure on furnishings for their school and as the whole amount is interest, it will not be necessary to obtain an Order-in-Council. I think the funds might properly be used for this purpose. No application from any source has been received asking for a grant in support of this school and I do not observe any information as to how the maintenance of the school is to be carried on. Perhaps Mr. Vowell might enlighten us upon this point and when writing him it might be stated that the Department is not disposed to assume the expenses maintaining the Institution.

OTTAWA, 29th February, 1904

Sir,

Referring to your letter of the 24th December last, relative to the application of the Sechelt Indians for permission to expend the sum of \$1000.00 from the trust funds at their credit for the purpose of purchasing furnishings for their new school building, I beg to say that you are hereby authorized to sanction the purchase of the furnishings set forth in the detailed list which accompanied your letter above referred to.

Now that this school is built and provision made for its equipment the Department would like to know how it is proposed to maintain it as no provision has been made for this purpose, not has any application ever been made, and the Department is not disposed to assume any liability in connection with the maintenance or management of this school.

Sechelt, B.C. December 25 1903,
To the Honorable Clifford Sifton, M.P.
Superintendent General of Indian Affairs,
Ottawa.

Honorable Sir;

We, the undersigned chiefs and Indians of the Sechelt tribe come to lay before you our needs in the matter of the education of our children and to beg you to grant our requests.

We have often before asked of the Government through our agent that we should be given a school for we saw our children growing up around us without any learning. Our children don't know how to speak or write the English language.

Last Spring we wrote directly to yourself; but so far we have had only refusals.

This is very hard to bear, for we think of all the things we have had to lose since the white men came and we were forced to give up all but a few small strips of our lands.

The Governors sent out by the Queen always promised that we would have some return for what we gave up, that we would be helped in many ways. We were told that we would have schools; but up to now the promises have been vain. Yet we believe that we have a good right to get help from the Government.

To show the Government that we mean what we say we all combined last spring to get enough from our labor to have a school house put up.

We

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

256050

-2-

We were lucky enough to get a merchant from here, Mr. Whittaker, to take the logs we would cut and in exchange he built the school house we wanted.

We don't know how we shall get through if the Government does not help us at once. We need help to complete and furnish the building and we need a grant for boarding our children once at school.

There will be room for fifty children boys and girls. We must have a school wherein our children can be boarded, for, as we have to go pretty far away from our village to make our living, our children must be kept at school while we are away.

As we are all Catholics we love our religion and we wish to have our children trained under Catholic sisters. Our Bishop has gone to great trouble to secure good teachers for us and they are now waiting for the school to be finished with your help.

We pray and hope that you, who understand our needs will hear us and grant our request at once. You may be sure that we will be thankful and that we shall make a good use of what shall be given us to maintain our school.

We remain very humbly

Your wards of the Sechelt tribe.

Sechelt B.C.

December 25, 1903.

Mr. R. C. McDonald
Indian Agent,
New Westminster.

Dear Sir;

We beg leave to send you our petition to the Honorable Mr. Sifton, in which we ask again that the Government help us for our school and that they give us a grant to board fifty children in the school which we have built.

We respectfully ask you to speak strongly to the Government for you know how hard we have been working for what we ask. The Government has placed you over us to study our needs and to report. Well, then, as you have seen for yourself you can better explain than we can what we need.

We hope a great deal from your words in our favor.

We remain yours very humbly

the chiefs and members of the Sechelt
tribe.

New Westminster, B.C., Dec. 31st 1903.

Sir,

I have the honor to enclose herewith a petition from the Sechelt Indians, dated the 25th instant and addressed to the Hon. Clifford Sifton, Superintendent General of Indian Affairs, Ottawa, in which they ask the Department to assist them in paying for the erection of their School building, and also an annual grant for the maintenance of the same.

I also enclose a letter from these Indians in which they request me to lay their petition before the Department and explain their wants. The petitioners are erecting a large School building on their reserve at Sechelt, which will cost in the neighborhood of \$7000.00, with accommodation for about fifty pupils. And although they have been working hard, and to a certain extent neglecting their families, in order to help on the School, yet the payment of such a large sum is discouraging to them.

In view of the earnest desire of these people to have their children educated and the great

Sir:-

I have the honor to acknowledge the receipt of your letter of the 14th instant, No. H. 4, 588, and previous correspondence on the subject of the application made by the Seckelt band of Indians, dated the 25th December last and forwarded from this office under covering letter dated the 31st of the same month, in which they asked for assistance from the Department towards paying for the erection of their School as well as an annual grant for the maintenance of same.

In reply I regret to say that I had been unable until my recent visit to Seckelt to obtain an account of the expenditures and estimates of the cost of completing this School, which accounts are enclosed herewith in duplicate, showing that the sum of \$6306.95 had been expended up to the 29th ult. and that the estimated cost of completing the building is \$2132.00, making a total cost of \$8438.95, of which the Indians have already paid \$2798.05.

256050

When these Indians in the early part of last Spring entered into arrangements with Mr Whitaker, of Sechell, for the erection of the School, logs, with which they agreed to pay him, were in great demand and very high in price, but unfortunately by the time they had their logs ready for sale the price had dropped nearly fifty per cent, and to this cause they attribute their inability to pay the whole cost of the building. They ask that the Department will kindly assist them to the extent of \$2500.00 in paying for the building as well as the usual annual allowance for boarding Schools with fifty pupils -

If the Department can see its way clear to granting their request it will be a great encouragement to them.

I may add that the work on the School building so far, has been done in a workmanlike and satisfactory manner, and the material used has all been of the best quality.

I have the honor to be

Sir,-

With reference to your letter of the 29th ultimo authorizing an expenditure of \$1000.00 from the trust funds at the credit of the Sechelt band of Indians for the purpose of purchasing furnishings for their new school building, I have the honor to enclose herewith for the information of the Department a letter, dated the 16th instant, No. 533/2, to-day received from Mr. Agent McDonald, Fraser Agency, covering a statement of the actual expenditure on the structure up to and including the date of rendering the same - the 29th of last month. The Agent's letter of the 31st of December last, No. 225/2, and enclosures, referred to was not at the time forwarded to the Department in consequence of its lack of details which are now supplied by letter of recent date. The Agent remarks in his communication of the 16th instant that he was unable to obtain an account of the expenditure on the building until his recent visit to Sechelt, hence the lapse of time between the date of his first letter (Dec. 31st last) and the one received this morning. A copy of the plan of the building is also being forwarded to the Department under cover of this letter

Frank Pedley, Esqre.,

Having recently visited Leech Lake
letter as well as a copy of the specifications. I can endorse
and examine the building etc.
all the statements made by the Agent in reference to the build-

ing and the energy and skill displayed by the Indians in its
erection and making provision for indebtedness incurred in
connection therewith but owing to unforeseen circumstances
referred to in reference particularly to the decline in the
price offered for logs the band finds itself unable to meet
the whole cost of the building. They, therefore, ask that
the Department assist them to the extent of \$2500.00 in pay-
ing for the building as well as the usual annual per capita
allowance for fifty pupils and, if possible, I would strongly

they are in every way deserving of the assistance asked.

I may add that the Indians intend to get to-
gether another boom of timber for sale and can be depended
upon to exert themselves in every reasonable direction to -
wards extinguishing the debt incurred by reason of the con-
struction of the building.

I have the honor to be

OTTAWA, 28th March, 1904:-

The Deputy Superintendent General:-

Mr Supt. Vowell forwards a petition from the Sechelt Indians asking for a grant of \$2500.00 to assist them in paying for the new school they have erected on their reserve, and the usual ~~per~~ capita grant allowed to boarding schools for 50 pupils. Plans and specifications of the building are also forwarded, together with a statement of the actual expenditure incurred so far. A letter from the local Agent covering these documents is also enclosed from which you will see that the total cost of the building, when completed, will amount to \$8,438.95, of which the Indians have already paid \$2,798.05. They were allowed to spend \$1,000.00 from their capital for furnishing and they claim to be able to make up the balance if they receive the assistance asked for.

In this connection I beg to refer you to my memorandum of the 10th ulto. in which I pointed out that whoever was promoting this enterprise would be sure to look to the Department for help to carry it ~~we~~ out. The school has been built without consulting the Department which advised the chief of the band ~~that~~ in April last, that it was not prepared to establish a school there at present. Notwithstanding this notice they have gone on and incurred liabilities and now look to the Department to help them out of the

hole.

I think it is about time some action should be taken, once and for all, to convince the churches that are forcing the Department's hand, that it will not be held up for money to cover unauthorized expenditure.

The Department has the right to decide where schools are to be established and of what class, and it is not for priest or parson to dictate on this point.

Canadian Pacific Railway Company's Telegraph

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates. In addition to the usual charges for repeating messages, viz.:—One per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance. This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender, and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages unless the same be claimed in writing, within sixty days after receipt of the telegram for transmission. No employee of the Company shall vary the foregoing.

NEW WESTMINSTER, B.C.,

March 25, 1904,

256400

Mr. P. Sifton
To the Honorable CLIFFORD SIFTON,

Schultz
Superintendent General of Indian Affairs, Ottawa, Can.,

HONORABLE SIR:

Some time ago the Indians of the Sechelt tribe, who live about fifty miles up the coast, north of Vancouver city, sent you a petition to the effect that you would give them an annual grant for a Boarding School as well a grant to help them to finish the school building which they have themselves erected on their reserve.

In this petition they have told you what they have done towards the long deferred realization of a wish to have a school on their reserve.

Now they have requested me to assist them in obtaining what they have asked for in their petition.

Even should they not have asked me to plead with them I feel prompted to do all I can for them for the reason that I, as their bishop, take a hearty interest in their progress, and because I am convinced that the Boarding School, for which they have ^{asked} a grant, will be of great benefit to them.

Now these Indians deserve that the Government should not defer any longer to grant them what they ask.

Apart from their constant docility and submission to the laws of the country and their admirable efforts to become virtuous citizens of this Dominion, for which the Department should have regard, these Indians have shown in a most practical manner that their wish to improve by education is no mere pretense. They have set with a will to erect a school building for which they have partly paid by their industry.

No better encouragement could be given by the Government to these people than by coming to their assistance at once and enabling them to finish their undertaking. You, Honorable Sir, who have their advancement so much at heart, can appreciate their energy and perseverance in the work which they have done so far, because these qualities are precisely those which need most to be developed in the natives.

POOR COPY

For my part I have ,from the beginning of their undertaking ,promised to do my share to help them. I have secured a good staff of Sisters who are prepared to teach the schoolbranches and the various industries. I shall also give every other assistance that I am able to give to place the School on a good footing,as soon as the Government shall have given the needed cooperation for the completion of the enterprise.

I trust,therefore,that ,for the reasons given ~~z~~ above and for others which are clear to you,who have such a wide experience with the Indians, you will grant the requests contained in the petition of the Sechelt Indians.

Both Mr. Vowell,the Superintendent for Bri. Col. and Mr. Mc Donald, the Agent for New Westminster District,have visited the new premises erected at Sechelt . They find that the building will comfortably accomodate the number of children for which a per capita grant is asked,namely fifty.

Mr Vowell must have forwarded to the Department the plans and specifications of the school building ,towards the finishing of which the Government ought to allow a grant of at least 2500 Dollars,which sum represents about one fourth of the whole cost.

As on previous occasions,when I had the opportunity to lay before you the needs of our Indians,I found you ready to support our efforts towards their advancement, I hope to have the satisfaction to learn that in this ^{you} case shall grant the requests of your petitioners ,in whose behalf I have the honor to address you to day, and that the grants asked for will be placed on the list of estimates which shall be voted ~~this session~~ during the present session of Parliament.

- I have the honorto be ,

Honorable and dear Sir,

Your humble servant,

A. Duntwill .o.m.i.

Roman Cath, Bishop of New Westminster.

Sir;

I have the honor to acknowledge the receipt of your telegram of today's date which reads as follows:-

" A.W.Vowell
" Indian Office Victoria.
" If one thousand dollars for furnishing Sechelt
" school not already authorized by you await instruc-
" tions.
" Ottawa Ont.
March 30 1904
(sgd) Frank Pedley."

1:45 p.m.

In reply I beg to state that your letter dated the 28th of February last was received at this office on the 10th instant and on the same day Mr. Indian Agent McDonald was informed that the Department had authorized me to sanction the purchase of the furnishings referred to.

As Mr. McDonald has spent considerable time away from his office during the present month it may be possible that he has not yet written to the principal of the school informing him of the authority received from the Department.

It was therefore deemed advisable to notify Mr. McDonald this afternoon by wire, immediately on receipt of your telegram, to defer writing to the school management in case he has not yet done so, however, I think it more than likely that he had placed himself in communication with the principal authorizing the expenditure of the sum of \$1000 for the required furnishings.

after his return from Chilliwack where he repaired about the 10th or 11th instant.

I have the honor to be,

Sir,

OTTAWA, 12th April, 1904:-

The Deputy Superintendent General:-

Mr Supt. Vowell writes under date of the 2nd instant stating that Agent McDonald had authorized the purchase of beds, desks and chairs for the Sechelt boarding school, which by the detailed list of furnishings sent the Dept. on the 24th Dec. last would amount to \$601.90 out of the \$1000.00 the Indians wish to take from their funds for the purchase of furnishings for this school, and adds that the balance of the furnishings have not yet been authorized and that the Agent will await further instructions in connection therewith.

~~On the 30th ulto the Superintendent writes~~

On the 25th ulto. His Lordship the Bishop of New Westminster wrote to the Superintendent General applying for a grant of \$2,500.00 to assist in paying for the building of this school on which the Indians have already expended \$2,798.05 of their own money, and also for a per capita grant of \$60.00 for each of 50 pupils. The Bishop urges the claim of these Indians for the recognition of their school, which application is also endorsed by Agent McDonald and Supt. Vowell in a communication received from the Victoria Office.

This school was undertaken without consulting the Department and I beg to refer you to my memo. of 28th ulto turned out on this file.

Memorandum:

Deputy Superintendent General.

*Acct
Subd
Est for*

I beg to say that it appears to me necessary to come to a definite decision in regard to the manner in which the Department will deal with the Sechelt Boarding School, in the Fraser River Agency. If it is decided to afford assistance to the Institution provision for the same will have to be made in the Supplementary Estimates. The case is as follows:-

In 1899 the Sechelt Indians applied to the Department for educational facilities for their children. They were informed that the Department could not then accede to their request. They renewed their application from time to time, but the Department did not consider it advisable to establish a school. Finally, without authority from the Department they undertook the erection of a school building. In March last Mr Agent McDonald submitted, through Supt. Vowell, accounts shewing that \$6306.95 had been expended on the building, and stated that the estimated cost of completing the building ^{to \$2132.00 making a total cost of} was \$8438.95, of which the Indians have already paid \$2798.05. It appears that the Indians proposed defraying the cost of erection by the sale of logs but after they had made their arrangements and the work had begun, the price of logs dropped nearly 50%. They now find themselves unable to complete the building without assistance. Owing to the logs having deteriorated in price they attribute their inability to complete the building themselves and they now ask the Department to assist them to the extent of \$2,500.00 in paying for the structure. While the building was in course of construction the Department was asked to pay \$270.00 from Band funds of the Sechelt Indians towards the purchase of ^agalvanized iron water pipe and also to authorize an expenditure of \$93.75 for a drain pipe in connection with the building. The necessary authority was granted in both cases. Authority was also asked for the expenditure

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

expenditure of \$1,000.00 from Band funds for furnishings for the school building. Outlay for this purpose up to \$601.90 was allowed. The Agent has been told that he must await further instructions before incurring expenditure for this purpose up to \$1,000.00.

The building has accomodation for 50 pupils and the Department is now asked in addition to the above to furnish a per capita grant of \$60.00 for each of 50 pupils.

I think the Indians are entitled to sympathy for the position in which they find themselves. The efforts which they have made to provide themselves with a boarding school are laudable, but they have undertaken more than they could possibly carry out. I am convinced that they must have been advised towards this course probably by the resident Priest: so that no matter how great sympathy be extended to them, the position resolves itself into this:- ~~in~~ the hand of the Department has been forced by the ecclesiastical authorities ^{this} ~~it~~ certainly should not be permitted. The educational policy of the Department and the right to establish or dis-continue schools must reside with the Department, and the most dangerous precedent which we could establish is the present that we should finally become responsible for the boarding school which we time and again refused to sanction.

Department of Indian Affairs.

OTTAWA, 29th November 04

The Deputy Superintendent General:-

In further reference to the new boarding school built on the Sechelt reserve, I beg to say that the estimated cost of this building was placed at \$8,438.95 towards the erection of which the Indians had contributed \$2,798.05. This contribution was personally made by individual Indians, and out of the Band funds \$1347.35 was contributed for water supply drainage, and furnishings.

The balance of the funds remaining to the credit of this Band at present amounts to only about \$300.00 and if the building has been completed according to the estimate, there would be about \$5,500.00 required.

In March last these Indians petitioned the Department for a grant of \$2,500.00 to assist them in paying for the building, and also the usual per capita grant for 50 pupils. No grant has been provided for this school and if it is in operation, the Department is not aware of the fact, as it has had no returns.

OTTAWA, 19th January, 1905

copy

The Deputy Superintendent General:-

Mr School Inspector Green has reported on the Sechelt boarding school, which was opened in July last and has an enrollment of 46 pupils. He reports very favorably on the school, which is conducted by the Roman Catholics. The building was put up at a cost of nearly \$10,000 towards which the Indians have paid over \$3000.00, -the balance is still due. As the school is not receiving any per capita grant at present, and is being carried on on credit, a large deficit will be piled up before they can receive any Government aid. Provision is made in the estimates for next fiscal year for 50 pupils at \$60 per capita and \$2500.00 towards the building. This will not be available until the 1st July next.

agreed

The school was built without obtaining the authority of or consulting the Department and starts with a debit balance in the neighborhood of \$5000.00, even allowing for the \$2500.00 which is not yet available. Before any grant, either for maintenance or buildings, is paid over to this school, a clear understanding should be arrived at with the Church that ~~the~~ the Department, not being a party to this deficit, is in no way responsible or liable. It would be better to settle this matter definitely before any money changes hands.

Marshall Brison

Smith
Sir:-

*****When at Seshelt, on the 27th instant in company with Mr. Green, I inspected the Seshelt Boarding School which was opened about six months ago. The school building is an excellent one costing in the neighbourhood of \$10,000.00 and has accommodation for fifty pupils. There are now 46 pupils on the roll, all belonging to the Seshelt band. It is feared that this school will have to be closed unless the assistance asked from the Department is granted. There is a debt of about \$7,000.00 on the building and the payment of this large sum together with the cost of maintenance is more than the Indians can accomplish and at the same time support their families. Since the opening of this Institution considerable liabilities have been incurred for maintenance in addition to what the Indians were able to give; and as there are no funds to meet these obligations, it will be impossible for them to continue buying on credit.

OTTAWA, March 3rd-----1905.

Sir:

In reply to your letter of the 31st. of December dealing with the Sechelt Boarding School, I have to inform you that the Department has included in the main estimates an item of \$2,500 to assist in erecting the school and a grant of \$3,000 for 50 pupils at \$60 each. These sums will probably become available on the 1st. July, but the Department cannot be responsible for any debts incurred by the Institution before that date and cannot be expected to pay a deficit at any time.

Your obedient servant,

FRANK PEDLEY

Deputy Sup't. General of
Indian Affairs.

February 28, 1905 —

W. Sloan, Esq. — M.P.
House of Commons —

Sir:

I have the honor to write to you on a subject which interests a part of your constituency —

A year ago the Indians of Sechelt, B.C., made an appeal to the Government for aid towards their school, which they had built on their reserve and for a per capita grant for 50 children at boarding school rates —

The efforts which these Indians made in building this school, deserve to be acknowledged by the Government and the best way to acknowledge them is to allow ^{at once} the necessary per capita grant to enable them to keep their children at school —

The Inspector of Indian Schools for B.C. has been on the spot and has seen for himself that the Indians have done good work and that ~~we~~, on the other hand, have done our share towards making this new school as efficient as possible by supplying an excellent staff of teachers and directors —

The Superintendent and the Indian Agent have also

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

271625

visited the new institution, and they can testify that
work has ever been more deserving of the Department's
encouragement than this school —

It lies now with the Government to complete this
work by granting the per capita allowance asked for
by the Indians for the stated number of children —

I trust that you, Sir, will press this matter
so forcibly to the attention of the Honorable the
Superintendent General of Indian Affairs that you
will obtain that the required amount of the per capita
grant for the new Sechelt Indian Boarding School be
placed on the estimates for the coming year —

Thanking you in advance for the efficient cooperation
in this matter I pray you to consider me

Your humble servant

Aug. Duntrewill, O. M. S.

Dear Sir,-

I enclose you a communication from
Aug. Dontenwill, Roman Catholic Bishop of the
Diocese of New Westminster, B.C.

His Lordship requests that provision
be made for a per capita grant for fifty children
at the Sechelt Boarding School. I might state
that the late Minister of the Interior expressed
a favourable consideration of this request when
interviewed by his Lordship upon this matter,
and this letter from his Lordship is the result of
that interview.

Trusting this will receive ^{your} favourable
consideration, believe me,

Yours faithfully,

Frank Pedley, Esq.,

Deputy Supt. General of Indian Affairs,

Ottawa.

Sir,

I have to acknowledge the receipt of your letter of the 2nd instant enclosing a communication from His Lordship, the Roman Catholic Bishop of New Westminster asking that provision be made for 50 children at the Sechelt boarding school mahsek.

In reply I beg to say that the Department has made provision in the main estimates for next year for an item of \$2,500.00 to assist in paying for the erection of this school and \$3,000.00 for the maintenance of 50 pupils at the usual per capita grant of \$60.00. These amounts will, if passed by Parliament, be available after the 1st July next.

Dear Sir:

I have the honor to acknowledge the receipt of your letter of the 23rd ulto., inclosing a copy of the Indian Superintendent's letter expressing the sympathy of the Department over the loss of the Skeelt Indian Church by fire.

I am thankful to the Department for the share they take in the misfortune and I take this opportunity to suggest that you would urge upon the Superintendent the necessity of appealing to the Department for some aid, not for the church, but for the school building.

You are aware that there is still a debt of \$5000⁰⁰ weighing on that building. Had this catastrophe, caused by the fire, not occurred the Indians would have been able to clear the debt off the school. But the complete loss by fire of their church with no insurance whatever has completely paralysed the poor people. They would take heart if they could soon turn their efforts towards rebuilding what they have lost.

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

You know how important the church was for them. It was their pride, their consolation. They never gathered in their church but they came forth better men and more determined to improve. Truly, it is to their church that we must principally attribute the good that was done amongst them.

Well, it is ^{only} by the rebuilding of that church in this village that the good work, which has been accomplished in the past, will be preserved and increased.

The Government cannot be indifferent to the spiritual welfare of its wards; nay, it is just to say, that the Canadian Government aims to make the Indians good and seeks occasions to carry out its intentions.

Here then, is an occasion to do so, by lessening the burden weighing on the poor people on account of their heavy debt on the school building. Let the Government grant at least \$2000 towards the school debt and the Indians will take heart again. They will renew their efforts to clear off the balance that would still remain, and then ^{they will} turn their energies towards the rebuilding of their church.

Trusting that you will use your influence to induce the Department to receive favorably the petition for help, which the Indians have already forwarded to the Honorable Superintendent General,

I have the honor to remain,

Yours very sincerely

A. Douthett vms
R. C. Bp. New Westminster

289400

Indian Office, New Westminster, B.C.,

March 12th, 1906.

392/6

Sir:-

I have the honor to enclose herewith a letter, dated the 9th instant, in duplicate, received from the Right Reverend Bishop Dentenwill of New Westminster, B.C., asking, on behalf of the Sechlet Indians, a grant of \$2000.00 to assist in paying off the debt on their school building.

On the 14th of January last, the Sechelt Church was destroyed by fire, and as there still remains a debt of about \$5000.00 on their school building, the payment of which, together with the expense of rebuilding their church, will be a heavy burden on them, and, in fact, it is feared that they may loose heart and abandon the task.

These Indians are very thankful to the Department for the assistance it has already given towards their school, and, but for the loss of their church, they would not now be asking for further assistance.

In view of the excellent reputation these Indians have for industry, temperance and morality, and their ambition to improve their condition, I recommend the application to the favorable consideration of the Department.

I have the honor to be,

Sir,

Your obedient servant,

R. McDonald

POOR COPY

We had started to pay this sum by putting our work together and we succeeded to. raise \$3000⁰⁰ before the Government granted us \$2500 in 1905.

The help which the Government gave us pleased and encouraged us very much. We were determined to continue paying off the debt, which amounts still to \$5000⁰⁰. When a fire completely destroyed our beautiful church. We had no insurance. All was lost.

This misfortune made us all downhearted. we feel as though we have no strength left. We cannot do without a church. Without a church we cannot keep together and practice our duties as christians and citizens.

We know that the Government like a good father is anxious that we should keep on doing what is right. It is for this reason that we now ask the Government to help us pay what we still owe on our school so that we ^{may} soon be able to turn our efforts to the rebuilding of our church.

We ask our friend, The Honorable Mr. Sloan, to present this petition to you. Mr. Sloan will be able to prove to you that we have been making earnest endeavors to do right. We wish to remain law-abiding men in the future.

Hence we pray you, through Mr Sloan,
 289582
 to grant us what we ask so that we may be
 able to keep our promises to those who are
 over us. Mr Sloan can give you assurance
 that we shall show our gratitude to the
 Government by trying to become even better
 than we have been.

In proof of all we say to be our heart's
 resolve we marked a cross to our names

March 9, 1906 -

The Honorable
William Sloan,
M.P., for Comox-Atlin -

Honorable and dear Sir:

Enclosed is the petition which the Sechelt
Indians have sent me to be forwarded to you, with the request
that you would present ^{it} personally to the Honorable, the Super-
intendent General of Indian Affairs -

You know the plight in which these Indians find
themselves, at present, and you are in a position to explain
to the Honorable Sup. General, that the help which the Govern-
ment will grant to them now will have for effect to spur
them on to redouble their efforts for doing right.

That they may act right is, after all, the aim which
the Canadian Government has had, and still has in
view, when it spends the nation's money for the Indians.

Well, I can assure you, that this timely aid given now
to the Sechelt Indians, will make them better.

I would suggest that you would recommend, that at least
\$2000 be placed on the Supplementary Estimates for the Sechelt Indian
School Building -

Thanking you for all you have done in the past, and
expressing the hope that you will succeed as well this year,
I remain, Honorable & dear Sir,

Yours very sincerely, A. Duntouwell - R. C. Boring

Ottawa, April 2, 1908.

The Deputy Superintendent General:-

Mr. Sloan, M.P., forwards a letter from Bishop Dentenwill, with a petition from the Sechelt Indians asking the Department to grant \$2,000 to help them to pay off the indebtedness on their new boarding school.

Their reason for applying for this assistance is that their church was totally destroyed by fire and was uninsured. The Department contributed \$2,500 towards the erection of the Sechelt boarding school, but it cost over \$10,000 and there a debt of some \$5,000 still remaining on the building. The Indians will not be able to rebuild their church and pay off this debt, and Bishop Dentenwill states that if they are left without a church they will be very much discouraged and likely to lose the excellent reputation they now have for industry, temperance and morality.

The petition is indorsed by Mr. Sloan, and our Superintendent and Agent have also reported in favour of assistance being given to them. Of course, the Department cannot contribute towards the rebuilding of their church, but if they could start free of debt they would undertake to build it themselves, and it is for this purpose that they ask assistance.

The Deputy Superintendent General,-

Sister Theresine, Principal of the Sechelt Boarding School, in her annual report mentions, under the heading of "Health and Sanitation", that it would be a great boon if the Department were to appoint a Doctor to visit the school from time to time or at least in cases of serious illness.

Her suggestion is worthy of consideration, as there is now no medical attendant for the school or Indians of that neighborhood.

EXQ

Ottawa 13th July, 1908.

Sir,

I beg to inform you that Sister Theresine, Principal of the Sechelt Boarding School, has asked the Department to appoint a doctor to visit the school from time to time, or at least in cases of serious illness.

The Department desires to receive a full report and recommendation from you in the matter. You should state what bands of Indians are resident in the vicinity of the school, and whether a doctor resides in the locality. If it should be decided to appoint a medical man what salary do you consider he should be paid, and what do you consider should be the extent of his duties? Be good enough to give the matter early attention.

*For
J. D. McLean*

Your obedient servant.

J. D. McLean

Secretary.

A.W. Vowell, Esqr,

Sir:-

I have the honor to acknowledge the receipt of your letter of the 21st. No. 196, K.5., stating that the Principal of Sechelt Boarding School has asked the Department to appoint a Doctor to visit the school from time to time, or at least in cases of serious illness, and requesting a report on the subject.

In reply I beg to say that there are no other Indians in the vicinity of Sechelt School except the Sechelt Band (population 240), whose village is situated on the same reserve as the school. These Indians, when sick, usually consult Dr. Brydon-Jack at Vancouver, which is about forty miles from the Reserve, and the nearest place for them to get medical treatment, and ~~where~~ the Doctor is obliged from time to time to send quite a number of them to the hospital for proper care and treatment.

If a Doctor were appointed to visit the pupils of the school and the destitute Indians of the band who might require medical treatment, say twice a month, it would not be necessary to send so many cases to the hospital, in fact, in my opinion, only in cases when operations were to be performed, would it be necessary to send patients from that locality to the hospital.

I discussed this matter with Dr. Brydon-Jack, the medical officer of the Department at Vancouver, and he would be

A. W. Vowell, Esq.,

Indian Superintendent.

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

be willing to make two trips a month to Sechart to attend the pupils of the School and the destitute members of the band who might require his services, for the sum of \$25.00 a trip, and if any extra trips should be necessary in extreme cases, they would be charged for at the same rate.

There is a daily boat now between Vancouver and Sechart, but as she only stays long enough at the latter place for passengers to get off, the Doctor would be obliged to remain until the following day, and in view of the fact that it would take him two days to make the trip, and his travelling expenses would be \$5.00 or \$6.00, I consider \$25.00 a trip a very reasonable charge.

This arrangement would be satisfactory to the Principal of the school, as well as to the Indians of the band, and I recommend same to the favorable consideration of the Department.

I have the honor to be,

Sir,

Your obedient servant,

R. McDonald

Indian Agent.

Sir,-

In reply to your letter of the 13th ultimo informing this office that Sister Therestine, Principal of the Sechelt Boarding School asked the Department to appoint a doctor to visit the school from time to time, or at least in cases of serious illness, I have the honor to enclose herewith for the information of the Department a report in the premises, dated the 10th instant, No. 80/II, from Mr. Agent McDonald, of the Fraser Agency recommending that Dr. Brydon-Jack, the medical officer of the Department at Vancouver, B. C., be engaged to make two trips a month to the institution for the sum of \$25.00 a trip, and in the event of extra trips being required the charge to be at the same rate. In view of the circumstances mentioned by the Agent the suggested arrangement seems at the present time the best that can be thought of, except it be that in view of the fact of there being now a daily boat between Vancouver and Sechelt it might be advisable to have the doctor sent to Sechelt only when needed, when word of necessity of his visit could be sent him by the management of

DXO

Ottawa, August 24th., 1908.

418 K - 5.

Sir,-

With reference to your letter of the 12th instant I beg to say that provided Dr. Bryden-Jack will undertake to visit the Sechelt Boarding School when needed (that is, upon his being notified by the management of the Institution that his services are required) the Department will pay him at the rate of \$25.00 a trip for his services and all expenses. It will of course be necessary for the Doctor to make arrangements in every case before leaving Vancouver to have another medical practitioner attend should necessity arise to the Indians already under his (Dr. Bryden-Jack's) care, and for the attendance on whom he is now paid a salary of \$1200.00.

If Dr. Bryden-Jack is willing to undertake enter into the above arrangement, you should at once advise the Department, and you should also write Sister Therestine, Principal of the Sechelt Boarding School, informing her of the arrangements made. Both she and the Indian Agent should be told that Dr. Bryden-Jack should not be requested to visit the School unless in cases of absolute necessity, as the Department does not propose to have him go to the Institution to treat cases of trifling illness.

Your obedient servant,

A. W. Vowell, Esq.,

Indian Agent,

New Westminster, B. C.

Dear Sir:-

In reference to your letter in regard to the making of visits to Sechelt, at the time when Dr. Monroe spoke to you I understand that he imagined that for \$25.00 a visit we would make two visits each month, and that the time to make such visits would be largely left to our own discretion. In your last letter regarding the appointment you speak of making the visits when requested to do so by the Superintendent of the Indian Schools. I would point out that this might be somewhat awkward at times, as a call might come when we were particularly busy in Vancouver and when arrangements had been made at the hospital for an operation on an Indian or some other person. Again the weather conditions up the coast are not always favorable in the winter time, and boats are some times delayed for even to a couple of days on their way to and fro from Sechelt on account of the weather conditions.

The actual cost incurred, as I understand them, are as follows:

fare each way, to and from Sechelt, \$1.25; hotel charges \$2.50 per day; the trip takes at least two days, one day going and one day returning practically. As the boat service is not all that could be desired perhaps one would have to pay for an extra meal on the boat if the boat happened to be delayed. This means an actual outlay of cash for us of at least

-2-

\$7.50 to \$10.00, besides providing fees for a substitute while away for the two days, and you must take into account the loss of actual practise which would necessarily occur while I was away from home for these two days, so you see that the fee of \$25.00 when expenses are taken out of it may leave only a small sum of perhaps \$10.00 for two days work, or perhaps it might even cost more than the \$25.00 in the way of fees and extra assistance during that time. However if you like to make it \$25.00 and expenses, or a round sum of \$35.00 for each visit to and fro which would allow \$10.00 for expenses, I think that we might overcome the difficulties and make arrangements for a substitute to attend to any Indians calling at the office while I was away.

I may state that the Indians themselves are evidently commencing now to appreciate our services and apparently feel a great deal more confidence in us than what they did a few years ago, and we feel that they are entitled to our best services.

Yours very truly,

W. D. Brydene-Jack

2087/11

Sir;-

With reference to your letter of the 31st ultimo, No. 612, K. 5., in regard to the proposed visits of Dr. Brydone-Jack to Sechelt Boarding School, I have the honor to enclose herewith a letter, in duplicate, dated the 19th instant, received from the Doctor on the subject, from which it will be seen that under the new arrangements proposed by the Department, he asks that \$35.00 a trip be paid him.

Taking into consideration the possibility that he might be called upon to make these trips when it would be inconvenient for him to do so, and occupy two days of his time, it would seem that the amount asked is reasonable.

If the Department agrees to his terms, I would suggest that the destitute members of the Sechelt band should be included with the pupils of the school, if they should require medical treatment when he visits the reserve.

I have the honor to be,

Sir,

Your obedient servant,

R. McDonald

File No. 177,517/I.

Sir,-

In reply to your letter of the 24th ultimo in regard to the proposal to have Dr. W. D. Brydone-Jack visit the Sechelt Indian Boarding School, Fraser Agency, B. C., I have the honor to enclose herewith, for the information and consideration of the Department, a further communication, of the 22nd instant, No. 208/II, received from Mr. Agent McDonald, with letter to him of the 19th instant from Dr. Brydone-Jack. It will be perceived that the doctor asks that \$25.00 per trip and expenses be paid him or a round sum of \$35.00 for each visit. As regards one item of the expense to which the doctor refers - that of board and lodging while at Sechelt - it may be that the management of the Sechelt Indian Boarding school could provide gratis the necessary accommodation seeing that the doctor's visits are made in its interest. Again, I think it would be well if the doctor undertook the work for, say, a period of six months at the rate specified by the Department and it might be found

found that even less than an average of two trips per month would be necessary. If it were then seen that the estimated number of trips were much in excess of that named the Department could ~~then~~ take into consideration the question of the advisability of its paying the doctor at the rate of \$25.00 per trip and expenses or a round sum of \$35.00 - provided the institution be not in a position to accommodate him with board and lodging during his stay at Sechelt. The latter arrangement would, of course, include, as the Agent suggests, attendance and medicine for the sick, destitute members of the Sechelt band.

305/12

Sir;-

I have the honor to acknowledge receipt of your letter of the 15th instant, No. 202, O. 5., regarding Dr. Brydone-Jack's report on his recent visit to the Sechelt school and village.

In reply I beg to say that it appears to me the Doctor has given expression to very extreme views in connection with existing conditions amongst the Sechelt Indians, apparently for the purpose of impressing upon the Department his views in regard to establishing a hospital or hospitals for the treatment of Indians.

I consider that the sanitary conditions and surroundings of the Indians of this agency, including those of Sechelt, compare very favorably with those of white people in similar circumstances, and, in my opinion, some people expect too much of the Indians in this and many other respects.

It is quite true that the Indians in general object to dieting, and they will give solid food to the sick when it should not be given, and this practice, I am inclined to think, causes many deaths, especially amongst the children. Their chief objection to being placed in a hospital is because they cannot get plenty of food at all times.

There

POOR-COPY

341396

There are a good many deaths in the Sechelt village every year, mostly children, and I am quite sure that a good many are caused by other diseases than tuberculosis. The only cases of tuberculosis I am aware of at the present time at Sechelt are Chief Johnny, who has been sick for about two years, and Mrs. John Baptist, who has been sick for several months. There is also a little boy, Cassimere, who has been a pupil in the school, and recently a patient in St. Paul's Hospital, but now at home. This boy is now said to have tuberculosis, although, by referring to Dr. Brydone-Jack's letter of the 27th ultimo, which was attached to voucher in favor of St. Paul's Hospital, for treatment of this patient (Cassimere), and forwarded from this office March 30th, it will be noticed that the Doctor stated then that, if this boy had been left in the Hospital, he thinks he could have cured him. It does seem rather strange to me that, if this boy had such a good chance of recovery if left in the Hospital, he should now be in the last stages of consumption, in fact his death is hourly expected. I have always had the impression that consumption is rather a lingering illness; however, I am not a doctor.

In regard to the Doctor's statement that "there are very few families there but have had some time recently a death in the family from tuberculosis." I may say that I am not aware that the Doctor has made more than two visits to Sechelt during the past five or six years, and could not, therefore, have seen many of those who died during that time; and, consequently, this part of his report

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

347396

report would appear to be based on hearsay.

From the records in this office it is noticed that the population of Sechelt in 1900 was 226, in 1901 - 234, 1902 - 236, 1903 - 236, 1904 - 238, 1905 - 229, 1906 - 230, 1907 - 235, 1908 - 242, 1909 - 244.

The complete isolation of a sick person in a family is a very difficult matter even amongst white people who are considered highly civilized and educated; and it seems to have taken a long time to educate the doctors themselves as to the contagious nature of tuberculosis.

In visiting Indians suffering from any ailment, especially consumption, it is a rare thing not to find by the bedside a dish of some kind, chiefly a tin can or cup, in which they expectorate instead of on the floor.

It is, unfortunately, too true that there are many cases of tuberculosis amongst the Indians, and if it is of the contagious nature now claimed by eminent physicians, steps should be taken to properly isolate such cases as appear from time to time amongst the various bands, not only for the benefit of the Indians, but also for the protection of whites with whom they come in contact in the ordinary course of business.

This complete isolation can, in my opinion, only be accomplished by quarantining those affected, as is done in the case of other infectious diseases, or removing them to some hospital or place remote from the reserves, where they cannot be taken home by parents or relatives.

I fear that Dr. Brydone-Jack's hospital scheme on the reserves would accomplish very little more than has been

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

been done in the past by those who have been instructing and advising them, as the influence a nurse could have on the Indians would be a very slow process if the Indians were allowed to enter and leave such an institution as they wish, and would not, I think, fulfill the prompt action recommended by the Doctor.

I have the honor to be,

Dear Sir:-

On Saturday, April 3rd, at the request of the Sister in Charge, I visited the school at Sechelt. There had been quite a few cases of tuberculosis in the village recently and some deaths, and there was one child in the school whom they were in doubt about in that respect, and there was also a boy suffering from a rash which they were doubtful about and which upon examination, turned out to be ^{much} no more serious than acne.

Enclosed is a report on the conditions of the school, and also the bill for the visit.

Yours very truly,

W.D. Brydane Jack

R. C. McDonald, Esq.,

Indian Agent,

New Westminster, B. C.

Dear Sir:-

On Saturday, April 3rd, I left Vancouver at twelve o'clock, arriving in Sechelt about six o'clock. That evening I visited the school there and found that the Sisters had done most excellent work in connection with the management of the pupils in their care, both physically as well as mentally. The children that had been there for some time showed marked superiority to any children in the village who had not taken advantage of the school. Sister Therisine, who is in charge, is most painstaking as regards the physical well-being of those under her charge. She is laboring under many disadvantages however, although these are being gradually lessened. It is very difficult to overcome the superstition and ignorance of the Indians who cannot see that everything is being done for their own ultimate benefit and again as some of the children come from tubercular stock and as there are a number of tubercular cases in the village at the present time, it is extremely difficult and almost impossible to prevent the children mingling with the Indians in the village who are afflicted with this disease. The Indians will not permit any isolation and you

cannot make them realize the danger of contact in close rooms for those who are at the present time free from disease with those who are afflicted with tubercular disease, and the consequence is that it will be advisable to visit the school at certain intervals and examine the pupils carefully to ascertain whether any of them have contracted tuberculosis. The pupils are all examined very carefully upon entrance and while they may be perfectly free from any evidence of tuberculosis in the first place, yet they may contract it from associating with those who are suffering from it in the village. Moreover, there are very few families there but what have had, some time recently, a death in the family from tuberculosis. One case, a little girl who was examined a short time ago, was then perfectly well, now there is evidence of tuberculosis commencing. This case I have given sick leave of absence and told them to send her home.

The examination of each individual pupil lasted until 11 or 12 o'clock that night. But with very few exceptions, all were in very excellent condition.

In the early morning I went around the village and saw as many as possible of those who were sick. I found tuberculosis present in quite a few cases. In one family, the father has been suffering from

consumption for the last two or three years and although he has been warned of the danger of giving the disease to others, the warning had no effect. He himself is now in the last stage of tuberculosis and frequently has visitors in a close room and he himself goes around and mingles promiscuously in the different houses and expectorates more or less freely around the different rooms, so that in all probability, the spread of tuberculosis will be very great. In one other family, the mother and two children are suffering from tuberculosis and the father looked as if he would be a ripe subject before very long. The only way that anything can be done with these cases is to provide them with a house up there with large verandas and put in charge a nurse who will gradually impress on their minds the necessity for isolation of these cases. It would be impossible to consider the project of building a small hospital anywhere but just in their midst, because they will not go to it and you cannot compell them to. Even at the present time in cases where the Indians are suffering from tubercular abscesses that require surgical treatment and surgical dressing, we cannot persuade them to remain in the hospital and receive proper treatment. They want to be among their own family and among their own people, even when they scatter the disease amongst those who are free from it.

I would advise the Department to take prompt action in this matter and to immediately give instructions whereby a hospital or small house could be established with a fully trained nurse there who would be able by degrees to persuade those who were sick and afflicted to come in and be under proper supervision and proper care.

Another feature in connection with the Indians is that they cannot be made to understand the necessity of dieting in certain cases. A child may be suffering from typhoid fever. If he should be at home and wanted crabs or anything else that was improper for him to have and if he asked them for it, they would give it to him even if he died the next minute. They cannot understand why they should diet and not have everything they ask for. If a good nurse were put in charge of them, she would gradually teach them, and possibly the lives of many of them might be spared and they might become useful. If the present conditions are allowed to go on, I do not think the Department will be troubled very long with many of the Indians as tuberculosis is gradually but surely killing them out by degrees. These same remarks apply to other districts as well as Sechelt, and I would advise that a small hospital be established at Mission as well.

It took us from early morning until nearly 10-30 o'clock to get

Sir,

I beg to acknowledge the receipt of your letter of the 23rd ultimo, enclosing a communication from Agent McDonald of the Fraser Agency, and also a letter from Dr Brydone-Jack relative to a visit which he paid to Sechelt Village and the Indian School at that place, and in connection with which he recommends that an hospital be established by the Department; and in reply I beg to say that the Department has no funds wherewith to finance such a project.

With reference to the Doctor's remarks regarding the condition of the Indian homes, and the evil results of the same, I beg to say that you should impress upon the Indian Agent that he should endeavour to get the Indians to adopt cleanly habits, particularly in connection with all cases of tuberculosis.

From to

Sir:-

Referring to your letter of the 20th instant No. 21 S-5, in regard to the request made by the principal of Sechelt Boarding School to have Dr. Brydone-Jack visit the school once a quarter or twice a year, I have the honor to report that Dr. Brydone-Jack informs me that he is willing to continue these visits at \$25.00 per trip for the present, and that he will notify the Department if he finds it at any time impossible to continue the arrangement at that figure. The above mentioned sum is to include all charges in connection with each trip.

In your letter of the 31st of August, 1908, No. 612 K-5, I was requested to inform the principal of the school that the Department does not propose to have the Doctor go to the Institution to treat trifling ailments, but only in cases of absolute necessity. This, the principal considers, places ^{the} responsibility upon her of deciding between trifling ailments and serious cases before asking the Doctor to visit the school, and she is afraid that it might sometimes happen that she would consider a case serious which might afterwards be found by the Doctor to be

File No. 177517/1.

Sir:-

Referring to your letter of the 24th of August 1908 in regard to the arrangement then entered into by the Department with Dr. Brydone Jack of Vancouver, B.C., to visit the Sechelt Boarding School, Fraser Agency, from time to time as his services were needed at the rate of \$25.00 a trip and all expenses, I have the honour to enclose herewith for the information and consideration of the Department a further letter on the subject dated 25th inst., No. 445/13, recently received from Mr. Agent McDonald, from a perusal of which it will be perceived that Dr. Brydone-Jack has expressed his willingness to continue these visits at \$25.00 per trip for the present and that he will notify the Department if he finds ^{it} at any time impossible to continue at that figure. The above mentioned sum, the Agent states, is to include all charges in connection with each trip.

In view of the necessity which exists of having a Medical Practitioner visit the school from time to time when his services are needed I would ask that the offer made by Dr. Brydone-Jack be accepted by the Department.

Your obedient servant,

Supt. of Indian Affairs, B.C.

The Secretary,
Dept. of Indian Affairs,

Deputy Superintendent General

I would recommend a continuance of the present arrangement with Dr. Brydone-Jack in regard to his visits to the Sechelt Boarding School.

Dear Sir:-

On Friday at the request of the Sister in charge of the Sechelt School we paid a visit to Sechelt. A child by the name of Angela had been suffering from a high temperature and as this continued for some days the Sister was afraid that something serious might occur. We brought the child down to the hospital and find that she is progressing as favorably as can be expected under the circumstances.

While up there we made an examination of the other pupils of the school and found that they were in a very fit condition of health. It is certainly wonderful the work that Sister Thereseine has been able to accomplish in that respect for she has some children under her care who are not on the role. I think if arrangements were made whereby she would receive recompense for such cases, it would be of mutual advantage to the Department and to the Indians themselves. There is no doubt but that the excellent work which has been done in the school will be gradually disseminated amongst the Indians themselves and will be productive of a great deal of benefit.

Madam:-

I beg to inform you that in future Dr. Inglis of Gibson Landing will render professional services to the pupils of Sechelt Boarding School. Arrangements have been made with the Doctor to have him visit the School regularly once a month, in order that he may have close oversight of the health of the pupils.

Your obedient servant,

Asst. Deputy and Secretary.

Rev. Superior,
Sechelt Indian Boarding School,
Sechelt, B.C.

Dear Sir, -

I beg to thank you very much for your kind gift of fruit trees. As soon as they arrive, we shall plant them in a piece of land which was cleared by the children and the staff two years ago. The boys are very interested in fruit growing and your kindness will give them a good opportunity of learning more in that line.

With renewed thanks

I am

Respectfully yours
Sister Therese,
Principal.

Sechelt Indian Boarding School

Sechelt June 11th 1914The Secretary
Department of Indian Affairs
Ottawa

Dear Sir, —

In answer to your letter no. 461396, I beg to say that, from the beginning of the School, the boys have done all the work in our two orchards. In 1906, under the direction of an expert fruit-grower, they planted 48 fruit-trees and they have taken care of them since. Mr. J. Wilson, who for four years, has given the boys, lessons in fruit-growing, could tell you how well our fruit-trees are doing.

This Spring, under the guidance of the Inspector of Indian Orchards, the boys planted an acre with the trees, so kindly sent us by the Department.

You may rest assured that we neglect nothing to help the children and enable them to get along well when they leave the School.

Thanking you very much for the kind interest you take in our work and for the so many proofs of kindness you have given us in the past,

I remain

Respectfully yours
Sister Therese
Principal

Sir: *[Signature]*

During my visit of inspection of the Sechelt Boarding School, the Principal brought up the question of Manual Training for the boys.

There is a carpenter residing at Sechelt, Mr. Ellis T. Hermanson. He was putting new seats in the Chapel in connection with the School, when I was there.

His work is first class. He has done satisfactory work on several occasions for the School. He understands the boys, and his influence on them is good. The Principal spoke very highly of the man.

He is prepared to give the boys training two half-days per week for 10 months each year, for the sum of \$200.00 per annum.

The school is prepared to carry on this work, if the Department will pay the salary.

The educational and vocational could be combined, and I have no doubt, the results would justify the expenditure in this particular case.

I, respectfully, submit this for the consideration of the Department.

Yours truly,

R.H. Cairns

Inspector of Indian Schools for B.C.

Ottawa, May 28, 1915.

MEMORANDUM.

Mr. Scott,-

Mr. Inspector Cairns visited the Sechelt Boarding School on the 13th and 14th of April, last, and in addition to his report he has written a letter to the Department stating that there is a carpenter residing at Sechelt who would be prepared to give the boys at this school training two half days per week for ten months for the sum of \$200.00 per annum. He says that the school would be prepared to carry on this work if the Department would pay the salary.

This boarding school is in receipt of a per capita grant of \$100.00 and is well and economically managed, but the expenditure has overrun the receipts to the amount of \$207.76, being the total deficit up to the present. All the members of the staff are sisters and there is no one connected with the school who could give the boys instruction in carpentering and it would be a great advantage to them if someone were appointed for this purpose. There are fifteen boys fourteen years of age and over on the roll. I think it would be money well expended if the Department secured the services of the carpenter recommended by Mr. Cairns.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 24th of April, last, recommending the appointment of Mr. Hermanson, who is a practical carpenter, to give instruction in carpentering to the boys at the Sechelt Boarding school and that the Department pay him \$200.00 a year for ten months' services.

In reply I beg to say that, while the Department favours the proposition, it is not in a position to assume the payment of the wages of an instructor, as this school is on a per capita basis and under section 7 of the agreement for the maintenance and management of Indian boarding schools it has to provide a sufficient number of teachers, officers and employees.

Your obedient servant,

J. D. McLEAN

Dear Sir,-

RE BOARDING SCHOOLS.

I am returning herewith Agreements between
your Deputy ^{and} the Most Rev. Neil McNeil, Archbishop of Vancouver,
for Sechelt Boarding School, Squamish Boarding School and
St. Mary's Boarding School, and will thank you to have all three
renewed for similar terms, same rate.

When making out the renewals I would ask you to be
good enough to make them out to Archbishop McNeil's successor,
who is, Most Reverend Timothy Casey, Archbishop of Vancouver.

On receipt of the Agreements we will have them
signed by His Grace and returned to you.

We first sent these Agreements for renewal to the
Indian Agent, at New Westminster, but they were returned to us,
stating he did not have the forms and suggested that we communicate
direct with you, which we are now doing.

Yours truly,

CANADIAN FINANCIERS TRUST COMPANY

Gentlemen,-

I have to acknowledge the receipt of your letter of the 1st instant returning the expired agreements between the Most Rev. Neil McNeil, formerly Archbishop of Vancouver, and His Majesty the King, represented by the Superintendent General of Indian Affairs, relating to the management of the St. Mary's, Sechelt and Squamish Boarding Schools.

In reply I beg to say that, as requested by you, new agreements for a period of five years from the first of April, 1916, containing similar terms and at the same rate are enclosed herewith for each of the three above mentioned schools.

I have to request that you will be good enough to have Archbishop Casey of Vancouver sign these documents in the presence of a subscribing witness and affix thereto the official seal of his diocese.

On the return of these documents to the Department the signature of the Deputy Superintendent General will be affixed and a copy of each of these agreements will then be returned to you.

ALSO
TO DATE OF THIS LETTER

[Signature]
Sir,—

507613

I beg to enclose, herewith, report of the Sechelt Indian Boarding School for the quarter ended December 31st, 1917.

I am informed by the Principal that as a result of the unfortunate occurrence by which they lost all their provisions and personal effects through fire that destroyed the school buildings last summer, they are very short of the necessary means with which to carry on their school. Although the children have not been attending school during the September and the early part of the December Quarters, a number of the pupils were continuously staying with the Principal, who with her staff remained at Sechelt and supervised as much as possible the arrangements in connection with the erection and furnishing for the reopening of the new school buildings. This school was formerly opened on December the 8th with all the children in attendance.

In view of the great loss which the Sisters have sustained as a result of the fire and bearing in mind the very efficient work carried on by them amongst these Indians for the last fourteen years, a work which I am sure the Department fully appreciates. I would respectfully recommend that, if possible, a grant in full for the quarter ended September 31st be made to the Principal of this school.

Your obedient servant,

523215

Dear Mr. Scott,

I received your letter dated 12 March 1919 in which you held out little hope that the Government would erect a new boarding school this year in Sechelt. This is to be regretted, but I trust you will use all your influence that the building of the school is not deferred beyond another year. Would the Department be willing to give me a guarantee that it will build in 1920? The reason why I make this request is because I am prepared to build a new cottage for the resident Priest once I am assured that the boarding school will shortly be an accomplished fact.

I spent a few days in Sechelt last week and I came away more than ever convinced of the immense superiority of the boarding school over the day-school. In day-schools the attendance of the children is very irregular. The parents are always on the move so that the vast majority of the children receive little or no education. Sometimes when the parents go away they entrust their children to the grandparents or other relatives who are however unable to manage the youngsters. Very often they roam about the village till late at night, even to midnight.

Comparing day-schools and boarding schools it is an acknowledged fact, I think, that the day-scholars never reach the high standard of the boarders. ~~Very~~ Then again the day scholars leave school at an early age to work in the logging camps or on the fishing boats. Here they come in contact with the I.W.W. and quickly imbibe their pernicious theories, and so become a danger for the future of the Country.

Religion alone is able to influence their lives for good, as no one knows better than yourself. I consider that in Sechelt the Sisters have done excellent work. It is to be seen plainly in the school and in the young generation of young men and women who have passed through the school. Practically all the children

POOR-COPY

Oblate Fathers

- - 59 Blackwood Street - -

New Westminster, B. C.

-2-

who have attended the school have settled down and married. I do not know of a single case of separation amongst them, only one girl, an orphan, has given cause for complaint.

Sechelt as you will remember consists of five subdivisions, living chiefly in five different places for the greater part of the year; viz. Sechelt, Pender Harbour, Head of Jervis Inlet, Skookum Chuck, and Deserted Bay. Sechelt is the main village, but even here they only congregate on the big feasts for a short period and then scatter in various directions, leaving only a few old people behind them. A day-school in Sechelt would be absolutely useless.

At this moment fifty five children are attending school. There are about a dozen more of age to go to school, but the sisters have no room.

I will not refer again to all the discomfort they have to endure in Sechelt particularly during the winter months, but I do hope that they will not be called upon to put up with it beyond the next twelve months.

I have the honour to remain,

Yours respectfully,

J. Welch. Dm. 2.

Dear Madam:

I have to acknowledge the receipt of your letter of the 3rd instant with reference to the erection of a new Boarding School at the Sechelt Indian reserve to replace the one destroyed by fire some time ago.

The needs of the Sechelt School are fully realized by the Department but I regret very much that up to the present time funds have not been available for the rebuilding of the school and until money is voted by Parliament we will not be able to undertake the work. As you are aware, it is necessary to practise the most rigid economy in the expenditure of public funds owing to the heavy drain on finances caused by the war, but I assure you that when it is possible to take action the needs of this institution will not be lost sight of.

Yours truly,

JCS
Deputy Superintendent General.

Dear Sir:-

I would like to add my plea to the request for assistance, from the Department, for the Pechell Indian School.

Since the burning of the old school the classes & work has been carried on in two large temporary buildings. They are fairly adequate for summer but inconvenient. In winter they are a hardship on account of the heating, ventilation and arrangements for class work.

It would add much to the assistance if it could be given in time to have the building in use for the coming winter.

Yours Truly

Dear Father Welch,

I have under consideration the possibility of erecting a building to replace the one destroyed by fire at Sechelt, and with this object in view I have had sketch plans prepared by our architect. These I am sending you herewith in order that you may consult with the Sisters and make any comments and suggestions that you think necessary. The cost of all materials and labour is so high that it is necessary for us to exercise the strictest economy. Buildings must, therefore, be of the plainest design possible; at the same time I wish to provide adequate and proper accommodation for 70 pupils.

I shall be pleased if you can have these plans returned at an early date, accompanied by a plan showing the grounds and the buildings thereon.

Yours very truly,

Results of Examination:-

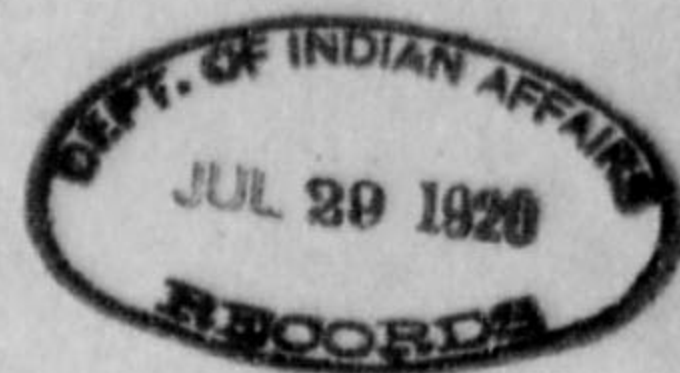

They sing very well. Their manual work is good.
They recite poems accurately. The reading is fair. Their
enunciation is not clear and distinct. Spelling is correct.
Their knowledge of history and geography is hazy. While they
are able to do the simple rules, they have no conception of
applying this knowledge to the solution of practical problems.
The power to reason or make deductions is not being developed.
It would be of great advantage to the pupils of this school
if a trained teacher could be installed.

Duncan C. Scott, Esq.,
Deputy Superintendent General of Indian Affairs,
Ottawa, Ont.

Dear Mr. Scott:-

I am in receipt of your kind letter of the 16th inst., No. 177517-1, and plans for a new School in Sechelt.

We are all very grateful to you, and will carefully look the plans over and make such suggestions as we may deem advisable.

I have the honour to be,
Yours respectfully,

J. Welch. P.M. 9.

P.S.- I am leaving for the Old Country in a couple of weeks and may be absent three or four months.

BRANCH

Dear Mr. Scott:-

Bishop Buno wrote me recently saying that you expected to visit the Coast this month. I much regret that I shall not have an opportunity of meeting you as there are some matters in connection with Sechelt which I would like to discuss with you.

The new School which you have kindly and wisely I consider, decided to build at Sechelt, will be a credit to your Department and a fresh proof of your interest in the well-being of the Indians. There are, however, just two things which I trust you will take up with Mr. P. Byrne, the Indian Agent and Rev. Dr. O'Boyle, O.M.I., who is succeeding me pro tem, when you come this way.

Land owned by 18 acres, situated by road in 1914. J.P.

EXTRACT
ON 167-18-9

where

The first is the advisability, if not the necessity, of acquiring additional land for the support of the School. The soil at Sechelt is rather poor and what I regard as almost a necessity is some good land where the Sisters could raise a plentiful supply of vegetables and perhaps they could keep some hogs and a few head of cattle. If you could find time to visit Sechelt, it is only three hours sail from Vancouver, you would probably understand my meaning better and perhaps get a fuller knowledge of the fine work, which has been achieved there by the Sisters.

The other point which perhaps you may be willing to consider is the question of an increase in the grant

copied EP

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

-2-

grant for this School. When the new building is an accomplished fact may I be permitted to say that we all sincerely hope that you will place it in Class A. This concession would make for the greater efficiency of the Institution, and would at the same time lighten the heavy burden which those in charge are now carrying.

The plans for the new School are being carefully considered and may be sent to you within a week.

I have the honour to be,

Your respectfully,

J. W. R. Sh. T. m. 9.

Schep

In my opinion the time has come when a good handy man is an absolute necessity for this school. A man with a certificate is needed to operate the heating apparatus.

This school has been receiving a grant for 50 pupils. Beginning with April 1st, application will be made for permission to increase the number as there is ample accommodation for 80 pupils.

The new building is not yet occupied. There will likely be a formal opening about Easter.

80 pupils provided from Apr 1/22. Estimates 1922-23
(Sgd.) R. C. Cairns.

Sir, -

Referring to that portion of your report on your recent inspection of the Sechelt Boarding School regarding the appointment of a competent man to operate the heating and lighting system, I beg to say that we are taking this matter up with the Very Reverend John Welch, O.M.I., Vancouver.

He is being requested to state the qualifications and experience possessed by the man selected by him for this position on the staff of the school.

I may further add, for your information, that a grant is being provided in the estimates for the next fiscal year for an increase up to 80 pupils in the new boarding school.

It is noted that the formal opening of the new building will likely take place at Easter.

Your obedient servant,

Russell T. Ferrier

OTTAWA, March 10th, 1922.

Very Rev. Sir,

As you are, no doubt, aware, the new building at the Sechelt boarding school will be finished and ready for occupation very shortly. It will, therefore, be necessary to secure, on the staff, the services of a man competent to operate the heating and lighting system. A man thoroughly familiar with the work should be secured. I will be pleased if you will take this matter up with the school authorities with a view to securing a competent man for the position. The qualifications and experience of the man secured should be forwarded for the information and approval of the Department.

I might further add, for your information, that we are providing in the estimates for a grant for 80 pupils from the 1st of April, next.

Your obedient servant,

Russell T. Ferrier

SEHELT BOARDING SCHOOL.

By

The needs brought to my attention this summer during my visit are as follows:-

Activities

1. 25 School desks.
2. Chapel pews.
3. Electric light for the Sisters' quarters.
4. { Barn ~~+~~
5. { Root cellar.

I understand that the root cellar would be situated where the old building is now, immediately behind the new structure. Over it could be placed rooms for one or two lay Brothers, or hired help.

The water supply is adequate for the time being. The villagers, who use the same system, may urge for a greater quantity of water, but this is a selfish reason. A hydrant for fire purposes might be supplied. I spoke to Mr. Ditchburn regarding supplying a typewriter for the school, from the D. S. C. R. surplus.

The Sisters complain of the differentiation between boarding and industrial schools, and I am of the opinion that the whole matter of category should be inquired into. Perhaps a new classification could be made on the bases of farm and garden facilities and transportation costs.

Duncan C. Scott, Esq.,
Deputy Superintendent General of Indian Affairs,
Ottawa, Ont.

569272

Dear Mr. Scott:-

The Sister Superior at Sechelt is anxious to know if the new School will now be placed in Class A, and respectfully submits the following reasons why this should be done.

1. The proportions of the new school, its equipment and general excellence from a material standpoint seem to call for it.
2. Manual Training from now on will receive special attention. The Sister Superior has already engaged and experienced gardener and an expert engineer and carpenter. When the tools arrive, they are expected shortly, the school will have its workshop and the boys will be taught carpenter work and steam fitting. Already the boys are being taught shoe repairing and are adept pupils.
3. More land for garden purposes is required. Last year the school had to buy \$300.00 worth of potatoes. The Sisters wish to clear five acres at once. This they hope to do if they receive the maximum grant.
4. In March 1921 the balance for the year was \$208.00. In March 1922 there was a deficit of \$146.00.
5. The engineer's and carpenter's salary this year will increase their expenses \$1,200.00.

For these reasons I consider that the Sechelt School should henceforth rank as an Industrial School and receive the Maximum Grant.

I have the honour to be,

Yours respectfully,

J. Welch. D.M. 9.

Ottawa, August 10, 1922.

Dear Father Welch:-

I have your letter of the 5th ultimo, in which you request that the new boarding school at Sechelt, B. C. be graded as a Grade A school and receive the grant for schools of that class.

In connection with this request, I would point out that the new school building at this point is now the property of the Department; consequently it will be placed in Class B, Western Division. This is the grading allowed to all other schools where first class buildings are erected and which are the property of the Government.

The grant allowed to schools of this class during the present fiscal year is at the rate of \$120 per capita plus a bonus of \$20 per capita. The new building at Sechelt provides accommodation for 80 pupils, and this is the number for which a grant is allowed. I, therefore, regret that it will not be possible to comply with the principal's request.

Yours very truly,

Deputy Superintendent General.

Extract from Inspector's Report on the ~~State of the~~
~~State of the~~, January 4, 1923.

CLASSROOM.

The boys are very backward. They do not appear to be making much progress. I think if they were put up to an efficiency test they would rank very low.

The girls, however, do better work. Their reading and spelling may be classed as fair.

This school has not yet introduced the British Columbia course of study. I recommend that this be done at once.

This school needs one or two trained and experienced teachers to raise the standard of education. I discussed the whole matter fully with the principal.

R. H. Cairns,

Insp.

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

POOR-COPY

OTTAWA, February 17th, 1923.

Madam: -

Mr. Inspector Cairns, in a report on his recent visit to the Sechelt Indian Boarding School, states that the boys are very backward in their studies, and do not appear to be making much progress. He further states that the school needs one or two trained and experienced teachers to raise the present standard of education, and that he discussed this matter fully with you. He recommends that the British Columbia course of studies be used in the classrooms.

Regarding the course of studies, I have to inform you that we are now insisting that the studies as prescribed for use in white schools be followed in Indian schools. You should obtain from the Department of Education, Victoria, B.C., a programme of studies for white schools, and, in future, when requisitioning for text books, only those prescribed by the Provincial Department of Education should be asked for. It is hoped that the wishes of the Department in this respect will be carried out.

The question of obtaining the services of one, or, if possible, two trained teachers should receive the consideration of the authorities of the school. The names, qualifications and experience of the teacher, or teachers, secured should be submitted for the consideration of the Department. As this is a new and thoroughly equipped building, we are anxious that full advantage be given the Indian children in attendance to obtain a good education, and to this end it is very necessary that qualified teachers be engaged. The Inspector discussed this matter fully with you at the school.

We note from the Inspector's report that the girls are making much better progress in their studies than the boys. The standard of education at this school will only be brought to a satisfactory condition by the engaging of qualified teachers.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Rev. Sister Gabriel,
Principal, Indian Boarding School,
Sechelt, B.C.

167-18-1

Secelt Indian Boarding School
Secelt, February 26th, 1923.

Mr. Duncan Scott,
Deputy Superintendent of Indian Affairs
Ottawa.

580046

Dear Sir:

Referring to the letter of Mr. J. D. McLean Assistant Deputy and Secretary, of the 17th inst., stating that the pupils of the Secelt Indian Boarding School, especially the boys, are very backward in their studies and do not appear to make much progress, I beg to say that the staff is of the same opinion. But I must inform you that the majority of the present school children are more than dull; besides, at the beginning of 1922, they were sick with the "flu" for nearly three months, after which they were left weak and languid, consequently unable to do much work in the class rooms. Furthermore, at the re-opening of the school, after the summer holidays, (that is at the beginning of September) for years past, a great number of the oldest pupils, instead of coming back on the appointed day, are taken, by their parents, to the hops field and stay there sometimes four or five weeks. All this handicaps our work which is already quite difficult, owing to the dullness of the pupils and their lack of ambition.

What would you, dear Sir, recommend us to do

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

POOR-COPY

under such circumstances? We cannot go in the
hops field. Would it not be advisable to tell
Mr. C. C. Perry, the Indian Agent, to take this affair
in hand, in the future, and have the children
brought back to the school on the appointed day?

In the meantime, we are going to do our best
to stir the boys in order to have them make up
for the lost time; we are also preparing some
qualified teachers, who later on, will replace
some of the members of the present staff.

Hoping this will meet with your approval,
I am, dear Sir,

Yours respectfully,
Sister Gabriel,
Principal.

Ottawa, March 6, 1923.

Madam:

I am directed to acknowledge your letter of the 26th ultimo, in which you refer to the boys of the Sechelt Indian Boarding School and their lack of progress with their studies.

I have noted the reasons for this condition, and in reply I wish to state that the Department will give you every assistance in the matter of returning the older boys to the school at the expiration of the vacation period. Mr. Indian Agent Perry, of Vancouver, is receiving instructions in this connection, and you would be well advised to keep in close touch with him and seek his cooperation in the event of delinquent children. A penalty has been imposed by principals at some schools, when pupils have failed to return on the appointed day after summer holidays. Such children are not allowed holidays during the next summer, and this practice has militated for a better attendance during the month of September.

I note, with satisfaction, that better qualified teachers are being secured and every effort is being made to bring the work among the boys at Sechelt up to standard.

Your obedient servant,

J. D. McLEAN

Ottawa, March 6, 1923.

Sir:

I have to inform you that, following a recent report of Mr. Inspector Cairns on the Sechelt Indian Boarding School, this Department has communicated with the Rev. Sister, with a view to bringing the academic work among the boys up to the required standard. Rev. Sister Gabriel has stated that the lack of progress on the part of the boys is due to several causes - one of which is a failure on the part of the older boys to return promptly after the vacation period in the summer.

The Principal has been instructed to cooperate closely with you and that you will give every assistance possible in the effort to see that the pupils return promptly on the appointed day. It may be necessary to return from the hop fields certain of the boys, under escort. Further, it might be advisable to cancel, for the next year, the holiday privileges of any pupil who is delinquent during the coming summer. You will please give this matter your attention.

Your obedient servant,

J. D. McLEAN

1-2-8

Dear Reverend Father Welch:

I am sending herewith, for your information, a petition, which has been received from the Sechelt Indians, regarding school conditions, which will be self-explanatory. You will probably remember a similar petition being received by me last fall and discussed with you and Inspector Cairns in my old office at which time you informed us that you would take steps in the direction of improving conditions in that institution. The matter has been allowed to rest there, but it seems the Indians are not satisfied and upon discussing the matter with Mr. Cairns, Inspector of Schools, we are of the opinion that upon the return of the Indians from the hop fields to their village, it may be well if you could make it convenient to accompany Mr. Cairns and myself to Sechelt, for the purpose of going studiously into this matter, with a view of ascertaining if there are any grounds for the dissatisfaction of the Indians.

Will you be good enough to inform me whether you can make it convenient to visit Sechelt towards the end of October?

Yours sincerely,

C. C. Perry

Dear Sir:

We are forwarding a petition agreed by meeting at Sechelt and also at Jervis Inlet. It is in regards the education of our children at our school, and we tell you to forward this to Mr. Ditchburn, Inspector.

It proves our children have never improved in education in this school. They are merely boarding in this school on Government expense. Children in school for seven and eight years cannot hardly write, add, and cannot even talk decent English.

Now our wish is change of teacher. We want a man to principal this school, experienced in educating children for our boys and have good teachers for our girls. This is the only point and if it is not settled the Government is spending money for no use.

We are not satisfied with the education giving in this school and want to change the principal and her teachers immediately. If this matter is not settled we are not taking our children to school till it is settled.

Now if you want to investigate this matter come over and we will tell you the whole thing, this is the main point and we want to get it settled as it is no use to get our children there to learn nothing. We have already send you a petition of the same point before and we want you to look deep in this matter and go to work to fix and we will be glad to see our children getting a good education later on.

Dear Sir:

I am in receipt of your communication dated 29th instant, together with a copy of a petition from the Sechelt Indians.

Complaints from this particular quarter must frequently be taken with a pinch of salt, however I shall be pleased to confer with you and Mr. Cairns should his next report be considered unfavourable. It will then be time enough for us to act in concert.

Respectfully yours.

Sir,—

Dear Mr. Ditchburn:

I beg to transmit herewith a petition received from the Sechelt Indians, together with a copy of a letter addressed to Reverend Father Welch, Vicar of Missions, in regard thereto. Mr. Cairns and I will go carefully into this matter, and see what there is in it.

Yours respectfully,

C. C. Perry

Sechelt Boarding School

Sechelt Sept. 1923.

Dear Sir:

The day appointed for the reopening of the Sechelt Indian School was on the 4th inst. I beg to inform you that only one boy came back on that day. The majority of the pupils went hop picking with their parents; some to Agassiz, some to Sardis; the others are at Jervis Inlet and other camps.

Would you kindly send Constable Bartlett after them and have them brought back to school at once, and oblige,

Yours respectfully,

Sister Gabriel,

Principal.

2-1-8

Dear Reverend Sister:

In reply to your letter dated September 1923, informing me that only one boy came back to school on the 4th instant, the majority of pupils having gone to Agassiz, and some to Sardis, and others to Jervis Inlet and other camps, and requesting that I would send Constable Bartlett after them and have them brought back to school at once, I beg to say it is unfortunate that this matter was not taken up at the time the Indians were leaving Sechelt for the hop fields, as many of them were passing through and were supplied with tickets by Constable Bartlett and Chief of Police Harding and the pupils could have been retained here had we received information from you at that time.

I received a call yesterday from the Reverend Father Bellot, North Vancouver, who informed me that the Indians to all appearances deliberately took their children to the hop fields because the transportation would be paid by the Hop Company and that they were quite aware that if the children did not return to school their fares back to Sechelt would likely be paid through the Dominion Constable, being sent to round them up and return them to school at the Government's expense.

Father Bellot suggested that if a distribution of money were being made to the Sechelt Indians that it might be a good idea to return the children to school and charge the cost thereof against the respective shares of the Indians as a punitive measure. As no distribution is contemplated, however, this is not feasible.

I am going to the Hop fields on Friday, and I will look into the matter. I cannot say, however that the Department will be agreeable to paying the expenses connected with the return of these pupils, as the hop picking will be all over in a few weeks and the Indians will return to the village. I will, however, do what seems best upon making further inquiries.

Yours respectfully,

Charles C. Perry

Sir,—

Dear Reverend Sister:

Kindly furnish me with a list of any pupils who may be absent from the school without permission, stating, if possible, their whereabouts if this information is at hand. The Indians will be returning from the hop fields very soon. I was informed by the Manager that there is about a week's more picking to be done. As the wet weather has set in, however, it is possible the Indian will return at an earlier date.

Yours sincerely,

C. C. Perry

Sechelt Indian Boarding School,

Sechelt, Sept. 22nd, 1923.

Dear Sir:

Referring to your letter of the 20th inst., asking me to furnish you with a list of the pupils who may be absent from the school without permission, I beg to say that none of the pupils have come back since the holidays except three girls and one boy from Coquitlam Reserve and another boy from Lillooet. Therefore, we have only five children at present, at school; the others are at Jervis Inlet and other camps, and the majority at the hop fields; but as the Indians did not inform me, the children would not come in time, I cannot say their whereabouts. I heard that some went to the hop fields (I do not know who) from their respective camps, while others left Sechelt a week before the end of the holidays. Had I known, sooner, that the Indians were going to act this way, I would certainly have informed you of their intended departure, I sincerely regret this misunderstanding.

Parents and children knew very well the date of the reopening of the school; we were expecting them, all, on the 4th and 5th inst and, for that purpose, we had made provisions which are now getting spoiled.

By this time, they have been missing quite a whole month besides the month of holidays they have had; would you kindly tell me if I must mention it in the Quarterly Report and how I must make this report.

Would you also allow me, dear Sir, to ask you to be kind enough to find some little children to take the place of the big boys and big girls who are of age to be discharged and who, probably will not come back to school. On account of these anticipated discharges we will not have our full number this year.

IN YOUR REPLY REFER TO No. 2-1-8 ALSO TO DATE OF THIS LETTER
--

Sept. 24, 1923.....19

Sir,—

Dear Reverend Sister:

In reply to your letter of the 22nd instant, relative to the children not returning to school, after vacation, I desire to inform you that I have addressed letters to Chief Tom, Chief John, Chief Johnson, Chief George, and Indian Constable Roberts, instructing them to require from the Indian parents and guardians concerned the return of their children, who are pupils, to your school without delay. I have told them that if they do not return at once that the court will be opened and all expenses connected therewith will be charged to the parents and guardians.

Kindly let me know if there is any movement in the direction of returning the children. If not, I will immediately proceed against the parents.

I may say that a letter was received this morning from Noel Paul, asking me to tell the school inspector that he wants to keep his son who "Got a bad sickness" and cure him. He states that he lost two children from the same sickness, on account of the food that they had in the school. He also states the boy has been in school nine years and he did not learn much.

Of course, I do not take complaints of this kind seriously, as similar complaints have been made of other schools in the past. I would inform you, however, that there appears to be on the part of the Indians as a whole a strong desire to have the affairs at the school investigated. A petition was received last spring, signed by the villagers complaining about the school, particularly the food, secondly that the children were not learning anything and thirdly that they wanted a male principal. This petition was discussed by Reverend Father Welch, Mr. Inspector Cairns and myself and we decided to let matters rest for a while.

Within the past few weeks, however, another petition of a similar nature has been received, signed by practically all the villagers, asking why the former petition was not acted upon and calling upon us to have an investigation of these matters made. This is just where the matter stands at present. It is possible that the Indians in refusing to have their children return to school are keeping these petitions in mind and it looks to me as if there will have to be an inquiry in order to clear matters up. Mr. Cairns is out of the City at the present moment. It is possible that prosecution of the parents may bring about a solution of the difficulties complained of by the Indians.

Reverend Sister Gabriel,
Principal,
Sechelt Boarding School,
Sechelt, B.C.

On the return of Mr. Cairns, to the City, it is probable that he and I will visit Sechelt, with a view of having school matters investigated. It is clear that there is dissatisfaction on the part of the Indians and it there is no good reason for this, this will have to be explained to them, after the investigation referred to.

Yours sincerely,

C.C. Perry,

Complaint has been made at this office that the pupils of the Sechelt Boarding School who should have returned to the Sechelt Boarding School on the 4th or 5th of September have not returned and I have been requested to apply the law and have these boys returned to school.

Let me ask you to warn immediately, all those parents whose children have not returned to school that unless they immediately return their children to school, the court will be opened and all the expenses are likely to be charged to the Indian parents and guardians. If the people desire to keep clear of this expense, they had better get busy and send the children back right away.

Do not fail in your duty to see that these instructions are carried out.

ALSO
TO DATE OF THIS LETTER

Sir,—

Dear Reverend Father:

With further reference to the petitions of the Sechelt Indians, as brought to your attention in the two letters addressed from the Indian Officer, under date August 29th and 31st respectively, I beg to advise you that the attitude of the Sechelt Indians in regard to matters complained of therein has assumed a more serious aspect. It is reported by Reverend Sister Gabriel by letter of the 22nd of September that only five pupils out of an approximate enrolment of eighty who should have returned to school on the 4th instant, have reported at the school most of the absentees being Sechelt Indians.

It has also been reported by a member of the Squamish Band that an attempt has been made by the Sechelt Indians to enlist the sympathy of the Squamish parents and their co-operation in a boycott of the two boarding schools.

Under the circumstances we deem it imperative that an investigation of the whole matter be made as soon as possible after the return of the Indians from the Hop Fields. While the four chiefs and constable have been urged to use their powers of persuasion with a view to the return of the pupils and the Indian parents and guardians have been threatened with Court proceedings to return their children, we would feel that it would be comparatively easy to deal with a few truants, but the whole band being practically unanimous present a serious problem, which would call for a more diplomatic way of dealing with the situation than by court proceedings.

We, therefore, respectfully request that you be good enough to consent to assist in the inauguration of some plan, whereby a thorough investigation and solution of the present difficulty could be assured. It is our desire to meet the parents only, who may have complaints to make and to ascertain, if possible, if there is any good ground for such, and we would appreciate it if you would accompany us on the occasion of our visit to Sechelt in order that we may have the benefit of your good counsel in these matters, also your co-operation as a representative of the Church interested in the school,

We remain, dear Reverend Father,

Most sincerely yours,

Rev. Father Welch, O.M.I.,
Vicar of Catholic Missions,

Sir,—

With further reference to my letter to you on the subject of the return of the children to the Sechelt Boarding School, let me say in connection with the petition received from the Sechelt Indians regarding the school that a conference has been held today between Mr. Chief Inspector Ditchburn, Mr. School Inspector Cairns and myself, wherein the whole matter has been carefully considered.

It has been decided to hold an inquiry into school affairs at Sechelt early in November upon the return of Mr. Cairns from the North and of the Reverend Father Welch, who is at present away. In the meantime, the children should all return to school at once. It would be impossible to hold an inquiry if the children were not in school. I hope, therefore, you will exercise every power to have these children returned to school at once. Please also tell the parents that if they do not return at once we shall be obliged to carry out the plan referred to in my last letter.

Yours respectfully,

Note:

Visited Sechelt on Oct. 9th and interviewed Staff of school. Found only five pupils returned and seventy absent. Sent word to chiefs that I would consider recommending their deposal as Chiefs unless they exercised their influence to have pupils return. It has been hoped this would have a good effect in addition to letters previously sent to them.

It has been decided that after discussion with the school authorities to send the police to fetch the children if the chiefs fail by Friday Oct. 19th to have the pupils returned.

[Handwritten signature]

Oct. 17, 1923. 19

Sir,—

I have the honour to transmit to you herewith the returns of the Sechelt Boarding School, for the Quarter ended September 30th. ultimo. It will be noted in the remarks column that pupils, who number about seventy out of seventy-five, failed to return to the school at the appointed date, September 4th and 5th. In this connection I am forwarding a copy of my complete file on the subject by which it will be seen that efforts are being made to have this matter looked into and the pupils returned to school. I would inform you that up to the present time no word has been received from the Sisters to the effect that any of the children have returned. If no word is received by Friday next, the 19th instant, Police Officers will be dispatched with warrants for the arrest of all pupils.

It is unfortunate that the investigation of this affair has been inadvertently delayed owing to Mr. Inspector Cairns having made arrangements to go to the Nass River, which trip was imperative owing to the early freezing over of the Nass River, making navigation expensive and difficult. Had it been possible for the Reverend Father Welch to have gone to Sechelt in response to my letter of August 29th, no doubt an earlier investigation might have been made on the return of the Indians from the Hop Fields.

Immediately upon leaving the hop fields the Indians began to scatter all along the Coast and it will be with difficulty that they will be reached and the children brought back to school. I am expecting word from the Sisters at any moment and I am hoping that it will be to the effect that the pupils have returned.

I pointed out to Dr. Scott in an interview during his visit to Vancouver that the affairs of the school will be fully and carefully investigated with a view of correcting any condition which may be found inimical both to the interests of the pupils and the staff. I feel at present there is no justification for the attitude taken by the Sechelt Indians and I believe good results would follow a change of policy, whereby children from other villages should be encouraged to enter the school and a number of the older pupils now enrolled discharged and replaced by younger children.

If you will kindly consult my diary for the month of May, it will be noticed that on the 17th day of that month I reported that I had found it necessary to visit the school and severely censure a number of the pupils who had been giving trouble to the teachers.

Revert letter back & keep me super interested

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

STATEMENT OF CHIEF JOHN.

I'll say a few words about the school matter. You are enquiring about what matter this school is closed about. This school building is one of the best buildings as we look at it. The school children today are not the same today as they were. Children coming out of this school lately hardly know anything at all. The band got together and said we may as well stop this and have a better plan." We decided in asking for a different principal and teachers that is why we stop the children from going to this school. 'Tis not because we do not like the Sisters, it is because of the poor education. It is all mixed up. They can hardly put things together. So it was agreed by the Band that they would want a man principal, a man teacher for the boys and the Sisters for the girls.

STATEMENT OF CHIEF JOHNSON.

I'll say a few words to you about this school matter. The School building looks good inside and outside. The teachers are the main trouble. The food too is pretty poor and the children get sick on it. It is a shame for the Government to pay a large sum of money and for children to come out of school and know so little of education. When our children speak English half of the English is French. When we want our children to add or count they can't do it. We are tired of this poor business in the school and if the matter is settled up it may be better later on and as Mr. Cairns says if the Sechelt children do not come to school, others will. I can say it will be different. We Sechelt people built the first school in this Reserve. We want to follow what the Government wants us to go, but we cannot get it out of this school in the way of education. It is not because we do not like the school. It is because we want good food and good education for this school.

STATEMENT OF JOE WILSON. Indian.

I'll tell you a few words about this school matter. You are Inspector of Indian Schools. In regards to school matter, we have a kick about the food. When we start a school in Sechelt the Government pays \$5.00 per month for each pupil. We could not kick then if the food was not of high standard. Lately we found out the Government was paying more money. We found out the food in the school was just the same as when it was \$5.00 per month. The children are getting mush and tea without milk and without sugar. So our children have been getting sickness with eating such poor food as that. I have known a few kids who have got sick with the food and have died. Our kids have looked well whenever in school, but a few months after looked sick and were not well. About the Sisters they hate all the people of Sechelt, and hate the Priest (Priest present) as much as we. After we had a meeting we decided to hold our children till we had better teachers and better food for the children. So this time we have brought our children to Sechelt and if the school matters are settled we are ready to put them into school. It has been agreed by the Band to have a man Principal, a man teacher for the boys and Sisters to teach the girls.

POOR COPY

STATEMENT OF CAPTAIN JOE. (Indian)

I got a complaint about my little girl. One day Mother Superior slapped her on the nose with a book and it bled all day. I do not think a school teacher would go that far in punishing kids. I come up to school one day when I came to Sechelt, and just as I come in the door, the Sister chased me away like a dog. Before that they had chased my wife away the same way as that. I do not like to remember what she said at that time. I would not like to say what the Sister said in the presence of the Mothers and the fathers and the children. The teachers hate the people here. If any of the women come to school they chase them away. If there is no change of teachers in this school there will be more trouble than there was before with the people of the village.

STATEMENT OF MRS. AGNES ALPHONSE. (Indian)

My husband when he was alive came to school to get our boy to cut wood. As he came up behind the school he saw the boy crying and blood coming from his nose. My husband asked what was the matter but the boy would not say a word. The Sister would not let the boy go and cut wood, so my husband went and got the boy to cut the wood. At last I got the boy down to the house. The boy would not tell me what was the matter. In the evening when going into church the boy began to cry and there was still a little blood coming from his nose. I took him home and put him to bed. I coaxed my boy and asked him what was wrong. I said to him:- "Your both eyes are black and I do not know what is wrong with you." By and by he told me what the trouble was. It was at the school and it was after dinner time and it was his job to wash the dishes. A sister thought it was not in his place to wash dishes, so the sister instead of telling him, she came up behind him and gave him a slap on the back of the head with a closed hand. I never told anybody about this. My boy was laid on his bed, but I didn't want to say anything to anybody. Quite a few days after this his grandmother came to the house and saw the boy was sick and asked what was the matter. When she saw it she went to Father Plamondon. (Here Father Plamondon explained that he saw the boy with black eyes but that the boy had told him about this but could not remember the Grandmother having done so.)

STATEMENT OF MRS. NOEL PAULL. (INDIAN)

I lay down before you what I know and what I have seen of the Sisters, and the truth. One day I came up to the school to get my boy to cut wood. My husband and eldest boy were sick. As I came up I seen my boy and the Sisters in charge let me come to see the Superior. I took my boy along with me. I saw the Mother Superior and I could see that she looked mad. She asked me what I wanted. I told her I wanted the boy to cut wood for me. Mother Superior then got mad with both of us. She told me that I had got my boy before, and he had missed the Church Service and for this reason she would not let him go. It could not be helped that time, we were in the woods when the Church bell rang and we could not be in in time. It got me very sore and I told Mother Superior I would not come to get my boy again. At last Sister found that I was mad. She asked me what I wanted to have my boy out of school for. Then we started to fight words with her. She was talking in English and in French, when she was talking French she was saying "O! la la, O! la la." I have an idea what she was saying. She asked me right there if I wanted to fight with her. I got ready and the Sister ran away. As I went towards the village another Sister was running after me. The Sister asked me to come back or she would wire to Mr Perry. and he would send a Constable to come up.

POOR COPY

STATEMENT OF SAME JULIAN (Indian)

It is a long time since I first heard of trouble with this school. I used to come up and see my children; two or three times I come up to see my children. I had to fight with the Sisters. Two or three times we had trouble. There are two parties in this Reserve. The Sisters are one party and the people in the village a party too. Sometimes when we have celebrations we come and try to have the Sisters enjoy it with us, but they would not come. This is where the trouble begins. The Reserve belongs to the Indians. The Sisters are working for the Government. The Government has given us a good school and no good has come out of this school the Government has done for us. There has been more trouble every year. I put my time in in Sechelt this Spring and every day there were school boys and girls running away from School. We spend most of our time running around looking for the kids. Two times I took my kids back to school. I couldn't help it when the kids ran away each time. I got a few kids here and it proves the Sisters cannot give them a good education. Women cannot give them sense enough to get anything education. When the kids come out of school they would not listen. They go out into the world and please themselves. Why do the teachers not teach the children to obey their parents, - the law of God. That is one thing that makes the people of Sechelt sore and should be cut out right now.

QUESTION BY INSPECTOR CAIRNS.

Why do the children run away?

Answer: They were treated too rough by the teachers.
A.Voice: Over-punished.

STATEMENT OF MRS. ISAAC SHIELDS (INDIAN)

A few words in regards to the food of the children. My little girl was sick and I came up one day just in time for dinner. I had fried some fish to take up to my little girl for dinner. Just as I came up (it was in the old school building) the Sister was taking in the dinner for the sick girls. It was salt fish. It must have been old and it smelt rotten. When the Sister walked away I took it away and gave the girl the fish I had brought. The girl told me that if she didn't eat the Sister's fish she might be punished. So I took it away myself. There is no sugar in the tea and the tea very light just like water.

Inspector Cairns here addressed the Indians, at length.

"..... You cannot say you own this building which was built primarily for the education of Indians. You must have some regulation to ensure order and to prevent chaos. Sister Superior has responsibility. You must treat her with respect, as she represents authority and order. I am a tax-payer in the City for instance. The Mayor is the head of the City and represents the people. Things must be done in an orderly manner." (It was impossible to take down Mr. Cairns entire speech, as I could not write shorthand..C.C.P.)

This concludes the charges against the school.

RE

STATEMENT OF REV. SISTER GABRIEL.

Rev. Sister Gabriel invited by Inspector Cairns to make any observations that she may desire upon the statements of the Indians, stated as follows:-

We always put some sugar in the tea, also milk when the cows produce it. There has been no sugar put in the porridge of the pupils since the war, but nobody has complained. The children each morning return their plates for a second helping. The doctor never said the children died of poor food. He, on the other hand, has been most careful not to allow a boy to be in school in a weak condition. The food has been improved of late and the dietary scale has been approved by the Department.

As to chasing the Indians like dogs, the contrary is the case. It is the Indians who have chased us. There must be discipline and the Indian cannot do as they like. We never had a child whose nose bled for a whole day. Morris has black eyes because he had been fighting with a big boy.

With reference to obedience the teachers encourage the children to obey their parents every day. We need the co-operation of parents. If parents do not teach their children to obey their teachers, the parents cannot expect the children to obey them.

We do send the children to participate in the rejoicings of their parents and people .

Concerning the fish-the Indians say the fish was no good, the Indian parents salted the fish themselves and we were obliged to throw away seven barrels, as it went bad.

The Indians say the Sisters make money out of the Indians, but it is different. Since January last we have purchased cord wood from the Indians amounting to \$640.65 besides this we have paid engineers and gardeners expenses.

We discipline the children often in penance at their own choice. They usually choose the strap. They are disciplined reasonably and are not treated roughly. The Indians insult me when I refuse to allow them to take their children. How can they become educated if the parents are allowed to take their children away?

Following the statement of Sister Gabriel, Tom Julian, the Indian interpreter, who had interpreted all the proceedings desired to speak. The following is what he said.

There are four points. Education, food, treatment and hatred. These have been discussed at all the meetings held by the Indians.

At Deserted Bay the Chiefs get letters from Chief Inspector Ditchburn and the Indian Agent and they go to the Ex-pupils of the boarding school and ask them to explain the letters to the old people and they could not do it.

POOR-COPY

A letter received recently from Mr. Ditchburn through the Indian Agent regarding fisheries matters could not be interpreted.

There was better education under Mother Theresa. Some of the young people now write letters to Father Plamondon, which are so poor they cannot be read. As to the food, I put nine years in this school and know how on some occasions the food was poor and couldn't be eaten. I have seen kids go out after meals and throw up their food to prevent being sick.

As to discipline, in some cases the treatment goes too far. There are some bad ones, but others do not deserve it. There should be a different system. The boys should have some one who should rule them. Sister St. Juan is laughed at by the boys. She is too old. My mother is old. Sometimes I laugh at her. That is like the Sister. I can correct my boy when my wife can't. There is distance and lack of sympathy between the people and the Sisters and it is getting worse. I know this myself. We are ambitious for a good school.

The Reverend Father Plamondon, desiring to address the Assembly stated as follows:-

Before God I am bound to be impartial, fair and just. This trouble is of long standing. I have been here a long time. Many times the late Indian Agent Byrne spoke to me about the complaints he had received from the Indians regarding the food, discipline and education at Sechelt Boarding School. When Mr. Cairns came here Jan. 5, 1921, he informed me there had been a meeting in Chief Julius' house at which complaints had been made to him re food. The petitions sent to Indian Agent Perry were never shown to me by the Indians. The Indians said "Father, we are tired and want an understanding, on the question referred to." I see there is friction between the Indians and the management of the school. I didn't until lately go into the dining-room. I knew what they had in the old building and was well satisfied, but when I saw the poor food given to the pupils by the present Sisters, I told Father Welch myself that I was sorry for the children who had to eat mush with no sugar and milk. The result of this condition was that on September 3rd only one boy came back to school. A priest came from Westminster last fall and said he would like to see the food of the pupils and when he saw it he said to me "Father it is a shame for the Sisters to give those children heavy mush with no sugar or milk." He also said that potatoes, soup and bread so frequently used was of little use to these children. He told me it was my duty to come and see every meal and taste it. I mentioned this to Mother Gabriel and told her that the big boys need lots of food and that if we could not feed them properly it would be better to close the school or else ask the Government for more money as we are responsible before God. What reflects on the Sisters, reflects on the Church and Priest. We must not starve the children. The climate in this country demands good food and plenty of it.

As to education, Mother Gabriel invited me to the school when Inspector Cairns visited last January. I went to the classroom and considered the work was not up to standard. Father Welch admitted to me at the table

" They do not know much"

As to discipline the Sisters are scolding the children from morning to evening. Some times the Sisters could be heard shouting at the children from as far away as the wharf. I told the Sisters they should not kick, slap and shout at the children. I must speak the truth for I know that I will be judged. I said to Mother Superior "These children are slaves. They used to have a Christmas tree and more recreation" (The Sister here answered "I never have anything like that".)

I know the Sisters intentions are good, but they may have been brought up like that. They are watching the children too closely, allowing them no latitude, and visiting priests have remarked about this. They are watched in Church and faced everywhere. I know they have to be watched but not to this extent. I told Father Welch over and over again. Mother Theresa used to visit the sick, but lately the Sisters have not visited the sick Indians. I told Father Chirouse this and we agreed that we must love the Indians if we desire to serve them. Last fall there was no stove in the Church. At that time there were not more than seven or eight Indians in the village. One day there was snow on the ground and these few people and I wanted to use the school chapel. Sister Gabriel became very angry and she said to me "Look, Father, I cannot stand it any longer. See what water they have made all over the floor." Her intentions no doubt were good, but there seems to be no understanding. There is room for improvement. The Indians are not wholly to blame. There should be co-operation and understanding and this should be possible. A sister here interjected that they (the Sisters) themselves had eaten mush and toast all through the year. Father Flamondon retorted that is perhaps what you were used to in France, but in this country more food is required.

The Indian Agent next addressed the meeting in an endeavour to council the Indians and all parties concerned with a view to better understanding, also promising that the statements etc, would be carefully analyzed and discussed with the school staff and hoped that there would be no recurrence of this trouble in the future.

The singing of the National Anthem concluded the proceedings.

1-2-8.

Dear Father Welch:-

Mr. Cairns and I are leaving for Sechelt on Thursday morning, November 1st, proximo, in accordance with promises made to the Indians and our arrangements. We feel that to put off our visit would be to break faith with them, for, when sending Mr. Constable Bartlett to Jarvis Inlet to require the return of the pupils to school, he was instructed to inform the Indians that we would be at Sechelt on November 1st, under which circumstances and in view of the fact that the proposed investigation has already been considerably delayed, you will readily understand our position. We hope that it will be possible for you to send a representative should you be unable to accompany us.

Yours sincerely,

(s.d) Charles C. Perry,

Indian Agent.

Dear Father Welch:

This acknowledges the receipt of your letter of the 5th instant, regarding school affairs at Sechelt.

Constable Bartlett left here last Sunday Morning and is still in the North. He went outwith instructions to persuade the Indians to send their children back to the school at once. If he meets with success, we will be prepared to leave Vancouver on November 1st, and proceed to Sechelt where the whole matter will be fully investigated.

I am pleased to know that you will accompany Mr. Agent Perry and myself on this trip. If for any reason we are compelled to cancel that date, we shall at once notify you by phone.

Yours very sincerely,

(sgd) R.H.Cairns,

Inspector of Indian Schools.

R

IN YOUR REPLY REFER TO No. 1-2-8..... ALSO TO DATE OF THIS LETTER
--

Sir,—

With further reference to the trouble at the Sechelt Indian Boarding School, as outlined in a file submitted to the Department under cover of letter dated Oct. 17th ultimo, we, your Inspector of Indian Schools for British Columbia and Indian Agent of the Vancouver Agency, hereby concurrently report for the information of the Department, as follows:—

By correspondence (Copies of which are herewith submitted) and interviews, it was arranged that the Rev. Father Welch, O.M.I., Vicar of Missions and ourselves would visit Sechelt on November 1st, for the purpose of holding an official investigation into conditions as complained of by the Indians. Notice of the proposed meeting having been sent to the Indians scattered at remote camps along the Coast, through Dominion Constable Bartlett, it was imperative that we should not break faith with the Indians. Further, we had come to the conclusion that the seriousness of the situation had not been fully apprehended by the Church Authorities to whom it had been pointed out that delay would not improve the situation.

It is unfortunate, as will be noted by the correspondence that the Reverend Father Welch was not free to accompany us to Sechelt on November 1st. Previous to our investigation, a special effort had been made by Rev. Father Plamondon to have the Church represented at the investigation, by an official apart from the resident Missionary and Staff, which failed.

We proceeded to Sechelt on the first instant where we were met by Dominion Constable Bartlett who had visited the Camps and had urged the Indians to keep the appointment at Sechelt on November 1st. There were thirty-one school children in the village with their parents and friends, they having all arrived that morning from Jervis Inlet.

It pleased the Indians that your Agent should first hold a meeting with the Hunaechin Band of the Sechelt Tribe, and in the meantime they would call the people together for a meeting in the Boarding School Assembly Hall, which room was placed at our disposal by the Reverend Principal.

After meeting the Hunaechin Indians, and disposing of their business, we repaired to the Boarding School classroom where all the adult Indians

Nov 6, 1923.

and several children were assembled. Present on the platform were the Principal and Institution Staff, The Reverend Father Plamondon, Resident Missionary and Chaplain, Mr. R.H.Cairns, Inspector of Indian Schools, Indian Agent C.C.Perry, and Dominion Constable Bartlett. Your School Inspector occupied the chair and Indian Agent, C.C.Perry acted as Secretary and took the minutes, assisted by Dominion Constable Bartlett. Evidence as submitted herewith was taken and duly read and approved by the meeting. The testimony of the Indians having concluded, the Chairman invited the members of the staff to make any observations they may desire upon the statement of the Indians, whereupon the Reverend Principal Gabriel made her statement, which is submitted with the evidence. Following this the Reverend Father Plamondon, made a statement during which Reverend Sister St. Dennis interjected a few opposing remarks upon which she was heckled by the Indians to some extent, The Indians desiring to have Father Plamondon speak.

While we have noted that the testimony of the Reverend Father Plamondon is reflected in the evidence of the Indians and while we regretted very much to observe the embarrassment of the Reverend Sisters, who listened to the evidence of Reverend Father Plamondon, in the presence of the Indians, where the Reverend Father deemed it meet that his sentiments should be delivered, we feel that the Reverend Father was sincere in his statement, for we have hitherto found him a pious and worthy Missionary, whose representations would not, we believe, be without reasonable grounds.

The evidence thus taken was of such a nature as to lead us to the belief that friction exists between the staff and the resident Missionary-Chaplain on the one hand and the Staff and some of the Indians on the other hand, which circumstance would appear to call for the attention of the representatives of the church to look into the matter with a view to action being taken for the creation of an atmosphere of harmony and co-operation. We are convinced that the Indians of Sechelt were not justified in taking action as a Band, to force the recognition of their grievances which might easily have been remedied had the aggrieved parents presented them to the Principal of the School, or to the local officials of the Department, individually. This, however, was not done.

The evidence of all the parties concerned having been completed, on the first instant, we decided to visit the school the following day to discuss with the Principal and staff, the several points at issue between the staff and the Indians. Every phase of the situation was thoroughly gone into with the result that it was decided to institute immediately with the assistance of the Department the following program:-

1. The dietary scale to include for the time being an addition to the breakfast porridge, of the pupils, of Pacific canned milk and sugar, pending the slaughter of the old cows at present in use and the purchase of three good milch cows to take their place;
2. The slaughter of two old cows, a scrub bull and two ill-nourished calves for meat for the institution
3. This discontinuance of stock-raising at this school.

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

on account of insufficient accommodation and pasturage, etc.

4. To recommend that the Department provide three good milch cows for the school.
5. The school Inspector and Indian Agent to write a joint letter to the Principal setting forth for the regulation of the Indians visiting the school the times and conditions under which the pupils may be visited by their parents.
6. Suggestions left with the Sisters to make provision each day for proper and sufficient exercise.
7. In disciplining the pupils the Sisters were advised to use great care and discretion. In this connection we found no serious grounds for complaint.
8. With reference to the clothing of pupils, it was decided that while it was not desired that parents should be discouraged from making gifts of clothing, shoes, etc., to their pupil-children, provision for the comfort of the pupils in this regard to be made by the staff, in accordance with existing regulations.
9. It was decided that the annual summer vacation should commence on August 1st each year and continue until the opening of the public schools for the Province.
10. That a male teacher be appointed for the boys' classroom. The foregoing adjustments, it is thought, will remedy in the main any grievances the Indians may have against the conduct of the institution..

In addition to the suggested arrangements, referred to, the question has arisen on the part of the Church Authorities regarding the payment of the salary of the resident Engineer, who looks after the boilers and electric lights. The Reverend Father Welch, Vicar of Missions, has suggested that provision be made by the Department for the payment of this salary, which amounts to \$900.00 per year. He has further suggested that the per capita grant for this Institution be increased by the Department. These suggestions open up to us a rather difficult problem, for, having no data which would enable us to make comparisons, between the various educational institutions, as to their mode and cost of operation, it is difficult for us to determine whether or not the Department should be asked to follow the suggestions made by the Reverend Father Welch. We would gladly do so, however, if it is found, upon investigation, in the Department where the records would likely be available that the grant at present being paid towards the operation of this institution falls appreciably short of those made to other institutions.

In conclusion, we desire to say that when meeting the Indians we made very clear to them the fact that the Department is exceedingly anxious that this school should be conducted along efficient lines; that there should be harmony and co-operation between the Indians and the officers of the School. We advised them also that should any occasion for complaint arise in the future, representation in this regard should be justly and properly made, first to the Principal by the aggrieved parent or guardian individually. We made it clear that we felt they were not justified as a band in taking the drastic action they did; also that it was not likely that the Department would, in the future, allow an institution

which costs

PAGE 4.

which costs so much to build, furnish and equip to be detrimentally impeded in its operation through the caprice and whims which may seize the Sechelt Band, particularly as there are in the Province of British Columbia many Roman Catholic children, whose parents would gladly have them enter this institution as pupils. On the other hand we advised them that the complaints made by them on this occasion would be thoughtfully and carefully considered and the Reverend Sisters gave their assurance that any causes of legitimate complaint would be effectively remedied, which assurances resulted in the return of all the pupils, who were that day in the village, numbering in all thirty-one, immediately. The Indians further promised that the remaining pupils, bringing the enrolment up to seventy-four would be returned by the parents, who were residing at the Camps along Jervis Inlet.

We are daily expecting to receive word from the Reverend Principal that the balance of the pupils have returned, the Indians appearing to be quite satisfied with the investigation made.

We beg to remain, Sir,

Your obedient servants,

R.H. Cairns,
Inspector of Indian Schools
for British Columbia.....

Seckelt B.C. 11th October, 1928.

167-18-1

The Honorable Duncan Scott
Indian Department,
Ottawa.

Honorable Sir.

Doubtless you are aware that so far not one Seckelt child is in the school, and the Indians refuse absolutely to send them back unless a thorough investigation is instantly made into the management.

Their grievances are of long standing, they have referred them over and again to the late Mr. Peter Byrne, but the good old gentleman, who did not like the idea of annoying any, specially the sisters, always managed to send the poor Indians home with the promise that he would take the matter into consideration.

On the 5th of January 1921, taking the occasion of the official visit of Mr. Cairns, Inspector of the Indian schools, they held a meeting in his presence in chief Julius' house and exposed to him their complaints against the school.

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

POOR COPY

In the Summer of the same year they made two petitions; one to Mr. Cairns and the other to another Miss. Principal of St. Paul's School North Vancouver as she is the head Superior in Canada of these sisters, requesting that a change be made into the staff of the Sechelt School.

Last winter they wrote to their new Agent, Mr. C. C. Perry asking again for a change or amelioration in the way of feeding, educating and correcting their children. During the last vacations I am told that they notified the authorities that unless they gave their instant attention to their reiterated grievance they would not send their children back to school.

I spoke myself many times to my own Superior, Rev. Father J. Welch, O.M.I. who is supposed to look after the interests of the Indians, of the ever increasing bad feelings which the Sechelts have towards the management of the school. But the good holy priest, much in the same slow disposition as was the late Peter Byrne, thinks almost impossible for the "good Sisters" to be unfair, even unintentionally, to the Indian children. As missionary priest of Sechelt and chaplain of the school, looking after the spiritual

Spiritual interest of both. The Sisters and the Indians, my position is quite a crucial one. I see and hear every thing; we must be fair, impartial and just. The Indians are not to blame altogether. There is something defective, and very defective in the management of the Sechart boarding school, regarding the food, the education of the boys and discipline. The food is not what it should be and what the Indian Department wants it to be in the quantity and quality. For instance, for breakfast the whole year round, one plate of thick mush without milk or sugar, but salt with one single piece of dried bread, no butter or anything else on it, and a cup of tea. The same ^{must} be said of the supper, or any other meals, never more than a poor plate of soup with one piece of dried bread, no matter how big or hungry may be the children or sick. — The teacher of the big boys is an old French Sister (they are ^{all} French) over 65 years of age who can hardly speak English and have been since the opening of the Sechart school in 1904. The discipline is by far too rigid, I do not think that the penitentiary guards of Kuo- Westminster handle their convicts more roughly than some Sisters do the Indian boys here. The Indians are very well satisfied with

Ottawa, Dec. 3, 1923.

Dear Mr. Cairns:

I have the report on the Sechelt Indian Residential School, signed jointly by yourself and Mr. Perry. I learned, with regret, that the Rev. Father Welch was not able to accompany you to the school at the time of your investigation. I was sorry to learn that there has been friction between the staff and the missionary and the Indians on the reserve; but I have noted, with satisfaction, that steps were taken to surmount the present difficulty.

Your remedial measures, relative to the children's diet, the rules for visitors, recreation for the children and school discipline, are approved. You should also insist on a properly qualified teacher for the boys' classroom. I am authorizing Mr. Agent Perry to secure three good milch cows and deliver them to the school.

I am pleased to note that the members of the Band have been censured for their drastic action in withdrawing their children from the school and I trust that, in future, petty troubles will receive a rapid adjustment.

You, in company with Mr. Perry, should make another visit to the Sechelt Indian Residential School in the near future, when your duties permit, and a special report should be forwarded to the Department in due course. In the meanwhile, I should be pleased if you would make recommendations relative to management and finance, so that the Department can take remedial measures of a permanent nature. A similar letter is being addressed to Mr. Indian Agent Perry.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Dear Mr. Perry:

I have the report on the Sechelt Indian Residential School, signed jointly by yourself and Mr. Inspector Cairns. I was sorry to learn that there has been friction between the staff and the missionary and the Indians on the reserve; but I have noted, with satisfaction, that steps were taken to surmount the present difficulty.

Your action, relative to the children's diet, the rules for visitors, recreation for the children and school discipline, is approved. The Principal of the school is being informed of the Department's attitude in this connection. I am insisting on a properly qualified teacher for the boys' classroom.

You are authorized to purchase three good milch cows and have them delivered to the school. You should secure the advice of Mr. Arthur Morton, 419 Duncan Building, Vancouver, B. C., local representative of the Live Stock Branch of the Department of Agriculture, who will inform you as to the best source of supply. You will please incur no unnecessary expense.

I have noted, with satisfaction, that the members of the Band have been censured for their drastic action in withdrawing their children from the school, and I trust that, in future, petty troubles will receive a rapid adjustment.

I have suggested to Mr. Cairns that you should make another visit to the Sechelt Indian Residential School in the near future and forward a second special report at that time. In the meantime I should be pleased if you would make recommendations, relative to management and finance, so that the Department can take remedial measures of a permanent nature. I have written, also, to Mr. Inspector Cairns.

Dear Sister Gabriel:

For some weeks I have been much concerned because of the unusual situation at the Sechelt Indian Residential School. The report of Mr. Inspector Cairns and Mr. Indian Agent Perry has been received and I wish to urge that their recommendations guide you in the management of the institution. You should spare no effort to provide food for the children, that is adequate in quality and quantity. To assist you, I have authorized Mr. Indian Agent Perry to purchase and deliver three good milch cows.

The instructions of our local representatives, relative to visitors at the school; their suggestions for the children's recreation and their advice in the matter of school discipline should be incorporated in the regular routine and management. Further, I have to insist on a properly qualified teacher in the boys' classroom. If you have not already made a change, you should do so without delay.

I am corresponding with our representatives and with the Rev. Father Welch, in an effort to determine what remedial measures of a more permanent nature can be undertaken.

Duncan C. Scott, Esq.,
Deputy Superintendent General of Indian Affairs,
Ottawa, Ont.

Dear Mr. Scott:-

In reply to your letter of December 7th, in which you ask me to make recommendations relative to management and finance at Sechelt, I am pleased to say that I have gone fully into these questions, and am satisfied that a promising solution has been reached.

The week before Christmas Messrs. Ditchburn, Cairns, Perry and myself spent a whole afternoon in the Indian Agent's Office discussing the Sechelt situation. The resolutions passed at this meeting will doubtless be submitted to you by Mr. Perry. It was left to me to interview Mother Gabriel and Mother Amy, and also the Indians to try and arrive at a settlement with them. This I did without delay.

As regards the Indians the main difficulties were the diet and the management. They insisted particularly on having a male principal. On two different occasions I went thoroughly into this matter with Rev. Mothers Amy and Gabriel and they finally completely agreed with me that it would be in the best interests of the school for the Oblates to take over the management and place the school on the same footing as Kamloops, if this were acceptable to you. But let me assure you that I was not anxious to assume this responsibility. In consenting to it my sole purpose was to put an end to the friction which has arisen between the present staff and the Indians, and at the same time to meet the wishes of the Department, and yourself in particular.

With this object in view I have carefully looked through this Province for a competent principal and manager, and now respectfully request you to approve of the appointment of Rev. Anthony Swenceski, O.M.I. He is of Polish descent, 40 years of age, but came to British Columbia when a mere child, so that practically he has lived all his life in this province. I may say that he is quite a mechanic and a carpenter and in these capacities will devote himself to the technical training of the boys. What Father McChaire is doing in Kamloops, as far as conditions will permit I believe Father Anthony will accomplish in Sechelt.

You ask for a qualified teacher for the boys. Unhesitatingly I recommend for the bigger boys and girls Mother Gabriel. To assist the Principal in maintaining discipline I purpose giving him Brother Joseph who has had considerable experience with the boys in the Cariboo School.

The Indians have promised to send all their children back to school after the Christmas holidays, and to wait

D.C.S.

(2)

patiently pending the arrival of a male principal.

In conclusion let me say that I take it for granted that the school will be placed in Class "A", and that you will approve of the suggestions submitted by Messrs. Ditchburn, Cairns and Perry.

Thanking you for your Season's Greetings which I most sincerely reciprocate, I am,

Very respectfully,

J. W. Lech. O.M. I.

IN YOUR REPLY REFER TO
No. 1/2/8
ALSO
TO DATE OF THIS LETTER

Sir,—

I have the honour to acknowledge receipt of your letter of December 7th instant, No. 167-18-1, with reference to the desired suggestions as to better management and financing at the Sechelt Indian Residential School.

In reply thereto I beg to inform you that the whole situation has been carefully discussed with the Reverend Father Welch, Mr. School-Inspector Cairns, and the Chief Inspector of Indian Agencies, Mr. W. E. Ditchburn, both individually and in conference. Every phase of the present situation has been carefully considered with the result that we have reached a decision as to our recommendations in this connection to be made for your consideration. These are as follows:-

- ✓ 1. That the Institution be placed in Class A, with the status of an Industrial Boarding School, with the maximum grant.
- ✓ 2. The school to be placed under the Principalship of a male principal to be appointed by the Oblate representatives of the Roman Catholic Church, the school to be no longer under the Principalship supervision of Sisters. This has been agreed to by the Sisters themselves. Under this arrangement the Reverend Principal will be assisted in the training of the pupils by the resident priest, who himself has considerable experience along the lines of manual and carpentry work. It is proposed to place Rev. Father Anthony, who is now at Fernie, in charge of the school, this Father having, it is believed, the desired qualifications to fit him for the position. With this program the proposal to have a male teacher in the classroom will be eliminated and the institutional and classroom work will be done by Reverend Sisters, under the supervision of the principal, with the understanding that every effort be made to raise the classroom work to a higher standard of efficiency.
3. That a piece of land in area approximately two and a half acres be acquired by lease (subject to survey) from Dan Paull, the recognized owner, at Swaycalse Reserve No. 3., in Porpoise Bay, at a rental of \$25.00 per acre per year for at least three years, to which proposal Dan Paull has agreed. The entire three years rental to be paid in advance as soon as

the area

Dec. 27, 1923.

the area of the land has been ascertained. This land will be used for necessary garden purposes.

4. That the sum of \$1000.00 be immediately made available to the Indian Agent for the purpose of blasting stumps and clearing an additional area for garden purposes at the school grounds, in order that the same may be placed under cultivation for the supply of vegetables etc., for the school. This recommendation, as well as No.3, is made with the assumption that the Department will proceed with the proposed Water Supply scheme which, it is understood, has been the subject of correspondence between Mr. Chief Inspector Ditchburn and the Department. As soon as additional land has been cleared in the immediate vicinity of the school and a suitable irrigation arrangement has been installed, the land referred to in recommendation No.3 would be vacated and the immediate school grounds further cultivated.
5. That a small boat with an engine, to cost approximately \$600.00 be furnished this school, the same to be used under supervision of Rev. Father Plamondon for the purpose of carrying fish, primarily, for the school supply, and in order that the boys of the school may be taught by the Reverend Father how to operate and care for marine engines, which knowledge will be useful to them after they leave the school, as most of the Indians make use of motor boats in connection with their fishing.

more Indian

Up to the present time the girl pupils of the school have received no training along the lines of baking although the institution is equipped with valuable bakery machinery which has never been used. Under the proposed industrial status of this school, attention will be given to the training of the girls along this line as well as laundry and other household arts.

It is believed that the carrying into effect of the foregoing recommendations will result in the entire elimination of the present difficulties surrounding this school as well as the attainment of higher standards of efficiency as desired by all concerned. We would recommend that these proposals be given the earliest possible consideration and, if approved by the Department their immediate application would ensure the certain response of the Indians, which seems to so vitally affect the future usefulness of this institution.

We have the honour to remain,
Sir,
Your obedient servants,

R.H. Cairns,
R.H. Cairns,
Inspector of Indian Schools

Memo to Minister

167-18-1.

January 4, 1924.

Memorandum:

Approved
Mr. Scott.

I have carefully examined the suggestions of Mr. Inspector Cairns, Mr. Indian Agent Perry and Rev. Father Welch, for the future of the Sechelt Indian Residential School, and I wish to recommend the following action: -

1. That the school be placed under the control of the Oblate Fathers and have as its principal a resident Priest. The Rev. Father Swenceski, O.M.I., is available for this duty and would be given by the Order a lay Brother to assist in boys' activity.
2. That the Department make a grant of \$1,000 for the purpose of clearing land at the school for garden purposes and that in the meantime a few acres on Porpoise Bay (Reserve No. 3) be rented.
3. That a small boat, to cost approximately \$600, be given the school, to be used for the purpose of securing fish, which are not found in the immediate vicinity, and for the training of the boys in the care and handling of such craft.
4. That the new principal be urged to use all the equipment in the building, that is designed for the purpose of instructing the girls in the domestic activities and that organized instruction be given the boys in gardening, the care of stock, fishing and the handling of a boat.
5. That the per capita grant be increased to that of the Industrial School class.

I am hopeful that this program, if carried out, will permit the Sechelt Indian Residential School to give adequate instruction and care to the pupils and to finance successfully on the per capita earnings. The present management of the school has agreed to the appointment of a principal from the Oblate Order.

Russell F. Cairns
Supt. of Indian Education.

Memorandum:

Honourable Charles Stewart.

The Sechelt Indian Residential School, in British Columbia, has lost during the past year or two some of its popularity with the Indian communities. Investigations have revealed the fact that a change in the management is desirable. The Sisters who have been in charge and the Provincial of the Oblate Order are agreed that the appointment of a resident priest as principal is desirable. Changes are being made in the instruction offered; and the institution is ^{being} placed in the Industrial School class and will receive a larger per capita grant. The preparation of a larger garden is imperative and I shall be pleased to have your authority to allow a grant of \$1,000 for clearing purposes. The work will be performed under the supervision of the Indian agent. A small boat with an engine is required for the supplying of fish, which are not to be found in the waters immediately in front of the school; ~~but~~ will be useful in the training of the older boys in the handling of marine boats and engines. It is estimated that \$600 will secure suitable equipment.

I shall be pleased to have your authority to authorize this expense. Funds are available in the Appropriation for Indian Education.

January 9, 1924.

Dear Mr. Perry:

I have examined the letter of Mr. Inspector Cairns and yourself which recommends certain changes at the Sechelt Indian Residential School, and I have also been in correspondence with the Sister Superior and the Very Rev. Father Welch. I am pleased to inform you that arrangements have been made to allow a per capita grant of \$170 for this institution. I have also arranged for the Oblate Fathers to assume the responsibility for the management, and the temporary appointment of Rev. Father Anthony Sencowski, O.M.I., has been approved.

You are authorized to purchase a small gasoline boat for the use of the Sechelt Indian Residential School. This equipment should be used not only for fishing activity but for the training of the boys. You should secure competitive prices from the best local sources of supply, and when presenting the voucher in favour of the firm given the business, you should support it with either an abstract of tender form or a complete explanation of the manner in which the business was awarded. Your estimate of \$600 should be a guide to you in this connection.

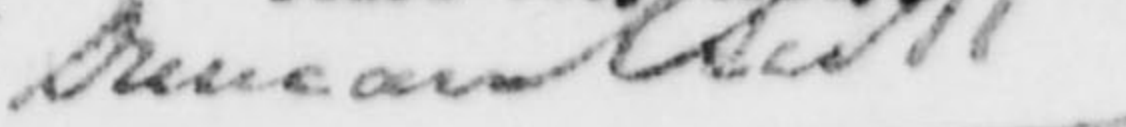

Copy to
Please arrange at an early date for clearing operations on land at the school which can be used later for gardening. You should secure as foreman for this work someone who is qualified to blast stumps, and you would be well advised to engage members of the Indian Band for the rough labour. If it is advisable to use the older boys at the school for some of this work, please instruct the foreman you engage to take precautionary measures to see that they receive no injury.

You may arrange for the rental of the 2-1/2 acres at Snaycalse Reserve No. 3, which is owned by Dan Paul. The Department will allow a special grant of \$25 per acre per annum for three years. You should secure the concurrence of the new Principal before making the arrangements for this land.

I am instructing the new Principal to make organized efforts at vocational training for both the boys and girls, and you should give this your hearty support and co-operation upon the occasion of your visits to the institution.

I am sending
~~Please inform~~ Mr. Inspector Cairns *a copy* of the contents of this communication.

Yours very truly,

Deputy Superintendent General.

Ottawa, January 10, 1924.

Dear Father Welch:

I have your letter of the 27th ultimo, relative to conditions at the Sechelt Indian Residential School and I am grateful to you for your co-operation and offer of assistance.

I have been in correspondence with our local officers and with the present Sister Superior and I am now pleased to offer you, as the representative of the Oblate Fathers, the responsibility for the satisfactory management of the school. The temporary appointment of the Rev. Anthony Swenceski, O.M.I., is approved and I trust that there will be a career of much usefulness in his case. The Department also approves of Sister Gabriel as teacher for the senior room. I am pleased to note that a lay Brother will be added to the staff.

A per capita grant of \$170 will be allowed the Sechelt Indian Residential School as from the first of the calendar year. A small gasoline boat will be provided for the carrying of fish and for the instruction of the older boys. Clearing operations will be commenced, under the direction of the Indian agent, so that adequate garden facilities will be available in the future. As a temporary measure, a few acres are being rented from an Indian at Porpoise Bay.

Please instruct the Rev. Principal that vocational training for both boys and girls must be organized and that special efforts will be directed towards a proper supply of food for the children. The boys should be instructed in gardening, the care of stock, fishing and the management of the boat and engine. All the facilities for teaching the girls domestic activity are to be utilized.

I am very grateful to you for coming to the help of the institution and the Department at this time and I trust that, under the management of the Oblate Fathers, the Sechelt Indian Residential School will become an important factor in the education of Indian children in British Columbia.

Yours very truly,

Arthur C. Stanger
Deputy Superintendent General.

Dear Mr. Ditchburn:

I am informed that Mr. Inspector Cairns and Mr. Agent Perry have discussed with you the future of the Sechelt Indian Residential School and that you concurred in their recommendations. I have written to them and to the Very Rev. Father Welch and the object of this letter is to acquaint you with the Department's decisions.

The Sechelt school will receive a per capita grant of \$170, as from the first of the calendar year. The Oblate Fathers have assumed the responsibility and the temporary appointment of the Rev. Father Anthony Sweneeski, O.M.I., has been approved. Mr. Indian Agent Perry has been authorized to purchase a small gasoline boat for fishing and for the training of the boys. He has also been instructed to rent a few acres at Porpoise Bay and to arrange for the clearing of some land near the school. The new principal is being instructed to make organized efforts at vocational training for both boys and girls.

Vancouver Agency, Vancouver, B.C.

Jan. 15, 1924. 19

IN YOUR REPLY REFER TO
No. 2/3/16
ALSO
TO DATE OF THIS LETTER

Sir,—

I have the honour to forward the returns of the Sechelt Indian Boarding School, for the quarter ended Dec. 31st last. In this connection and with reference to reports and correspondence between this office and the Department, I beg to say that Mr. School-Inspector Cairns and I visited Sechelt this week and inspected the school and as a result of meetings with the Indians, concerning the non-return to school of about thirty pupils, an important report will be submitted to the Department as soon as Mr. Cairns and I have had a further interview with Rev. Father Welch.

I would inform you that while about forty pupils have so far returned to school, following the trouble, there are still Indians who refuse to return their children until their demands which were embodied in subsequent recommendations to the Department have been met. The Indians, at a very strenuous and tense meeting, further demand the removal of Sister Gabriel and Sister St. Dennis, and have threatened to empty the school completely unless this demand is met.

It is our intention to again go into this matter very fully with Rev. Father Welch after which Mr. Cairns and I will make a joint report. It is anticipated from an interview, of Mr. Cairns and myself, with Rev. Sister Gabriel that the latter will leave the institution in July next, and it is expected that new appointments of teachers to this school will be the outcome of our interview with Rev. Father Welch as referred to.

While we feel that the Indians' demands as such ought not to be encouraged for obvious reasons, the fact remains that the trouble at this school will not be over until further arrangements of a mutual character are made, having in view the better conduct and control over this institution.

Every effort.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

POOR-COPY

Page.2.

Every effort is being made by Mr. Cairns and myself to co-operate with the Church Authorities in bringing about the desired results. The Indians expressed satisfaction with the recommendations which have been jointly made to the Department and further stated that the removal of the two Sisters referred to would result in the school being completely filled up to capacity and the return of harmonious relations in every particular.

It is not desired that this report should be acted upon; it is simply sent for the Department's information. I would request that the Department await the joint report of Mr. Cairns and myself, which we will make after a discussion with Rev. Father Welch, Vicar of Roman Catholic Missions, a week hence.

Your obedient servant,

C.C. Perry,
INDIAN AGENT.

North Vancouver, B. C.
July 28th, 1924.

Dr. Duncan Scott,
Deputy Superintendent
of Indian Affairs
Ottawa.

Dear Sir:-

On May 27th 1917, all the buildings of the Sechelt Indian Boarding School were burnt down. I had insured the main building for \$3000.00, and the furniture for \$3000.00 also. I paid the insurance for many years. After the fire had occurred, the Insurance Co. gave me \$6000.00

As, for a moment, the reopening of the School was uncertain, the Indian Department asked me to send to Ottawa the amount of the insurance on the building, that is \$3000.00 to be put to the credit of the Sechelt Band.

The \$3000.00 of the furniture were left to us, as being our own property, since we had furnished the house with everything; all we saved from the fire was also ours.

Soon afterwards, however, it was decided that the School would continue and that temporary buildings would be erected for the boys and the girls, as well as a well-built cottage for the Staff and the sick children. The Government left, for that purpose, the sum of \$3000.00, amount of the insurance on the building and granted \$800.00 as a help.

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

We used also, for the temporary buildings, the cottage and furniture, our \$3000.00, together with the donations of relations and friends, as shown by the enclosed amount.

We had when the fire occurred six good cows, about sixty hens and seventy chickens, which, of course, were left for the use of the School.

As we have no longer the direction of the Sechelt School, we earnestly beg the Government to settle this matter and so refund to us the value of our belongings on the School.

We have run this School for twenty years, working with an untiring devotedness for the welfare of the children and their parents. When we started in June 1904, the main building alone was standing, there was nothing in it, and no land cleared around. With the boys' help we did ourselves the clearing and planting of the garden and orchards. From 1904 to 1912, the Grant being only \$5.00 per Capita, we could not take any salary, we were even helped by our Community in France.

After 1912, when the Grant was increased, we took a very small salary, as can be seen in the accounts of the Sechelt School, just enough to buy our clothes and meet the necessary expenses.

Late Mr. Green, Inspector, and Mr. P. Byrne, Agent, knew all our hard beginnings; Mr. Litchburn and Mr. Cairns have seen us for many years and know how hard we have worked.

We are confident that you will kindly take all these things into consideration and recommend our petition to the Government.

As I am going back to France by the middle of August, I would ask you to be kind enough as to send payment to Mother Amy, Superior Provincial and Principal of the Squamish Indian Residential School, North Vancouver, B. C.

With anticipated thanks, I remain, dear Sir,

Very respectfully yours

Sister Therese, Superior General

Mr Duncan C. Scott,
Deputy Supt General,
Department of Indian Affairs,
OTTAWA, Ont.

R

Dear Mr Scott-

I have been requested by Very Rev. Mother Thérésine, Ex-Principal of Sechelt Indian Residential School and presently, Superior General of her Community, to forward you the accompanying letter and statement.

As you can easily judge by the contents the story of the Sisters is a very sad one. After having worked over twenty years and placed large sums of money (including special gifts from friends and relatives) for the benefit of the school, and see themselves practically turned away from the direction of the school, without the least remuneration, seems an almost unbearable situation.

The Sisters are changing their request

I have told Very Rev. Mother Thérésine, on her passage in Ottawa, June last, that you were very kind and sensible, and therefore, would take into consideration any reasonable request. I understand by the letter that she would ask for \$4,815.00.

I leave the whole matter to your kind and fair judgment and hope that a satisfactory solution will be reached. Please note for your own information that the Rev. Mother will be at St Paul's School (Squamish) North Vancouver, until the 14th inst and will reach Ottawa about the 23rd inst.

Very truly yours,

Joseph G. ...

After the fire had occurred at the
Sechelt Indian School, we built a cottage for the
staff and the sick children. We put about \$4800.00
of our own money in it. This cottage is a good solid
frame building on concrete foundations; it has a good
hot water heating plant. It comprises: in the basement, a
big room which was used as a store-room, the furnace-
room and another small room; on the first floor, three
rooms and a bath-room; the same on the second floor.
Since the erection of the New School building, this
Cottage has been occupied by our Novices, but as our
Novitiate is going to be transferred elsewhere, we would
be very thankful to the Indian Department if this
cottage could be bought from us by the Government for the
use of the Indian School.

I am leaving for France, therefore this matter
should be treated with Mother Amy, Principal of the
Residential Squamish School at North Vancouver, and

[Handwritten signature]

Sir,— I have the honour to transmit herewith a letter which I have received from Reverend Sister Mary Amy, of North Vancouver, which was handed to me by Rev. Sister Mary Alix, with the request that the same be forwarded to the Department.

In explanation of the fact that this letter appeared to have been dictated by a third party, who desired that the matter therein referred to be negotiated with Mother Amy at North Vancouver, while at the same time the letter was signed by Sister Mary Amy, I was informed by Rev. Sister Alix that the Superior General of the Sisters, who recently returned to France, dictated this letter without signing it and left it with Rev. Mother Mary Amy to deliver here. Sister Alix also informed me that the Superior General had called upon Dr. Scott at Ottawa on her way back to France and that Dr. Scott had advised her to have this letter sent to the Department through the office of the Indian Agent at Vancouver, under which circumstances I now beg to present the letter accordingly.

Your obedient servant,

[Handwritten signature of C.C. Perry]

Reverend and dear Sister:

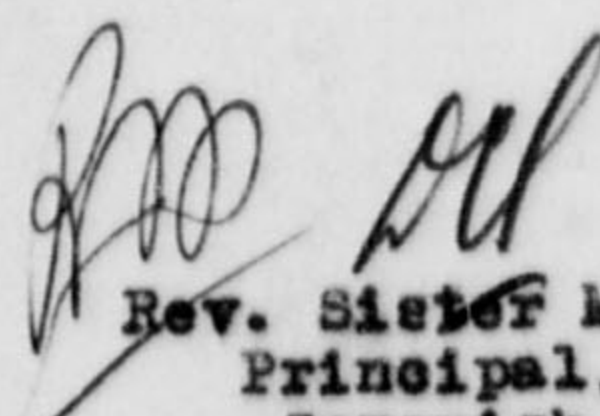

Mr. Indian Agent Perry has forwarded your letter of the 2nd instant, which is a copy of a communication I have received from the Very Rev. Sister Theresine, Superior General, following her visit to Ottawa. I have given very careful consideration to the question of reimbursing the Sisters of Child Jesus for the expenditure incurred in the erection of a cottage at the Sechelt Indian Residential School. There are no funds available at the present time; but, when future budgets are being prepared, your request will not be overlooked. However, as the need for economy

is pressing, I regret no promise of favourable consideration can be made.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Dear Mr. Perry:

I have your No. 3-96 of the 13th instant, enclosing a communication from Sister Mary Amy, Mother General of the Sisters of Child Jesus, with reference to a cottage that has been built by the Sisters at the Sechelt Indian Residential School. I had already received this communication over the signature of the Very Rev. Sister Therese, Superior General of the Order, and I have written to Sister Mary Amy direct.

I should be pleased if you would make a valuation of this cottage at your convenience, giving a full description and reporting on its present use. I am returning the copy of the letter. *Please indicate if this building is a necessary adjunct to*

Dear Sir:-

I am in receipt of your favour of the 29th ult. In answer I beg to thank for the careful consideration you have given to the question of reimbursing our Community for the expenditure incurred in the erection of the Cottage at Sechelt.

We hope you will plead our cause before the members of the Department, as you always have done, and we trust that your request shall be granted.

Thanking you in advance for your kindness and courtesy, I remain, dear Sir,

Respectfully yours

IN YOUR REPLY REFER TO
No. 105
ALSO
TO DATE OF THIS LETTER

With reference to your letter of Sept. 29th last, No. 167-18-1, in connection with the suggested purchase by the Department of the building adjacent to the Sechelt Indian Residential School, as reported upon by The Very Reverend Sister Theresime, Superior General of the Order of the Sisters of the Child Jesus, and requesting a report from me as to the building and its necessity as an adjunct to the school, I beg to say that my visit to Sechelt has been somewhat delayed owing to the fact that the Indians visit Sechelt only at certain times of the year, during the festivals of the Roman Catholic Church and as the Indians were all assembled at Christmas and all the business of this reserve was undertaken at that time, I thought it would be satisfactory to investigate the matter of this building during my visit at Christmas time.

With regard to this matter, I now beg to report that I have made a very careful examination of the building and I find the same to be in most excellent condition and the description given in the correspondence already in the Department relating to its conveniences and construction are in all points correct. The building is almost as good as new as it has been kept since the time of construction in excellent condition.

I consider this building to be a necessary adjunct to the School as its rooms and general facilities adequately and not with superfluity accommodate the male members of the Staff who are working in connection with the school, and for whom there is no convenient accommodation in the school building proper. In addition to the reverend principal there are four men occupying the rooms of this building and I am heartily in accord with its acquisition by the Department in connection with the institution.

As to the value to be placed on the building I discussed this matter with the Rev. Father Anthony and the Rev. Father F. Flamondon, O.M.I., by whom I was informed that the Rev. John Welch, O.M.I., Vicar of Roman Catholic Missions had informed the Principal that this building when constructed was paid for partly by the Department and partly by the Reverend Sisters of the Order. They understood that the cost of the building was \$3000.00 and towards this expenditure the Department had contributed the sum of \$1500.00. Whether this information is correct or not may best be determined through the records of the Department which were current prior to my incumbency here.

It is probable.

Duncan C. Scott, Esq., Litt.D. B.R.S.C.,
Deputy Superintendent General of Indian Affairs,
Ottawa, Ontario.

Indian Affairs (RG 10 Volume 6459, File 887-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

00R-COPY

It is probable, however, having in view the statement of the Reverend Sister that approximately \$4800.00 of their own money had been put into this building, there may be some expenditures in connection with the construction over and above that which had been furnished by the Department and the Sisters, of which Father Welch may not be aware. It was noticed that the building was plastered and installed with electric light wiring, but I cannot say whether or not the cost of this was included in the figures quoted by the Reverend Father Welch.

Prima facie the building had the appearance to me of being well worth the sum of \$3500.00 as a second hand concern, but not being more than a casual observer in building matters, I could not determine with exactitude what would be the actual worth of this building.

Your obedient servant,

C.C. Perry,
INDIAN AGENT.

JAN 19 1925

North Vancouver, 14 janvier, 1925.

Révérénd Père Guy, C. M. I.
Université d'Ottawa.

Mon Révérend Père : —

Je ne veux pas que le mois de janvier arrive à sa fin, sans qu'il vous ait porté mes vœux de bonne année; et, en même temps, j'en profite pour vous remercier de l'intérêt que vous portez à notre école.

J'espère que vous nous continuerez votre paternelle protection et que vous plaideriez notre cause pour que l'argent que nous avons mis dans le cottage de Sechart nous soit remboursé. J'ai écrit à M^r Duncan Scott à ce sujet, et il m'a promis de faire tout ce qu'il pourrait; mais je suis sûre que si vous souffliez un mot à l'oreille de ce cher Monsieur, il vous écouterait et obtiendrait que nous rentrions dans nos fonds.

Vous savez combien nous sommes pauvres. Voilà bientôt trente ans que nous travaillons parmi les Indiens et, après ce laps de temps nous nous trouvons sans le sou. Ce n'est pas, mon Révérend Père, que je désire les richesses oh! non, pas le moins du monde! Ce que je voudrais, ce serait une maison spacieuse et confortable pour nos sœurs anciennes ou infirmes et, ceci, impossible de le leur procurer puisque, encore une fois, nous n'avons pas de fonds. Quant à emprunter, comme on me le conseille, je ne le ferai pas, parce que je prévois que je ne pourrais payer les intérêts. C'est pourquoi, mon Révérend Père, je fais encore appel à votre dévouement pour nous obtenir qu'au moins l'argent que nous avons déboursé à Sechart nous soit rendu.

C'est dans l'espoir que vous ferez tout ce qui dépendra de vous que je me dis,

Votre très humble et très reconnaissante,
Sœur Aimée de Marie-Provine

TRANSLATION.

North Vancouver, B. C.,
January 14th, 1925.

Reverend Father Guy, O.M.I.,
University of Ottawa,
Ottawa, Ont.

Reverend Father:-

I do not want to let the month of January go by without sending my best wishes for the New Year and at the same time I wish to thank you for the interest you have taken in our school. I hope that you will continue this fatherly protection and will plead our case so that the money which we have expended on the cottage at Sechelt be refunded to us. I have written to Mr. Duncan C. Scott about this matter and he has promised me that he would do all he could, but I am sure that if you said a word about it to him he would listen to you and we would soon be refunded.

You know how poor we are, we have been working for thirty years among these Indians and after this long time we remain penniless, it is not, Reverend Father, that we desire richness not by any means. What I wish, would be a house large and comfortable for the old and infirm Sisters and this is impossible for us to get as we have no funds. I do not wish to borrow as I have been advised to do as I am sure I would be unable to pay the interest.

This is why, Reverend Father, I appeal to your devotedness to obtain for us at least the money which we have spent at Sechelt.

In the hope that you will do your best for us, I remain

Humbly and thankfully

Sister Aimee of Marie
Provincial.

Dear Mr. Scott:-

Please find enclosed letter sent to me by Reverend Sister Aimée, Provincial of the Sisters of the Infant-Jesus, stationed at North Vancouver and Sechelt.

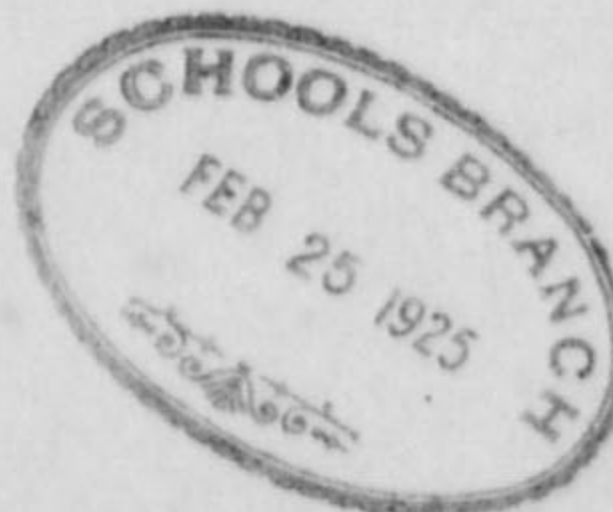

You will remember the visits of the Reverend Mother General in the course of last year relative to certain matters which have crept up in connection with the transfer of direction of the School. The present letter is another request and I hope that you will give to it your very favourable attention.

Kindly advise me of any step which you find proper to take in this matter.

Yours very truly,

Joseph Guy

Dear Father Guy:

I have your letter of the 14th ultimo, with further reference to the request of Sister Mary Amy, Mother Provincial of the Sisters of Child Jesus. She was informed some months' ago that, in view of the need for economy, no promise of favourable consideration could be made. At the present time funds are extremely limited, and the re-imbursing of the Sisters for the cottage at the Sechelt Indian Residential School cannot be considered now. I shall be pleased to know, however, where the Order proposes to erect a home for the aged Sisters.

Yours very truly,

J. D. McLEAN

R

April 16th, 1925.

Mrs. Duncan Scott
Indian Affairs
Ottawa.

Dear Sir:

I do hope you have not forgotten my request for the reimbursing of the money invested in the cottage at Sechelt. I know you have informed me that the funds of the Department are extremely limited at the present time, but I expect that in the near future you will use all your influence in the Department in favor of the Sisters of the Child Jesus.

As I have told you already we have been working among the Indians some for 29 years, others 25 and 20 years, doing our utmost for their welfare, and we are ready to continue the task to the end. But unfortunately we are growing old and some shall not be able to work much longer, and I am sorry to say that I have not even a decent lodging where to shelter the aged sisters.

My intention was to erect a home for them in North Vancouver, close to the school, but I have not the means to do so and I do not want to run into debt.

Therefore, I beg of you, dear Sir, to bring again my request before the Department, and be so kind as to plead our cause as you have already done many a time.

Thanking you in anticipation, I remain,
dear Sir,

Respectfully yours
Sister Mary Amy

Sir:

Noted
I have the honour to transmit my report and diary
for the month of June.

x

x

x

It was my pleasure to visit Sechelt Reserve on
June 8th on the occasion of a festival of the Roman Catholic
Mission at which His Grace Archbishop Casey functioned assisted
by visiting priests of several missions and also to preside
at the second regular meeting of the Sechelt Indian Council.
The visit of the clergy to these Indians gave them much
encouragement for they were all in a very happy frame of mind and
our business was transacted in a very decorous and friendly
way.

It was pleasing also to observe that the trouble
in evidence a short while ago between the Indians and the
Boarding School Staff had entirely subsided and the relation-
ship existing between the school and the Indians was most
friendly and harmonious.

I have the honour to be,
Sir,
Your obedient servant,

(Sgd.) Charles C. Perry.

Dear Father Welch:

With further reference to your letter of the 22nd instant, in which you nominate the Rev. V. Rohr, O.M.I., for the principalship of the Sechelt Indian Residential School, I feel I should draw to your attention the rather difficult nature of the position. You will remember that I had correspondence with you some two years ago in this connection. I have very kind thoughts with regard to the Rev. Father Rohr and recognize the important contribution he has made to the Indians of the province; but I hesitate to approve of his appointment to Sechelt because of his advancing years. I believe that this institution requires the services of a particularly competent and active principal and I should be very grateful for a further communication respecting your plans.

Dear Mr. Scott:-

In reply to your communication of 30th ultimo, No. 167-18-1, I beg to say that it was only after serious consideration that I and my four Provincial Councillors decided to ask you to approve of the appointment of Rev. V. Rohr, O.M.I. for the principalship of Sechelt. We did not act hastily and without bearing in mind the best interests of the School.

While not a very young man we are satisfied that Father Rohr is sufficiently active and competent for the position, and feel sure that the Institution will in no way suffer if entrusted to his care.

The teaching staff, and the disciplarian, a most reliable Brother, will remain unchanged.

Under present conditions we shall be most grateful if you will accede to our wishes, particularly so, as I am leaving for Rome on the 17th instant.

I have the honour to be,

Yours ever respectfully,

J. Welch O.M.I.

Serhelt Residential School

Serhelt B. C. October 2 1926

C.C. Perry Esq.
Indian Agent,
Vancouver, B.C.

Dear Sir:-

I am mailing you the School returns for the quarter ending Sept. 30th. I hope that you will find it in good order and that you will forward it to Ottawa as soon as possible. When you do so, will you be kind enough to ask the Dpt. to send me without delay the Capita grant. You will easily understand my position and need of funds when you know that the Institution owes (as far as I able to find out to date) over \$4,436.00, and the bills for bread and meat for Sept. are not included in this sum.

With best wishes, I remain, dear Sir,

Yours sincerely

John Beeploent

RF
Sir,-

I have the honor to transmit herewith the quarterly returns of the Sechelt Indian Residential School, for the September quarter, 1926, together with a form of Admission and Discharge.

The Department's attention is called to an attached letter received from the new Principal having reference to a deficit in the finances of that institution, which I deemed to be of interest to the Department.

I have discussed the matter of the finances of this school with Mr. R. H. Cairns, Inspector of Indian Schools, and we think the Department has done everything possible up to the present to encourage this institution to be on a good financial footing. It will be noted that no special grant has been requested, and it is probable that the Church authorities will find some way of meeting the deficiency.

Your obedient servant,

Charles C. Perry

Sechelt Residential School

167-18-1

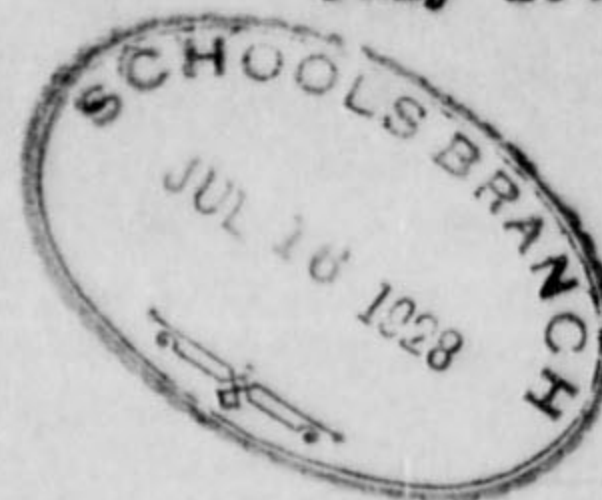

B

Sechelt, B. C.

July 10th.28.

The Hon. Duncan Scott,
Superintendent General,
Indian Affairs,
Ottawa, Ont.

Sir:

May I respectfully enquire whether, as Principal of Sechelt Residential School, I have authority to compel attendance at school of our pupils, till they have arrived at the age of eighteen years?. I find that in the past the parents have withdrawn their children as soon as they reached the age of sixteen years. Whatever may have been the conditions that demanded or sanctioned this custom, I am of the belief that it is objectionable, and for the following reasons, viz. that it is not to the best interests of the children themselves and that the interests of the school as an institution requires that they remain longer in residence.

In the first place, at the age of sixteen they are physically, mentally and morally unfitted to face life as maintains among their people. Experience has taught us that, especially among the boys, they have been, with few exceptions, idlers, for all of two years, after having left school.

Along this ^{bound}rock coast of British Columbia, they can find no other occupation, than what is offered in the fishing and logging camps. Because of their youth, their inexperience and their all-too-often undermined constitutions, they are not wanted in these industries. At best they can obtain only temporary employment in the canneries, at certain seasons.

Sechelt Residential School

Sechelt, B. C.

So far, none of our children have made progress further than the sixth book, which hardly corresponds to fifth grade work. From the age of sixteen on is, therefore, more vital for such progress in school work. From the moral point of view, they have barely begun to grasp the significance of christian principles, when they are snatched from our influence. It is a noted fact that the Indians have little or no control over the children in the home, after a certain age. The school discipline, as you know, makes for a better and more orderly citizenry, and thus the years under restraint are invaluable from the point of view of law and order later on.

The girls of our school, are trained in needle work, domestic science and the like, while the boys do gardening, shoe repairing and clearing of the land, of dead-wood and timber. On account of the restricted (eighty) number of our pupils, comparatively few are of age to participate in the heavier work. For instance, this year we have five boys who will have attained the age of sixteen by the first of August current; not one of them, is fit to leave, and take his place in the world, and in sheer justice to themselves, should remain longer at school.

In view of the foregoing, I would beg of you to issue to me the necessary authority to retain these five boys on the roll of the school.

Very Respectfully,

Rev. J. McCaffrey
Principal.

EXD.

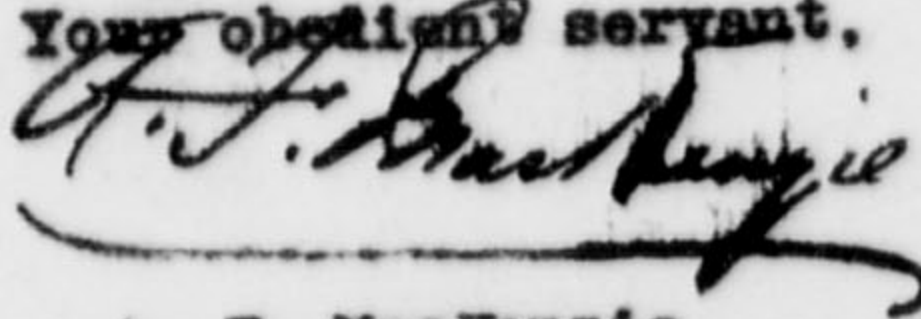

Ottawa, July 17th, 1928.

Reverend Sir,-

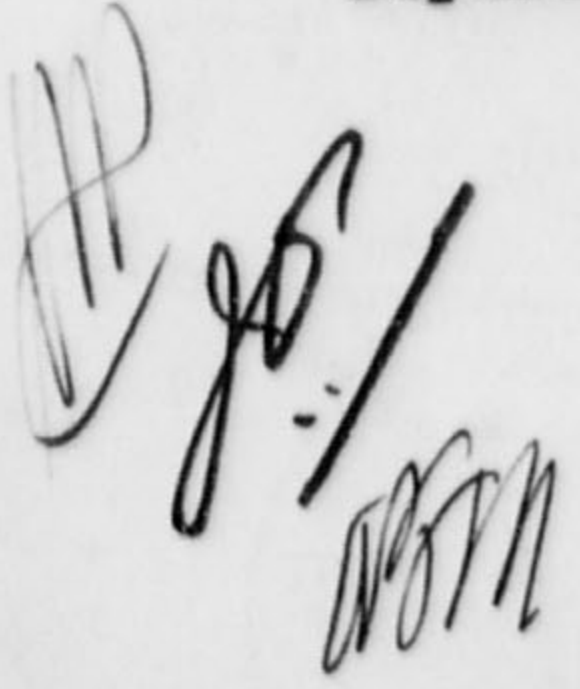

I am directed to acknowledge the receipt of your letter of the 10th instant in connection with the age at which children should be discharged from the Sechelt Residential School.

You will note from an examination of Section 10 (1) of the Indian Act that, legally, the Department can only enforce the attendance of Indian children at school from age seven until they reach the age of sixteen. However, the Department agrees with you that the majority of residential school pupils will considerably benefit by remaining in such schools until they reach the age of eighteen years and, in some cases, it might be advisable to have them remain even longer. Indian Agents, Principals and others interested in Indian education are expected to make every possible endeavour to persuade parents to leave their children in residential schools for a longer period than that prescribed by the Indian Act. The cases of any parents who insist on the discharge of their children at the age of sixteen should be referred to the Department through the office of your local Indian Agent.

Your obedient servant,

A. F. MacKenzie.
Acting Asst. Deputy and Secretary.

Sechelt School ----- Reverend Father McCaffrey's
reply was not as satisfactory as I would have
wished, as he was of the opinion that it would be
a mistake to give Coast Indians any technical
education as it might induce them to migrate to
the more populous centres where they would have
to compete with white labour. He is of the
opinion, however, that a properly equipped plant
for the repair and making of shoes for the pupils
would serve a useful purpose. Father McCaffrey,
however, is a new man in the Indian work and what
I have seen of him leads me to conclude that he
is more studious than practical. In view of the
attitude of this School, I am of the opinion that
no manual training equipment should be purchased
as the phase of technical education at present
being dealt with has reference to manual training
only. Possibly next year the Principal may become
possessed with a broader vision.

/1544.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 25th instant enclosing copy of a letter from the Superintendent of the Provincial Industrial School for Boys. I had already heard about these boys arriving in the School in a filthy condition.

Apparently three boys broke out of Sechelt Indian Residential School and did some petty stealing in Sechelt and the new principal, Reverend Father Maillard, had them committed to the Industrial School. I was absent up the Coast at the time and did not hear about it until my return. Personally I think it was rather precipitate action to take as one of the boys was especially quite young.

I have noticed in both residential schools the lack of cleanliness among the children which is probably due to insufficient bathing facilities.

There seems to be continuous trouble at the Sechelt School where they have recently made a change in the principal and assistant and I had hoped for better things from Father Maillard. I am taking up this matter with him and trust there will be no further cause for complaint.

Your obedient servant,

"Fred J.C. Ball"

Indian Agent.

IN YOUR REPLY REFER TO

No. 42/20763.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
P. O. BOX 666

VICTORIA, B.C., April 2, 1931.

Dear Sir:

I have the honor to acknowledge receipt of Departmental letter dated March 27th, No. 167-18-1, in regard to the complaint received by the Department to the effect that three boys, pupils of Sechelt Indian Residential School, were committed to the Provincial Industrial School, they having arrived there in a filthy condition and in need of medical treatment.

In reply I beg to advise the Department that on February 24th last I was furnished with like information by David B. Brankin, Esq., Superintendent of the Provincial Industrial School for Boys at Port Coquitlam. Copy of Mr. Brankin's report was forwarded on February 25 to Mr. Indian Agent Ball who was asked to make special report thereon. Mr. Ball replied on February 26th to the effect that these boys broke out of Sechelt Indian Residential School and did some petty stealing in Sechelt and that the new Principal, Rev. Father Maillard, had them committed to the Industrial School. Mr. Indian Agent Ball states that he was away up the Coast at the time and did not hear about it until his return. He considered the action of Reverend Father Maillard rather precipitate as one of the boys especially was quite young. Copy of Mr. Ball's report is sent herewith, in which it will also be noted that the Agent observes that there is lack of cleanliness among the children which is probably due to insufficient bathing facilities, also that there seems to be continuous trouble at the Sechelt School; that he was taking up the matter of Mr. Brankin's complaint with the Reverend Principal and he hoped there would be no further cause for complaint. I wrote to Mr. Brankin on March 2nd regretting the conditions complained of and pointing out that a circular letter had been sent by me to each of our Agents in B.C. in which they were being asked to see that, as far as may be practicable, Indian boys who in future may be sent to the Provincial Industrial School would be sent there in clean condition. Copy of my circular letter dated March 2nd to all Indian Agents is also sent herewith for the Department's perusal. I may add that it is expected that Mr. Barry, our Inspector of Indian Schools for British Columbia, will be officially inspecting the Sechelt School about the middle of May, proximo, when conditions will be fully reported on to the Department in due course.

Your obedient servant,

W. E. Ditchburn

167-18-1
Boys committed to Provincial Industrial School:

With reference to Department letters under number 167-18-1 dated March 27th and April 10th 1931 I beg to report that I gave special attention to this case, and also to the general cleanliness of the children at the school.

It is quite true that there is not sufficient bathing facilities at the Sechelt Residential School. As above reported this matter is now in the hands of Mr Indian Agent Ball.

I am sorry to have to report that as far as I can gather from the correspondence on the above subject, the Department was not made acquainted with the full facts in this case.

The Rev. the Principal of Sechelt Indian Residential School has made a very full statement to me. He states, in part, that the three boys mentioned had formed a "Gang" that they had made a practice of stealing in the Indian Village of Sechelt. There appear to have been a number of cases of theft. The Provincial police caught these boys, who are reported to have confessed to a number of thefts. The Provincial police took the case to a stipendary magistrate, who convicted and sentenced the boys; The Principal does not appear to have much to do with this part of the case.

The Principal states emphatically that previous to the departure of the boys for Vancouver, they were given baths and clean underclothes. He states that in addition the boys were provided with new shoes and new suits of clothes. He also states that the sores to which reference is made in the letter from the Superintendent of the Provincial Industrial School, dated February 24th 1931, were of in one case a syphilitic nature, and in the other case of a tuberculous nature. These boys had been treated daily by the Sisters at the school for these sores.

I regret to have to say that I do not consider that the letter from Mr Indian Agent Ball to the Indian Commissioner for British Columbia in any way covers the facts of the case, as stated by the Rev. the Principal.

The Principal told me that he had been assured in an interview with The Superintendent of Indian Education at Ottawa that he would have the support of the Department in dealing with this very difficult school. He feels that he has not had such support. I asked him why he did not ask for a full enquiry, if he thought himself badly treated. He replied that he knew that the Inspector of Schools would be inspecting his school shortly, and that the Inspector would be able to see the true facts of the case.

I consider that the Rev. E. Maillard is doing everything in his power to improve the standing of the Sechelt Residential School.

I do think that as reported above, the children of this school should have a very thorough medical examination in the near future. This will bring to light, no doubt, a number of other cases of a syphilitic and tuberculous nature.

The above was submitted by Inspector Barry in connection with his report on his visit to the Sechelt Res. School on May 11 and 20/31

Sechelt #1 167-18-1

The Indian School

By W. R. DUNLOP, F.R.G.S.

FATHER Maillard (who gave his name to Maillardville) met me with a welcoming smile and Gallic verve when I called on him in the neat little house on the slope of sunny Sechelt. Below us the broad expanse of the Bight on which the summer sun played with dancing gaiety; away to the right the Trail Islands, known of salmon trawlers, and the distant approach to Half Moon. The little verandah and the glad eye of the good father invited an easy chat.

I had often wished to inspect the interior of the Indian Boarding School—a familiar land mark on that pleasant coastland. The father gladly agreed to guide me; and as my visit was unheralded I saw an average sample and not a prepared show. I don't quite know what I expected, for the entrance ground did not promise much; but I was pleasantly surprised. On every hand there was the evidence of thoroughness. It was early forenoon. The bright airy dormitories were already in spick and span order, each bed made up in snowy white, each pillow covered by a dainty pillow-sham to give a touch of grace; the clothes in the lockers hung or laid with regard for care and neatness. My guide told me that the boarders are taught to make up the beds promptly; and as he lifted one or two of the sheets I saw that the work was not a mere veneer. The refectories and kitchen showed the same care and cleanliness. The little chapel—if that is the proper name—where mass is said daily made me think anew of the vexed controversy as to religious exercises in city schools.

As we entered the various class rooms the lesson was halted and the scholars stood in respect—a token not too common among white children; and here and there I spoke a well-merited word of praise and encouragement on the excellent work shown by Indian schools in the recent exhibition.

The discipline, though strict, is, I am sure, mild and easy, aided by temperamental docility and an instinctive respect for the gentleness of the teaching sisters; and what I saw at least in that casual visit made me think of the ancient word, "Love casteth out fear."

These boarding scholars are under the control of the school for a period of years, and many of them have reached a standard that would do honor to city high schools. I was told that they love the school and dislike the thought of leaving it—even for holidays! One reason suggested itself. When at length they must automatically go back to home life, faced with the hard fact that many of the ordinary channels of community usefulness are blocked by a racial bar, will the education they have had in curriculum and ordered habits persist, will it help to improve the morale and hygiene of a decadent race, or, denied fresh contacts, will these young people simply follow the inevitable law of reversion to type? It is a question of some pathos—in a sense, perhaps, of tragedy.

E X T R A C T from Commissioner Ditchburn's Letter of June 6, 1932, forwarding Inspector Barry's Report regarding his visit to the Sechelt Indian Residential School on April 19th, 20th and 21st, 1932.

Original on File 167-18-6.

It will be observed that the Inspector points out that some friction seems to exist between the Indian Agent and the Principal of the School. I have gone over the correspondence in this connection and, while I do not consider there is any particular friction, it is a case of misunderstanding or delayed information being furnished the Department.

Sechelt Indian Residential School

Sechelt, B. C.

Dec. 3. 1932

F. J. C. Ball Indian agent

Vancouver B.C.

Dear Sir.

I wish you would apply at Ottawa for certificates of good conduct for the three following pupils of Sechelt School.

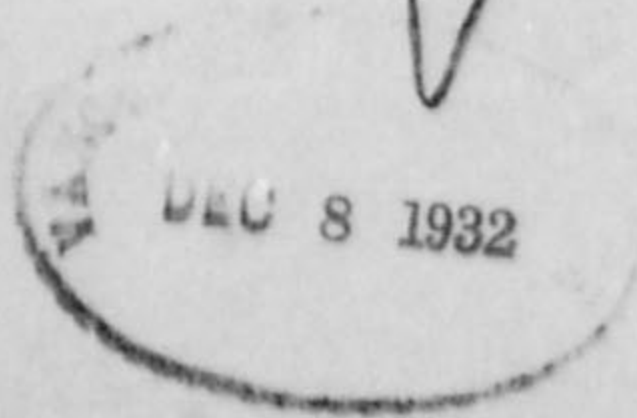

{ Mary Martha -
Catherine John
Alfred August

all three from Sechelt.

I saw by a letter written to Indians of the village that Brother Dave is interviewing the Dept. in favor of some Indian Bops - I think that B. Dave should be told to leave the Principal alone and mind his own business -

Yours truly.

Rev. Ed. Maillard O.M.I.
Principal

Vancouver, B.C.,
December 8, 1932.

Sir:-

I have received the enclosed letter from
the Reverend Principal at Sechelt School.

I presume the certificates referred to are
those given when the pupil is honourably discharged
from school.

With reference to the last paragraph of his
letter, I think the Reverend Principal conducts the
school satisfactorily to the Department; the children
are well fed, particularly clean and properly clothed
and the school is a credit to the school authorities.
The Reverend Father Maillard is a little difficult at
times, but he is keenly interested and absolutely
fair in his dealings with the pupils and staff.

When he took over the school, he found the
discipline had been slack and he had some trouble in
remedying it but the staff and pupils are well pleased
now and quite contented. While Father Maillard gives
me plenty of trouble, it has always been in the interest
of the school. He makes many requests which it is not
always possible to recommend but the school is a model
of cleanliness and neatness and a credit to him.

I do not suppose Brother David will apply
direct to you. Father Maillard sent him away from the
school for disobedience and there is probably hard feeling
between them in consequence. It is not good for Brother
David to correspond direct with the Indians in school
matters as it leads to difficulties.

I am mentioning these matters without prejudice
as you may not be aware of all the circumstances.

I have the honour to be,
Sir,
Your obedient servant,

Enclosure:-

Fred J. C. Ball

Dear Doctor McGill:-

I have the honour to say that I have just received a letter from the Reverend Ed. Maillard, O.M.I., who is leaving France for Canada on the 8th. instant. You may remember he was Principal at the Sechelt Residential School when you visited there. He left on a holiday about September last and tells me he has been advised by his headquarters at Rome that he will not return to Sechelt School.

I know the Indians complained to the Church authorities that he was too strict with them in the village, and he had some trouble with the Reverend Father Plamondon, an old priest who visits the Indians in Homalco, Klahoose, Sliammon, Sechelt and other Reserves. ^{Fr}Maillard accuses him of undermining his authority and making trouble for him among the Indians, which is common talk in the district and probably true. However, that is a Church matter and outside our province to deal with, but the school is owned and operated on the grant from the Department and in this we should at least be consulted.

When Father Maillard took over his duties the school was in bad shape, discipline was lax and the Indians in the village, as the result of some trouble, had even put handcuffs on the brother who was supposed to be managing the school. Crime was common and practically every girl after leaving school came to Vancouver and lived on the streets.

Father Maillard was strict, but just, and he had but one idea, the welfare of his pupils. Whereas at one time pneumonia, bronchitis, etc. were expected every winter and usually deaths occurred every year, Father Maillard went through some winters without even a serious cold among the pupils. This was due to the care and feeding of the children, to which he gave his earnest attention. The school was a model of cleanliness, and the pupils were particularly well-fed and clothed.

It is true he was harsh in his language towards the village people, but they certainly improved in conduct. He is quite excitable and uses extravagant language when roused, but I believe he would do anything to help any Indian, either in the school or in the village, but would do it in his own way.

As Father Maillard feels very hurt on account of his dismissal, I thought it only fair to report that if it can be re-considered, the School would gain by it, and I should certainly be pleased to see him back again.

Dear Father Finnegan:

I have your letter of the 17th instant, relative to a change in principalship at the Sechelt Indian Residential School. I note that Reverend E. Maillard, O. M. I., former principal, is being replaced by Rev. T. J. Fahlmann. Father Fahlmann's services were satisfactory during the period he was principal of the St. Mary's Mission Indian Residential School, and it is therefore confidently expected that he will meet with every success as principal of the Sechelt Indian Residential School. His appointment to Sechelt is approved. Mr. F. J. C. Ball, local Indian Agent, and Mr. C. C. Perry, Assistant Indian Commissioner, Victoria, B. C., have been informed.

Yours very truly,

Deputy Superintendent General.

Sir,

File 167-18-1

I beg to acknowledge receipt of your letter of the 21st. instant advising me of the appointment of Reverend Father Fahlman to Sechelt Residential School, replacing Reverend Father Maillard. I have no doubt Father Fahlman will be successful at Sechelt as at Mission. I hope in due course, a change will also be made in the case of Reverend Father Plamondon at Sechelt.

I have received a letter from the Indians at Sechelt saying that every Indian on the Reserve is in need of relief, not only food but money also.

In addition, you were good enough to send me a letter today which someone had written you, signing the names of several Indians, saying I was not giving them everything they ask for.

If they are not being encouraged in these matters, they are certainly not discouraged as was the case in Father Maillard's time at Sechelt.

I have the honour to be,
Sir,

Dear Sir:-

Reverend Father Doran, O.M.I., had already supplied me with a copy of the telegram which had been received from the Indian Agent at Vancouver in connection with the manual training instructor at the Sechelt Indian Residential School. I thereupon wired Father Falhmann to communicate with you immediately and to give you all details.

I am now in possession of the copy of the Indian agent's (F.J.C. Ball) letter to you in connection with same. Until I hear from Father Falhmann I am naturally reserving my judgment on some of the paragraphs. But in the meantime I have written to him and explained quite clearly that Sechelt school cannot possibly be managed from Mission and I have no hesitation in saying that there will be no further question of Father Falhmann being absent from his post. I am quite in agreement with the last sentence of your letter, namely that Father Falhmann cannot give proper supervision to the school unless he is at Sechelt the greater part of his time.

Faithfully yours,

Scannell O.M.I.

May 14th 1936.

Sir:

I have the honour to report, in reply to your letter of the 5th instant, that I met Reverend Father Scannell, Mr. Perry, and Reverend Father Fahlman, on the Sechelt boat, and accompanied them to Sechelt Indian Residential School, on the 12th instant. After the conference there, we returned to Vancouver.

I am very glad indeed to have had the pleasure of meeting the Reverend Father Scannell, and he said he would call upon you and tell you the result of his visit to the School. I am satisfied that Father Scannell will be quite just in whatever he reports to you, and that the complaints made will receive his full consideration.

Mr. Perry called this morning to read a long report he was writing to you. I strongly objected to some of the statements, especially about Dr. Connold and Mrs. Gus Band, and I told him they were unfair, not in accordance with facts, and totally unnecessary. (He accused Dr. Connold of attacking the School on religious grounds, which is ridiculous; Dr. Connold was not attacking anything or anybody. He also accused Dr. Connold of unethical conduct in writing his letter of the 17th ultimo, as it attacked another doctor, which is also incorrect).

I regret to say that Mr. Perry left in a violent temper and threatened to call for my resignation because I objected to some of the report he had written, although he had invited me to say what I thought about it.

I am sure Father Scannell's visit will have a beneficial result at the School, which was the object of the inquiry.

I have the honour to be,

Sir,

Your obedient servant,

(F. J. C. Ball)
Indian Agent.

May 15, 1936.

Sir:

I have the honor to acknowledge the receipt of Departmental nightletter dated May 4th, instant, reading as follows:-

"Conditions at Sechelt Residential School reported
"unsatisfactory (Stop) Reverend J. Scannell, Pro-
"vincial of Oblate Order, at present in British
"Columbia (Stop) He will wire you when he can
"visit Sechelt and Department wishes you to go
"there with Father Scannell and report fully
"regarding management of this school."

In connection with this message, and in consideration of Mr. Agent Ball, I addressed a letter to him on May 5th, instant, and received his reply dated May 6th, instant. These letters, copies of which are hereto attached, will be self-explanatory.

On the 9th instant, Reverend Father J. Scannell telephoned to me at Victoria, from Vancouver, and we arranged to visit Sechelt on Tuesday, May 12th. He asked me if Agent Ball would also go to Sechelt and I replied that no doubt he would be pleased to do so if the Reverend Father would so request him. This was done. I joined Agent Ball, Reverend Father Scannell, and Reverend Principal Fahlman at the steamer at Vancouver on Tuesday morning, the 12th instant, and we proceeded to Sechelt arriving there soon after lunch. A meeting was held on the School premises, at which Reverend Father Scannell presided. Present at the meeting were Principal Fahlman, Agent Ball and myself.

Mr. Ball was invited to say whether or not he was satisfied with the present management and conduct of the Sechelt Indian Residential School. He replied that he was not. In support of his views, Mr. Ball presented copies of three communications. These were

- (1) Letter of Dr. Lane Conneld of Pender Harbour Hospital,
- (2) Letter of Mrs. Gus Band, Squamish Indian woman,
- (3) Petition signed by Chiefs Louie Johnny, John and Tom, dated March 7th, 1936.

It is understood from Mr. Ball that the three communications, or copies thereof, were sent by him to Ottawa. They will be there

in file for reference. In connection with the Indians' petition, I enclose herewith copies of correspondence with Agent Ball, in order that the Department may know fully my reasons for returning it. The subsequent letter of Agent Ball, to me dated May 6th, would indicate that my action was fully justified, Mr. Ball having stated that "the troubles at Sechelt are too serious and too numerous to mention by mail." Mr. Ball did not reply to my letter regarding a witnessed petition, but obtained a signature of a witness and sent it to Ottawa.

In addition to the presentation of the three letters mentioned above, Mr. Agent Ball made verbal complaint to the effect that Reginald Paul, Indian Councillor of Sechelt, had informed him verbally that one Andrew Fahlman, a nephew of the Reverend Principal, had been seen by him (Paul) to enforce drill upon an Indian pupil who was complaining of feeling ill. Mr. Andrew Fahlman was called and said he had never disciplined the boy but that a former disciplinarian may have handled the boys. He knew nothing whatever about it. As Reginald Paul was not in the village, he could not be called. An Indian Abe Jefferies, father of a large family, whose name was quoted in the petition of the Indians numbered "3" hereinabove, was called in connection with the petition, and stated that he had no complaint to make against the Principal of the School or the management, but that he had heard from his son (a pupil who had died later from natural causes) and had also been told by Reginald Paul that a former disciplinarian (not Andrew Fahlman as alleged) had been a harsh disciplinarian and had subjected the boys at the School to hard drills or exercises which resulted in excessive fatigue. He added that he had heard that Andrew Fahlman (the Principal's nephew) also drilled the boys too much and that the boys were made to run around the grounds in circles.

Mr. Fahlman had previously stated that on one occasion, in an effort to compel the boys to tell who had stolen or hidden a large ring of school keys which had been removed and could not be found, had drilled the boys hard for longer periods than usual by making them hop on one leg. The excessive duration of these drills, however, was not supported by any definite evidence by those making complaint. Mr. Fahlman stated that the boys had undertaken greater fatigue in their voluntary play than he had witnessed at these drills, but that as this particular drill was done under pressure as punishment some of the boys had complained. The keys had not been recovered. Rev. Principal Fahlman stated that he had not been aware of any excessive punishment and that he would do his best to see that the boys were treated properly, since Abe Jefferies had brought it to his attention apart from the petition of the chiefs. Abe Jefferies is a good type of Indian and he agreed that a reasonable amount of discipline was necessary at any school and that he had told his son so. Jefferies said he did not know what was in the petition in which his name had been mentioned. Chief John, a signatory to the petition, who is an old and somewhat illiterate Indian stated that he knew what was in the petition when he signed it but it was only hearsay and he had signed it at the request of Chief Louie Johnny.

Chief Tom ...

Indian Affairs (RG 10 Volume 6459, file 887-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

Chief Tom, a second signatory to the petition, is an aged, decrepit and illiterate Indian who would sign his death warrant if asked to do so. Neither Chief Tom nor the third signatory--Chief Louie Johnny--was in the reserve and therefore could not be called to explain their views to the investigators. Abe Jefferies and Chief John, however, having heard the explanation of the reasons for the punishment referred to, left the meeting without rancour and appeared to be satisfied that the matter had been looked into.

Mrs. Band's letter

This was dealt with at a meeting held at the School with the Mother Superior and four Sisters. Reverend Father Scannell presided also at this meeting. The letter was read aloud and the Mother Superior and the Sisters were asked if they had anything to say in regard to Mrs. Band's complaints. The complaints were categorically denied by all the Sisters.

Mrs. Band is more white than Indian, but is married to a Squamish Indian. They separated a few years ago and I found the husband and children on the North Vancouver reserve without food and the children neglected. This family is now reunited and the incident is mentioned only to suggest that any alleged lack of "home atmosphere" or quality of food that Mrs. Band may attach to the School could not be compared in favor to Mr. and Mrs. Band with the conditions which I have mentioned as relating to their neglect of their own children at a time when the children were younger and more dependent than they are at present. Mr. Ball did not produce any further evidence to support of Mrs. Band's charges and consequently the matter could not be further proceeded with.

As to music, the Mother Superior explained that the Sister who had taught music had been sick but that she would resume this work in the near future. In any event music is not a compulsory part of the Department's curricula for the schools, although it has been taught in the schools as a matter of course, and possibly Mrs. Band may have been paying for these services.

Dr. Conneld's letter re Medical Services
and Hospitalization

The letter was read at the first meeting and was discussed. The Reverend Principal stated that there had not been, to his knowledge, any neglect of children as to Medical attendance or hospitalization, that Dr. Inglis, the Department's medical officer, had been diligent in all such matters and had consulted with the Principal in all cases. The case of a girl who had syphiletic sores on her leg was recovering as a result of Dr. Inglis' care and advice, and there appeared to be no reasonable grounds for the complaints of Dr. A. Lane Conneld. Principal Fahlman added that he had given due attention to the health of the children on all occasions and, should hospitalization be considered necessary by the Department's physician he would always be prepared to abide by the Doctor's decisions concerning

admission to ...

Indian Affairs (RG 10 Volume 6459, file 887-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

admissions to hospital, the latter being governed by Departmental regulations and usages. Perhaps it might be reasonable to suggest that since Dr. Conneld comes into contact in the holiday and other vacation periods with children from the school and, in fishing time, with Indians of the village of Sechelt, these having during the balance of the year been under the medical care and treatment of the Department's part-time physician Dr. Inglis, it would have been possible for Dr. Conneld to confer with Dr. Inglis as to the medical care or hospitalization of Indians who are Dr. Inglis' charges. This would have avoided the circulation of rumours concerning alleged neglect of medical services to the Indians. The hospital at Pender Harbour is under Anglican management while the Sechelt Mission and School are Roman Catholic.

Manual Training Instruction

Agent Ball stated that while it would seem that the question of the appointment of Mr. Morley as Manual Training Instructor to succeed Mr. Tebb whose services had been discontinued, was no longer a matter of issue, nevertheless he questioned Mr. Morley's qualifications and fitness for the position. The Principal replied that the application of Mr. Morley set forth his qualifications with which he was satisfied, and that Mr. Morley had shown in practice that he was familiar with the use of tools, technique of Manual Training and had designed and erected five or six cottages. Neither Mr. Ball nor the Principal produced written matter concerned in the application. The question, however, was believed by the Principal to have been settled at the Department as he received a cheque from Ottawa for the December Quarter in Mr. Morley's name although the work had been done by Mr. Tebb--Mr. Morley started work in January, 1936. The Principal advised that Mr. Morley had been taken ill after his appointment and would soon leave the hospital. He thought he should be permitted to decide as to the matter of Mr. Morley's future services, as he considered Mr. Morley to be the better of the two men quite apart from other considerations, Mr. Ball thinking, however, that any Manual Training instructor who may be engaged at Sechelt Residential School, should know something of boat construction and he doubted if Mr. Morley could succeed in this work. The matter was left for further discussion by Reverend Father Scannell with the Department, it being understood that the Principal is allowed reasonable latitude by the Department as to the choice of his staff, also that the Principal would see that the Manual Training would increase in efficiency.

As to alleged frequent absences of the Principal, the latter explained that in the interests of the Mission of the Church he has been asked to officiate in cases of emergency and has also availed himself of occasions of retreat but not without leaving a responsible person in charge in his absence. Reverend Father Plamondon, who is an experienced and most reliable missionary in charge at Sechelt and who is very close to the hearts and minds of the local Indians, upon being invited to express his opinion of the matters of complaint, (as he did on a previous occasion when a similar inquiry was made by the late Schools Inspector Cairns and myself during the administration of the

Reverend Sisters

Indian Affairs (RG 10 Volume 6459, file 887-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Reverend Sisters of the Child Jesus, as on record), informed us that he had received no complaints from the Sechelt Indians apart from the rumours in circulation as concerning the alleged harshness of a disciplinarian, the latter, however, not being Mr. Andrew Fahlman as reported. With this assurance, it is felt that the matter at issue will probably dissolve and normal conditions will prevail as a result of the inquiry of which the local Indians will be aware.

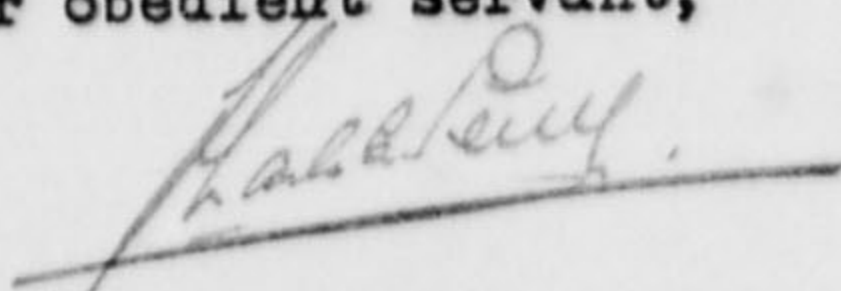

Reverend Father Scannell, the Indian Agent and I, in discussing all the issues with the Principal and staff, urged them to safeguard the interests of the Department, themselves and the Indians, by giving the closest attention to the removal of the remotest causes of complaint in order to avoid truancy and co-related troubles. They all agreed to do so and the meeting closed with mutual understanding prevailing.

Conclusion

There is no doubt in my own mind that the present agitation is a recrudescence of an attitude on the part of a few Indians such as has been previously experienced at the Indian Village of Sechelt, and that the same is a result of rumours arising from the unfortunate coincidence of death from natural causes of three pupils in succession, coupled with rumours of alleged ill-treatment on the part of a former school disciplinarian, who is not now attached to the School. These rumours usually grow in seriousness with the circulation of village gossip, fanned into intensity through the unwarranted interference of outsiders having ulterior motives or religious prejudices.

I beg to say finally that it has been a pleasure to co-operate with Reverend Father Scannell in looking into these regrettable complaints. He was most tactful and fair in his approach to and treatment of the matters under review and discussion. He will probably discuss them in person with the Department upon his return to Ottawa.

I have the honor to be,
Sir,
Your obedient servant,

C. C. Perry.

Sir:

re: Your File 15/14/44280.

Replying to your letter of the 5th instant, I consider this school is badly operated because the pupils are left for long periods in the sole charge of Andrew Fahlman, an uneducated, inexperienced, and harsh young nephew of the Reverend Principal.

The complaint you mention is a minor one, although no manual training has been taught since Mr. Tebb left, except two lessons in January last; Morley has been in hospital since then.

You will remember I sent you a signed complaint from the Sechelt Chief and Councillors, which you returned on a technicality. The troubles at Sechelt are too serious and too numerous to mention by mail.

Your obedient servant,

"Fredk. J.C. Ball"

Indian Agent.

15/14/43466.

March 12, 1936.

Dear Sir:

In reply to your letter of March 9th, covering a petition dated March 7th, instant, received by you from parties signing themselves Chief Louie Johnnie, Chief John (cross) and Chief Tom (cross) but which was not witnessed as to the marks of the two last named Chiefs, and making complaint with respect to certain alleged conditions at the Sechelt Indian Residential School, I beg to say I have discussed the matter with the Inspector of Indian Schools after his perusal of the correspondence, and he advises me that the matter under review does not come within the scope of the several headings in his instructions from Ottawa concerning the inspection of Schools. Moreover, Inspector Barry states that as his itinerancy is already arranged for a period to the end of June he could not conveniently visit Sechelt for the time being even if the case did come within his regular duties of inspection and report.

In view of the foregoing, I would suggest that you forward the correspondence to the Department and ask if, in view of Inspector Barry's last report dated January 16th, last, it would wish to have either Inspector Barry or Inspector Pragnell make a special trip to Sechelt for the purpose of investigating the alleged difficulties there.

It is my opinion that the petition should be looked into with regard to its origin and genuineness, since the same is not witnessed, before submitting the matter to Ottawa.

Your obedient servant,

C. C. Perry.

Office of Indian Agent.

203 - 6 Rogers Bldg.,
Vancouver, B.C.,
March 9th 1936.

Sir:

I beg to enclose herewith copy of a letter received today regarding Sechelt Residential School. I have had many complaints verbally and have usually told the Indians that matters will adjust themselves after they become more used to the change of Principals there .

As Mr. Inspector Barry has visited the school recently, and made a report on conditions there, I feel that this complaint from the Sechelt Council should be referred to him first.

I have had many intimations, not all from Indians, that the pupils are not being fed as well as formerly, but Mr. Inspector Barry found the meals good while he was there, so those intimations would appear to be incorrect.

With regard to the complaint against Andrew Fahlman this, presumably, is the young nephew of the Principal, who was engaged as janitor. I do not know why he is handling the pupils at all. They had a young brother there but he has been absent for many months.

As I have recently had some difficulty with the Sechelt School in regard to manual training (which is not now being given as the instructor appointed by the school has been in hospital since his appointment), I am afraid the Principal will think I am exceeding my duty if I take up the matters referred to in the enclosed petition. I have always been consulted on school matters by previous Principals, but under the present regime there is a feeling that the Agent has nothing whatever to do with the School, and as our duties in this regard are rather indefinite, I am passing the complaint on to you for action.

I might mention that the Department has refused to recognize the appointment of the manual training instructor as it was made entirely contrary to their instructions.

Your obedient servant,

March 7th, 1936.

Sechelt,

B.C.

F.J.C. Ball, Esq.,
Indian Agent,

Sir:-

We are dropping you these few lines regards school, it is no more a school the way they handle the children it is more like Okalla.

Most of the children are trying to find there way to get to there parents now for been punished for the thing they have not done they give them drills which Andrew Fahlman calls it, make them all sit on the floor with there feet up in the air also there body and arms for about 20 minutes or so, just one position, if a boy trys to rest a bit he will be right there with his strap, one might be guilty but just the same Andrew Fahlman makes all the boys do his drill in many diffrent ways which hurts the children very much almost cramp up.

So two boys are out now Aurthur Jefferies thats Abe Jefferies boy. Also Johnnie Louie, thats Chief Louie Johnnies boy which the parents are holding in there home, so we are asking you to take Andrew Fahlman away as all the children are disatisfied the way they are handled.

As for food it is of poor quality most of the time are given stale food which the children are forced to eat.

As for Father Fahlaman he do not seem to look after the school as he should, as he is away most of the time

So we are asking you come and see us as we could tell you more about the school.

We are waiting patiently to here about Sechelt Counsel Hall.

We are

COMMISSIONER'S OFFICE
P.O. BOX 666

VICTORIA, B.C., 18th May, 1936.

Sir:-

In submitting the enclosed report on conditions at Sechelt Indian Residential School, I beg to inform the Department that on May 11th, instant - the day before I left for Sechelt - Mr. Agent Ball telephoned me from Vancouver to confirm arrangements for accompanying Father Scannell and myself to Sechelt. He stated that in his opinion Father Scannell had been "playing for time" and that the "whole thing had been cooked", suggesting that Father Scannell had been in touch with the Church representatives at Sechelt and that very little progress would result from our investigation. I felt disturbed by his remarks and tried to dismiss them from my mind as I was anxious to avoid any prejudicial approach to the complaints to be investigated. Subsequently, I was satisfied that before going to Sechelt neither Father Scannell nor Rev. Principal Fahlman knew anything of the charges to be made by Mr. Ball, except that the Principal knew that Mr. Ball had not approved of the appointment of Mr. Morley.

I wrote the report on the evening of the 13th from my notes and, on the morning of the 14th instant, took it to Mr. Ball's office with the objective of going over it with him. I was reading it to Mr. Ball, when he became quite irate and told me that the reason I had written such a report was that I was afraid of the Roman Catholics. He said I had gone to Sechelt with the intention of opposing him and the complaints which he had made. He said parts of the report were untrue, and that my reference to the doctor at Pender Harbour was in the interests of the Catholics and against the Anglicans as Dr. Conneld was not prejudiced as he alleged I had inferred. It was obvious that I would be unable to make any point of contact with Mr. Ball on the issues involved, and so informed him. I then left the office. It seems improbable that the Department will esteem Mr. Ball's remarks as being conducive to maintenance of a desired morale in our service with respect to the Vancouver Agency.

If, in view of this report the Department should feel that a wider investigation should be made in order to give Mr. Ball an opportunity to fully defend his charges in the production of further data or witnesses, I shall not be out of harmony with such an enquiry, although I would not recommend that such action be taken as I consider the action already taken will be sufficient to meet the existing conditions for the time being.

Reverend Father Scannell, who investigated the Sechelt School charges jointly with myself, requested me to give him a copy of my report, which was done.

June 9, 1936.

Dear Mr. Ball:

I am in receipt of your letter of the 14th ultimo, with reference to the visit of yourself, Assistant Commissioner Perry and Reverend Father Scannell to the Sechelt Indian Residential School on the 12th ultimo.

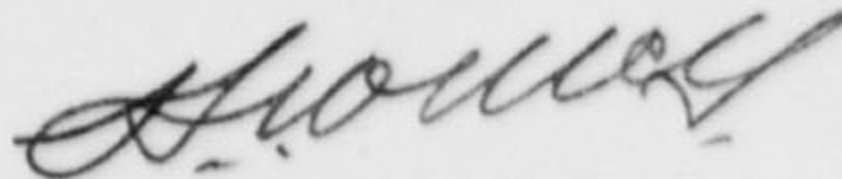

I have, also, received a detailed report from Mr. Perry, regarding the matters discussed on the day the investigation was held.

It is felt that all the matters might have been amicably settled by you through personal interviews with the Principal.

It has been decided to approve the appointment of Mr. Myles J. Morley as manual training instructor at the Sechelt Residential School, and, at the end of June, you may submit a voucher, in favour of the Principal, covering the amount due the manual training instructor for the period he has been actually at work between January 1st and June 30th, 1936.

I would request that you fully cooperate with the Reverend Principal, with a view to giving every assistance in carrying out the work of the school and in promoting the best interests of the children who attend.

Yours very truly,

Deputy Superintendent General.

SCHOOL - The Council asked permission to discuss school matters. I advised them I had reported their complaints before and the Department had requested Assistant Commissioner C. C. Perry and the Reverend Father Scannell to hold an enquiry and I understood the various complaints against the School had been reported unfounded. They then requested me to take their statements and send them to Ottawa as follows:

Councillor Louie Johnny complains that the children are not getting butter and milk, only occasionally; butter once a week. The Principal would not allow the Councillors to go to the dining room during meals, and they want permission to visit the school any day at meal time.

Councillor Reggie Paull - "I see a kid, Simon Jeffries, jumping the length of the playground on one leg as punishment. He jumped twelve times and he complained to the Brother he had a bad pain in his side and he was lying down on the ground, but Brother told him to keep on with this punishment till he did it 25 times. I heard this myself and the boy died about three or four months after from lung sickness; he was sick all that summer and died of T.B. It was carrying punishment too far and hurting his health. Chief John says his son, Rennie John comes home and complains about the food, but the Brother threatens to punish them if he tells anything about the food. MacDonald and Andrew Fahlman are too hard on the children; they are not strong to do all the drills they get."

Several other Councillors spoke along the same lines.

Ottawa, February 2, 1937.

Dear Sir:

Indian Agent Ball reports that, at a recent meeting of the Sechelt Indian Council, he received the following complaints regarding the Sechelt Indian Residential School:

"Councillor Louie Johnny complains that the children are not getting butter and milk, only occasionally; butter once a week. The Principal would not allow the Councillors to go to the dining-room during meals, and they want permission to visit the school any day at meal time.

Councillor Reggie Paull - "I see a kid, Simon Jeffries, jumping the length of the playground on one leg as punishment. He jumped twelve times and he complained to the Brother he had a bad pain in his side and he was lying down on the ground, but the Brother told him to keep on with this punishment till he did it 25 times. I heard this myself and the boy died about three or four months after from lung sickness; he was sick all that summer and died of T.B. It was carrying punishment too far and hurting his health. Chief John says his son, Rennie John comes home and complains about the food, but the Brother threatens to punish them if he tells anything about the food. MacDonald and Andrew Fahlman are too hard on the children; they are not strong to do all the drills they get."

The Department would appreciate if you would arrange to have Inspector Barry make a thorough investigation into these complaints when he next inspects the Sechelt Indian Residential School. Following this, a report should be submitted to the Department.

Ottawa, February 9, 1937.

Dear Sir:

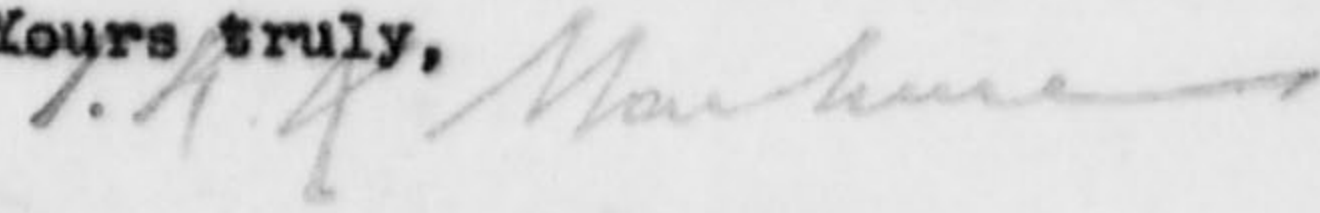

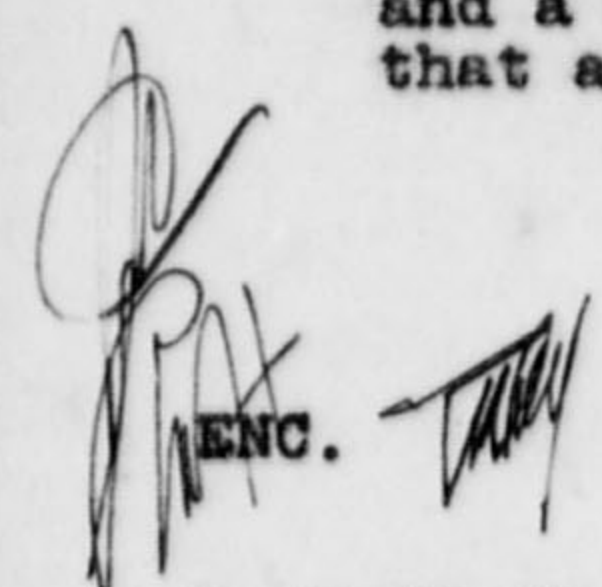

I enclose, for your information, copy of letter just received from Indian Agent Ball. As this letter constitutes rather a serious charge against the Principal and management of the Sechelt Indian Residential School, the Department wishes you to arrange an early investigation of conditions at this school.

In the last paragraph of Mr. Ball's letter he refers to the investigation held by Mr. C. G. Perry, Assistant Indian Commissioner, in May, last. His report was forwarded to the Department in letter dated May 18th, 1936.

On the 2nd instant you were written with a view to having Inspector Barry investigate certain complaints that had been received regarding the Sechelt School. Mr. Ball's letter should also be considered when the investigation is being held.

If you can arrange to do so, it might be possible for you to accompany Inspector Barry to Sechelt, as the Department wishes to have a thorough investigation and a definite statement as to whether or not the charges that are being made are based on fact.

Yours truly,

T. R. L. MacInnes,
Secretary.

Dear Sir,-

With reference to your letter No. 167-18-1 of the 9th instant, regarding the Sechelt Indian School, arrangements will be made to carry out the Department's wishes in this matter.

At the present time Inspector Barry is absent on inspection duties and, as I am preparing to leave for Le Jac Indian Residential School early in the coming week in connection with the investigation to be held there for which covering telegraphic instructions have been received, it will not be possible to arrange for the enquiry at Sechelt School until after my return from the Stuart Lake Agency.

Yours faithfully,

D. M. MacKay

VICTORIA, B.C., March 13, 1937.

IN YOUR REPLY REFER TO

No. 15/14/48312.

ALSO TO DATE OF THIS LETTER

Dear Sir:

With reference to your 167-18-1 of the 19th ultimo arrangements are being made for Capt. Barry to inspect the Sechelt Indian Residential School during the coming week but as the persons Indian Agent Ball wishes examined will not be available until March 30th I consider it important to wait until that date before proceeding with investigation, instructions for which are contained in your letter above referred to.

Capt. Barry informs me the Sechelt School will be closed insofar as the classrooms are concerned between March 26th and April the 5th, and as he wishes to commence on the latter date inspections of the schools on the mainland coast which inspection was interfered with some time ago and which will take him until the first week of June, it is considered advisable he should proceed with the inspection of the Sechelt School next week and in addition investigate in accordance with the wishes of the Superintendent of Welfare and Training as expressed in his letter 167-18-1, dated February 2nd to this office. It will be noted if Capt. Barry waited until March 30th, the date on which I propose to hold the investigation, he could not hold the usual inspection as the children would not be in the classrooms and it is therefore considered the arrangements as outlined are the best that can be made under the circumstances.

Yours faithfully,

DM/AC

The Deputy Minister,
Indian Department,
Ottawa, Ont.

Dear Sir:

I beg to notify you that my Council has thought it necessary to make a change of principal in the Indian School at Sechelt. The Rev. Father Falhman will be replaced by the Rev. Father Cornell at present at Kamloops. Although Father Cornell has never been principal of an Indian School, he has for many years been in touch with the Indians both in the School at Kamloops and on the Reserve. I have every reason to think that he will be a success in his new sphere of labor. With Father Cornell I am sending a young priest, Father McGrath, who will have full charge of the office work and will at the same time acquire a knowledge both in the school and in the neighboring missions of the management of Indians.

I received your kind letter relative to the Christie School on the West Coast. I have just returned from spending a week there. In the near future I hope to be in Ottawa and I hope to have the pleasure of going into the whole question with you.

Yours faithfully,

J. Scannell O.M.I.

AGENT'S REPORT ON VANCOUVER AGENCY FOR OCTOBER 1937.

[Handwritten signature]

The 14th and 15th were spent at Sechelt reserve and school, but no meeting could be held as many of the Councillors were absent. I was able to meet the new school principal at the residential school, Rev. Father Cornell, who will, no doubt, operate the school in a manner more satisfactory to all concerned. There has been far too much truancy in the past year or two and judging by Father Cornell's personality, the school is again going to be a credit to us. A number of cases of infractions of the liquor sections of the Act were adjudicated upon, and on the 25th I visited several reserves along Howe Sound by launch on complaint that squatters were building on Indian reserve land. Six buildings were found, and the owners notified to remove.

R

Sir:

I have the honour and pleasure to report that at a musical festival held in Vancouver on the 9th and 10th instant for Roman Catholic Schools, the only Indian entrant won the Gold Medal for elocution and composition.

Stella August, the successful candidate, is a pupil of Sechelt Indian Residential School; the principal is Rev. Father Cornell, who has quickly made so much improvement there in so short a time. The School is now in good hands with Father Cornell as Principal, and Father McGrath as vice-principal.

The success of this girl reflects much credit upon the School, and especially her instructor, Sister Superior Theresa.

I have the honour to be,

Sir,

Your obedient servant,

(F.J.C. Ball)

AGENT'S REPORT ON VANCOUVER AGENCY FOR OCTOBER 1938.

x

x

x

Schools reported many absentees at first and we had some difficulty rounding them up; there is a distinct opposition to residential schools in this vicinity. The reason is that the parents are able to supply their children with better food at home than they are given in the schools. Eventually, the residential schools will be used rather for orphanages and homes for neglected children than as educational institutions for the Indians in general, and day schools on the reserves will be needed. As the Indians become more self-supporting they prefer raising their own children at home, which is a satisfactory situation in many ways.

EX'D.

Dear Sir:

In his report for the month of October Indian Agent Ball writes as follows:

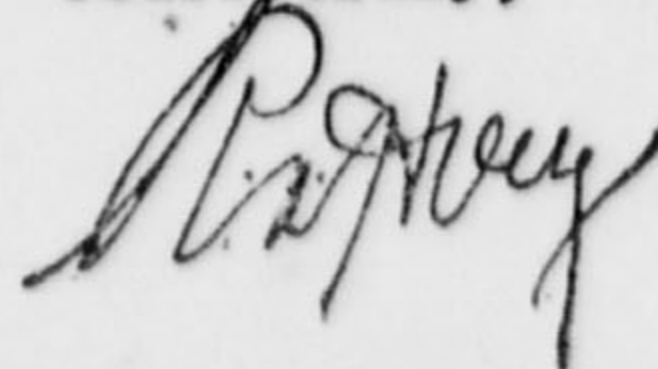

"Schools reported many absentees at first and we had some difficulty rounding them up; there is a distinct opposition to residential schools in this vicinity. The reason is that the parents are able to supply their children with better food at home than they are given in the schools. Eventually, the residential schools will be used rather for orphanages and homes for neglected children than as educational institutions for the Indians in general, and day schools on the reserves will be needed. As the Indians become more self-supporting they prefer raising their own children at home, which is a satisfactory situation in many ways."

In the first part of the above report there is an inference that the Indian Residential Schools in the Vancouver Agency are not supplying proper food to the pupils. Please let me know to what school the Indian Agent refers and whether or not you have received any complaints regarding the food.

It might also be inferred from the report that the training that the pupils receive at the Residential Schools in the Agency is not as good as could be expected. Do you concur in this opinion?

Major D.M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B. C.

AGENT'S REPORT ON OKANAGAN AGENCY FOR NOVEMBER 1938.

x

x

x

SCHOOLS

These were all inspected with Mr. Inspector Barry during the month, and also apart from his visit. They all appear to be progressing and it is hoped that the Inspector's stressing of vocation training will have the desired effect, as I consider this of the greatest importance to our future development. It might some day be considered feasible to give the older pupils a few hours on the "Indian Act", etc. in order to overcome the misrepresentations of agitators. The subject could no doubt be made interesting to them.

November 29, 1938.

Major D. M. MacKay,
Indian Commissioner
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

Acting on your instructions I visited the Squamish Indian Residential School, Vancouver Agency, to-day, without informing the school authorities or any other person of my intention to carry out a surprise inspection.

I had read a Departmental letter addressed to you by Mr. Hoey, in which portions of a report from Mr. Indian Agent Ball were quoted suggesting that the food supplied to the children at the Residential Schools in the Vancouver Agency was not satisfactory, and that possibly other conditions might be improved.

I arrived at the Squamish Indian Residential School at exactly 11.52 a.m. this morning, and by 11.55 a.m. I was inspecting the Noon meal then being served up and distributed to the different tables in the school diningroom..

This meal was an excellent one and a complete report on the food at this school is given on pages 3 and 4 of the attached school report.

Though my time was of course limited I managed to visit all the classrooms and make a thorough inspection of the whole of the school building.

There is no doubt in my mind that the Squamish School is splendidly conducted by the Sisters of the Child Jesus. As far as I could learn there has been no difficulty with regard to having the children return to school after the summer vacation.

I regret that I am quite unable to understand the Indian Agent's remarks. Is he trying to suggest that the schools are not being properly inspected and that I am not qualified for the position I hold in the Department?

To report that the children (at some school not mentioned by name) do not get as good food as they would in their own Indian homes appears to me to be a little far fetched and hardly a statement that should have been included in an official document. At the Squamish School a number of the pupils are either orphans or from homes which make it necessary for us to educate the children in a Residential School.

Great care is taken in all school inspections and though I of course make mistakes from time to time in my reports, many of which are typed under very adverse circumstances and often like this one late at night, any adverse condition in a school is noted and mentioned in the school report. I do not like these wild suggestions that things are unsatisfactory. I should be informed if there is some definite adverse condition which should be investigated, but I am quite confident that the Indian Residential Schools in the Vancouver Agency are being administered in a very satisfactory manner.

Yours very truly,

Gerald H. Barry.

Inspector of Indian Schools, B.C.

INSPECTOR'S REPORT ON SQUAMISH INDIAN RESIDENTIAL SCHOOL
Roman Catholic Church Vancouver Agency

Date of inspection: November 29, 1938.

Number of pupils in residence: Boys 31
 Girls 34
 Total 65

Day School pupils present Boys 5
 Girls 8
 Total 13

Number of classrooms: There are now four classrooms in use.

These have 13 single & 4 old, 8 single, 16 single & 18 double, and 37 single desks.

Number of classes and number of pupils in each class:

Grades:	Residential School			Day School			Total
	Boys	Girls	Total	Boys	Girls	Total	
7	0	2	2	1	1	2	4
6	0	5	5	2	0	2	7
5	5	2	7	0	1	1	8
4	6	2	8	1	1	2	10
3	4	7	11	0	0	0	11
2	4	6	10	0	5	5	15
1A	5	3	8	1	0	1	9
1B	4	5	9	2	3	5	14
1C	3	2	5	0	0	0	5
Totals:	31	34	65	7	11	18	83

Principal's name: Rev. Mother M. Amy.

Classroom Teachers: Sister M. Hieronymie Age 64
 This teacher holds a Second Class French Diploma and has had a very long teaching experience.

Sister M. Lucien Age 20
 This young Sister is helping Sister M. Hieronymie and taking the Intermediates. She reached Grade 8 in the Saskatchewan Provincial Schools. She was at Le Jac for a short time though not inspected there.

Sister M. Denise
 This is another of the younger Sisters with some experience. I have not on file here her full particulars but will supply age etc. in my next report.

Sister M. Joan of Arc Age ?
 This teacher was for some time at Sechelt. She has had considerable experience in Indian schools in B.C.

None of the above teachers are Normal School graduates.

Indian Affairs (RG 10 Volume 6459, file 887-1, part 2)

PUBLIC ARCHIVES
 ARCHIVES PUBLIQUES
 CANADA

POOR-COPY

The methods employed by the teachers are quite satisfactory, and excellent results are obtained. My suggestions are in general followed.

Sister M Joan of Arc is having very good success with the Primary Class. She is not a very cheerful teacher in an old fashioned manner is doing very good work. She follows advice as far as she can.

Sister M. Hieronymie is rather too old for the classroom work but is being helped by a very young Sister whom she is also instructing, Sister M. Lucien.

Sister M. Denise is making a success of the Junior Grade work.

Remarks relative to examination of the pupils:

These will be brief as I did not have more than a few hours in the classrooms on this occasion.

Senior Division Teacher Sister M. Hieronymie
Grades 6 and 7

Excellent work is being done.
General Achievement was tested by the B.C. Achievement Test for Juniors 1934
Grade 7 made a Mid Score of 36
Grade 6 made a Mid Score of 33
Grade Norms are not available but the above are satisfactory under the circumstances.
Arithmetic was tested by the All Canada Test in which Grade 7 made a Mid Score of 36 Norm 32
Grade 6 made a Mid Score of 31 Norm 29
The Arithmetic is very good indeed.
Teacher's control of class "Excellent".

Intermediate Division Teacher Sister M. Lucien
Grade 5

This class also works with the Senior Division.
Arithmetic was very good.
In the All Canada Test Grade 5 made a Mid Score of 29 Norm 24
Grade 5 also made a Mid Score of 29
in the B.C. Achievement Test for Juniors 1934 the Norm being 31
This last result shows that the Grade is well up to standard.
They no doubt gain much from being in the same room often as the Senior Grades, in whose lessons they sometimes share.

Junior Division: Teacher Sister M Denise
Grades 4, 3, and 2.
In general the Reading is good.
Work books are being used with success.
Writing is well above the average now.
The control of the pupils is maintained with ease.
Very good progress is being made by the children.

Primary Division: Teacher Sister M. Joan of Arc.
The children are reading very well.
A demonstration lesson was given to explain to the teacher just how to deal with Beginners
Reading in Grade 1C the children being very young.
Control is excellent.
Language Work has been done very well indeed. The progress of the pupils is highly satisfactory

Vocational Training:

I have seen the work of the girls and boys in exhibition and at the school several times during the past year.

The Manual Training appears to be quite satisfactory.

The girls keep the school, an old building, spotless. They prepare the vegetables and cook the meals. They preserve fruit and make jellies, bake pies and cakes, and in general learn all those arts which will make their own housekeeping a success when they leave school.

Sewing, ment to be of the most practical nature, is undertaken daily. They mend, darn, patch, knit, and make dresses, underclothes, pillow slips, etc. Machine and hand sewing are taught.

Fire Protection:

There are some eight soda type fire extinguishers which I examined and found to have been tested and where necessary recharged in July 1938.

The representative of the North Vancouver Fire Department visits the school regularly and holds simple fire drills. Since my last report I have visited the school several times with visitors and on one occasion at least held a drill from the dormitories down the wooden escapes and ladders. To-day the weather was too bad to again test the children in this way, but I am perfectly satisfied that they do have frequent practice Fire Drills. They are very good at this.

Some improvements have been made to the escapes since my last visit and a new door has been placed in the small boys' dormitory which opens out to the fire escape. Doors and windows are not locked but protected by an excellent type of electric alarm which sounds when either door or window is opened. This type of alarm was described in my last report on the St. George's School, Lytton.

Dormitories:

These were all visited and found to be splendidly kept. Floors and beds were perfectly clean. There was no overcrowding of any sort.

The children have plenty of covers.

Dining Room:

I visited the children at their Noon meal. As there have been certain adverse ideas expressed on the children's diet at this school, I arranged to visit the school on this occasion without informing anyone of my intention. Even those in the Commissioner's office did not know where I was going, nor did I make up my mind to visit the school till late this morning. I arrived at the school at exactly 11.52 a.m. while the Noon meal was being served out on the tables. This meal consisted of steaming hot mashed potatoes two slices of pressed beef, raw turnip sliced, bread, cooked pears. Tea was served with plenty of milk in it and some sugar. The Diet Sheet of the school was examined and is copied into this report, see Page 4.

There is no truth whatever in any statement to the effect that the children are not well fed here, nor is it true that there is any substantial difference in the meals when it is known that I am to visit the school. This has been proved by my unexpected visit to-day at a time when it was impossible to change the meal to any great extent.

Water Supply:

This is abundant and of first rate quality. The water is supplied by the city of North Vancouver under the same pressure as that available in that city. Fire could be fought, but on any outbreak the main thing to do would be to clear the building at once.

MENU

This statement was copied for me by the Sister in charge of the kitchen from her own Diet Sheet.

1. Sunday Stew or boiled meat, beans.
 Dessert: pudding or fruit.
 Supper Cream of wheat, butter,
 Dessert Buns.
2. Monday Hash or meat balls roasted, peas.
 Dessert: ~~fruit~~-~~or~~-jelly.
 Supper Macaroni. Dessert: fruit or jelly.
3. Tuesday Meat, potatoes.
 Dessert: pudding or fruit
 Supper Potatoes mashed. Dessert: fruit.
4. Wednesday Canned meat, baked potatoes in skins, butter
 jelly.
 Supper Rice with milk or gravy. Dessert: canned fruit.
5. Thursday Meat sausage, beans.
 Dessert: pudding and juice.
 Supper Potatoes. Dessert: fruit.
6. Friday Eggs or fish, potatoes.
 Dessert: pies or pudding.
 Supper Macaroni. Dessert: pudding and juice.
7. Saturday Hash or coald meat, potatoes
 Dessert: rice pudding.
 Supper Baked potatoes. Dessert: fruit or jelly.

Cup of raw milk every morning.
Tea with milk at Noon
Cocoa with milk at supper time
Bread at every meal
Raw carrots and raw turnips often

The Sister who copied the above for me does not show the breakfasts, which remain much the same from day to day.

In a statement in my possession dated November 16th 1936 the daily breakfast is said to consist of Porridge (rolled oats) or wheatlets, bread and peanut butter, a cupful of raw milk.

Bread at 10 a.m. and 4 p.m. with fruit or raw carrot daily.

I consider the quality of the food supplied very good, the variety as shown above satisfactory, and the quantity given to each child more than sufficient.

During certain days and seasons of the Church's year the food would be slightly varied by substituting eggs and fish for meat on one or more days in each week.

The food supplied at this school is better than that placed before the children at other and larger Indian Residential Schools, though it is true that at certain other schools the food shows more variation than here.

I am particularly pleased with the fresh and cooked fruit supplied to the children.

Sanitary Conditions:

The great improvement noted in my report of January 20th 1936 and mentioned again in the report of September 25, 1937 has since then been well maintained.

The whole school from the dormitories to the basements and including kitchens, wash places, toilets, etc., has been again inspected and found to be perfectly clean.

The school is old but a large amount of repair work has been done each year for the past three or four years.

Cement floors are being placed in the basements where shower baths have been constructed. Supervised baths are also given to the children at least weekly.

The old floors of the school are kept in a perfectly clean state.

I was particularly glad to find that even when no one knew of my proposed visit the whole of the school was in such perfectly clean condition. Great care must be taken at all times by the staff and children.

In the basements I noticed new saw dust burners which are a very great improvement to the hot air heating system.

General Remarks:

The children look well and very happy.

There was no opportunity for the children to change their clothes for the occasion, and I was glad to note how neat and well dressed they were in their ordinary school clothes.

It has been suggested in the past that this school would be better if the Principal was a man, and that the boys in particular would benefit.

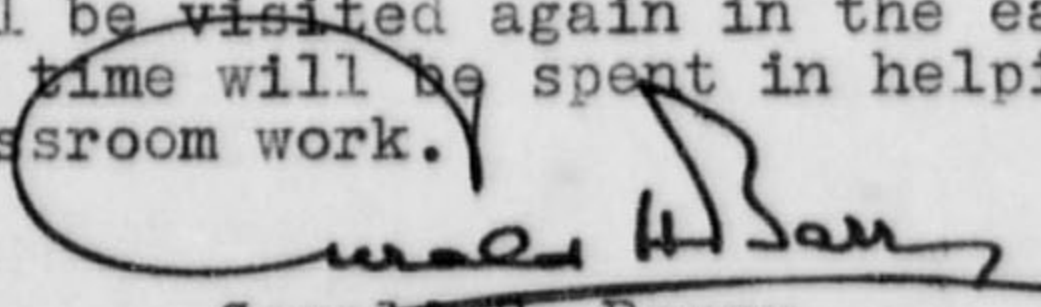

This is a wrong idea, and no experienced Inspector of Schools could agree to such wild statements. The work of the Sisters of the Child Jesus here is quite remarkable. The boys do not remain at school to an age when their control is in any way difficult for experienced teachers and Sisters.

The conduct of the children boys as well as girls is very good indeed; their manners are far better than in many of the larger Indian Residential Schools where the Principal is a man. The local Missionary Priest is the Chaplain of the school. I hope that this school will be continued for years to come under the same excellent administration, for I am perfectly satisfied that the children are being properly cared for from every point of view.

If the Department has had the slightest doubts as to the education of the children being faulty, or the general administration of the school unsatisfactory, I hope that this report, made after an unexpected visit, will set such doubts at rest.

The school will be visited again in the early part of 1939, when a longer time will be spent in helping the teachers with their classroom work.

P.O.Box 444,
Vancouver, B.C.

Gerald H. Barry.
Inspector of Indian Schools, B.C.

(C O P Y)

Office of the
Indian Agent.

416 Federal Building,
Vancouver, B.C.
December 5th 1938.

Sir:

re: File No.15/14/6969.

I beg to acknowledge receipt of your letter of the 1st instant regarding my October report with reference to Residential Schools.

I do not refer to either of the Residential Schools in this Agency particularly; as a matter of fact, the percentage of the per capita grant used for food in both the Squamish and Sechelt Residential Schools is above the average, according to the auditor's report, and still the pupils find cause for dissatisfaction.

An institution is restricted to the choice of foods which can be cooked satisfactorily in large quantities. On the other hand, where the parents are earning good wages, they are able to supply their children with a better and more varied diet than is possible in a school. When the pupils return home during the holidays, they notice the difference, and this is magnified to their parents, who use all kinds of excuses to postpone returning their children to school after the holidays.

As more Indians become self-supporting and independent, which is much to be desired, the necessity for residential schools as such will diminish, although they will still be needed where Indian parents are unable or unwilling to provide satisfactorily for their children.

The only definite complaint at Sechelt School was from two of the bigger boys who said they did not want "mush" every day for breakfast as it was not cooked properly. They said they "would like bacon and things like that." Rolled oats with milk and sugar are considered proper food and no fault can be found with the Schools for supplying it. Such things as bacon and eggs for 80 children would be impossible in any case. My report was in no way a complaint, which would be reported specifically if found necessary.

Your obedient servant,

"Fredk. J. C. Ball"

Indian Agent.

December 10, 1938.

EXD.

Dear Mr. Hoey:

Re File 167-8-1.

I have received your letter of November 16th in which reference is made to that part of Mr. Ball's October report dealing with Indian Residential Schools in his Agency.

On receipt of your letter I asked Capt. Barry to visit, without notice, the Squamish Indian Residential School, North Vancouver, and report on the food supplied at the noonday meal. Capt. Barry visited the school on November 29th and made a general inspection, and a copy of his report thereon is forwarded herewith. I need not comment on this report, other than to say that the Inspector found the children were being well supplied with good food, nor did find cause to complain about the training the children are given.

On December 1st I wrote to Mr. Ball and asked for an explanation of his reference to the food and training at the Residential Schools in his Agency. His reply, a copy of which is attached, indicates that the Agent has now no charge or complaint to make in respect to these matters, and also affords an opportunity to assess the references made by him in his report at their true value.

My reply to the last paragraph of your letter is in the negative.

Yours faithfully,

DM/AC
Encl

416 Federal Building,
Vancouver, B. C.
January 18th 1940.

Sir:

I beg to report that on the 8th, 9th & 10th instant I held a meeting of the Sechelt Indian Council. As I have stated several times in the past, it is difficult to get the Council together for a meeting except around the end of the year, as they all meet on their main Reserve at that time. Many return at Easter but we never have a full Council except at this time of the year, consequently it proved to be a long and tedious meeting, extending over three days and from morning till after 7 p.m. each day. A number of resolutions were passed and are reported upon separately.

The Secretary, Ed. John, sent his resignation, and Reggie Paull was appointed in his place. These two men appear to take turns as Secretary.

Considerable time was taken up listening to complaints about Sechelt Residential School, which seems to be a regular thing at each Council meeting. A resolution was passed asking the Indian Commissioner to make the usual investigation, but I do not favour such procedure. One of the complaints was, as usual, about the food. The auditor has just audited the school books, and the amount per capita spent on food is one of the highest in the Province, I believe. The diet sheet showing daily meals appears to be satisfactory, and the pupils do not look undernourished. A more serious complaint was that a 13 year old girl was with child, and was corrupting other small pupils. I had the new Medical Officer, Dr. Holm, examine the girl and as a result she has been returned to her Reserve. She states she was raped by an Indian last summer; both parties concerned are from the New Westminster Agency, and Mr. Daunt has been advised. The vice-Principal of the School keeps a record of the weights each month of all pupils, and except in a few instances, they show a small monthly increase. However, in future, the medical officer, who lives near the school, will keep these records, and will also watch the diet sheet, with a view to making suggestions when necessary.

The Reverend Principal, Father Cornell, is interested in the welfare of the pupils, and will not allow irregularities in the School. The transfer, a few months ago, of the former vice-Principal, Father McGrath, from Sechelt School, was a blow to the pupils. The Indians who complain are those who no doubt are able to give their children more variety of food than any school is able to supply, they are mostly loggers making good wages. Logging camps generally are famous for the quality and quantity of food supplied to the employees, and I am afraid these Indians are apt to compare the school dining table with what they see in logging camps. Father Cornell, however, is making some changes in his staff, which will probably correct any incompetence. Of course, day schools are the solution of the residential school problem, but the Department is committed to residential schools and we must make the best of it.

(-2-)

I believe, however, that if the inspection of Indian schools was carried out by Provincial Government School inspectors, we would have a comparison between Indian and white schools which might prove most beneficial, both to the school authorities and the Indians. If we want to educate the Indians, we should at least know how our efforts compare with white children, and I think we should be surprised and disappointed with the result of any unbiased comparison.

The resolution of the Sechelt Council regarding the School is enclosed herewith, but I cannot favourably recommend at this time that it be acceded to.

I have the honour to be,
Sir,
Your obedient servant,

416 Federal Building,
Vancouver, B. C.
January 29th 1940.

Sir:

We have recently had a number of truancy cases from both Sechelt and Squamish Residential Schools, the most serious being from Squamish School, North Vancouver. Fortunately, we have been able to locate and return these runaways without any protracted absences, and they have been suitably punished by the School authorities, but they immediately decamp again.

The Principal of Squamish School, Sister Alix, has now requested that some action be taken regarding the latest trio, who have run away three or four times. The last time, when they were picked up, they were in possession of a large quantity of toys, perfumes, flashlights, oranges, etc. which they admit having stolen from various stores in Vancouver. The Police are not taking action against them, but I think something should be done about it. It is suggested by Sister Alix that these three boys be discharged from Squamish School and separated by sending them to different Schools - Kuper Island, Christie and Kamloops being considered most suitable.

The boys are:

Kenneth Peters, aged 14,
Archie Gonzales, " 14
Irvine Gonzales " 12

The Provincial Boys Industrial School is unsuitable for these boys as all our 'graduates' from that School have returned much worse than when they entered. Also the Superintendent there releases the boys without cause, and they are usually in trouble again.

If the above-mentioned Schools will accept these three boys, will the Department authorize their transfer, please? At these ages, they need sterner oversight than the Sisters can give them. Sechelt School is too near, and Mission School is filled up and, in any case, is also too close to be effective. This action would, I believe, have a good effect upon the other pupils.

B/DH.

I have the honour to be,
Sir,
Your obedient servant,

F. J. C. Ball
(F. J. C. Ball)
Indian Agent.

The Secretary,
Indian Affairs Branch,
OTTAWA.

P.S. Since the above was written Sister Alix reports that a girl, Mildred Baker, aged 14, obtained 3 hours leave to go home. She failed to return and the father reports she left home on Saturday to return to School and has not been seen since. Search will be commenced immediately.

EXD.

Dear Sir:

I have your letter of the 29th ultimo with reference to truancy from both Sechelt and Squamish Residential Schools.

The Department agrees with you that there would likely be no permanent advantage in placing these boys in the Provincial Boys' Industrial School and consequently no such action should be taken if the Department is expected to pay for their maintenance.

Regarding the suggestion that three of them be transferred to other Indian residential schools I would point out that the schools mentioned have their full quota of pupils at the present time and consequently supernumerary grant would have to be allowed for the boys transferred. Practically every Indian residential school at the present time has its full quota of pupils and, therefore, they are earning their full per capita grant. As a result the Department is short of funds to pay the per capita grants for all residential schools for the December quarter and some of them will have to wait until the next fiscal year before payment can be made. You will, therefore, realize that it is impossible for us to consider taking any action that might increase the amount required for per capita allowance.

If the Principals of the Sechelt and Squamish Residential Schools cannot prevent truancy the only possible course is to send such pupils home. Before doing so, however, I believe it would be advisable for you to consult the parents and have them point out to their children the necessity for their remaining at school where they will receive training that will be of

MINUTES OF MEETING OF SECHELT INDIAN COUNCIL AT SECHELT
M.R. No. 2, January 9th, 1940.

x

x

x

EXD.

Council complains that treatment of the children at Sechelt Residential school is unsatisfactory, both regarding food, the disciplinarian (Brother MacDonald) and the teachers, and they ask for a general investigation. Some of the complaints were as follows:

Boys are dismissed at 14 or 15 because school cannot handle them. Statement by Mrs. Fitz Louie that a pupil from Ladner, named Mary Louise Williams, 13 years old, is with child. (Saw doctor and found this was correct). Mrs. Dan Paull stated that Mary Louise called Mabel Jackson (aged 7) to "feel the child kicking". Council complains that all the young girls know things they should not know and are learning it at school. The girl stated Frederick Jacob raped her, but changed the story later, now saying it was one of the school boys, but it took place on the reserve during the summer holidays. He is her first cousin.

Mrs. Grant says son Harold has lost 9 lbs since summer holidays. William Mitchell says on December 27th he saw both lunch and dinner. 1 potato, bread and tea for noon meal, and 1 potato and small amount of cabbage and bread and tea for supper and no butter at either meal. at 4 O'clock, had 1 apple. Month before it was a raw carrot. No good in cold weather. Dan Paull says a cow with a diseased shoulder was killed for food. Had big abscess on shoulder and when Sam Hackett put a knife in the shoulder, the matter flew up in his face. Meat was green. Dan Paull says Father Plamondon told him he did not like to see the cow eaten as it was too sick to be eaten. George Craigon says Father Plamondon told Willie Paul one day that if the Government knew how the school was being run, the children would be sent home. George Craigon says children running around stealing food, they are so hungry. Mrs. Dan Paull says her son Walter has lost lot of weight. Brother Dave asked why Walter looks so thin. William Baker (squamish) says his children failing, just brought his youngest child to school. He weighed 79 lbs, the elder boy has lost lots of weight, and now weighs only 75 lbs, 4 lbs. less than the younger one. Many say children down in village all the time begging for something to eat. Brother Dave had 9 children in his house giving them meals. Mrs. Fitz Louie says children all have body lice and head lice and bugs. William Baker says his son's shirt was not washed for nine weeks. Mrs. Dan Paull says her adopted grandson had over 300 bugs they combed out and killed them as they stood by the fence. The Brother was looking at them all the time. All the children are alive with vermin. Sisters never take care of the children at all. Another day the poor little kids came and asked for bread, jam and syrup. Children from Sliammon Churchouse and Squamish come to Mrs. Dan Paull. Willie Joe asked her for bread, said he was starving. Every day he came down and she gave him a

Indian Affairs (RG 10 Volume 6459, file 887-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

bag of food. The children are starving at the school, she says. They say her grandchild is best little child in school, he brought some meat down that was rotten, said he could not eat it. The mush is full of worms and the worms had black heads, they get punished if they don't eat it, and have to miss the next meal. The Sisters ill treat the little ones, drag them around by the ears. One sister very mean to the children.

Moved by Chief John
Seconded by Councillor Louie John

That the Indian Commissioner be requested to make an immediate investigation into conditions at the school.

Carried unanimously.

Note:- These complaints are misleading. For instance, about the "mush" being full of worms, on questioning Mrs. Paull and inviting her to go to the school with me to examine the rolled oats she said this happened two years ago. William Baker has since placed another child in the school, which does not bear out his complaint. If Father Plamondon, who is Chaplain at the school, has made such statements, he should make them to the Reverend Principal. "Brother Dave" is a disturber. He formerly was practically the principal of this school and his actions were most irregular. He is not now a "brother" and was discharged some time ago, but lives near the Reserve and is undoubtedly supplying intoxicants to the Indians and generally causing trouble. Have reported separately on this matter.

x	xx	x
	Vancouver, B.C.	Jan. 31st, 1940.

EXD.
A.

In reply to your letter of the 6th instant regarding truancy at Sechelt and Squamish Residential Schools, I am afraid your solution of the trouble with reference to the three boys mentioned is not practical.

None has a home to which he can be sent and in any case, we should immediately have an epidemic of truancy as that is what the pupils want to do, viz, return to their Reserves.

I shall have to find some other way of dealing with them if all the other schools are full.

416 Federal Building,
Vancouver, B. C.
March 6th 1940.

I beg to advise that I received a phone call on Saturday afternoon, the 2nd instant, that ~~James Mattrall~~, aged 13, and ~~Donald Johnson~~, aged 9, left Sechelt Residential School on the 1st instant, and have not been seen since. I immediately notified the police and everyone likely to see them, including coast-wise shipping masters and naval patrol boats, and commenced an intensive search of the district myself. As their Reserve is at North Vancouver, the inference is that they would walk to the nearest point to North Vancouver and then steal a row-boat and attempt to row across Howe Sound.

On the 3rd, I followed the roads and on the 4th and 5th, I used a fish-boat and examined the coast line. Monday was particularly heavy weather with continuous rain and fairly big seas, and if they attempted the trip in a row-boat that day, it might have proved fatal. On Tuesday, (yesterday), the weather moderated and search was continued without success, and I returned to Vancouver last night. They would probably travel at night to avoid detection. The Reverend Principal thought the truants might have been harboured by a former acting-Principal of the School, then known as Brother Dave, but who has since become a layman, David Galpin. I found him in a bunkhouse of a logging company, but he apparently had nothing to do with the disappearance of the boys. This was the only clue suggested by the School.

The boys carried a quantity of turnips and carrots but would be in no danger of starvation, as they would probably break into one of the many summer cottages, where they would find canned food, and, of course, they may be still hiding in such a place. They told the other pupils they would go to North Vancouver and hide under the Squamish Council House, but they have not arrived in North Vancouver, and I put no faith in that report. The parents say they will commence searching today, but do not appear unduly alarmed. I will make a further search, but the Indian Commissioner suggested I report their disappearance to you at this time.

March 9th 1940.

Sir:

With reference to my letter of the 6th instant notifying you that two boys had run away from Sechelt Residential School, I beg to advise that they were found by a Union Steamship official on Bowen Island, and have been returned to the School unharmed. They had done as expected, that is, they walked to the nearest point to North Vancouver and then stole a row boat, but on account of bad weather put in at Bowen Island summer resort, intending to continue their trip to North Vancouver when calmer weather prevailed.

They did not leave Sechelt until Wednesday, having lived in a vacant house since the previous Friday, which explains why I did not locate them during the period from Saturday to Tuesday when I was searching for them.

This affair has had one good effect. The School authorities claimed that once the pupils leave the School grounds, they are no longer their responsibility, and it is the Agent's duty to locate them. The Indian Commissioner has written to the Reverend Principal advising him that this is incorrect. I am surprised that although there are many men at the School, no effort was made to send out a search party - this has happened before when pupils have become truants.

As per

END

Reverend Sir:

The Department has received two communications recently from Indian Agent Ball with reference to the truancy of two boys from the Sechelt Indian Residential School.

We are pleased to note that these boys did not suffer any mishap and that they have now been returned to the school.

May I point out that when pupils truant from an Indian residential school the Principal should immediately advise the Indian Agent who will give every possible co-operation in locating the truants. However, this action does not relieve the school management of responsibility. As soon as it is discovered that a pupil has truanted the Department expects the school management to put forth every possible effort to locate the truant, even though this will require travelling some distance from the school. We have had, in the past, some cases that have resulted fatally due in great part to the fact that the school management did not concern themselves with locating the pupil immediately following the discovery of truancy. I feel certain that in future the management of the Sechelt Indian Residential School will strictly comply with the wishes of the Department as outlined above.

Yours truly,

Rev. E. J. Cornell, O.M.I.,
Principal,
Indian Residential School,
Sechelt, B. C.

August 5th 1942.

Sir:

re: Sechelt Indian Residential School

For many years the situation regarding school matters at Sechelt was quite unsatisfactory. Unfortunately the school is built on the Reserve with the Indians living all around it and the slightest complaint of a pupil to its parents was magnified until the situation became quite serious at times, and one of the staff was actually assaulted by the Indians when he was on the Reserve. The Indians were sometimes justified in their complaints, which should have been easy enough to adjust but unfortunately some Principals seemed to resent the Agent's presence, although this was rather implied than actual.

However, the whole situation was suddenly cleared up with the appointment of the Rev. J.M. McGrath, O.M.I., as Principal. The change in the Indians was immediate and almost magical, as he appeared to have won them over within a month of taking charge. The pupils emerged from their downcast and sullen appearance into a happy lively crowd and this also seemed to improve their health. Father McGrath had not the slightest difficulty in controlling them, and has never been compelled to inflict corporal punishment. Although he appears stern and aloof actually his whole time is spent in keeping the school running smoothly, and the children contented. The pupils are well fed and well clothed and their interest is held every hour they are awake, there is none of the former situation where one would see groups of the pupils huddled together in the playground listless and uninterested and doing nothing.

Occasionally I have given the parents an opportunity of making complaints by asking how the school was getting along. Not only were no complaints ever made, but I received unusually favourable comments from the adult Indians. Father McGrath invariably invited me to the school for discussions on school matters whenever I visited the Reserve, and we were able to talk over any difficulties which arose, and settle them on the spot.

I was greatly disappointed to hear yesterday that Father McGrath is being moved from the School. The loudest complaints came from the Indians, the school being closed at present, and I know the pupils will be bitterly disappointed when they return. It will be a tragedy if we revert to the former state of affairs. We now have the confidence and full support of the Sechelt Indians, and I had hoped to see this continue at least for a few years more until they have forgotten their old objections and antagonism to the School.

From many years experience, I can say quite frankly that really successful school principals are not large in numbers and at Sechelt especially it requires more than a competent principal; it needs one who can obtain the fullest confidence of the Indian people. I do not know the reasons for Father McGrath's removal but if there is anything that can be done to retain him at Sechelt at least for a few years longer, I know it will be in the best interests of the Sechelt Indians, and that is, or should be, our main object.

POOR-COPY

(-2-)

I would appreciate it, therefore, if you would kindly support this request to have the Rev. J.M. McGrath retained at Sechelt, especially during these difficult times when the Indians as well as whites are under the mental strain of war conditions, and any trouble on the Reserve about the School would be even harder to handle on account of these conditions.

It is unnecessary, I presume, in face of the above, to say that I personally would deeply regret Father McGrath's departure from this Agency.

Your obedient servant,

B/DH.

VANCOUVER, B.C. August 6th, 1944

Dear Sir:

I beg to forward herewith copy of a letter from Mr. Indian Agent Ball recommending the retention of Reverend Father J.M. McGrath, O.M.I., as Principal of the Sechelt Indian Residential School, as it is understood that he is shortly to be transferred to the Williams Lake area.

Conditions at the Sechelt School have improved considerably under Father McGrath's administration, and it would be highly satisfactory to the Department's officials here if arrangements could be made with the Oblate Order to have Father McGrath continue as Principal at Sechelt at least until conditions become more settled.

Yours faithfully,

D.M. MacKay,
Indian Commissioner for B.C.

EAD

Dear Sir:

I have your letter of the 6th instant, enclosing letter from Indian Agent Ball recommending the retention of Rev. J.M. McGrath, O.M.I., as Principal of the Sechelt Indian Residential School.

As you were informed in official letter of the 6th instant, the Department has already approved the transfer of Father McGrath to the Principalship of the Williams Lake School.

This transfer was recommended by the Provincial of the Oblate Order and, as you are aware, it has not been our practice in the past to refuse to transfer a Principal when a recommendation to that effect is received from the responsible church authorities. I am assured by the Provincial of the Oblate Order that Rev. Father Dunlop is a very capable man and I trust that he will be able to continue to do the good work that Mr. Ball states Father McGrath has done at Sechelt.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

REPORT ON VANCOUVER INDIAN AGENCY FOR THE MONTH OF APRIL, 1943.

Much of the month was spent in the office, and not many Reserves were visited. On the 8th I went to Sechelt Residential School and Reserve where rather extensive plumbing work is being done. The piping throughout the School is in very bad shape, and a full report will be sent in this matter later. While at the School I turned in the fire alarm unexpectedly, and in $2\frac{1}{2}$ minutes the school was cleared roof being called and all hose and stirrup pumps were ready for action. This exceeds by $1\frac{1}{2}$ minutes the previous record. The new hose recently supplied already saved its value within a week of its arrival when it was used to put out a bush fire which would undoubtedly have destroyed some of the new houses. The bigger boys are all A.R.P. fire fighters and have been well-trained. The nearest house to the School recently caught fire, spreading to the trees and menacing the School only 100 feet away, and the boys had the situation under control very quickly. The A.R.P. squad is equipped with stirrup pumps, and they are extremely proud of their A.R.P. steel helmets and jackets.

REPORT ON VANCOUVER INDIAN AGENCY FOR THE MONTH SEPTEMBER, 1943

X

X

X

68

There was a complaint made about a girl being injured in the kidneys by corporal punishment at Sechelt Residential School, and I was surprised to hear it, although the child and mother both appeared to be telling the truth when I questioned them at length. However, upon investigation, it turned out to be much different in fact. The child's mother had struck the girl. However, the doctors say it is a tubercular condition with no sign of injury. These complaints appear alarming and unless nailed at once, soon become fantastic in their implication.

OK

The Reverend Principal, Sechelt Indian Residential School, has asked if the closing date this year can be made June 30th, re-opening September 1st. The school has heretofore used the dates June 15th and August 15th, but the proposed dates would be more suitable.

It will be understood, of course, that by June 15th the school will have been in session 10 months. The Principal asks if you will please authorize this change of dates, without loss of grant.

Re: Per capita grant for the
Sechelt School.

Attention: Mr. Phelan.

My dear Mr. Phelan:

Would it be possible to have the per capita grant of the above school raised from the present rate of \$170.00 per year to \$180.00?

It has always been the policy of the Department to base the rate allowed for a school on the distance from the railroad and the general transportation difficulties. Although Sechelt is only thirty odd miles from Vancouver, it is very difficult of approach because there is no motor road and transportation by boat is a difficult problem in itself.

I am ready to admit that comparisons of rates allowed for various schools is not always the proper kind of argument to use in having the rate for any particular school changed, but I cannot see why the schools in the same territory and of easier access receive the \$180.00 rate, and that it is refused to the Sechelt school.

Moreover, Sechelt is situated in a very rough country where there is not even pasture for milk cows and hardly any land at all for gardening purposes. All this contributes to the high cost of living and with its present rate, it is very difficult for the Principal to make both ends meet.

Hoping that you will consider this request and allow the increased asked for, which after all, will not mean very much in the general Indian budget, I remain,

Very truly yours,

J.O. Plourde, O.M.I.

Re: Increase in grant for the
Sechelt School.

Attention: Mr. Phelan.

My dear Mr. Phelan:

I beg to acknowledge receipt of yours of November 17th last, regarding the above matter. Since writing to you, I have had another letter from Reverend Father Dunlop, O.M.I., Principal, in which he informs me that the use of pasture for the school cows has been cancelled, as the Veterans Land Act have taken over the farm. This makes the operation of the school all the more difficult and really, obliges us to ask you to reconsider your decision.

I admit that the changing of the per capita rate for any school is a serious problem but you may want to assume this responsibility for the Sechelt School, as there is no other institution in the Department so poorly provided with farm and garden facilities.

Yours very truly,

J.O. Plourde, O.M.I.

SPECIAL DELIVERY.

Mr. Phelan
Mr. Phillip Phelan,
Welfare & Training,
Department of Indian Affairs,
OTTAWA.

DEC 5 1945

Bullock
Dear Mr. Phelan:

Would you kindly forward the balance of the quarterly check immediately. I have not sufficient funds on hand to meet my obligations and I do not wish to have an over-draft on the school account again this month.

I am sure you are aware of the fact that it has become increasingly difficult to operate in the smaller school these past few years. The bonus and extra grant provided by the department has certainly been a real help to us and has been greatly appreciated, but it has not equalled the enormous rise in the cost of living. Anyone in a position similar to a school principal knows that the cost of living has risen much more sharply than the figures and statistics published by the Dominion Government on this question, indicate. For example a pair of shoes may cost little more than they did before the war but the depreciation in quality is astounding.

In addition to the rise in the cost of living, Sechelt is entirely dependent on transportation by water. To everything purchased there must be added a freight charge of \$4.50 per ton on tonnage shipments. If less than a ton, which invariably is the case, the freight may run as high as double that amount. Moreover we have no pasture for our milk cows (The Japanese farm we had for two years has been taken over by a returned man); we have less than one acre of very poor sandy soil for a garden. Hay laid down in Sechelt is thirty six dollars per ton !!! It would require the ingenuity of a Philadelphia lawyer to keep this place on an even keel. Lack of funds handicaps me in so many things I would like to do for the children.

In addition to the balance of the quarterly grant I should like to ask of you could possibly arrange for an increase in our yearly grant. At present we are on the same footing as big school with farms attached and in close proximity to big centres, yet we must exist entirely on the \$170. provided by the department. On the other hand we have not been given the same consideration as the other Sea Coast Schools.

Thanking you for your past kindnesses, I am

Yours very truly

H. F. Dunlop

416 Federal Building,
Vancouver, B.C.

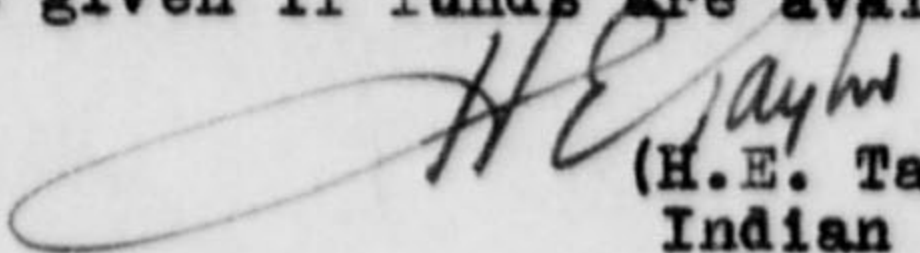

26th August, 1946.

Indian Commissioner for B.C.
Vancouver

I am in receipt of a request from the Principal of the Sechelt Indian Residential School, for assistance in purchasing a new Sound Projector for visual education of pupils. The projector used until recently, was purchased in 1941, and is reported to be completely worn out, after considerable repairs were made to it last year. It is now in Vancouver. The machine required is a 16mm Victor Sound Projector, costing \$491.00. This price is a reduction of over \$100.00 from the ordinary retail price, as no duty is charged when sold for School use, and there is also a trade discount.

The sum of \$250.00 is requested from the Department towards the purchase price, and the difference will be met by the School in cash and trade-in allowance for the old machine, from which parts can be reclaimed.

The value of visual aids to study is of sufficient importance to justify my recommending that this assistance be given if funds are available.

(H.E. Taylor)
Indian Agent.

Visual Education

Reference - your 215-14-5087 of September 5, 1946.

We have done considerable research into the whole question of visual education during the last two months. It has been decided to set up in the province of Manitoba an experimental unit in visual education. When film strip machines are available we intend to put them in the residential schools in that province. At the completion of a year we will receive reports from the various principals and teachers as to the success of this type of machine in improving the education provided at these institutions. This province was selected because of the excellent film strip library located in the Provincial Department of Education and rented out to the various schools.

Could you please find out from your Provincial Department of Education if they are maintaining a film strip library there. If so, could you send us a catalogue and list of regulations concerning this library. We would be quite favourable to providing such a machine to the Sechelt Indian Residential School. However, we do not intend to provide a motion picture machine for our schools for the following reasons:

- (a) Lack of trained operators,
- (b) Expensive repairs required by these machines,
- (c) Expensive rental of films.

However, on the appointment of your new school inspector, this subject can be gone into thoroughly insofar as it concerns British Columbia.

Bernard F. Neary,
Supt. of Welfare & Training.

A.

Ottawa, October 21, 1946.

Visual Education at Sechelt - Ref. your 215-14-5419,
Indian Residential School October 10, 1946.

Major D. M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, British Columbia.

We have arranged a purchase order for a 35mm film strip projecting machine for use at the above school. This model will be the AAA type with take-up and case. It is a 300 watt machine, 5" or 7" focal length.

Would you kindly inform the Principal of the Visual Instruction Services available from the University of British Columbia, as described in the material which you enclosed with your letter. It is very likely that there is also a Film Strip Library maintained at the Provincial Department of Education or by the Vancouver School Board.

This is one of the educational services which we would like to have reported on by your Inspector of Schools when he takes office. It is felt that a film strip projector now being provided for the Sechelt School will give departmental officials an opportunity of seeing such a machine in action. A report on its suitability, from the Principal of the School, would also be appreciated.

It is emphasized that the stress in a film strip machine is based on its educational qualities rather than on its entertainment qualities.

Bernard F. Neary,
Supt. of Welfare & Training.

3RD. YEAR

CHEE WAWA
(THE LATEST NEWS)

NOV. 14

NO, you're wrong. The CHEE WAWA is NOT dead. We are back in publication for the third year. Our failure in starting on time this year was due, to use a hackneyed expression, to circumstances beyond our control.

In answer to the many queries about the CHEE WAWA we can promise you that it will be coming to you each month as in the past.

And once more, if you wish to have a copy of the CHEE WAWA each month all you have to do is PUT YOUR NAME AND ADDRESS IN AN ENVELOPE and send it to the school. Nothing more is required.

We are very happy to be able to publish the following letter which we received from the superintendent of Welfare & Training in Ottawa.

"Dear Reverend Father:

We have received a copy of your splendid school magazine.

We would like to offer our congratulations to yourself, the members of your staff and the pupils who helped in publishing this magazine. It is one of which you all can be justly proud.

As a small token of our appreciation, we are sending you twenty extra library books for use

in your school library during the coming year

Yours sincerely,

(Signed) Bernard F. Neary,
Supt. of Welfare & Training.

(We were very pleased to receive the above letter and I know the children were quite thrilled to learn that their articles were read even away back in Ottawa)

CHANGE IN PROGRAMME.

We have made a change in the school programme this year. We have not added any hours of class but have simply rearranged the classes.

Boys and girls in all grades take class together. All the children, boys and girls go to class from 9.00 A.M. to 11.50 A.M. and from 1.30 P.M. to 3.30 P.M. The girls take sewing from 4.00 to 5.30. The boys take woodwork at this time. There is no class on Saturday. Study on Sundays from 11.00 to 12.00 and from 4.00 to 6.00

CHANGES IN STAFF.

We were all sorry to say goodbye to Sister Anna Maria, Sister Mary and Sister Antoinette, who left us this term to take up work elsewhere in the Province. We wish them every success and happiness in their new duties.

This year the new Superior of the Sisters is Sister Matilda, who comes to us after many years of teaching experience in St. Mary's parochial School; Sister Stanislaus comes to us from St. Edmund's parochial School and Sister Lawrence who comes to us from William's Lake Indian School.

Sister Stanislaus teaches grades 3, 4, 5.
Sister Lawrence teaches grades 6, 7, 8.
Sister Mary of the Sacred Heart teaches grades 1 and 2

SCOUT RALLY

FOR LORD ROWALLAN

BY DAVE FRAZER.

On October 25th Father Principal took us to Vancouver to see our Chief Scout, Lord Rowallan.

The rally was held at Brockton Point in Stanley Park. There were about six hundred Boy Scouts and Cubs altogether and about five hundred Girl Guides and little Brownies.

We Boys Scouts and Girl Guides were lined all around the park for about half a mile.

As the Chief Scout drove around in his car we all cheered. After he got off and came to talk to the King's Scout. Afterwards he came and talked to Father Principal, then he came over and talked to our troupe. We were shy. We have a picture of him talking to our troupe.

KEEP SMILING LOUIE.

While we were in Vancouver at the rally Louie Lewis became sick. After we came home he got real sick. The Doctor sent him to the Hospital. He has been there over one month. Chins up Louie and we hope you will soon be back with your troop.

MABEL JACKSON

Hallowe'en was an exciting time. We were all thinking how we were going to dress.

When evening came we dressed up and when we were ready we marched up to the stage behind the boys band. We marched around the stage about four times so Father could judge our costumes. The boys dressed up our dog "Butch". He looked funny with pants on and he won the first prize. Rose Peters and Ester August won on the girls side.

After that we had funny tricks on the stage and candies. We had ghost pranks too. The little children were frightened of the ghost.

When we finished our apples and candies we sang a Hymn. Then Father told us there would be a picture show next night. We went to bed happy.

The girls were glad to see Sister Anna Maria who paid a visit to the school last week.

T.B.

TESTS.

BY WALLY MARK.

We had a tuberculin test last week. Everyone in the school was tested. It didn't hurt much but some of the little kids were afraid.

All the children who were positive had to get an Xray. Nurse Gerry did the tests, Nurse Bullock did the xrays.

In a month or two we will know how they turned out.

BANQUET * MR. TAYLOR. (BY A. JEFFRIES)

During October a banquet was held for Mr. Taylor, our new Agent.

The day before he came we decorated the senior class room with red and white and blue streamers. The tables were brought up from the dinning room. They were covered with white table cloth and fancy dishes and flowers.

There were eight guests at the head table Mrs. Taylor was one of them

Four girls did the serving. They were Violet Williams, Sue Mitchell, Mabel Jackson and I. The Girl Guides and Boy Scouts were in uniform.

After the banquet Father Principal gave

a speech welcome Mr. Taylor. Mr. Taylor spoke to show his thanks. He gave us a holiday.

Then the Girl Guides and Boy Scouts gave Mr. Taylor the "Scout Salute". Then we sang, "For he's a jolly good fellow"

Later in the evening we had a show.

Mr.H. E. Taylor:

We, the parents of the children at Sechelt Residential School understand this is the end of the Principal's term. So we suggest our Indian Department ask that the Principal's superiors to please leave him at Sechelt school for another term as he has been really taking an interest in our children and we also find him a very understanding Principal with children.

So we beg our Department to see what can be done for the sake of our children to hold the Principal Father Dunlop for another term:

Auditorium-Gym Opened With Gala Evening

SECHLT—The new auditorium and gymnasium of the Sechelt Residential School was officially opened by R. Taylor of the department of Indian affairs at a concert presented by the school last Wednesday night.

Culminating months of rehearsals, preparations, and building, the concert was presented to a capacity audience estimated at over 300.

Father Dunlop, principal of the school, addressed the crowd prior to the opening ceremonies, and told the audience that the hall was "a dream we have had here for years."

Mr. Taylor officially opened the hall by cutting the ribbon across the curtains on the stage with a pair of gold scissors.

The stage settings were the most elaborate yet presented at a concert here.

Feature presentations of the evening was the two-act operetta, "Snow White," starring Joyce Point in the title role. Pojo, her ever-faithful servant, was well portrayed by Dennis August, while Esther Julie played the part of the vain and evil Queen of Poppyland, who tried to do away with poor Snow White in her envious fury. Hero of the act, the Prince of Organdy, was played by Freddy Louie.

Captivating the audience in this act were the seven dwarfs. When they jokingly compared their slowness to the Union Steamships, they won the biggest laughs of the whole evening.

Another highlight of the concert was the 18-piece string orchestra of the school. Rendering several popular numbers, they were called back for three encores.

PRODUCTION

Gorgeous costumes and elaborate props made the stage settings the best yet at a concert here. All the costumes from the beautiful girls' gowns to the handsome suits for the male actors, as well as all the stage curtains, were made by the sisters and girls of the school.

Father Dunlop, Brother McGourty and the sisters designed the complicated stage props, while the boys helped out in the carpentry work, of which there was much.

The stage lights, very effectively employed, added greatly to the productions, especially the colored slide which lighted the stage with different desired colors. All light arrangements were made by Father Dunlop.

A square dance, performed by the younger members of the school, proved that they had learned some complicated steps.

While doing a duet of "Cruising Down the River," Shirley Julia and Junior Joe actually went for a boat ride across the stage.

In the closing number, Elizabeth and Joe Mitchell, backed up by the chorus, did a well-accepted duet of "Good Night."

In Residential School

Superb Concert Marks Opening of Auditorium

PICTURED above is the group which thrilled the crowd with their rendition of the "Goodnight Song."

Below is a close-up of pretty and petite Joyce Point as Snow White.

By MYRTLE ALLEN

IN SPITE of weather that might well have kept the entire audience at home the new Indian School auditorium was packed on April 27, the official opening

night. For those who attended it was an exceptional evening's enjoyment and to those who for one reason or another missed it we can only say that they missed a musical treat of a quality all too seldom heard here.

DREAMS FULFILLED

The concert that marked the (Continued on Page 16)

THE PENINSULA TIMES EDITOR'S MAIL

Editor Peninsula Times,

Sir: It would be very delinquent if the public acknowledgment was not made of the splendid concert given by the children of the Sechelt Residential School recently. There have been many school concerts, Indians and others, in the past, but this performance was far superior to anything previously seen in these parts. The attention to detail and the dresses reflect the tremendous effort of Father Dunlop and the sisters. It is certain that some of the large audience left there that night with inner thankfulness that such things could be in a world torn with strife.

In any case, it goes to show that, given even chances and some lessening of the intolerable local bigotry, these children would unquestionably make good citizens.

L. S. JACKSON.

POOR-COPY

MORE ABOUT

Superb Concert

(Continued from Page 1)

official opening night for the auditorium also marked the fulfilment of a dream for many of the staff of the school. Father Dunlop in his opening remarks mentioned especially the two men who have been responsible for the carpentry work, Mr. Morely and Mr. Temple; Mr. Al Jackson for his assistance in this instance and many other times; the principal and staff of the Sechelt school for theirs. He voiced the thoughts of the whole Residential School in wishing Dr. Alan Inglis every success in his new work, and expressed their sincere thanks for his work in the school during the past three and a half years.

CREDIT FOR LIGHTING

Credit for the excellent lighting effects go to Father Dunlop himself and also for his untiring work with the small performers and the re-written lyrics for the songs.

AGENT CONGRATULATES

Mr. H. Taylor, Indian Agent, with Mrs. Taylor was present and made a short speech congratulating Father Dunlop and the staff of the school on the splendid transformation effected in changing the old building into the new auditorium, calling it an investment in the future that had been made on behalf of the younger generation by those who had made a dream become an actuality.

OPENING CEREMONY

The appearance of little Hazel Pielle, baby of the school, presenting the ceremonial scissors to Mr. Taylor for the cutting of the ribbons draped across the curtain, marked the opening of a program that would have done credit to seasoned performers. The whole evening's performance was noted for the excellence of the music and the fresh charm of manner and speech of the young performers.

CLEVER LYRICS

The first item, "Big Shots and Little Shots," included Richard Francis, Val August, Roger and Russell Joe and Lloyd Jackson

as blacksmith, fisherman, hobo, farmer and big shot, had clever lyrics and was well delivered.

SNOW WHITE

The operetta, "Snow White," cleverly staged and presented with Ester Julian as a convincingly wicked queen and Joyce Point as Snow White. The queen's six charming ladies-in-waiting were Gloria Paul, Anne Jefferies, Sue Mitchell, Doreen John, Mabel Jackson and Edna Paul. Dennis August made a mischievous Podgio. The eight little dancing girls included Gloria Paul, Gladys and Hazel Joe, Phyllis Mark, Lillian Jackson, Florence Hurst, Shirley and Doris Paul.

DWARFS IN COSTUME

Snow White's rescuers, the seven dwarfs, were cleverly costumed in sackings and red stockings with beards to complete the picture. Their number included the Big and Little Shots plus Edwin and Phil Joe and Theodore Newman.

PANS UNION CLEVERLY

In the final scene of the play when all her subjects were swearing allegiance to the new queen, Podgio brought the house down by his rendition of "You can count on all of us to follow in your band,

And we'll drive oppression from this unhappy land.

For myself I'm very slow but I keep a steady gait, you know.

And I get there like the Union—though I may be late."

CLEVER PARODY

Again the lyrics of a popular song were changed to fit when with Peggy Commodore, Yvonne Shields and Eva Pielle on the swings and with Victor Newman, Jerry Johnston and Joey George for motive power and Georgina Johnston and Dolores Joe to balance, presented "It's a Grand Night for Swinging."

FATHER CALLS DANCE

The next number, "Buttons and Bows," contained more than the usual number of pleasant surprises and featured Clarence Joe, Elizabeth Mitchell, Junior Williams, Eva Paul, Dennis August, Dianna Johnston, Joe Mitchell and Verna Hill. The sing-

ing made pleasant listening and the very well executed square dance was called by Father Dunlop. We understand he is to be paged for the next old time dance. Clarence Joe, Elizabeth Mitchell and Joe Mitchell with Verna Hill rounded out the number with a waltz.

REALISTIC EFFECTS

The popular "Cruising Down the River" was the next number with the queen's sister Shirley Julian and Clarence Joe realistically cruising and singing to the old accordian as played by Moses Wilson.

EXCELLENT BAND

"Bouquet of Roses" sung by the queen's maids filled in while the S.R.S. Band took their places for several well played numbers. Here again the patient training and the hours of study by the children was in evidence. The band alone was worth the trip in the rain to hear.

CHORUS FILLS IN

"You Can't Be True" was sung by several members of the band to permit time for the preparation of the stage for the finale "Good Night" and a better way of saying it could hardly be found than Elizabeth and Joe Mitchell's sweet voiced duet heard against the background of their schoolmates' excellent choral singing.

IMPRESSIVE OPENING

All in all it was one of the most enjoyable evenings and most certainly the official opening of the Residential School auditorium will not be forgotten by those who attended.

CONGRATATIONS TO**STAGEHANDS**

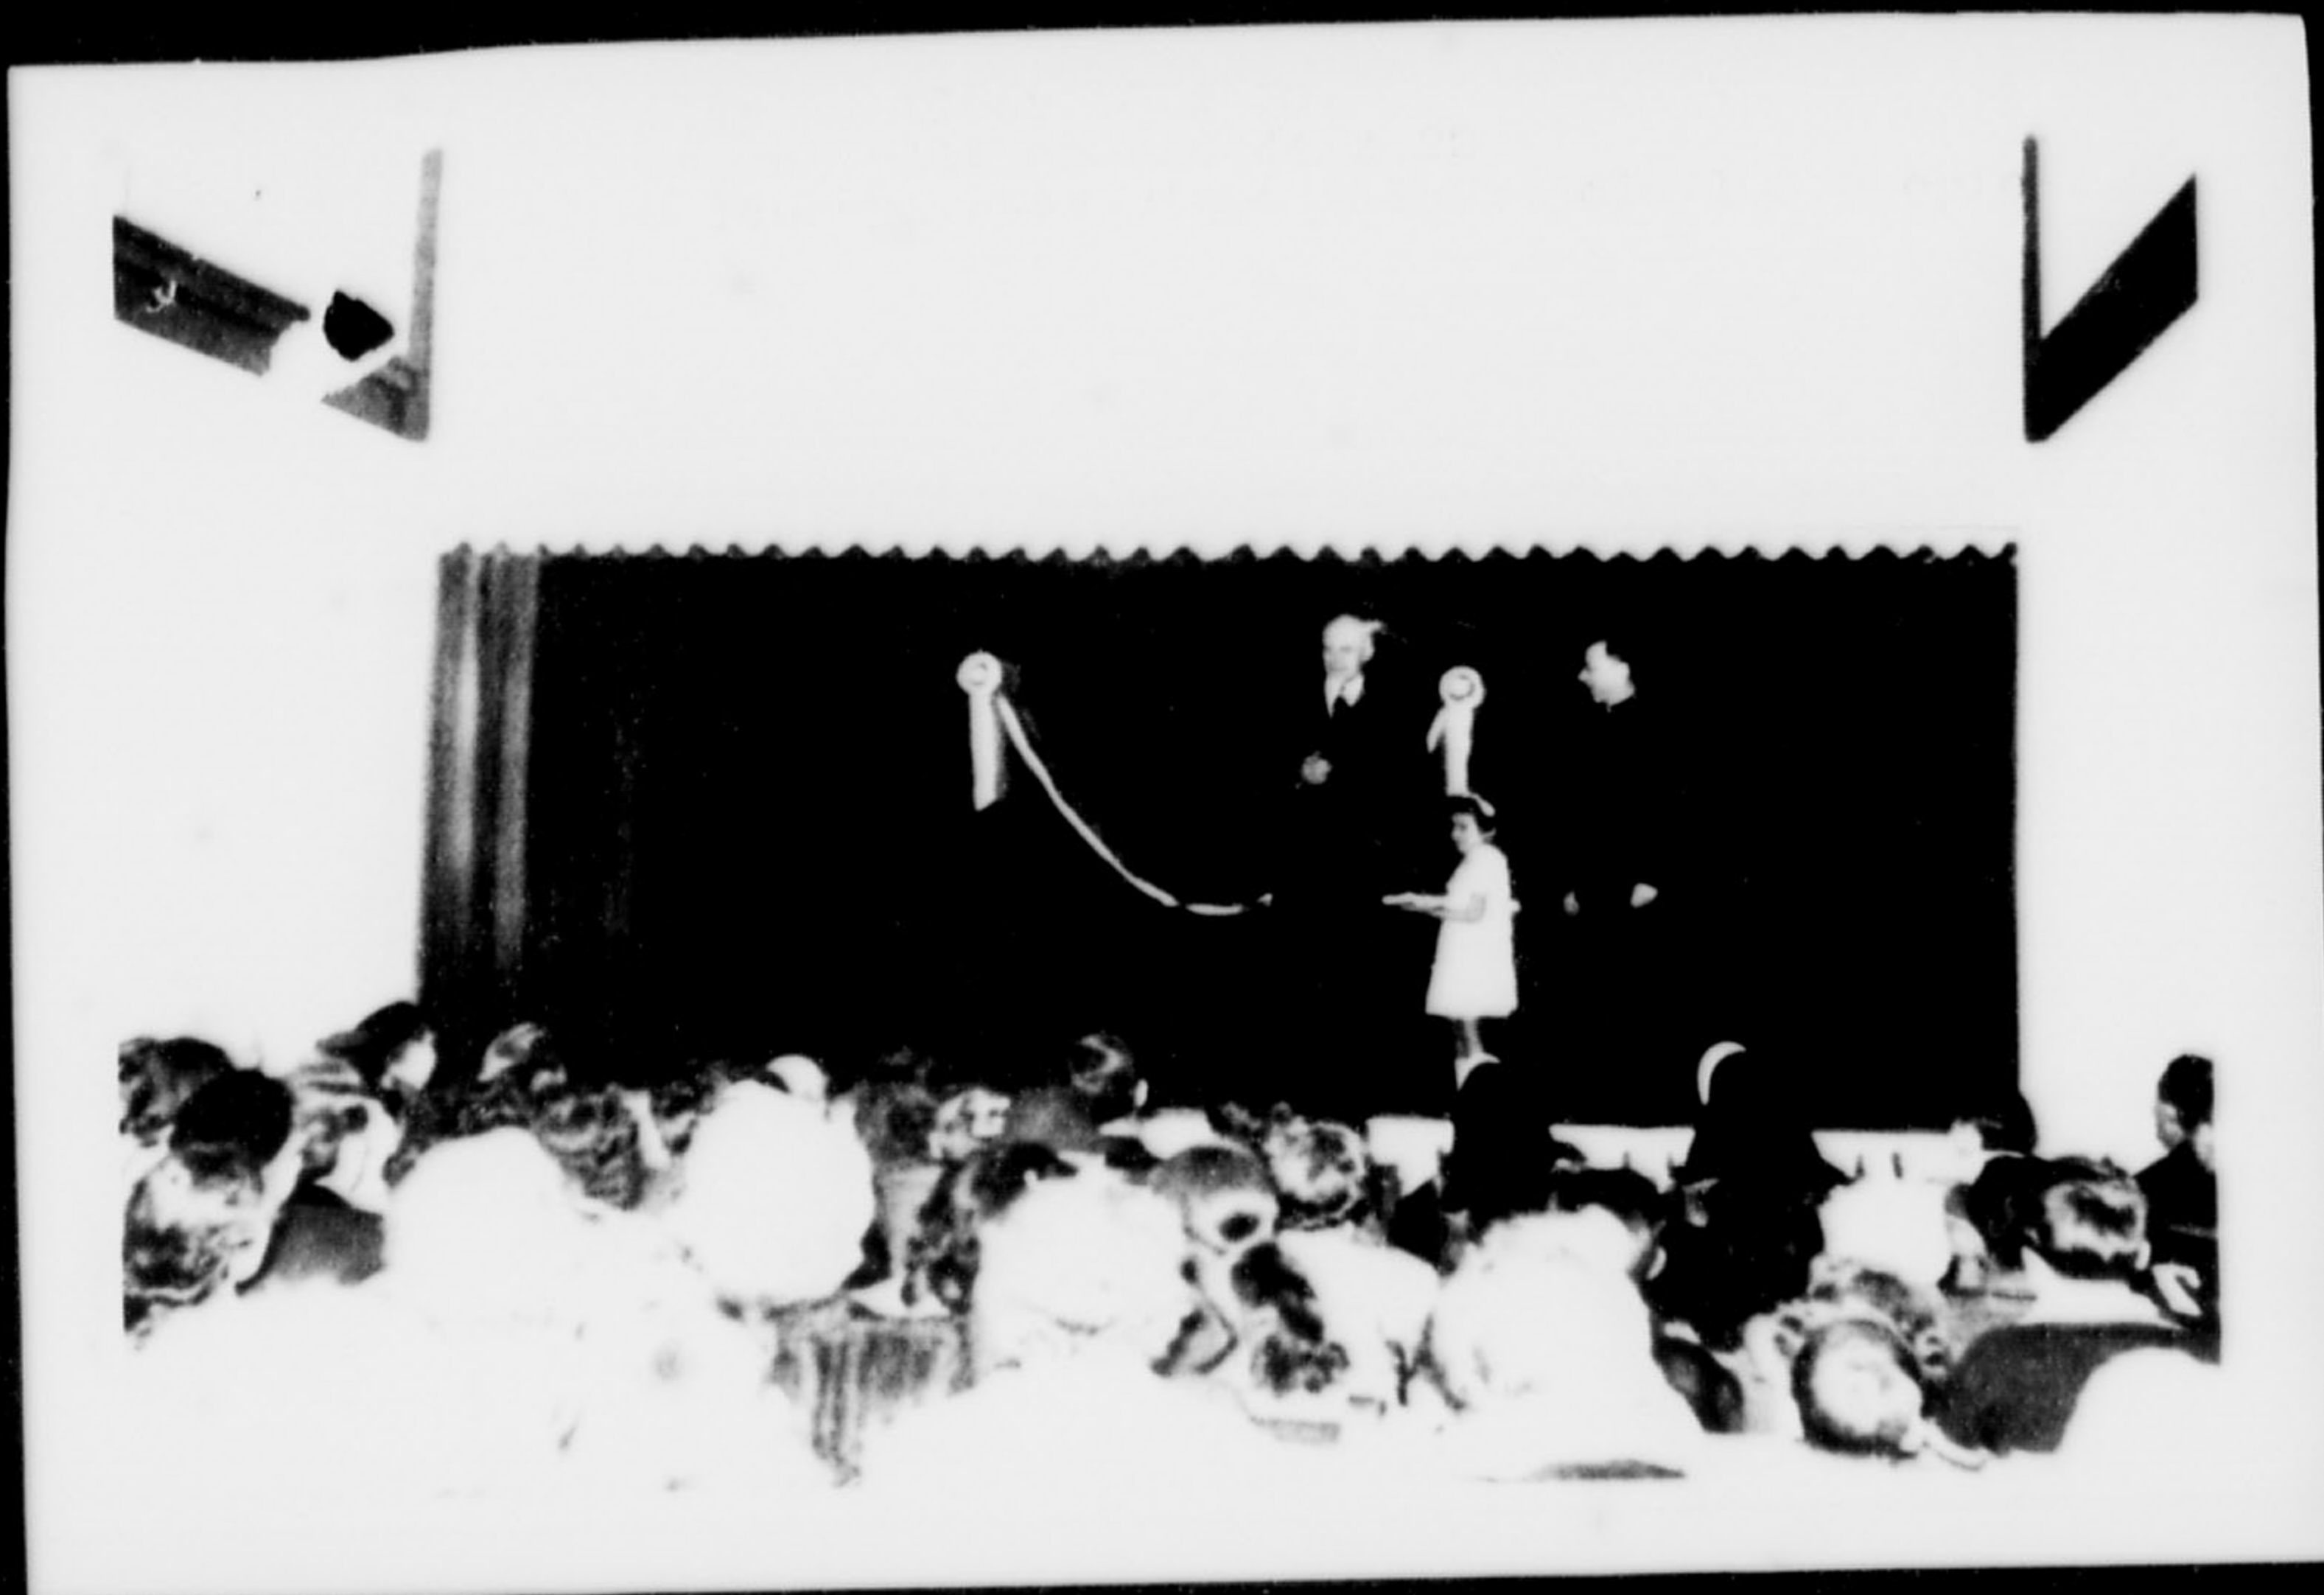

Congratulations for their contributions to the lighting effects should go to Cagney and Adam Point—Junior Joe on the curtains—staging and costuming to Brother McGourty and Sister Rita and her Domestic Science class.

A patient called his dentist for an appointment. "I'm sorry," said the dentist, "But I can't take you now, I have eighteen cavities to fill this afternoon." Then he hung up the phone, picked up his golf bag and left the office.

Major R.F. Davey, M.C.,
District School Inspector,
P.O. Box 70,
Vancouver, B.C.

Sechelt Indian Residential School

Dear Bob:

I have for answer your letter of July 22 concerning Father Dunlop. I tried to phone Father Birch, the Oblate Provincial, but unfortunately, he is out of town. When I get his address in Vancouver, I will wire you at once so that you can discuss the matter with him.

You are fortunate to have the English Oblates in the residential schools of British Columbia. They have many fine men in training here, and great progress should be made in the residential schools under them. They also have a number of brothers taking technical courses so that they can teach trades in the residential schools.

Best wishes to Margaret and yourself - I only wish I could visit British Columbia myself, but chances are slim at present.

Personal

July 22, 1949.

Lieut. Col. B.F. Neary, M.B.E.,
Superintendent of Education,
Indian Affairs Branch,
Dept. of Mines & Resources, Ottawa.

Dear Bernard:

I have just been told by Mr. Taylor, the Superintendent of the Vancouver Agency, that Father Dunlop is being moved from the Sechelt School. This has been quite a shock and disappointment to me as Father Dunlop is an excellent Principal and of the same calibre as Father Fleury, who you will probably remember, did such a fine job at the Mission Residential School. I do not know whether you are able to do anything in the way of retaining Principals at these Residential Schools but this move following so closely on the transfer of Father Fleury is to be deplored.

On the weekend prior to the 24th of May I visited the Sechelt School with Mr. Arneil and we were both delighted with the way in which the school was operating. The concert which was put on at that time was equal to anything that I have seen in Provincial or Indian schools. The academic work was also good and this June nine pupils graduated into high school. All this from a school with an enrolment of less than 100.

Unfortunately I have not given reports on this school in the last year so that the Department probably is not aware of the excellent work that is being done at Sechelt. I have purposely omitted doing this because the school has been so well run that I felt my time would be better spend visiting other places. Anything that you can do to retain Father Dunlop would be worth while.

Please do not feel that this letter is in criticism of Father Viney who I believe is to replace Father Dunlop I have no idea of the ability of Father Viney.

Kindest personal regards.

Yours sincerely,

P.L. I have shown this letter to Mr. Arneil who feels as badly as I do. Bob.

Re: File No. 889-1 (E.6)

Referring to letter of the 8th instant from the Chief, Education Division regarding authorized pupilage in Sechelt Indian Residential School and requesting information re dormitory dimensions, I would advise as follows:

1. 2 Senior Dorms. Each 28x29x11
- 2 Junior Dorms. Each 28x29x11
- 2 Small Dorms. Each 17x14x11

Totals

17,864'

17,864'

5,236'

40,964

2. There is a built-in circulatory ventilator system in each dormitory. Owing to the mild coast weather, windows are always open, allowing ample fresh air.

3. The School Principal has requested that the authorized pupilage be increased to one hundred, as, apart from pupils now carried in excess of authorized pupilage, there are many applying for admission, and for whom facilities in either Indian or White day schools are unavailable.

4. For a total of one hundred pupils the per capita cubic air space per pupil would be over 400, which, in view of the ventilation might be considered satisfactory.

H. E. Taylor
(H. E. Taylor)

Re: Sechelt Indian Residential
School

We have a request from Superintendent Taylor to increase the authorized pupilage at the above school. We have received from him the following information:

1. Capacity of Dormitories - 40,964 cubic feet.
2. There is a built-in circulatory ventilator system in each dormitory. Owing to the mild coast weather, windows are always open, allowing ample fresh air.
3. The school Principal has requested that the authorized pupilage be increased to one hundred, as apart from pupils now carried in excess of authorized pupilage, there are many applying for admission, and for whom facilities in either Indian or White day schools are unavailable.
4. For a total of one hundred pupils the per capita cubic air space per pupil would be over 400, which in view of the ventilation might be considered satisfactory.

On the basis of 500 cubic feet of air space per child, the dormitories would only accommodate approximately 81 children. At the present time, the

- 2 -

authorized pupilage at this school is 90. Do you think we would be justified in asking the Minister for his approval to increase the pupilage to 100, in view of reasons 2, 3 and 4 above.

Re: Sechelt Residential School
Your file 887-1 (E1) Oct. 27

In view of the lack of dormitory accommodation at this school I cannot recommend an increase in the authorized enrolment. Dr. Tennant, the Regional Medical Supervisor, Indian Health Services, feels that most of our Residential schools are badly overcrowded and that there is serious danger of the spread of communicable diseases when the space between the beds in dormitories is so limited. You will recall that a year ago we had a number of cases of Tuberculosis at the Kuper Island Residential School which were apparently contracted from the admission of one child to the school who was a contagious case. The unfortunate occurrence at the Kuper Island School has convinced me of the necessity of avoiding overcrowding.

Re: Sechelt Indian Residential School.
Your File 25-1

With reference to your letter of October 21st, regarding an increase in the authorized pupilage at the above school, we communicated with Indian Commissioner Arneil and he advises that Dr. Tennant, the Regional Medical Supervisor, feels that this particular residential school is overcrowded. Under these circumstances, we regret that the authorized pupilage cannot be increased.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Skeel-Residential School for the Quarter ended March 31st 1941 B.C.

Dated April 1st 1941
Principal M. Mc Grath O.M.I.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Frederick B. Bae
Indian Agent

Dated at VANCOUVER INDIAN OFFICE

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Seckell Residential School for the Quarter ended June 30th 1941.

Dated June 30th 1941.
Principal M. Mc Shat 072

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Vancouver Indian Office Jul. 30 1941
this 30th 1941.
Seckell Ball
Indian Agent

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School for the Quarter ended Sept. 30th 1941

Dated Oct 1st 1941 Principal J. M. Mc Grath am?

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Vancouver Indian Office OCT 6 1941
this 6th day of October 1941
Indian Agent Frederick Ball

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Secheville Residential School for the Quarter

ended Dec 31st 1942

Dated Jan 8th 1942 Principal Ch. McQuinn

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Secheville this 12th day of Jan 1942

NOTE
Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Seixbelt Residential School for the Quarter

ended March 31st 1942

Dated April 1st 1942 Principal J. M. Mc Grath

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Vancouver British Columbia this 19 day of March 1942

NOTE
Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Indian Residential School for the Quarter ended June 30 1942.

Principal J. M. Mc Skat (M)
Dated July 2nd 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at VANCOUVER INDIAN OFFICE

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sachelt Residential School for the Quarter ended September 1942.

Principal H. F. Dunlop and

Dated Oct. 3rd 1942.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Frederick Ball
Indian Agent

Dated at ANCOUVER INDIAN OFFICE
this OCT 6 1942 1942.

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School for the Quarter ended Dec. 1942

Principal H. F. Dunlop

Dated Jan 2nd 1943

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

J. J. Ball

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School for the Quarter ended March 1943

Principal H. F. Dunlop omf.

Dated Apr April 1st. 1943

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Frederick Bull
Indian Agent

VANCOUVER, B.C.

Dated at

this 9th April 1943

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School School for the Quarter ended March 1943 193.

Principal H. F. Dwyer

Dated April 2nd 1943 193.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School for the Quarter ended Sept 30th, 1943.

Principal H. P. Dunlop

Dated Oct. 2nd, 1943.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Leah Ball
Indian Agent

Dated at OCT 7 1943

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School for the Quarter ended Sept 30th, 1943.

Principal H. F. Dunlop

Dated Oct. 2nd, 1943.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Frederick Bone
Indian Agent

																							Am. Con. 80 @ 42-50 = 3400-00	

NOTE—Additions to be correctly made and entered at the foot of column.

TOTAL number of days in Quarter 92

AGGREGATE number of days pupils in residence during Quarter 6832

AVERAGE attendance of pupils during Quarter 75.84 74.26

AMOUNT of per capita grant due for Quarter 3156.05

Am. Con. 80 @ 42.50 = 3400.00

Pay at 92.24% = 3156.16

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....Sechelt Residential.....School for the Quarter ended.....Mar. 31.....1944.....

Principal.....

Dated.....April 1st.....1944.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sachelt Indian Residential School for the Quarter ended June 1944.

Principal H. E. Dunlop

Dated July 2, 1944 1944

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Fred E. E. E.
Indian Agent

Dated at Vancouver Indian Office
this 10 1944

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the SECHELT RESIDENTIAL School for the Quarter ended Mar. 31. 1945.

Principal H. P. Winkler

Dated Mar. 31. 1945.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Frederick Ball
Indian Agent

Dated at VANCOUVER INDIAN OFFICE
this APR 9 1945.

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Seasholt School School for the Quarter

ended June 19 45

Principal H. P. Munro O.M.

Dated July 1st 19 45

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Doreen Keelas
for Indian Agent

Dated at Vancouver

this 6th July 19 45

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School for the Quarter ended Dec. 31, 1945 19.....

Principal H. P. Dewdney D.M.

Dated Jan 2, 1945 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Frederick B. B. B.
Indian Agent

Dated at 1945
this 12 day of JAN 1946

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the SECHULT RESIDENTIAL School for the Quarter ended JUNE 30, 1946 19

Principal H. P. Shumway

Dated JULY 1, 1946 19

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Doreen Keelas
for Indian Agent

Dated at Vancouver

this July 15, 1946

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

ERROR

21/10/46

F.I.R.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sachelt Residential School for the Quarter ended Sept. 30, 1946 19.

Principal H. F. Hunsley, am!

Dated Oct. 3, 1946 19.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. E. Ray
Indian Agent

Dated at Vancouver
this 12th October 19 46

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sachelt School for the Quarter ended Dec. 31, 1946 19.....

Principal H. P. Kennedy

Dated Jan. 2, 1947 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. E. Iaghs
Indian Agent

Dated at Vancouver Indian Centre JAN 8 1947
this 19.....

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Sechelt Residential School for the Quarter

ended March 31 1947

Principal H. I. Smyth

Dated Mar. 31, 1947 1947

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. E. Taylor
Indian Agent

Dated at Vancouver

this 14 April 1947

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the School for the Quarter ended 19.....
June 30 47
Principal..... H. F. Dunlop, Esq.
Dated..... 19.....
June 30 47

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at..... Vancouver B.C.
this..... July 3rd 1947

NOTES ON THE PREPARATION OF THIS RETURN

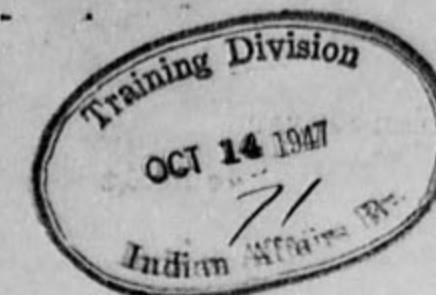

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt School for the Quarter ended Dec 31 1947

Principal H. F. Winkler, Esq.

Dated Jan 2 1948

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. E. Taylor
Indian Agent

Dated at Vancouver
this 5th January 1948

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School for the Quarter ended Mar 31 1944

Principal H. P. Duncanson

Dated Apr 2 1944

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. E. Taylor
Indian Agent

Dated at APR 12 1948
this 12 1948

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

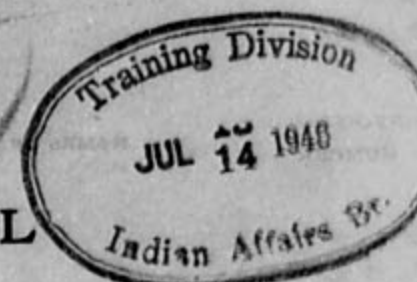

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the SECHULT RESIDENTIAL School for the Quarter ended SEPTEMBER 19 48

Principal H. J. Dunlop

Dated OCTOBER 2ND 19 48

NOTE: Having checked the date of entrance of the girls against the records it was found that errors had crept in re same. These have been corrected.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. E. Layton
Indian Agent

Dated at Vancouver

this 5th October 19 48

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt School for the Quarter ended Dec 31 1948

Principal H. F. Dunlop

Dated Jan 3rd 1948

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. E. Taylor
Indian Agent

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

8829

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Res. School School for the Quarter ended Mar. 31, 1949 19.

Principal H. J. Dewdney

Dated Feb. 1, 1949 19.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. E. Taylor
Indian Agent

Dated at Vancouver BC
this April 11 1949

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Res School for the Quarter ended June 30 1949

Principal H. Dunlop D.M.

Dated July 2nd 1949

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H.E. Taylor
Indian Agent

Dated at Vancouver

this 4th of July 1949

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt School for the Quarter ended September 1949.
Principal L. Sney Oml.
Dated Oct 5th 1949

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

D. Hula
for Indian Agent
Dated at Vancouver B.C.
this 20th October 1949

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

2543

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School for the Quarter ended December 31 1949.

Dated Jan 2 1950 Principal L. Sing Oml

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Vancouver BC this 6th January 1950 H. E. Saylor Indian Agent

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

7098

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Residential School for the Quarter ended March 31st 1950

Dated April 4th 1950 Principal L. Joney M.L.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Vancouver B.C.
this 19th April 1950

NOTE

Principals will please be guided by the instructions printed on the last page.

Form No. I.A. 403

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

5123

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Sechelt Res School for the Quarter

ended Sept 30th 1950

Dated Oct 10th 1950 Principal L. Viney D.M.P.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Vancouver B.C.
this 13th October 1950

NOTE

Principals will please be guided by the instructions printed on the last page.

FORM No. I.A. 403

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

6448

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Sechelt Res School for the Quarter ended Dec 31 19 00

Dated Jan 13 19 01 Principal L. Diney C.M.P.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H.E. Taylor
Indian Agent

Dated at Vancouver BC
this 19th January 19 01

NOTE

Principals will please be guided by the instructions printed on the last page.

TWENTY THIRD WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

During the past week there has been fifteen men employed on the new school building, that is, eight carpenters, two painters, one wood working machine man, three helpers and the foreman.

PROGRESS

The past week has been taken up with finishing up the cupboard base, door trim and casing and hanging doors in basement, hanging asbestos board on stair soffits and the wainscot cap in basement.

The concrete slabs at the foot of the balcony stairs have been put in place and progress is being made on the stairs and of the building are complete.

They are still working on the ground floor. Heating fixtures will be delivered next week.

Yours faithfully,

Arthur R. Tubb,

Inspector of Construction

TWENTY FOURTH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL.

Dear Sir:-

During the past week there has been eight carpenters, one painter, one machine hand, four helpers and the foreman employed on the building, a total of fifteen men, one painter was absent all week on account of illness. The superintendent spent two days on the job during the week.

PROGRESS

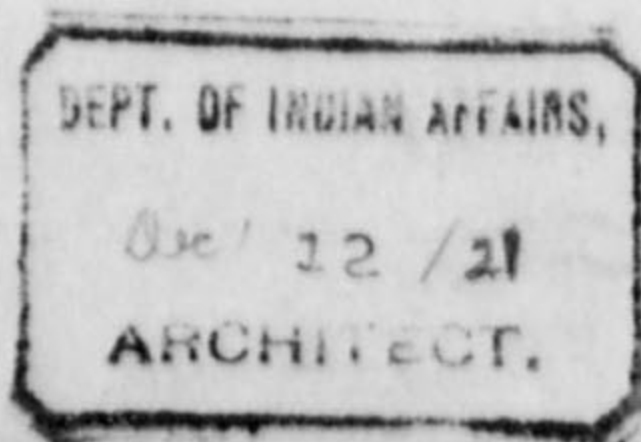

The stairways on end balconies, in lieu of fire escapes are now completed, the seats have been built in the play rooms and the drawers under same fitted into place, the picture moulding has been put up throughout the building, the locking and fastening of doors, including the cupboard doors are completed.

A scow load of heating and plumbing fixtures arrived yesterday and is being unloaded and transferred to the building, in addition to the plumbing and heating supplies the scow also contained part of the asbestos board for the ceilings.

Yours faithfully,

Arthur R. Tebb

Inspector of Construction.

TWENTY FIFTH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL.

Dear Sir:-

During the past week there has been seven carpenters, two painters, one electrician, two steam fitters, four helpers and the foreman, employed on the building, a total of seventeen men.

PROGRESS.

Satisfactory progress is being made in putting on the ceilings a number of which has been completed, the screens for windows and outside doors have arrived and are being fitted into place, the metal plates have been fixed to all stair treads.

The heating boilers are being set up in place, radiators have distributed through the building and are being connected up.

All exposed plumbing and water pipes have been painted, and the painting of woodwork and walls, where specified, is nearing completion, except in the chapel and the ceilings throughout the building.

Yours Faithfully,

Arthur R. Tebb.

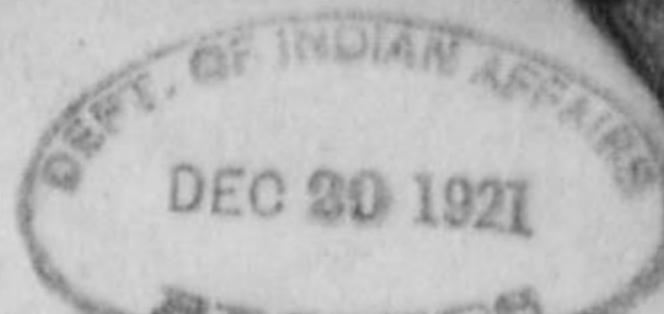

Inspector of Construction.

TWENTY SIXTH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL.

Dear Sir:-

During the past week there has been twelve men employed on the building, viz., three carpenters, two painters, two steam fitters, one plumber, one teamster, two helpers and the foreman.

PROGRESS.

Four of the carpenters have been laid off temporarily owing to the nondelivery of balance of material for ceilings, I am given to understand this will arrive by the end of the present week.

The plumber is making good progress installing the fixtures, and fitters will have steam on the building in a few days,

Window screens have been fitted and screen cloth and fastenings put on. The teamster is hauling away rejected and discarded materials, also part of construction plant.

I estimate it will take about six weeks to complete the building, ready for occupation

Yours faithfully,

Arthur W. Tebb.

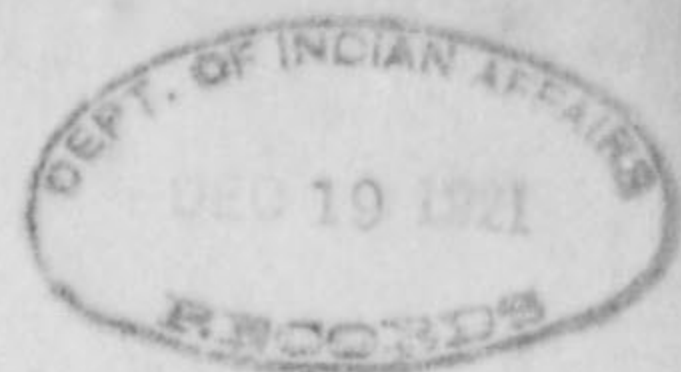

Inspector of Construction.

RE SECHELT INDIAN BOARDING SCHOOL.

Dear Sir:-

On plumbing fixtures being uncrated I notice oak seats have been supplied for the water closets, whaleboneite is specified, see page 64. Contractor says, this matter was taken up with the Department by the manufacturers, Messrs Mc. Avity & Co. and the substitution allowed.

I await your authority before sanction is given for installation of said oak seats.

Yours faithfully,

Arthur W. Tebb.

Inspector of Construction.

Ottawa, December 21st, 1921.

Dear Sir,-

I beg to acknowledge the receipt of your letter of the 11th inst., with reference to the oak seats supplied with the closets for the new Indian Boarding School at Sechelt, B. C. and in reply to say that the T. McAvity & Sons Co. were informed last October, that their water closets combination would be accepted for the Sechelt school as their seat is a high quality and is of Canadian manufacture.

You should have been informed of this change and it is regretted that the matter was overlooked.

Your obedient servant,

J. D. McLean

(J. D. McLean)

TWENTY SEVENTH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

During the past week there has been three carpenters, two painters, two steamfitters, one plumber, two helpers and the foreman, a total of eleven men employed on the building.

The scow of material which includes the balance of ceiling, enamelled brick for kitchen, laundry machinery, electric generator and the stack connection between boiler and chimney although loaded several days ago has not been delivered, on account of continued storms.

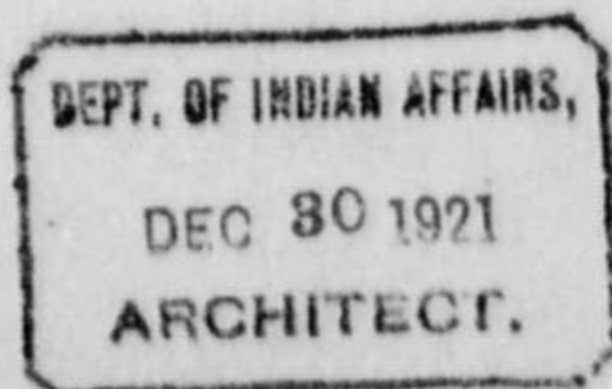

PROGRESS

The radiators are practically all connected, and boilers are set up, the plumbing fixtures have been set in position and nearly all have been trimmed and connected, window screens have been finished and the painting is progressing, the carpenters during the past week have been completing odd jobs and adjusting locks, windows, doors, etc.,

Yours Faithfully,

Arthur R. Tebb.

Inspector of Construction.

Sechelt, B. C. December 27th, 1921.

TWENTY EIGHTH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

During the past week there has been three carpenters, two painters, two steamfitters, one plumber, two electricians, two helpers, and the foreman, a total of thirteen men employed on the building.

In addition to the above five laborers and two teamsters were employed unloading a scow of material and machinery, which has now been transferred to the building and housed inside, this is supposed to include all the material necessary to complete the job.

PROGRESS

The carpenters are busy applying asbestos lumber to the ceilings and the painters are following up with the priming coat, the electrician and helper are drawing the wire into the conduits and have installed the telephones, in connection with the dumb waiter, the plumber and heating trades are making good progress,.

The christmas holidays interferred only slightly with the work the majority of the men remaining on the job.

Yours faithfully,

Arthur R. Tebb.

Inspector of Construction.

561793

TWENTY NINTH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL.

Dear Sir:-

During the past week there has been five carpenters, two painters, two steamfitters, one plumber, two electricians, four helpers and the foreman, a total of seventeen men employed on the building.

PROGRESS

The ceilings in the basement have been completed, except the painting, progress is being made on the other stories, the metal partitions have been set up in place in the lavatories, and preparation is being made to commence laying the enameled brick in the kitchen.

The electricians have nearly all the wire drawn and the wall-switches put into place, the engine and generator are set and bolted in place.

The plumbing is ~~is~~ practically finished in the main part of building, there still remains the hot water storage tank, jacket heater, range boiler, sink in kitchen and bakery and the laundry trays to be installed.

Steam has not been turned on the building but this is promised before the end of the present week

Yours faithfully,

Arthur H. Rebb.

Inspector of Construction.

THIRTIETH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

During the past week there has been seventeen men employed on the new school building, viz, five carpenters, two painters two steamfitters, one plumber, two electricians, four helpers and the foreman.

PROGRESS

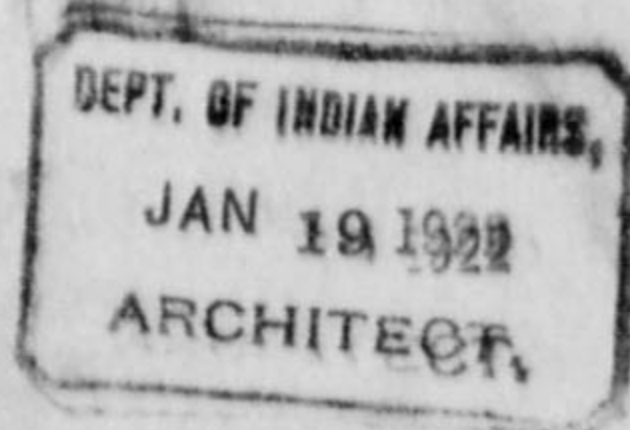

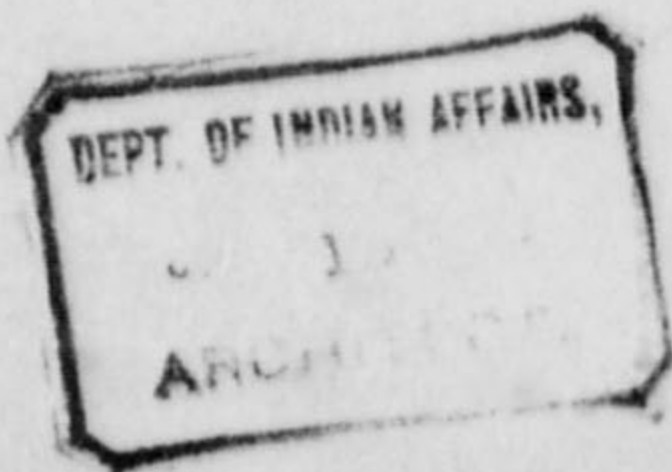

All the ceilings have now been put on and have been given the first coat of paint, this item practically completes the carpenter work and only two carpenters are retained to finish up, the others have been dismissed. The building has been connected to the present water supply, the hot water storage tank and the jacket heater have been set in place and connected up to service supply pipes.

The heating plant is now in commission and is working very satisfactorily.

In regard to the present water supply I beg to say this is so limited and uncertain under the present arrangement that it rarely will flow to the fixtures on the first floor of the building.

Yours faithfully,

Arthur R. Tibb.
Inspector of Construction.

RE SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

In reply to letter received from Mr. Orr dated December, 19,
regarding the protection of sky-lights from snow slides.

I have to-day received a tender from the general contractors, a copy
of which I herewith enclose, for constructing pediment on roof of
passage, also for snow guards on roof of main building, snow slides
from chapel roof would in our opinion fall clear of skylight, the
same price would apply, viz. \$12.00, should you think it necessary
or advisable to have guards placed here also.

Yours faithfully,

Arthur R. Tibb.

Inspector of Construction.

Excluded

Ottawa, January 21st, 1922.

Dear Mr. Tebb,-

With further reference to the water supply for the new Indian Boarding School at Sechelt, I have to request that you obtain prices from as many firms as possible, in addition to the two already submitted by you, for the installing of the tank, etc., in accordance with your specification and sketch which was submitted to the Department with your letter of October 30th last.

[Signature]

If Johnson Bros. and Messrs. Baynes & Horie are still willing to carry out this work at the prices quoted by them, please advise.

The delay in arriving at a decision regarding the water supply at this school was unavoidable and I hope that when I hear from you we will be able to come to some decision regarding same.

Yours very truly,

RE SECHFLT INDIAN BOARDING SCHOOL

Dear Sir:-

With reference to the septic tank, which has been put in in exact accordance with the details, you will notice that the concrete baffle-plate does not connect with the top of the tank, but leaves a space of several inches, so the air is not sealed between the syphon tank, and the liquefying or digester tank, it would appear that considerable odor would escape through the vent, this would be offensive and may prove dangerous from a health standpoint as it is it could be compared to a vent from a cesspool, further I have always understood that for perfect disintegration it is necessary to exclude, as far as possible, all pure air from the digester tank, this could be done, in this case by bricking up the space above the baffle-plate and cement plastering on each side.

I have taken up this question with Mr Henry Crombie who has had a wide experience with septic tanks, he says, it is absolutely necessary in order to break up and fully digest all solids and the paper that this space be closed, when this is done you will have a perfect water seal; the cost if done now would be ten dollars. (\$10) Awaiting your instructions, I am.

Yours faithfully,

Arthur R. Tibb

Inspector of Construction.

THIRTYFIRST WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL.

Dear Sir:-

During the past week there has been, one carpenter, two painters, two steamfitters, one plumber, one electrician, three helpers, and the foreman, employed on and in connection with the School building, a total of eleven men.

PROGRESS

The heating plant installation has been completed and the boilers covered. The Provincial Boiler Inspector has examined and approved the installation, in this inspection the boilers were subjected to a pressure of 30 lbs. C. W. P. The heating arrangement works very satisfactorily, the radiators on ground and first floor warming up with little more than vapor, those in the basement with one pound of steam, the covering of pipes is proceeding. The plumber will finish his work in a few days, I have procured a pump and intend to test all the plumbing supply piping and the hot water storage tank under a C. W. pressure of 125 lbs. The dry room in the laundry has been set up and the laundry stove attached. The electrician and the painters are making progress.

Yours Faithfully,

Arthur R. Tebb.

Inspector of Construction.

Ottawa, January 27th, 1922.

Dear Sir,-

Replying to your letter of the 15th inst., with reference to the septic tank, I have to say that it is desired that the space between the baffle-plate and the top of the tank be left open in accordance with the plans prepared and as now installed.

The action of the septic tank depends to a certain degree on the entrance of fresh air and would not work satisfactorily if this space were closed up.

The Department has installed many septic tanks throughout the country at different schools, designed similar to the one at Sechelt. Many of these tanks have been in operation for long periods and have given absolute satisfaction.

RE SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

Regarding the Lighting Fixtures for the chapel, the specifications say these are to be supplied by the Department and put in place by the contractor, I am not quite clear how the selection is to be made.

In case it is your desire to consult the staff in reference to this matter, I have in order to save time, after explaining to them my uncertainty in the matter, induced them to make a selection. This is taken from Rankin & Cherrills catalogue of Faries Fixtures.

FOR NAVE Six fixtures # 2259 with 3 lights length 36" spread 18" catalogue price \$ 4.25 each.

Ceiling Light in Sanctuary One fixture # 2254 one light length 18" catalogue price \$1.20 on these two items, the shades, shade holders, sockets, and wire are additional.

Bracket Lights in Sanctuary & Sacristies. Four bracket fixtures # 3398 with switch in plate. catalogue price. \$ 4.25 each.

Shades. Nineteen shades # 681. catalogue price \$ 17.00 per dozen.

Shade Holders. Nineteen shade holders 2½" catalogue price 90¢ per dozen.

Sockets & wire. Nineteen sockets and fixture wire for Nave fixtures and ceiling light in Sanctuary, no price in catalogue.

I am enclosing herewith a tender from Mundy, Rowland & Co. for the above, but think the spread is exorbitant, and that money could be saved by purchasing from the manufacturers, Rankin & Cherrill. 55 Hastings St. W. Vancouver, B.C.

Yours faithfully,

Arthur R. Tebb.

THIRTYSECOND WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

There has been no change in the number of men employed on the new school building since my last report, viz. one carpenter, two painters, two steamfitters, one plumber, one electrician, three helpers, and the foreman. A total of eleven men.

PROGRESS

The plumbing and heating contractors have now completed their work, and the workmen have returned to Vancouver this morning.

A launch is to be dispatched to-morrow for the material for construction of the special furniture as per order placed with the general contractors. The carpenter work has been completed on the building, laundry machinery and shafting, for same are being put into place, the shelves have been built in the battery room, and the batteries are being installed, most of the lighting fixtures have been hung. The painters are carrying on their work, and as rooms are finished windows are cleaned, and the shades put up.

Yours faithfully,

Arthur R. Tebb

Inspector of Construction.

Sechelt Indian Boarding School

- 1 The new School is near completion, and the supply of water is not sufficient; (water does not reach the first floor) a new system is absolutely necessary for fire protection.
- 2 The list of furniture for the new School, was sent to Ottawa last October and we did not hear yet, whether it is approved or not.
- 3 The land (about 20 acres) which has been given to the School by the Indians should be surveyed and fenced.
- 4 As no farm can be had, some additional ground should be granted for vegetable purpose.
- 5 A meat house and cellar ought to be built at the place of the present temporary building occupied by the boys, on top of which, rooms could be fixed for the engineer.
- 6 A new barn is urgently needed: the old one is actually falling to pieces.
- 7 A green house would be very acceptable.
- 8 Connection to the cottage and barn for electric light could be made with the new building. (electricity would be sparingly used everywhere.)

9 Salary for Engineer.

Handed Mr. Scott
By Foster Webb
Feb. 3rd '22
R.W.

Ottawa, February 4, 1932.

Noted
Mr. Scott
 Memorandum

Mr. Scott.

With reference to the attached memorandum handed you yesterday by Rev. Father Welch regarding the Sechelt Indian Boarding School, I beg to report as follows:-

1. Water Supply.-

The question of a water supply for this school is under consideration, and we are in communication with Inspector Tebb with reference to the installing of a satisfactory and economical water supply for the building.

2. School Furnishings.-

With reference to the furnishings required for this school, orders for same were placed some time ago and will be delivered at the school before the end of this month.

3. Fencing.-

The school authorities ask that the farm, approximately 20 acres, be surveyed and fenced. They also ask for some additional ground. The approximate cost of the fencing would be about \$900.00.

4. A Meat-house and Root-cellar.-

A meat-house and root-cellar, with room over for the caretaker, are asked for. This could probably be erected for, approximately, \$1500.00.

5. Barn.-

A new barn is required as the old one is falling to pieces. From information given by Rev. Father Welch, I would estimate the cost of the barn to meet the requirements of this school, at \$2500.00.

6. Greenhouse.-

They intimate that a greenhouse would be very acceptable. The estimated cost of which would be about \$3000.00.

7. Wiring Principal's Residence.-

OK They ask that the principal's residence and proposed barn be supplied with electricity from the electric light plant now installed at the school. I would estimate the cost of wiring and installing the light in Principal's residence at \$300.00.

OK With reference to the meat-house, root-cellar and barn asked for by Father Welch, I would suggest that we communicate with Building Inspector Tebb, and ask him to submit a rough sketch of the requirements and the accommodation that should be provided in these buildings.

OK Regarding the wiring and connecting up of the Principal's house with the electric generator at the school, Mr. Tebb might be asked to obtain prices for this work and submit them to the Department for your consideration.

THIRTY THIRD WEEKLY REPORT OF PROGRESS ON SECHULT INDIAN BOARDING SCHOOL

Dear Sir:-

During the past week there has been, three carpenters, two painters, one electrician, three helpers, and the foreman, employed on the new school building, a total of ten men.

PROGRESS

The order for special furniture placed with the general contractors has been put in hand, and is now well under way.

The electrical work is nearly completed, there only remains a few fixtures to install, and the exhaust from engine to be carried through the wall. The generator was running at too high a speed, so a new pulley has been ordered, this will delay this work a few days.

The painters will finish in about ten days time.

A part of the furnishings ordered from Messrs Mc Lennan & Mc Feely, have been received, also a part of the desks, ordered from Messrs Clark & Stewart. I expect the ballance of these two orders by the end of the present week.

Yours faithfully,

Arthur R. Tebb.

THIRTY FOURTH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

During the past week there has been, three carpenters, two painters, three helpers and the foreman, employed on the school building, a total of nine men. The electrician will return to-morrow to finish his work. The painters are laid off, until the special furniture is completed, at which time they will return to finish same and give the final coat to the floors.

PROGRESS

The furniture being built by the contractors is now nearing completion, the sewer from the Convent Building has been connected up to the new system, there now remains only a few odds and ends, of the contract to finish, I think these will be all completed in ten days, or possibly less.

The furnishings enumerated in your advice of January 16th continue to arrive, and are checked on delivery, in some of these slight mistakes ~~from~~ which I have reported to the consigner for adjustment.

RE LIGHTING FIXTURES IN CHAPEL OF SECHELT INDIAN SCHOOL

Dear Sir:-

Referring to your letter of January 30. in regard to the lighting fixtures for the chapel, I beg to say, at your request I have written for quotations seven of the leading manufacturers, and dealers in electrical fixtures, in Vancouver.

As there seems to be no provision made for the lamps for the building, I have also called for separate tenders on the following Tungsten Lamps,

1 only	60 watts
3	40 w
74	25 w
92	15 w in this item there are 1 doz. extra, in case of breakage.
4	15 w frosted, for night lights.

This list could be increased in watts by 8% which with all lights on would be full load capacity of the generator.

If it is your wish for me to place order for above lamps the lowest tenderer, kindly advise by wire, as tenders should be in hand by the 17th. instant. Installation of Chapel Fixtures was provided for in the general contract.

Yours faithfully,

Arthur R. Tebb.

Inspector of Construction.

THIRTY FIFTH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

At the present time there are only six men employed on and in connection with the new School Building, that is, one carpenter, one painter, three helpers, and the foreman.

PROGRESS

The building is now practically completed, including all extras and additions allowed to date.

The men employed, are cleaning plaster where same has been soiled, making good after other trades, putting up hat and coat hooks, where same are required, and giving the final adjustment to all working parts. The chapel fixtures are to be place, tenders for supplying these are coming in, and contract will be let by the end of present week.

Yours faithfully,

Arthur R. Tebb.

Inspector of Construction.

RE WATER SUPPLY FOR SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

Replying to your letter of January 21st, in reference to the water supply for the new Indian Boarding School here, would say: on the 2nd, inst. I sent out six requests for figures on this work, so far I have only received one reply, that from the Canadian Pipe Company. I also submitted a specification to a Mr. Burg, I think however that he is in some way affiliated with Johnson Bros. I enclose herewith these two Tenders. The tenders of Johnson Bros, and Baynes and Horie are still good.

I am forwarding the enclosed tenders rather than delay any longer, as the New School cannot be occupied until this work is completed, under present conditions we are unable to get water to fixtures on the first floor.

Yours faithfully,

Arthur R. Tebb.

Inspector of Construction.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, March 6, 1922.

MEMORANDUM.

Mr. Scott.

RE: Water supply for Sechelt School.

I am of the opinion that funds have to be found for this necessary work from next years vote. I have made a note that this amount is to be authorized R.T.F.

The water for the old Sechelt School was supplied through a pipe connected at a distance of one thousand feet from the building, to a main which supplies the Indian village with water. This point is sixty feet above school grounds. When taps are turned on in the Indian village, most of the water in the pipe is consumed and drawn past the connection that supplies the school with water.

In order to ensure an adequate supply of water for the new Sechelt School, it will be necessary to build a wood stave tank approximately 12' x 12' x 10", and make the necessary repairs to the existing pipe line.

Mr. Tebb was asked to obtain competitive prices for this work, and has submitted the following:

- Baynes & Horie,	Vancouver,	\$ 2,083.00
- Johnson Bros.,	Sechelt,	1,780.00
- Canadian Pipe Co. Ltd.,	Vancouver,	1,750.00
- O. Burg & Co.	Wilson's Creek,	1,700.00

Mr. Tebb's estimate of the cost of the work was \$1,800.00 and I am of the opinion that O. Burg Co.'s price of \$1,700.00 is fair and reasonable, for the work, and beg to recommend that it be accepted.

Mr Papat says to wait until these papers are done - not yet sent to Finance Dept.

W. H. Murray Dec Architect.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, March 8, 1922.

MEMORANDUM.

TO MR. SCOTT.

A letter has been received from Reverend Father Welch, in which he asks that a small cottage be erected for the accommodation of the Chaplain of the new Sechelt Indian Boarding School. He has enclosed a rough sketch with his letter, showing the accommodation required and estimates the cost of the building at \$1,000.00.

The cottage which is now occupied by the Chaplain, he states, has been condemned as unfit for human habitation.

I have examined the sketch submitted and am of the opinion that a building erected to provide the accommodation shown would cost in the neighbourhood of \$1,500.00.

Dear Mr. Scott:-

Last week I paid a visit to Sechelt, and I was much pleased with every detail in the new school. The furniture is now arriving and by Easter the building should be ready for occupation.

Is there any chance of having you down for the opening?
I have been taking it for granted that the School

would be able to accomodate the Chaplain. On close inspection however I find that this is not the case, and would therefore suggest that the Department erect for him a small bungalow in the vicinity, at a cost of \$1000.00. As he resides at Sechelt for the exclusive benefit of the school and the children I feel sure that you will consider my request a very reasonable one.

The little cottage which he now occupies has been condemned as unfit for human habitation.

I have the honour to be,

Yours respectfully,

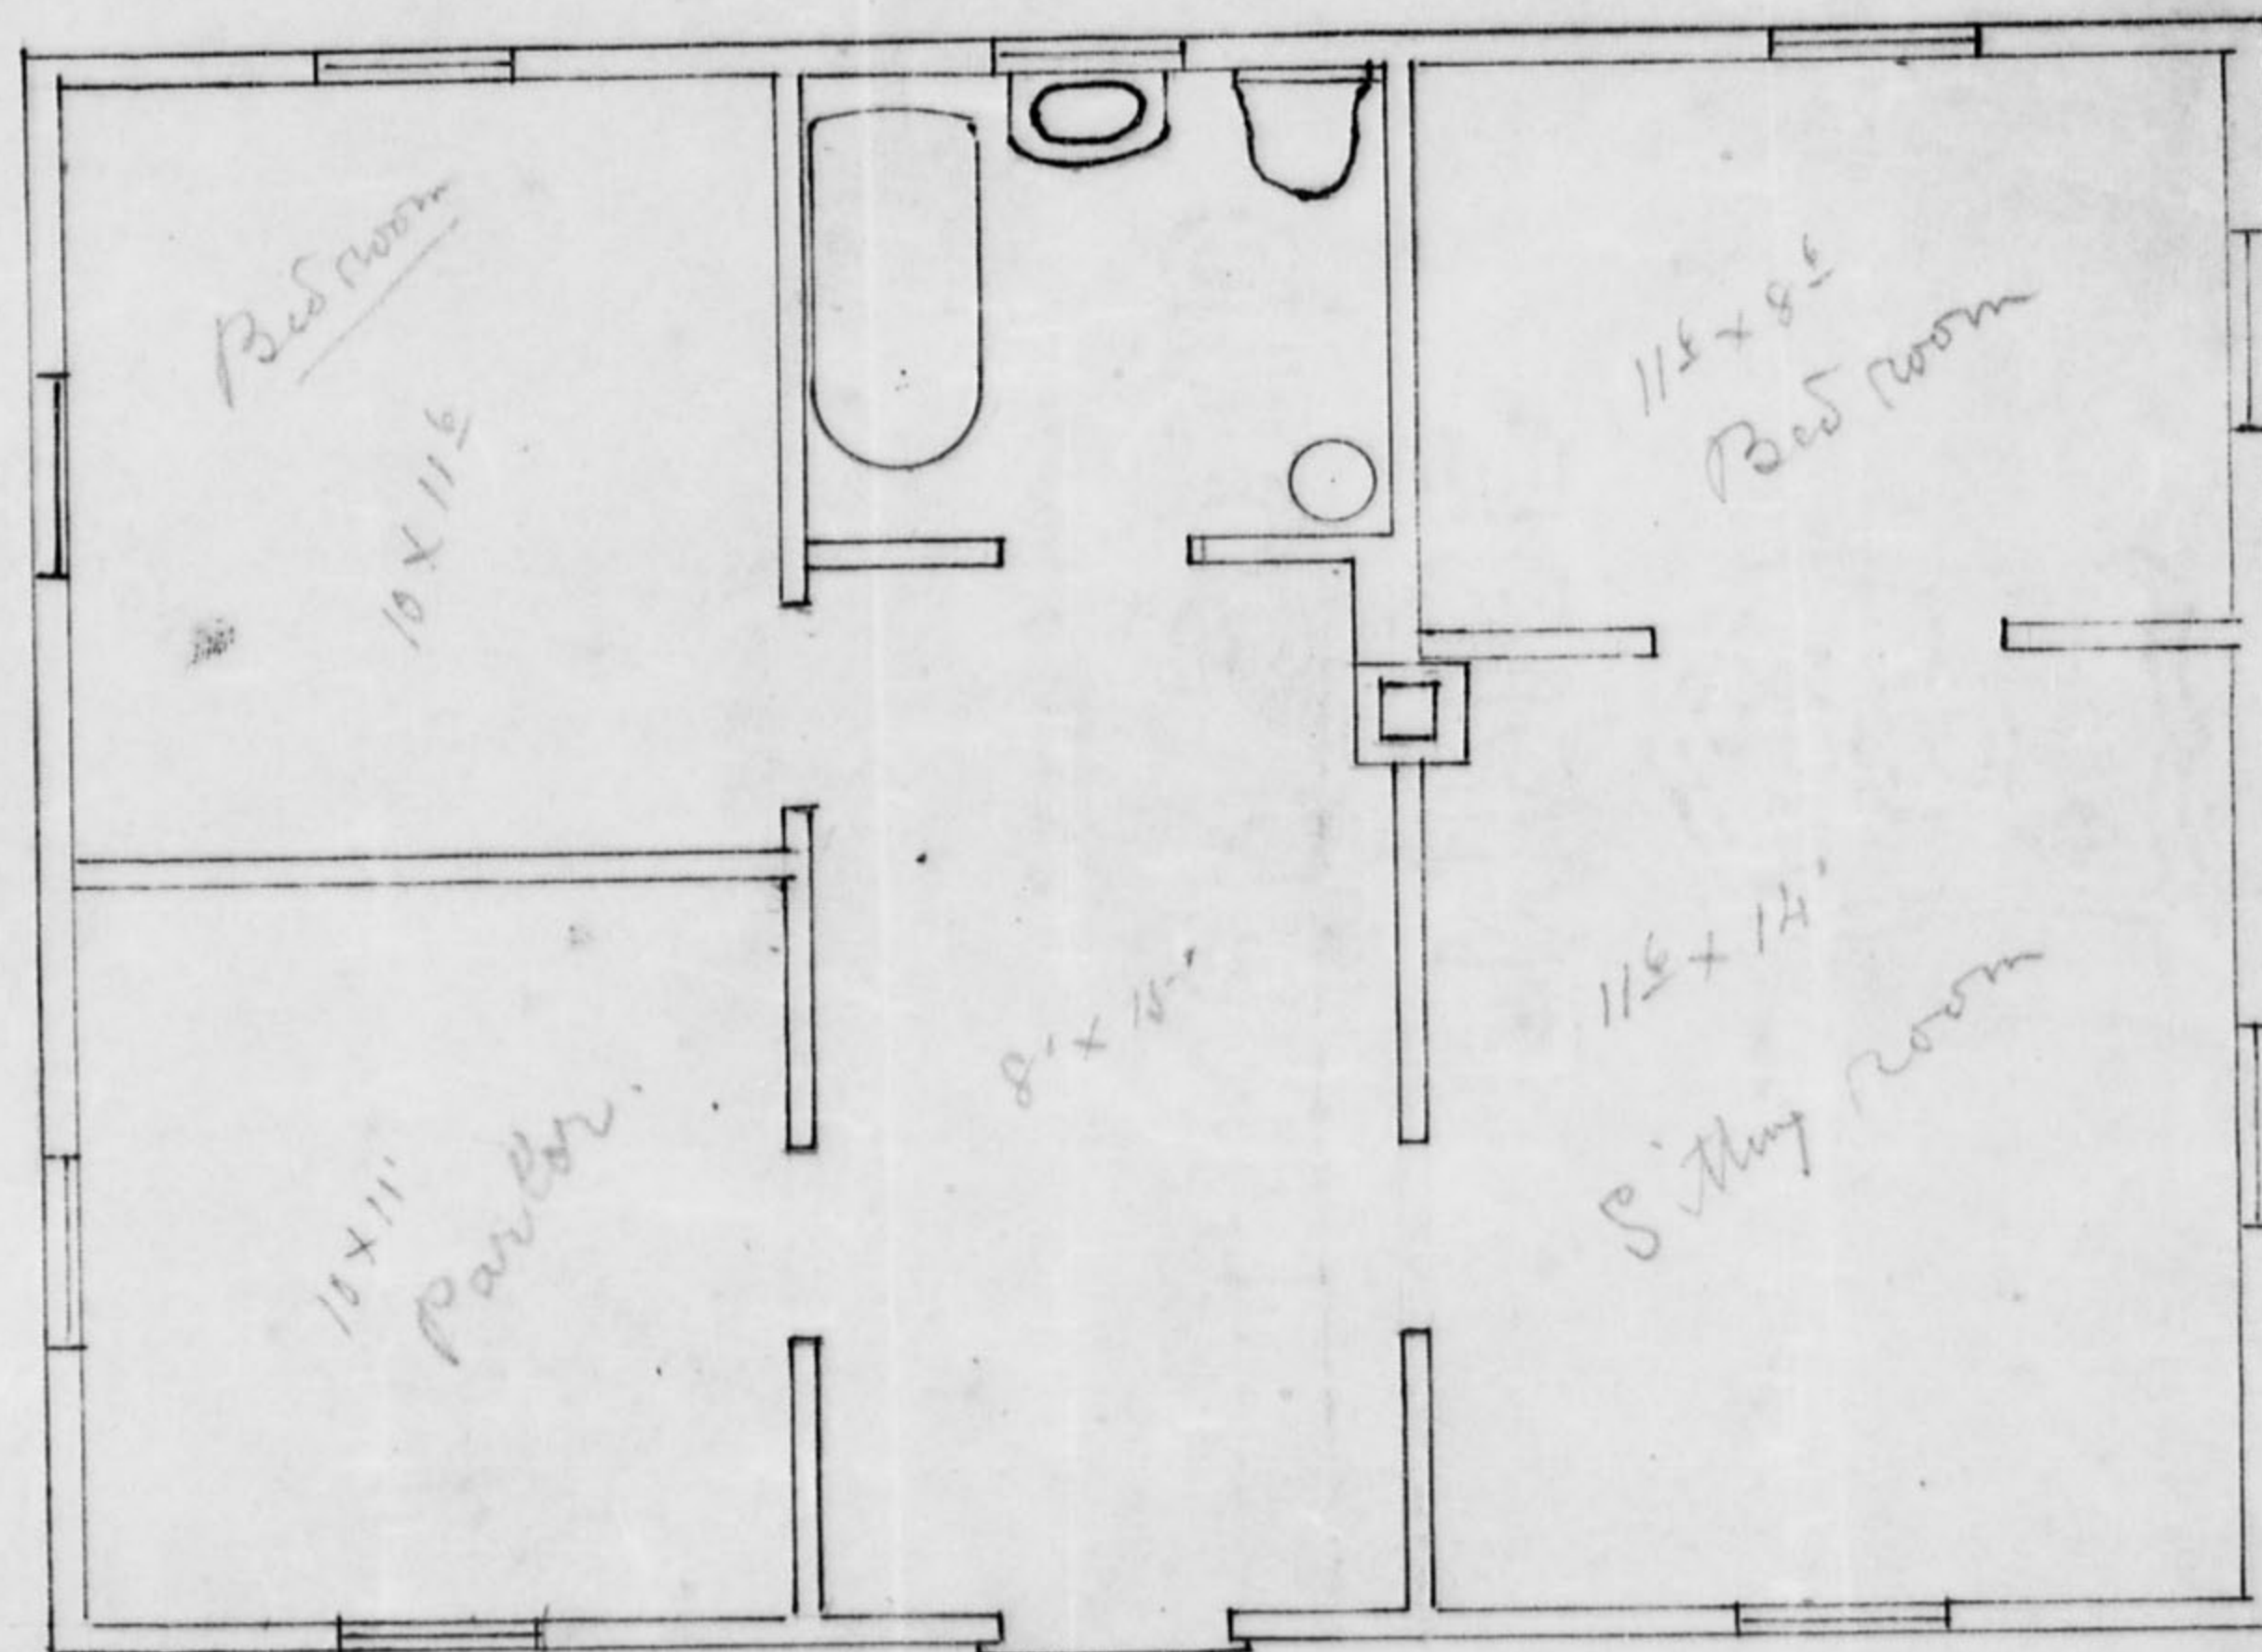

J. Welch D.M. 9

THIRTY SEVENTH WEEKLY REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

The Contractors have completed The New School building, and all extras and additions allowed to date, with the exception of installing the Lighting Fixtures in the chapel, which same has not yet been received. Although this small item still remains to be completed, I have at the request of the General Contractors, issued to them, this day, the final Certificate, on their undertaking to install same as soon as received.

In regard to the Furnishings for the for the building, I beg to say, these are coming to hand very slowly.

With regard to lighting the Principals Residence, the plans and specifications are in the hands of a number of contractors with the request that tenders are to be in, not later than the 7th. inst.

Yours faithfully,

Arthur R. Tebb.

RE CHAPEL LIGHTING FIXTURES, SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

Enclosed please find certified invoice for Lighting
Fixtures for the Chapel, these have been received and installed, *and lamps for St. Mary's A.P.T.*
they arrived in good condition, and look well, in place.

Regarding the last item on invoice for \$ 5.60, I found
the crows-feet as supplied with these fixtures would not make a
good job, so wired for the Insulating Joints, with Hickeys.

I also enclose herewith, the other Tenders I received
for the above Fixtures and Lamps.

Yours faithfully,

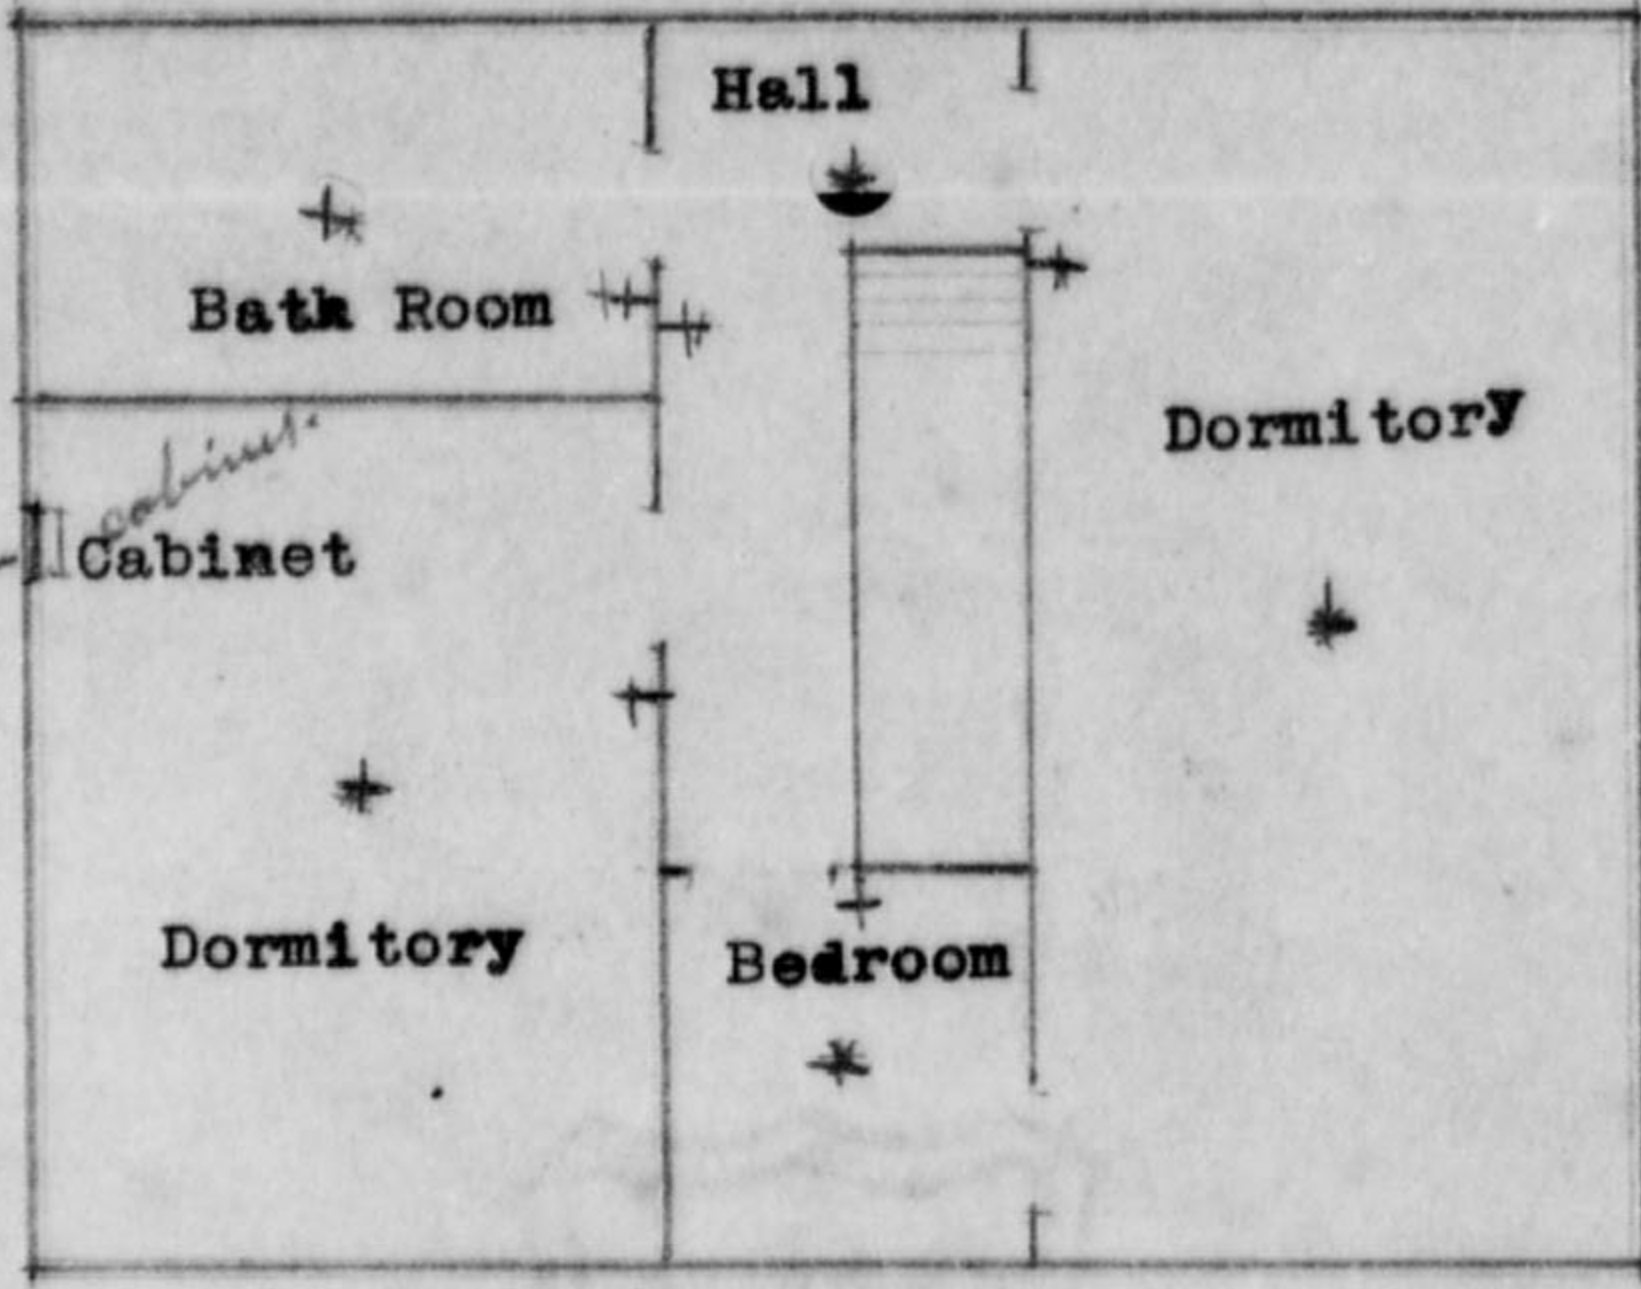

Arthur W. Tibb.
Inspector of Construction.

TENDERS WANTED

Sealed Tenders addressed to the undersigned, will be received up to noon on the 7th. day of March next, for the Electric Wiring, and installing lights, in the residence of the Principal, of the New Indian Boarding School here.

This contract shall include, the furnishing of all material, including wire, lamps, shades, shade holders, sockets, switches, panel boxes, and all cutouts necessary to complete the work in a satisfactory manner. Contractor shall also supply all labor and tools, and when finished leave the job in good working order.

All work shall be done in accordance with the rules and regulations of the Canadian Fire Underwriters, and on completion a Certificate shall be obtained from the Provincial Electrical Department, if this building comes under their jurisdiction.

The current to supply this building shall be taken from the Lighting Plant of the New School, which same is located about 110' away. As the building to be lighted is not new, and being of frame construction, lath and plastered. I would suggest that the wiring on the Ground and First floors, be in Metal Moulding, and in the Basement, where the joists are open, in knob and tube work, Provided however, that this will conform with the regulations governing Electric Wiring. The Contractor make connections to the source of supply.

Panel Box There will be three Circuits, and panel board shall contain the number of circuit switches, and fuses required.

Wire All wire shall be soft drawn copper, with high grade insulation, same shall adhere to the wire, which shall be tinned and accurately centered, the joints shall be neatly made, cleaned and taped.

Fixtures

Basement

4 porcelain recepticals, with key, 4 lamps to be supplied.
1 - - - - - Keyless 1 lamp

Ground Floor

2 ceiling bands, with lamps and shades. 1 Wall switch.

Room 1 Paries Fixture #3122, with 3 lights, length 24" complete, with lamps, shades, shade holders, sockets. 1 Wall switch.

2 drop cords, lamp, shades, shade holders, and sockets. 1 Switch.

Room 1 drop cord as above. 1 wall switch.

1 porcelain receptical, keyless. 1 Wall switch. also lamp.

First Floor

1 ceiling band, with lamp, shade etc. 1 Wall switch.

1 porcelain receptical, keyless, with lamp, 1 Wall switch.

3 drop cords, with shades shade holders, sockets, lamps and 1 Wall switches for same.

A rough sketch of the building to be wired, is herewith enclosed

Arthur R. Tebb.

Inspector of Construction.

RE SECHELT INDIAN BOARDING SCHOOL & No 177517-5A

Dear Sir:-

Referring to your letter of February 9th. in reference to lighting the Principals residence, would say, on the 27th. of February I mailed ten specifications, and rough plans, of Principal's residence, but have only received two tenders for this work, since then I have interviewd the Provincial Inspector of Electrical Energy, he insists that the work be done in metal moulding or conduit. This includes the wiring in Basement. You will note the enclosed Tenders are based on that ruling.

The Jenkins Electrical Co. have not been up to look over the job and I think their Tender is about \$ 50.00 too low. Laverock had a man look over the proposition, I think this tender decidedly too high.

I enclose herewith these Tenders, also a copy of specification, and rough plan sent out.

Yours faithfully,

Arthur W. Tebb.

Inspector of Construction.

THIRTY NINTH REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

All Beds Mattresses etc. are set up in place, the School Desks have been fastened down in the Girls School Room, those for the Boys School Rooms will be installed as soon as I receive your instructions, regarding the Double Desks on hand; The Chairs etc. received in K. D. have been put together and to-morrow I intend to revarnish these where same were marred in shipment: The Kitchen Range has been connected to the Range-Boiler, and the 9" stove pipes, ordered from McLennan, Mcfeely & Co., these will be set up as soon as received, as I understand the Staff intends to use the kitchen and pupils dining room: on account of not being able to get water to lavatories on the first floor, these cannot be used. so I do not think the building will be formally opened, or fully occupied until the service is completed.

The furnishings are tardy in arriving, have had no advice or any merchandise from J. Oliver & Sons Ltd. of Ottawa, and McLennan, McFeely & Co. are still short on their order, I am in communication with them, in regard to same.

Yours faithfully,

Arthur R. Tebb.

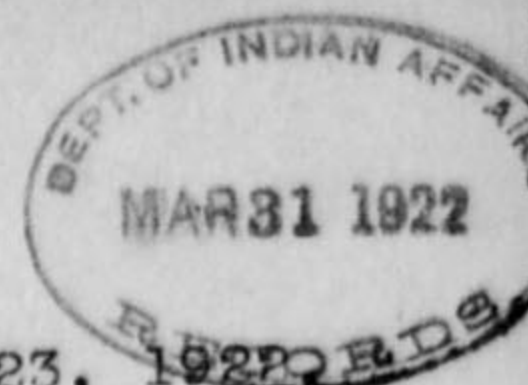

Inspector of Construction.

Re # 177517-5a.

Dear Sir:-

In further reference to your letter of February 9th.
I have to-day mailed to you, under separate cover, a sketch for
Barn 35'x 38', containing stalls for 10 Cows, and one Horse, also
Calf pen, maternity stall, and feed room.

I have shown the Floors, manger, and gutters, in concrete,
as the beaches here are composed of gravel, and sand, mixed in the
proper proportions, to make the best concrete obtainable by simply
adding the cement and mixing, so concrete under local conditions,
would be very little, if any more expensive, than wood floors and
joists, more especially as few forms are needed.

Regarding the Meat House, and Root Cellar, kindly refer
to sheet No. 2 of list of additions requested by the staff, and
mailed by me on September 19th. which describes this building and
to which is attached a sketch of building, and its relation to
the new school, the only change suggested in this sketch is, that
two small rooms be partitioned off the seed room, for accommodat-
ion of Engineer, and Gardener, as sleeping rooms.

Yours faithfully,

Arthur R. Tebb.

Sir:-

I have received a letter from John Peck, the Chief Inspector of Steam-Boilers and Machinery for the Provincial Government, asking whether the Department wishes to register and have inspected annually the boiler at the Sechelt school. Murray Brothers, who supplied the boiler, have had it inspected already.

I would suggest that the boiler should be registered for annual inspections but that the fees for the inspection should be paid by the management of the school.

Please let me hear from you on this matter.

Your obedient servant,

W. E. Ditchburn

Ottawa, April 11, 1922.

*I discussed this with Mr. Paget
& we suggest getting Funds
Minister's approval - Funds
will be found from
general vote for
Indian
Education
R.T.*

MEMORANDUM.

Mr. Paget.

I note you have advised that it would be impossible to authorize the installing of the water supply system at Sechelt School until the item in supplementary estimates has passed the House.

It will be impossible for the staff to occupy the building until the water supply system is installed; the building is now completed with the exception of this item. The work would have been carried out months ago, but a lot of correspondence and delays were caused in arriving at an economical and satisfactory solution of the water supply system for this building.

Is there no way in which the work could go ahead and avoid unnecessary delay in occupying the building?

The item may not be allowed when the supply is presented and if not to come from the Ministry can go ahead with it. Funds will be found from general vote for Indian Education R.T.

Registered Architect.

April 12, 1922.

Memorandum, -

The Honourable Charles Stewart.

We have just about completed a new Indian Boarding School on the Sechelt Reserve, British Columbia. The installation of a water supply was not included in the original contract, and as soon as the Department had ascertained the necessary data, tenders for this installation were called for, with the result that the following four tenders were received:

Baynes & Horie,	Vancouver,	\$ 2,083.00
Johnson Bros.,	Sechelt,	1,780.00
Canadian Pipe Co. Ltd.,	Vancouver,	1,750.00
O. Burg & Co.,	Wilson's Creek	1,700.00

*Done
Agg*

The estimate of the architect in charge of the work, Mr. Tebb, was \$1800.00, and our own architect therefore recommends the acceptance of the lowest tender, that of O. Burg & Company for \$1,700.00. Funds are available from the vote for Indian Education, and with your approval I shall submit the necessary memorandum to Council, accepting this tender.

FORTY SECOND REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

The twenty six double desks, in use in the temporary school rooms, have been converted into single desks to conform with the new ones supplied, and are now installed in the new class rooms, the broom cupboards are finished, and work commenced on towel rails in the pupils lavatories.

With reference to the Lighting Plant, would say, the Generator appears to be of ample capacity to handle all the lights in the building, but the Engine is not powerfull enough to maintain the voltage at 110, with all lights burning, the voltage will fall to $74\frac{1}{2}$,. The Engine will stand up to load and maintain the voltage at 110, with about two thirds of the lights in use, and it will be a rare occasion that more than this number will be required at one time, if such occasion arise that more than two thirds of the number of lights are needed, it will be necessary to draw on the batteries.

I have received advice from J. Oliver & Son that the furnishings ordered from them have been shipped.

The water proposition, is the only thing remaining to prevent the whole of the building from being occupied.

Yours faithfully,

Arthur R. Tibb.

Inspector of Construction.

[Signature]
Duncan C. Scott, Esq.,
Deputy Superintendent General of Indian Affairs,
Ottawa, Ont.

Dear Mr. Scott:-

You will remember that on 27th of February, of this year I suggested that the Department should put up a small bungalow at Sechelt for the use of the resident Chaplain.

As I then pointed out the new School will be unable to accommodate him, and that in consequence a separate dwelling should be provided for him by the Government. I consider that the Chaplain is practically a member of the staff, and most certainly he is essential for the running of the School.

Will you allow me to submit plans etc., and an estimate of the cost. An appropriation of about \$1,200.00 is all I ask.

I have the honour to be,
Yours respectfully,

[Signature] W. L. D. M. 2

565582

FORTIETH REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL.

Dear Sir:-

The staff have moved into the New School Building, and are now using the basement, cooking and dining in the same.

The Stove Pipes, for kitchen range arrived in due time and were at once set up, the Water Coil as supplied with the range is not at all satisfactory, it is a horizontal coil and the water does not circulate properly. I have taken this up with The McLennan, McFeely Co. and insist on either a water front, or a new coil being installed.

The Portable Bake Oven arrived and is set up, and the stove pipes for it are on order, it went together in good shape and I do not anticipate any trouble with it as it seems perfect.

The carpenter started work this morning, putting in the broom cupboards, under the basement stairs.

Have had no advice of shipment of Furniture ordered from J. Oliver & Sons, of Ottawa.

Yours faithfully,

Arthur H. Tebb.

Inspector of Construction.

565828

FORTY FIRST REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

The Broom Cupboards, under the basement stairs have been completed, ready for the painter, the Kitchen Table and Refrigerator have arrived and have been set up in place, also the stove pipes for the Bake Oven.

Regarding the Coil, in the kitchen range, which I stated in my last report as not working satisfactorily, I wish to say, I had the range-boiler raised four inches and now find it is giving complete satisfaction.

The Laundry Machinery, was used for a full washing on Monday, and the staff were surprised with the quality of the work, and the dispatch with which it completed the same.

The work of cutting down the double desks, taken from the temporary class rooms, is progressing.

The Electrician is here at present tuning up the lighting plant and instructing the Engineer in re-charging the batteries.

Yours faithfully,

Arthur R. Tebb.

Inspector of Construction.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

April 12, 1922.

Memorandum, -

The Honourable Charles Stewart.

We have just about completed a new Indian Boarding School on the Sechelt Reserve, British Columbia. The installation of a water supply was not included in the original contract, and as soon as the Department had ascertained the necessary data, tenders for this installation were called for, with the result that the following four tenders were received:

Baynes & Horie,	Vancouver,	\$ 2,083.00
Johnson Bros.,	Sechelt,	1,780.00
Canadian Pipe Co. Ltd.,	Vancouver,	1,750.00
O. Burg & Co.,	Wilson's Creek	1,700.00

The estimate of the architect in charge of the work, Mr. Tebb, was \$1800.00, and our own architect therefore recommends the acceptance of the lowest tender, that of O. Burg & Company for \$1,700.00. Funds are available from the vote for Indian Education, and with your approval I shall submit the necessary memorandum to Council, accepting this tender.

J. D. McLean

J. D. McLean.
Acting Deputy Superintendent General.

RE SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

Enclosed herewith please find certified account of labor, performed by H. J. Gregory-Allen, on the odd jobs authorized by your letter of March 23, and are as follows, with the time taken to complete the different items.

Building Broom Cupboards, under stairways in basement	39 hours
Raising Range Boiler in the Kitchen	5 hours
Setting up Kitchen Table, Etc.	4 hours
Changing the 26 double Desks, taken from the temporary class rooms into single Desks, and installing in new class rooms	64 hours
Placing long bar Towell Rails in each of pupils lavatories	12 hours
Placing guards round belting and gears in laundry	8 hours
Building Table for dishes in pupils dining room	4 hours
Building $\frac{1}{2}$ doz. Step Ladders	16 hours
Total time	152 hours

Yours faithfully,

Arthur R. Tibb.

Inspector of Construction.

FORTY THIRD REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL.

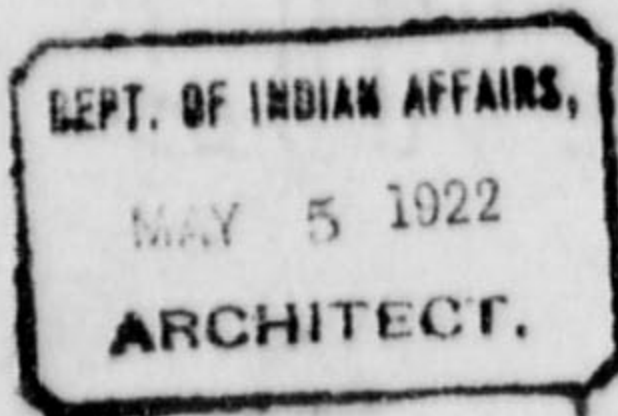

Dear Sir:-

The items of furnishings as required by the staff, and approved and allowed by your letter of March 23, is now practically completed, the man doing this work will be through to-morrow, and will be laid off, the last coat of finish is still to be given to broom cupboards, desks Etc. this I will attend to.

The Furniture from J. Oliver and Sons, has not arrived though shipped some time ago,. I have advice from Canada Furniture Manufacturers, that one arm chair, one rocking chair, and one settee, have been enclosed in a car to Hastings Furniture Co. of Vancouver, no mention is made of office or typewriter desks.

The class rooms of the new school are now in use, this now leaves only the first floor unoccupied.

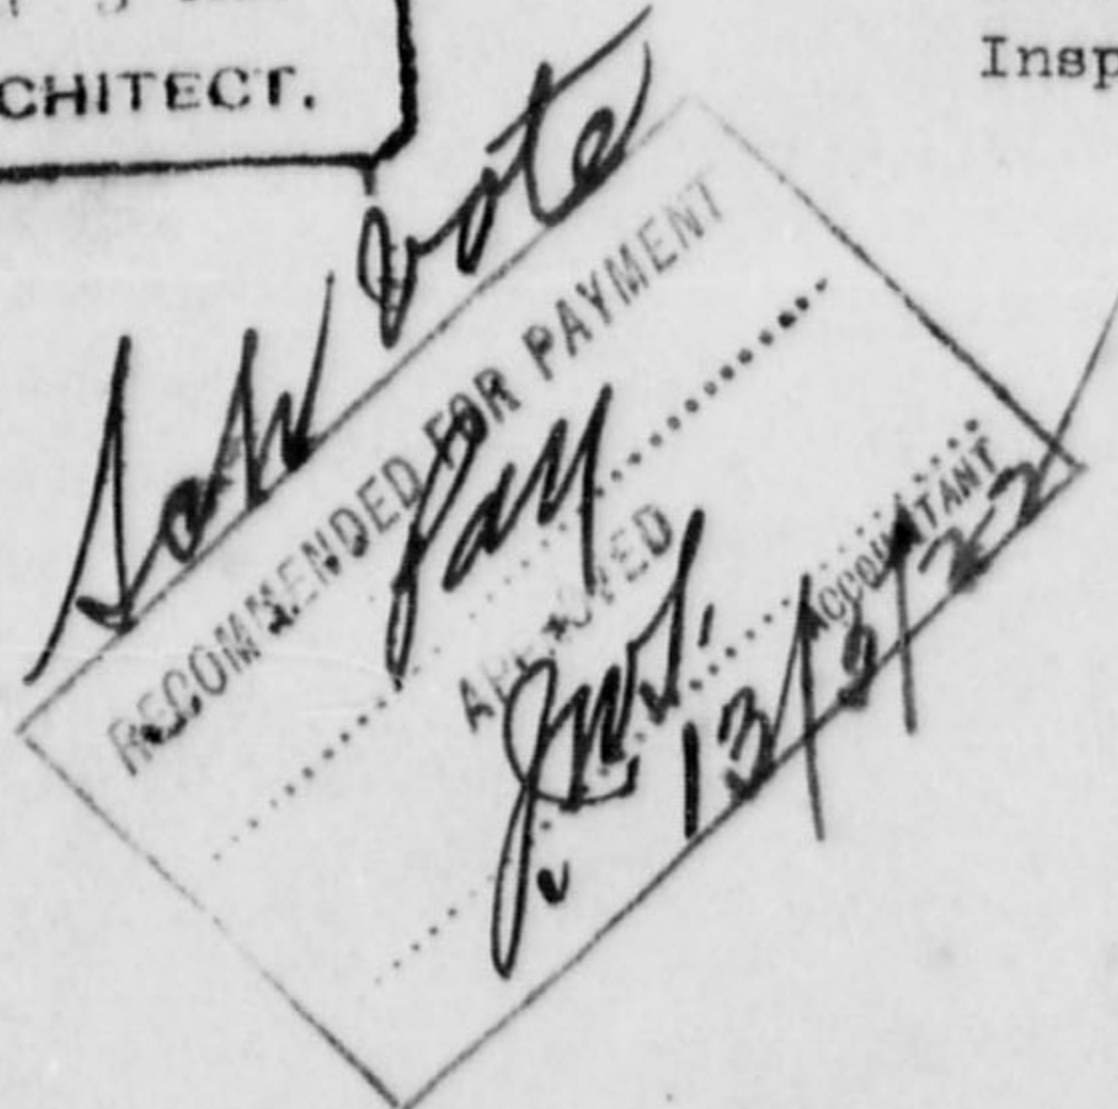

It is with diffidence I again refer to the water supply for the building, in addition to being unable to obtain water on the first floor, at the present time the building is without any protection against fire should it occur.

Yours faithfully,

Arthur R. Tibb.

Inspector of Construction.

FORTY FOURTH REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL

Dear Sir:-

The contractor for the water supply for the new school has commenced work. he has three men and a team of horses clearing the right of way for the pipe line, he has placed his order for pipe, tank, and fittings and expects delivery by next Wednesday.

At last, the furniture ordered from J. Oliver & Sons has arrived, the tables are in K.D. these I am setting up and distributing throughout the building. Three of the arm chairs were broken in shipment, owing to the method of crating, on account of the covering and packing, this damage didnot show until same was removed, consequently I was unable to make a claim on Transportation Company, Iam repairing this damage which is slight, when same is completed the chairs will be as good as new.

The varnish used on the Outside Doors is not standing the weather properly, so I have notified Messrs. Baynes & Horie, to have these re-varnished with a grade of varnish that will stand, otherwise everything is satisfactory.

Yours faithfully,

Arthur R. Tebb.

Inspector of Construction.

Dear Sir:

Rept Recd
JR

I beg to enclose herewith the Annual Report of the Sechelt Indian Boarding School for the Fiscal Year ending March 31st 1922, and to apologize for being so late in sending same. This is due to illness and I regret sincerely not to have been able to report any sooner.

Allow me, dear Sir, to tell you that the New School built by the Government at Sechelt, B. C. is completed and would be ready for occupation if the water supply was sufficient, but unfortunately the water does not reach the first floor.

The Department had promised to improve the water system and as far, nothing has been done yet. I am afraid you may have put the plan aside having so many important affairs on hand. I beg then to remind you of it and ask you to take this affair in hand and give orders to have the work started soon.

I also sent an application for blankets and bed linen and since then I have not heard about this matter. We are in great need of the above mentioned items for everything was burnt in 1915 and at the present we have nothing worth to be carried into the new building.

Hoping you will grant my request, I am, dear Sir,
Your humble, Sister Gabriel Principal

FORTY FIFTH REPORT OF PROGRESS ON SECHELT INDIAN BOARDING SCHOOL.

Dear Sir:-

After being delayed by storms for five days, a scow load of Pipe, and the Tank has been delivered, and is to day being distributed along the rightofway, the ditch has been completed about half of the distance. The skid-road for hauling Tank material, and the Pipe, was completed yesterday,

The pipe is that manufactured by The Canadian Pipe CO. with the double Steel Coupling, and is really a very creditable job both material and workmanship. There are five men employed on this work.

There has arrived, addressed to the Superior in charge of the school, 12 Underwriters Fire Extinguishers, Imperial, these I am installing throughout the building and will have them charged at once, ready for emergency.

The Doors complained of in my last report have been re-varnished and are now in good shape.

All furniture damaged in shipment has been repaired and put in first class shape.

The Altar has arrived for the chapel, this I am installing for the staff, and also putting in a fuel box, under the kitchen table, also a cupboard for Pots & pans, the material for these items are being furnished by the staff, and I am erecting the same.

Yours faithfully,

Arthur H. Tibb.

Inspector of Construction.

FORTY SIXTH REPORT OF PROGRESS ON SECHULT INDIAN BOARDING SCHOOL

Dear Sir:-

The installation of tank and pipeline, for the water supply to the school, is now nearing completion, the tank and pipe have been tested, and this service is now in use and proving satisfactory, I will make a further report on this in the course of a few days, when the final tests have been completed.

I have installed the 12 Fire Extinguishers, supplied by the Department, they are now in place and charged ready for service.

The official opening of the school has been set for the 15th. instant, and I believe everything will be completed by that date.

Yours faithfully,

Arthur R. Tibb.

WITH CHEQUE

Ottawa, June 16, 1922.

Sir,-

I am in receipt of your letter of the 2nd instant, with which you submitted the Forty-Sixth Report of progress on the Sechelt Indian Boarding School, and in reply I transmit herewith cheque No. 695 for \$216.00 in payment of the voucher to that amount which you submitted, and I have to point out that only one copy of your account covering salary for May reached the Department. You should forward another copy and attach thereto a receipt for \$30.46 freight charges on furniture from J. Oliver & Sons, which charges apparently were paid by you, and in this connection I may remark that in all cases where payments are made and a refund requested from the Department the receipt showing payment should be attached to the voucher which you submit.

Your obedient servant,

J.D. McLean

Duncan Scott
Superintendent of Indian Affairs
Ottawa.

568298

Dear Sir:

Our School at Sechelt will open the 15th of June and I take this occasion to thank you most heartily for the great part you have taken in the erection of this beautiful building.

I am fully aware that we owe to you, more than to any one else, the construction and the completion of the school. For several years, my sisters and our little Indian pupils have suffered privations owing to the poor buildings we put up after the fire which swept our former school.

We are more than repaid now, and we cannot be grateful enough to those who have helped us in our great need. You do not realize, dear Sir, all the good you have done in Eastern Canada, few can understand the trials and hardships awaiting a missionary life, and few will ever dream of the benefit the school brings to Western Indians.

Thanks to you, there will be no more worry
at Sechelt, for now we have a real shelter, much
better than we had expected, and it would be a real
pleasure to the Staff and to the pupils if we had
the honor of your presence on the day of the opening.

May God reward you for the kind
interest you have shown us, may He give you
in return everything you can wish for, in this
world.

With renewed thanks,
I am, dear Sir,

Yours respectfully,
Sister Gabriell.

Principal,
Sechelt Indian Boarding School

Reverend Sister,

H. M. King
I have received your letter of the 2nd instant, and I am indeed glad to know that you are so well pleased with the new school. I regret that owing to pressure of business at Ottawa it is impossible for me to be present at the opening. I wish you every success and good fortune for the future in your excellent work.

Yours very truly,

Deputy Superintendent General.

J. D. McLean, Esq.,
Asst. Deputy and Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:-

We are compelled by the exigencies of the case to make provision for a larger number of Children than we have, and to build a fire-proof building. We are going to try and make a Drive to raise enough money for this purpose.

Now I know that in Sechelt your Department has built a lovely School, and our Directors, in talking the matter over, and with a view to have our plans as perfect as possible, are asking your Department to lend us for consultation the plans of the School referred to. I will undertake to take every care of the papers sent.

We do not want to copy them, but we want to take out of them what might be suitable for us, and to take advantage of the efficiency of the Schools built by you.

Thanking you in anticipation, I am,

Yours faithfully,

[Signature]
Superintendent.

Forty Seventh Report of Progress on Sechelt Indian Boarding School
Re the New Water Connection for School

Dear Sir:-

Regarding the installation of the new Tank and pipe line, I wish to report, since same was connected up twenty days ago, there has been an ample supply of water for all domestic requirements, and pressure to give reasonable protection in case of fire.

The pressure by the gage is 127 lbs. at level of school yard with all outlets closed, the pressure drops to 122 lbs. when one of the fire hose is in use, and will throw a stream of water onto the roof about half-way to the ridge, from the ground.

At the present time the Y is set to deliver 10 gallons of water per minute to the supply tank, for school purposes, this appears to be a large ammount being 14.400 Imperial gallons per day.

It is esential for the growth of vegetables to use sprinklers, the ground is little more than sand, there are usually two sprinklers in use, these are of ordinary size, about 3/8" discharge the two use 13 1/2 gallons per minute, these with laundry and domestic requirements draw heavily on the reserve and at times practically empties the tank, but as stated before to the present there has been no shortage of water, only the loss of a few pounds pressure.

At the suggestion of Mr. Ditchburn, who went over the system with me I am adjusting the Y to give the school an increase of two gallons, making a total of 12 gallons per minute to the school, as I am particularly anxious to have an adequate reserve on hand at all times for fire protection.

The installation is a good job, and the working of the system up to expectation, although I under-estimated the quantity of water required by the school.

Yours faithfully,

Arthur R. Tibb

Inspector of Construction.

Re Sechelt Indian Boarding School

Dear Sir:-

Attached hereunto please find report of working of new supply system for water to Sechelt Indian Boarding School.

This report has been delayed on account of the many leaks which developed when the pressure came on, this trouble was confined mostly to the tangle of pipes in the yard and gardens, many of these pipes were laid by using pipes which passed through the fire of 1917 and leaked badly under the increased pressure, considerable difficulty is experienced in locating these leaks, as on account of the nature of the soil, unless the crack or hole is not on the upper side of pipe water will not show at the surface of the ground, so in some cases whole lines have had to be dug up.

Under the old system, when there was little or no pressure, the mains had accumulated considerable quantities of sand and scale, this was loosened by the high pressure, and increased volume of water and carried to fixtures of the new building.

The leaks above referred to have been repaired by me with the help of the Engineer, I have also cleaned out all supply pipes to Fixtures and placed new washers throughout the entire building, so everything is now in good shape.

I understand Mr. Ditchburn has taken up with you the advisability of placing an outside hydrant, with hose and ladders so same can be carried up on to the roof of buildings.

The only further suggestion I can offer to improve this installation is that a Pressure Reducing Valve be placed in the domestic supply pipe, reducing the pressure to 60 lbs. on all the fixtures, retaining the full pressure on Fire Lines and Gardens, I recommend this as washers have to be perfect, to hold 127 lbs. pressure and will otherwise require frequent renewals.

Yours faithfully,

Arthur R. Tibb.

Inspector of Construction.

Dear Sir,-

I have your letter of the 22nd inst., with reference to the Sechelt School, and am very pleased to hear that the water system is giving satisfaction.

With reference to the last paragraph of your letter, I beg to inform you that you are authorized to have a Pressure Reducing Valve installed and a domestic supply pipe in order to reduce the pressure to 60 pounds on all fixtures, and retaining full pressure of 127 pounds for fire lines and gardens.

With reference to the placing of an outside hydrant, I would ask you to be good enough to obtain prices for this and submit same to the Department.

Yours very truly,

J. D. McLean

Re No. 177517-5

Dear Sir:-

As instructed in your letter of the 16th. instant, I herewith enclose another copy of Voucher # 12 covering my salary for May, to which please find attached receipt for \$30.46 being the amount paid out by me, for freight and transfer charges, on furniture from J. Oliver & Sons, these charges were from Vancouver to Sechelt only, rail charges from Ottawa to Vancouver having been paid by the consignor.

On May 16, I enclosed this account for freight charges, with Oliver & Sons invoice, so the amount could be deducted, if their quotation on these goods were F.O.B. Sechelt. I paid this account by cheque and the C. P. R. did not send me a receipt, but simply forwarded the the goods, no doubt I can obtain this receipt if you wish it.

I am indeed sorry for the error if voucher #12 was not in duplicate.

Yours faithfully,

Arthur R. Tebb.

Inspector of Construction.

Fire Protection:

There are three standpipes with hose attached. I
still think there should be protection from the
outside. Mr. Ditchburn favored two hydrants.

I had recommended perforated pipes on the ridge
as excellent protection for the roof. However,
either system is good. The matter should receive
attention at once.

TO DATE THIS LETTER

CHIEF INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P. O. Box 775

Victoria, B.C.

7th July, 1922.

569339

Sir:-

Attention---Mr. R. G. Orr.

I have to inform you that on the 15th ultimo I attended the opening of the Sechelt Indian School and availed myself of the occasion to say a few words to the large gathering of whites and Indians showing what the Department were doing in the way of endeavouring to educate the Indians of British Columbia, illustrating my remarks by giving figures to show what it was costing the Government of Canada in this regard. I spoke very plainly to the Indians as to their apparent lack of appreciation of what was being done in their behalf and told them not to pay so much attention to agitators who go among them leading them to believe that the Government were not doing anything for them. I asked them to help the school as much as they possibly could, more particularly in allowing their children to remain in the institution for the full school term.

I was very pleased to see such a comfortable building, practically complete in all its appointments and the Reverend Principal and the Sisters feel very proud of their new home.

I met Mr. Tebbs, the Inspector of Works, on the ground and went into many matters with him. I feel that he has fully looked after the interests of the Department to see that good value was received from the contractors for the money expended. I think it would be advisable that he should be kept employed for a further two months as there are a few things that will require some attention.

The building is practically fireproof from within and there is ample fire-fighting appliances such as hose and fire extinguishers, but I believe it would be well to install a hydrant on the outside of the institution to cope with any fire that might possibly take place from the outside, for the roof of the building must be watched for the future owing to the possibility of a bush fire taking place in the woods adjacent to the school or sparks from the chimney. At present there are no means for reaching the roof and the pressure from the one-and-a-half inch hose is not sufficient to throw the water any further than a few feet above the eaves. I would, therefore, recommend that Mr. Tebbs be instructed to procure the necessary pipe and valves for a hydrant to be located at a suitable point on the right-hand side of the building. The work of making the connection can be done by a Mr. Brown, who is employed by the Sisters as engineer. He is a competent man and a complete set of plumbing and machinist's tools have been supplied for his use. He is also a carpenter. It will also be necessary to purchase 200 feet of one-and-a-half inch cotton hose with couplings and nozzle. To reach the roof I would recommend that two short, removable ladders be either purchased or constructed, one to reach from the ground to the flat roof

of

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Indian Affairs (RG 10 Volume 6459, file 887-5, part 3)

ARCHIVES PUBLIQUES
CANADA

POOR COPY

of the laundry and the other from this point to the roof of the passage to the Chapel from where a short stationary ladder should be constructed to reach the roof of the main building, on which cleats might be nailed for easy climbing. Should a fire take place on the roof it could be quite easily controlled by one person with a hose of the length mentioned.

Mr. Tebbs was to look after the making of sufficient benches for the dining rooms. I think it would be well that some pews should also be supplied for the chapel. Mr. Tebbs could get up his own design and have the ends and seats cut at Vancouver and the pews could be put together on the premises. It is appreciated that you have already stated that the Department does not undertake to furnish chapels, but in view of the fact that pews were furnished for the chapel at the Kuper Island School the Sisters of the Sechelt school feel that they should be accorded the same treatment.

The water supply is none too good---plenty for the domestic requirements of the building but there are at present four acres of land under cultivation. The soil is nothing but sand though produces excellent crops if watered. To get results a number of stand-pipes have been laid and garden hose with sprinklers attached are used to afford a system of overhead irrigation. I found a number of these taps leaking, the valves being worn out and I therefore wired to Victoria for one dozen half-inch hose bibbs to replace those out of commission. These will be found included in the account for the general hardware supplied to the school. In order that the water might be conserved as much as possible I directed that some of the stand pipes should be cut out and the sprinkling done from more central points in each garden plot. There will then not be so many of the taps to get out of order. I also ordered that the watering of the gardens should be done either in the early morning or in the evening to do away with loss through evaporation. As you are aware, no doubt, the service to the school is through a one-and-a-half inch pipe from a tank installed on the hill above the school but I found that this tank had never filled since it was erected, thus showing that the flow of the pipe is being used to its capacity. Later in the season when water is not needed for the gardens the tank will, no doubt, fill up. However, it is intended to clear up more land to put under crop and the need for water will then be greater than it is at present. It may therefore be necessary in the near future to provide for a greater supply from the springs or other source by the installation of a larger pipe than the one at present, which is a three inch one to the point of diversion to the school. Mr. Tebbs informed me that two lengths of this three inch pipe was in a leaky condition and I would therefore recommend that he be empowered to obtain two new lengths and have these connected up. The force of water, however, may be increased by cutting off the supply from the Indian village to the Whittaker

interests.

interests. This water the Whittaker people have been allowed to use through a private arrangement between the Indians and themselves. I understand the Whittaker people pay \$200 to the Indians--this money to be used on the upkeep of the church on the reserve. The Whittaker interests include Sechelt hotel, store and a number of summer cottages. If their supply were cut off entirely the water, no doubt, would back up from the Indian diversion into the three inch main and cause a stronger flow into the diversion for the school. I spoke to Mr. Whittaker on this matter and informed him that it might be necessary to terminate any arrangement he had with the Indians but he asked, if possible, not to do anything this year as they anticipated having a joint water system for all interests of Sechelt undertaken next year. We will, however, be able to see how the present system works out during this season.

All the furnishings, etc. which I was authorized to purchase reached the school in good order, to which, however, were added eight chamber pails. These had been included in a requisition for drugs sent me by the Principal but I purchased them locally at the same time as the general furnishings.

Your obedient servant,

W. E. Ditchburn

177517-5.

July 17, 1922.

Dear Sir,-

A report has been received from Mr. Ditchburn, with reference to a recent visit made to the new Sechelt Boarding School. He has brought several matters to the attention of the Department, and I would ask you to advise me on the following:

The installing of one or two hydrants on the outside of the institution in order to cope with any fire which might possibly take place from the outside. With reference to the installing of the hydrants Mr. Ditchburn states that Mr. Brown who is employed by the sisters as engineer, is a competent man and capable of making the installation if the Department will furnish the material. Kindly obtain and submit to the Department, prices for the hydrant or hydrants and piping required, also for 200 ft. of 1-1/2" cotton hose with couplings and nozzle.

Two short removable ladders are required to reach from the ground to the flat roof of the laundry, and the other from this point to the roof of the passage to the Chapel, and a short stationary ladder should be constructed to reach the roof of the main building. With reference to this matter, you may arrange to have the ladders built.

Mr. Ditchburn recommends that the Department furnish the school with pews for the Chapel. Kindly obtain prices and submit same to the Department for a few pews of economical design. Mr. Ditchburn also states that two lengths of 3" pipe are required to replace those in leaky condition. You may purchase them and have them installed.

Kindly give these matters your immediate attention and submit prices as soon as possible.

Forty Eighth Report of Progress on Sechelt Indian Boarding School

Dear Sir:-

Under instructions from Mr Ditchburn, (Chief Inspector of Indian Agencies.) I procured the material and I am constructing the seats for the sewing room, these are now almost completed, and are in keeping with the general furnishings of the school.

I called for competitive prices on the Pressure Reducer and necessary fittings, to install same in the domestic supply pipe, these prices should be to hand by to-morrow, and will be placed with lowest Tenderer, I intend to install the said pressure reducer myself as it would be quite expensive to bring men from Vancouver for so small a job. Tenders for Hydrant and the necessary pipe will be in any day now and will be submitted to you, this also I am willing to install if you so desire.

The new Range Boiler has been put in place and connected up, this was made necessary by the first boiler developing defects, as stated in my previous letter.

The Water System is working splendidly, and although the drought still continues, there has been an ample supply of water.

Constant watchfulness, and repeated instructions are exercised and given by the staff, on the proper use of the toilets yet in spite of these, at times some of these are choaked by large pieces of paper or other material, up to the present time it has been possible to clear them with cup-pump, to day one resisted this and I will have to lift the bowl, the sewer is clear, but obstruction is lodged in trap of bowl. otherwise everything is in good shape.

Yours faithfully,

Arthur R. Tebb.
Inspector of Construction.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Re No. 177517-5.

570300

Dear Sir:-

In reference to the Hydrant mentioned in your letter of July 17, would say, I think one hydrant is sufficient, and with 200' of hose would furnish protection to all of the buildings, acting under your instructions of June 30, I have called for prices and have received the following,

from Crane Ltd.

1 1½" # 2 Eclipse Fire Hydrant, with 2" bury 1½" I. P. inlet and 1½" hose connection. Price \$ 30.50

The Canadian Fairbanks Ltd.

1 # 2 Standard Yard Hydrant, with 3'6" bury for 1½" supply main, 2 connections for 1½" hose, Holewith Valve, below ground. Price \$ 75.00. have written to ascertain if the Crane hydrant is fitted with valve below frost line, this is essential. There will be required to install the hydrant 65' of 1½" galv. pipe, price about 21¢ per foot.

1 1½" " " " 40¢
2 1½" dart unions " " 144¢ each

In reference to installation, I am quite willing to do this myself, and shall be glad to have Mr. Brown to assist me,

While I remain in the employ of the Department I am always willing to put on overalls and do any work where same is desired.

With reference to the ladders, I think they can be purchased cheaper than they can be made here, as material would have to be secured in Vancouver, and freight charges would be practically the same as on finished ladders. I have written to ALL-RIGHT LADDER Co. for prices, added to your list one Roof Ladder with hooks for ridge, roof is too steep a pitch, to walk on with safety. Kindly confirm this addition, also if you think it advisable to have ladders painted red and stenciled, For Fire Only.

In regard to the Pews for Chapel, have prepared detail and called for competitive prices on same.

The Wood pipe required is two lengths of 2" to replace some badly decayed, this is near the intake, will attend to this.

Yours faithfully,

Arthur R. Tebb.

Inspector of Construction.

Forty Ninth Report of Progress on Sechelt Indian Boarding School.

Dear Sir:-

The seats for sewing room, as per, Mr Ditchburn's instructions, have now been completed and installed in place, there are 10 in number, in design they are a settee, but without arm rests, the ends and center supports are framed up, the seats are solid and shaped for comfort, backs are of strips finished with roll at top, the finishing consists of a coat of stain and two of varnish.

Regarding the choking of closet mentioned in my report of the 18th. instant, would say, when I removed the bowl I found that two apples had been thrown into it, these had lodged in the trap and had to be broken up before they could be removed, as this happened in one of the boys toilets I took the opportunity of showing each boy in turn the obstruction while still in the trap by using angle mirrors, after which they were given a lesson in use and abuse of modern plumbing which I think will be remembered.

Some time ago I mentioned that the staff were furnishing and I had agreed to build a work table for the kitchen, this has been completed, it is enclosed underneath with three doors, and all the pots and pans used in the kitchen are stored within, it is provided with a drawn metal top, or work board, and furnished with a drawer for the Kitchen Cuttlery.

Regarding the pressure reducer, authorized by you, I obtained prices from two of the dealers, and ordered from The Canadian Fairbanks Morse Co. Ltd. I will forward these tenders with invoice when same is received and checked, the fittings arrived yesterday, the installing will receive my immediate attention.

Yours faithfully,

Arthur R. Rebb.

August 16, 1922.

Sir:

Replying to your letter of the 1st inst. with reference to the installing of a hydrant at the Sechelt School, I beg to say that you may accept the price quoted by Crane, Limited, providing you are satisfied with their hydrant. You may also purchase the necessary piping required.

With reference to the ladders required for fire protection, if you are satisfied that they can be purchased more economically built up, you may make arrangements to purchase same and if possible, obtain competitive prices.

In purchasing the ladders you may have one installed on the roof as suggested in your letter. It would also be advisable to have the ladders painted red and stencilled on same "FOR FIRE ONLY".

I would ask you to be good enough to have everything completed at the Sechelt School before the end of this month as your services as Inspector of Construction will expire on that date. I may say that the Department is exceedingly well satisfied with the services rendered by you in connection with this building.

Your obedient servant,

J. D. McLean
Asst. Deputy and Secretary.

Re. No. 177517-5

Dear Sir:-

Regarding the pews for Chapel, acting on instructions contained in your letter of July 17, I prepared full sized detail according to the requirements of the staff, and on August 2, mailed sketch and requirements to seven of the leading factories in Vancouver for prices. I have only received tenders from three of these, which I herewith enclose, also bill of material required to construct said pews as taken off detail.

You will notice only one firm figured on ^{Burs} set up and finished the others quoting in K. D. only, should you decide to place order in K. D. and you so desire I am quite willing to assemble and finish the pews to conform with the other furnishings of the school.

Yours faithfully,

Arthur R. Tebb.

Inspector of Construction.

Re. No. 177517-5

Enclosed herewith please find certified invoice from
The Canadian Fairbanks-Morse Co. Ltd. for the Pressure Reducer,
and fittings to install same, according to instructions contained
in your letter of June 30,

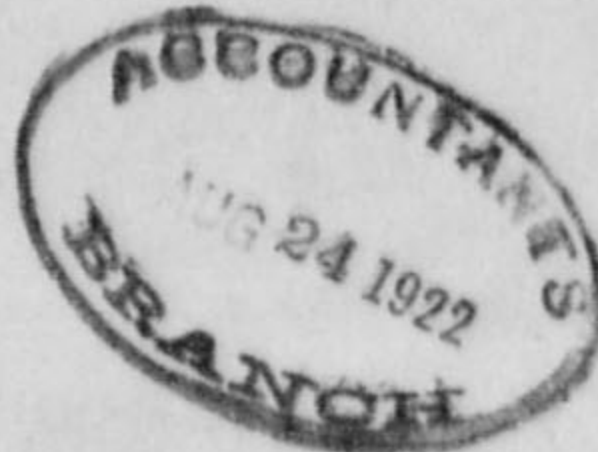

I also enclose the Tenders I received for these fittings,
also on Yard Hydrant, as asked for in your letters of June 30, and
July 17, and mentioned in my letter of August 1, at that time I was
not sure if Valve of The Crane Hydrant was placed below frost line
since then I have ascertained that it is so placed.

The instalation of Pressure Reducer I have in hand.

Yours faithfully,

Arthur W. Tebb.

Inspector of Construction.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Re No 177517-5

Dear Sir:-

Enclosed please find certified accounts, Pacific Coast Pipe Company, for \$ 8.27, and Canadian Fairbanks-Morse Co. for 55¢ freight charges on pipe and fittings.

I have held these over for a few days, expecting another account from Pacific Pipe Co. for freight.

Yours faithfully,

Arthur R. Tibb.

Inspector of Construction.

571372

Reference File No. 177517-5

Dear Sir:-

In reply to your letter of the 16th. instant, would say on the same day I placed the order for the Fire Ladders, and also the Yard Hydrant, but I fear these will not be delivered in time to be installed before the end of present month, If you wish me to finish these I am willing to attend to it, charging just actual time.

Up to Date I have received two tenders for Bungalo for the Chaplain, expect others by Tuesday next and will forward as soon as received.

The Pressure reducer installed in the domestic service is a great improvement, and is giving entire satisfaction, on Monday next I will place the new 2" wood pipe near intake, where the present pipe is leaking, this will complete your orders to date except the items mentioned above.

In reference to the last paragraph of your letter, I wish to take this opportunity of thanking all the officers of the Department, for their kindness and courtesy to me throughout the the time I have been in their service, and should the Bungalo for Chaplain or any otherwork be undertaken in connection with the school, I would be pleased to be re-appointed, this applies also to any work the Department may have anywhere, if my services are desired, again thanking you. I am.

Yours faithfully,

Arthur R. Tibb.

Inspector of Construction.

Dedication of Indian School at Sechelt

When the new school at Sechelt was opened and blessed on the feast of Corpus Christi, the few of us there who had known Bishop Durieu could but reflect upon what would have been the thoughts of that great missionary had he been present to see the imposing building built by the government for the children of the Indians he loved so well. He had died years ago. The school as we have it today is the outcome of his devoted labors. Others have worked and worked zealously for the Indians, but it was he who laid the Christian foundation broad and deep on which they have built.

Fifty years ago the Sechelts heard of the French missionaries and sent for one of the Fathers to teach them the true religion. Father Durieu as he then was, was sent among them. He found several tribes, long distances apart, all speaking the same language and all asking for instruction. Sechelt was chosen as a central point where the different tribes could gather on the great festivals of the year. Only thirty miles from New Westminster, it could be easily reached, and yet in those days it was far enough away for the Indians to be secluded and by themselves. The place is of great

natural beauty. The coast here makes a half circle around the bay. There is a long, sandy beach from which the land slopes gently up to the foothills, while from the shore there is a superb panorama of the mountains of Vancouver Island rising thirty miles away above the water.

After the Indians had become Christians, and the church (not the present beautiful structure, but an earlier building) had been completed, the Bishop brought from France the Sisters of the Instruction of the Infant Jesus. He called a meeting of the Sechelt Indians and explained his plan. He did not want their children to grow up ignorant of everything except hunting and fishing and logging. For this reason he had brought from France devoted women who were ready to pass their lives in teaching them. This, however, could not be accomplished without a building fit to house both teachers and pupils, and the school could not be had unless the Indians themselves were willing to build it.

These words made the hoped for impression, and the Indians built the school under the superintendence of the Bishop. It was a frame building sufficiently large for their immediate needs, and it served its purpose well from 1904 to 1916. In the latter year there was a veritable epidemic of fires among the Indian schools,

and Sechelt did not escape, for one night fire broke out in the laundry, and before it was discovered had made such headway that the entire school building was destroyed. Happily no lives were lost, but the Sisters now had to live in a building not much better than a hovel, and which was made to serve as dormitory, school room, dining room and kitchen. Their courage did not fail and they determined to remain where they were until such time as they could have a new school.

They waited for six years, but everyone who sees the large and imposing brick building which now stands on the hill overlooking the village, knows they did not wait in vain. The school has cost the government at least \$140,000. It accommodates about eighty pupils and is supplied with a heating plant and electric light throughout. The chapel is of good proportions and there is a large hall with a stage for entertainments. Taken all in all, the new school is worthy of the Department that has built it, and must come as a reward to the Sisters for the years of poverty and self-denial in which they elected to live after the fire of 1916.

The day chosen for the formal opening of the school was Corpus Christi, when the Indians would be at Sechelt from the different reserves for the procession of the Blessed Sacrament. These gath-

erings of the Indians take place a number of times in the year, and as the purpose is to celebrate the great feasts of the church, they are of great service in keeping alive the faith.

His Grace the Archbishop had been invited, but although he has happily recovered from his severe illness, he greatly regretted that he was not yet sufficiently strong to undertake the journey. There were present, however, Very Rev. Father Welch, Provincial of the Oblates; Fr. Van Werten, of Powell River; and the Oblate Fr. Chivouse, Duplanile, Connelly, Beck, Hartman and Thayer; the Sisters of Instruction from North Vancouver, the Sisters of Providence, and the Sisters of the Immaculate Conception, all sent representatives. Mr. Ditchburne, Chief Inspector of Indian Agencies, and Mr. Cairns, Inspector of Schools, honored the occasion with their presence.

Rev. Fr. Plamondon, O.M.I., greeted the guests on their arrival, while the Indian band was playing to welcome them. The Sisters extended generous hospitality at the school, where dinner was served in the large refectory in the basement. At three o'clock the Indians and their guests assembled at the school beneath a balcony, where were seated Rev. Fr. Welch, Mr. Ditchburne and Mr. Cairns. After the band ceased playing, Fr. Welch gave a short address in which, after tracing in a few words, the history of the Sechelt Mis-

sion, he reminded the Indians of the devotion of the missionaries who had labored among them, and spoke of the care the Indian Department had in their regard which was evidenced by the new school. His reference to the Hon. Duncan C. Scott was greeted with hearty applause. In closing, he called the attention of Mr. Ditchburne to the miserable surroundings in which the Sisters had lived since the fire, and which they had cheerfully endured. Both Mr. Ditchburne and Mr. Cairns spoke after Fr. Welch. They expressed their satisfaction at the completion of the school, and the excellence of the building, which could hold its own with any of the school buildings of the white population and surpassed many of them. They were both loudly applauded.

After the addresses and the blessing of the school by Rev. Fr. Welch, came the Procession of the Blessed Sacrament. It started from the church and wound up the hill past the school to a temporary altar, where Benediction was given. All the way children were strewing flowers before the Blessed Sacrament, which was carried by Fr. Welch, Fr. Van Werten acting as Deacon, and Fr. Chivouse as sub-Deacon. The Priests and Sisters and school children walked in the procession, while the older Indians walked in two long files, one on either side. The Indians, as everyone knows, are an unimpressive race, but they accompanied our Lord with a reverence

and respect worthy of imitation by many who have had all the advantages which they have lacked. The silence was broken only by the hymns which they sang from time to time.

In the evening there took place one of the entertainments for which the Indian pupils of the Sisters are famous. The hall of the school was packed, and it may be doubted if any one after it was over left the room without admiration at the patient care the Sisters had bestowed in bringing their pupils to so high a standard. In the songs, the tones were well modulated and sweet, instead of harsh, as we fancy the voices of the Indians must be. During the intermission there was music furnished by the band. During the dialogues were well sustained, and it will be long before those who saw it can forget the acting of the newsboy, the match seller, and the shoe black. When it was all over, Mr. Ditchburne rose and thanked the Sisters and pupils, and did not hesitate to state it had been the finest exhibition he had attended at an Indian school. The next day the guests returned to Vancouver, carrying with them many pleasant memories of their brief stay.

Dear Father Welch,-

I have to thank you for the copy of the "Monthly Bulletin," with an account of the dedication of our new school at Sechelt. I am very much pleased to learn that you had such a successful opening, and I must particularly thank you for your references to myself. I hope the school will be very successful. We have money in the Estimates for erecting a bungalow there, and we will hope to complete it at a reasonably early date.

Yours very truly,

Dear Sir:-

Thank you very much for the loan of the plans of the Sechelt Indian School, which you forwarded to me on the 7th of July, and which I have kept safely until now.

I want to thank you for your courtesy in permitting my Building Committee to go over these plans, and I am deeply grateful to you for the same.

I suppose if we decide to send our Committee up to Chilliwack to view the new Building, we have your permission to visit the School in Sardis.

Thanking you again, I am, Sir,

Yours obediently,

October 9, 1922.

Dear Sir,-

With reference to your letter of August 30th, enclosing tenders for the bungalow for use of the chaplain of Sechelt Boarding School, the prices as submitted are considerably more than the Department is prepared to spend on a building for this purpose.

When the matter was first brought to the attention of the Department, and the sketch submitted, it was estimated that the cost would be in the neighbourhood of \$2000.00, and I would ask you to be good enough to advise me after consulting with the Reverend Principal, if the plans and specifications could be modified in order to reduce the cost to the original estimate.

Your obedient servant,

J. D. McLean

IN YOUR REPLY REFER TO
No. 752-352-
ALSO
TO DATE OF THIS LETTER

[Handwritten signature]

573343

Sir,

Referring to Departmental Letter dated the 23rd of September, No. 177517-4, I note that the Department is not prepared to purchase sewing machines for the use of the Sechelt Indian Boarding School.

In a communication dated the 4th of October, No. 122050-5 the Department informs me that an order has been placed for two machines for the Squamish Mission Boarding School.

The sewing machines are very necessary at the Sechelt Boarding School, as the girls are taught dressmaking, and if the machines are not supplied, it is very difficult for the teachers to carry on their work, for besides the regular lessons in sewing, there is a considerable amount of mending etc., which the elder girls do for the boys and younger girls.

In view of the above, I would respectfully recommend that two sewing machines be purchased for the Sechelt School.

Your obedient servant,

[Handwritten signature: L. M. Dynes]

Ottawa, October 19, 1922.

Gentlemen:-

I have to request that you will furnish two (2) Sewing Machines for the use of the Sechelt Indian Boarding School, Sechelt, B. C. These machines should be of the style described in your catalogue as follows:-

No. 2 - 5 drawer machines, 127 - 3 G. O.

Kindly notify Miss L. M. Dynes, Acting Indian Agent, New Westminster, B. C., from your nearest branch office as to who will furnish these machines and when they will be available. Miss Dynes will then give directions for delivery.

The account for the machines should be made out in duplicate and should show the retail price and the discount of 40% allowed "on which terms purchase is made". You will please forward the account to Miss Dynes who, upon receipt of the machines, will certify and transmit the account to the Department for payment.

Yours very truly,

F. H. Paget

Ottawa, October 19, 1922.

Madam:-

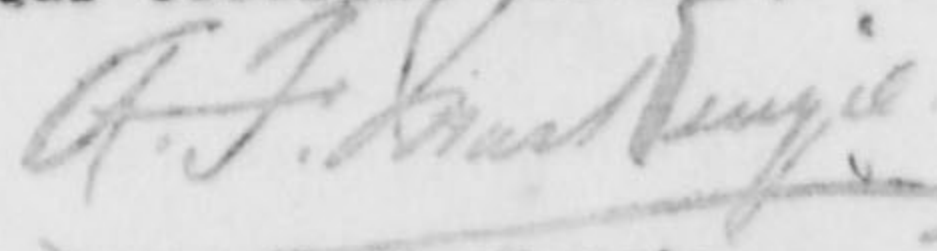

I have to acknowledge receipt of your letter of the 12th instant, and in reply I beg to inform you that the Department is approving of the supplying of two sewing machines for the use of the Sechelt Indian Boarding School. We are today placing an order for these machines with the Singer Sewing Machine Company, here. The machines ordered are described in the catalogue of the above company as No. 2 - 5 Drawer - 127-3 G.O. and are supplied this Department at a discount of 40% on the retail price.

You will be notified from the nearest branch office of the company when these machines are available and you should then furnish the necessary shipping instructions.

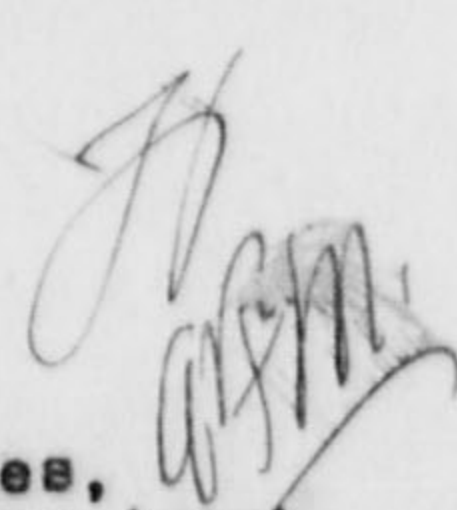

The accounts, in duplicate, will be forwarded to you. You should attach them to proper voucher forms, certify and send them to the Department, so that payment can be made.

These machines are being supplied on your recommendation and report that it would be difficult for the teachers to carry on instruction in sewing to the girls if the machines were not supplied.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

573735

Dear Mr. Scott:-

The Sister Superior of Sechelt has written to remind me that Mr. Tebb in March last, at the Department's request, forwarded to Ottawa plans for fruit and vegetable cellars, and for a stable.

She has also drawn my attention to the fact that pews for the School Chapel have been promised, as well as electric wiring connecting the cottage with the main building, but regrets to say that so far the promises have not been fulfilled.

You will be pleased to know that they have the number of pupils authorized by the Government. Twenty-five additional single desks are now needed, which it is hoped will be ordered without delay.

Yours respectfully,

J. M. L. B. M. I.

P. S. The water system has certainly been improved, for since the new tank was constructed we have had plenty of water, still it never reaches more than one foot in height, and in case of fire we fear the supply would be quite insufficient.

No. 177517-5 Re Fire Hydrant for Sechelt Indian Boarding School

Dear Sir:-

Enclosed please find certified invoices from Crane Limited, for pipe, Hydrant and fittings, and freight prepaid on same, these goods arrived in good order and have been installed.

I also attach hereunto a statement of account from The Pacific Pipe company, which I received from the Department, enclosed in envelope but with no query or instructions, the amount I believe is the same as the certified invoice mailed to you on August 23. and this is the only account contracted with the aforesaid Pipe company by or in connection with the Sechelt Indian Boarding School.

Yours faithfully,

Arthur R. Tibb.

Inspector of Construction.

Ottawa, Oct. 28, 1922.

Dear Father Welch:-

I have your letter of the 20th instant, enumerating the needs of the Sechelt Industrial School. I have noted that a stable and root cellar are desired, and that the pews for the school chapel have not been supplied.

I am directing that the electric wiring between the cottage and the main building be done and that the pews for the chapel be ordered without delay. The school desks needed will be supplied as soon as competitive prices have been secured.

Yours very truly,

[Signature]

MEMORANDUM.

MR. ORR:-

You will see Mr. Scott's authority in his last letter for the electric wiring to the teacher's residence at Sechelt and for the pews for the chapel.

If you will mark the file to me after you are through, I will get prices for school desks. I have noted for the Estimates that a barn and root cellar should be built as soon as funds can be provided.

Ottawa, October 30, 1922.

Dear Sir,-

With reference to the prices submitted by you some time ago, for the 18 pews required for the chapel at Sechelt Indian Boarding School, I beg to advise you that you may accept the Cedar Cove Sash & Door Co.'s price of \$153.00 f. o. b. Sechelt for these pews complete, in a k.d. condition, and I would ask you to assemble and finish these pews to match the existing woodwork of the chapel. The Department will pay you the current rates for your services, and when sending in your accounts, kindly attach a memorandum showing the number of hours worked each day.

With reference to the lighting of the principal's residence, last March you submitted three tenders for this work, and I note that you are of the opinion that the lowest tender, that of the Jenkins Electrical Company, is too low. As these tenders were obtained some time ago, and on account of the fluctuation of prices, I would ask you to be good enough to obtain, and submit to the Department, new tenders for the installing of the electric lights in accordance with the plan and specifications submitted by you with your letter of March 19th, last.

Your obedient servant,

(J. D. McLean)
Assistant Deputy and Secretary.

574040

Re No. 177517-5.

Dear Sir:-

In reply to your letter of the 9th. instance regarding modifications to specifications for bungalow for the use of the chaplain of Sechelt Indian Boarding School, I wish to report after going thoroughly into the matter with the Reverend Father Plamendo, the chaplain of the school, who is exceeding well pleased with the plan and general layout of bungalow, but he with myself think that construction and specifications call for a far better building than is necessary for the coast climate here. We have a damp sometimes a chilly climate but never really cold, after ^{being} a resident here for almost thirty years I have never seen the thermometer down to zero.

I will give ~~the~~ give below the usual construction of one and two storied houses and bungalows in general practice here, and while it does not enter the same class as your specification, it is plenty good enough for the purpose, and will stand and wear well without extensive repairs.

Note where no change is suggested the original specification will be followed.

EXCAVATION. Page 9

Excavate to a depth of 24" below grade level for the basement, and below this level dig trench for footings 10" wide and 6" deep, construct footing course of concrete as specified, on the said footings construct foundation walls 6" thick and 30" high, of concrete as before specified, all piers shall have similar footing courses extending 2" on all sides of finished pier, In case of the fireplace footings shall extend 6" on all sides and be of 8" in depth

Basement Walls

On foundation walls, including the cross partition wall, lay sill of 2"x4" properly bedded in cement mortar and fastened to foundation wall in the usual manner, on which erect 2"x 4" studding at 2' centers with doubled 2"x 4" plate on which will rest the floor joists, all corners to be diagonally braced with 2"x 4" cut in between studding and securely nailed, on outside of basement walls, lay 1 x 8" shiplap securely nailed to each studd with two 2½" nails, cover with one thickness of tar paper with joints well lapped, cover outside to ground floor with No 2 xxx shingles laid 5" to the weather.

The cross basement wall to have shiplap similarly nailed on the excavated side.

Indian Affairs (RG 10 Volume 6459, file 887-5, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

MATERIALS Page 11

substitute Fir for the spruce specified.

Sheeting Page 12

Eliminate the inside sheating, lathing direct on studding.

ROOF Page 12

In place of shiplap, except where it will show at the projection, substitute 1 x 6" roof boards spaced $2\frac{1}{2}$ " apart, this is preferable to close boarding where as thin a shingle as xxx is used, as it gives them a better chance to dry out. Dispose of rain water by placing rock pit at each down pipe, said rock pit to extend 12" below basement floor, or by tile drain discharging on road.

Storm Windows. Page 14

Storm windows not necessary, not used on the coast, screen windows and doors can be dispensed with, few flies or mosquitos, and the sand flies pass through screens.

DOORS Page 14

Should be $1\frac{1}{2}$ " jambs.

Hook Rails Page 15

As there are no closets, provide and fix where directed 20 feet of 6" hook rail and hooks.

Hardware Page 15

Inside Doors may be hung with $3\frac{1}{2}$ x $3\frac{1}{2}$ " butts as specified, Outside Doors 4 x 4"

LATHS Page 16

Substitute fir for spruce as specified.

FURNACE Page 18

The Chaplain seems partial to the Pipeless Furnace, personally I have not seen them in operation, but no doubt Mr Orr is conversant with them, if they are satisfactory it would save \$100.00 on this item alone

GUARANTEE Page 19

This guarantee not necessary as it could not be demonstrated on account of the mild climate.

LOCAL VENTING Page 21

I think this will not be necessary where only one or at visiting time, at most three persons will be occupying the building.

Water Service Page 21

With the pressure we have here $\frac{3}{4}$ " or even $\frac{1}{2}$ " supply pipe would be sufficient for all purposes.

Door Bell Page 23

An ordinary rotary door bell or an electric bell operated by a dry cell would meet all requirements, as there is no kitchen, and would do away with the necessity of a transformer.

With the before mentioned changes this building could be completed for \$2500.00 possibly a little less.

Yours faithfully,

Arthur R. Tibb.

Inspector of Construction.

Dear Sir:-
Enclosed herewith please find voucher No 16 in duplicate.
As instructed by your letter of September 5, I installed the yard
hydrant and fire ladders, the goods ordered in this connection were
satisfactory. I wish to call to your attention that the hose for
use on this hydrant has not been furnished, when this is done it
will give ample protection from fire on outside of school buildings
as with 200 feet of hose it will be possible to reach all structures
on the school grounds.

SECHELT INDIAN BOARDING SCHOOL

Noted
10-CELLARS:-Cellars for fruit and vegetables are needed at this school. In March last, Mr Tebb must have forwarded to Ottawa plans for same.

Noted
20-STABLE:- Mr Tebb must have also sent plans for a much needed stable for Sechelt School.

This is auth
30-PEWS:- I understand that pews for the School Chapel have been promised by the Department. I therefore take the liberty of bringing this fact to your attention.

This is auth
40-ELECTRIC WIRING:-The Department has also promised to connect the cottage with the main building and we would feel grateful to have this work done at your earliest convenience.

This is auth
50-DESKS:- Twenty-five single desks are instantly required as the School has the number of children authorized by the Department and the accommodation in this respect is lacking.

Write letter
60-WATER SYSTEM:-Attention is called to the low level of water in the new tank. Kindly investigate.

*
Very Rev. Fr Welch's letter of October 20th, 1922, to the Department covers all those items.

Ref. No. 153-1-5.

Dear Sir:-

In reply to your letter of the 30. ult.,, wish to state, that on the 9, instant I placed the order for pews with The Cedar Cove Sash and Door Co. as instructed.

With reference to the lighting of principal's residence, I sent out a number of requests for prices, enclosing therewith plans and specifications for same, these tenders were to be in by the 20, instant, I have only received three replies to this request, these I herewith enclose.

I am not personally acquainted with the the Jenkins Electrical Co. but would recommend that their tender be accepted for the following reasons, their price is the lowest, they agree to use conduit in basement. In this connection we may have a little difficulty with the Provincial Inspector, if knob and tube were used, as this building comes under school or institute clasification, and not as private residence.

You will note further in their tender they state connected which is as specified, while Carter states, ready for connection.

Yours faithfully,

Arthur H. Tebb.

Inspector of Construction.

Ottawa, December 13, 1922.

Mr. MacInnes
For Secretary
~~MEMORANDUM~~

MR. SCOTT.

Plans and specifications were prepared in accordance with sketches furnished the Department by the Principal of the School, for a small bungalow for the use of the Chaplain at the Sechelt Indian Boarding School recently erected in British Columbia. Tenders were asked for, for the erection of this building, and the following have been received:-

Johnson Brothers,	Sechelt,	\$2,660.00
Baynes & Horie,	Vancouver,	2,997.00
James Layfield Construction Co., Ltd.,	Vancouver,	3,000.00
D. J. Lavewek,	Vancouver,	3,328.00

The tender submitted by Johnson Brothers of Sechelt is the lowest, and, it being a fair and reasonable price for the work, I beg to recommend that it be accepted.

Funds are provided for this work in this year's estimates.

Mr. Perry,
Indian Agent,
Vancouver, B.C.

Dear Sir:-

In regard to our conversation on Sunday last regarding the trouble in connection with the sewerage system of the new school here, would say I have carefully examined same, and find the trouble is due entirely to the filter basin being unable to absorb the great amount of water entering it, first through septic tank, second the storm water from roof and areas of building, and third from seepage, as filter is placed on lowest point of school grounds a good portion of the heavy rains, of the last three weeks, falling in proximity to it eventually find their way into said filter basin.

The filter basin, in my opinion, is very small to care for the amount of sewage water entering it through the septic tank and was made four feet deeper than the plan called for as by boring we found a strata of coarse gravel at this depth, this under test carried off or absorbed 14000 gallons of water in twenty four hours, but this was in the dry season, now when the ground is saturated water appears to flow into it as fast as absorbed.

Effect on Septic Tank.

As filter basin, for the time being, does not absorb the water discharging into it, but rises to the level of the surface of the ground, water backs up discharge pipe into the septic tank raising the water in it to same level and interfering with the functioning of same, in fact converting it into a cess pit, so when sewers are flushed in the school almost crude sewage is forced into filter basin, and at times rising to surface of ground causing odors and consequently endangering health; there is also a further danger from water backing into discharge end of main sewer from the school, causing same to block or choke putting the whole system out of commission, and causing expense. I have taken it on myself to have an open ditch dug to lower water in the filter, and through it in the septic tank, in order to prevent the above referred to block, this is an emergency measure and cannot long remain.

There are two ways to remedy this condition permanently, first by constructing a pipe drain from discharge of septic tank to salt water below low tide mark, this would be expensive, the distance is about 800 feet, and would require a deep cut near sea front.

The second remedy would be to construct a filter basin 20' in diameter by 12 or 14' deep at a point about 75' south of present site, this would bring it over a raise of ground to a lower level and near the brow of the hill; storm water could be diverted by pipe to discharge directly over brow of hill, relieving filter of this. Rough estimate of cost First scheme \$1000.00, second \$300.00

Yours faithfully,

(sgd) Arthur R. Tibb,
Inspector of Construction.

IN YOUR REPLY REFER TO No. ALSO TO DATE OF THIS LETTER
--

Jan. 15, 1923.....19

577931

Sir,—

I have the honour to transmit to you herewith a copy of a report received by me from Mr. Arthur R. Tibb, who was the Inspector of Construction of the Indian Boarding School at Sechelt, which was completed last year. During a recent visit to this institution, Mr. R. H. Cairns, Inspector of Schools, and myself found that the septic tank at this school was not working satisfactorily, in fact its condition was a menace to the health of those in residence at the school. I met Mr. Tibb and requested him to thoroughly examine the system and report to me at his earliest convenience. This, Mr. Tibb has done and I would ask that the Department give immediate attention to this report, as conditions at Sechelt will not likely improve as the warmer weather comes on.

The Department's Officials at Ottawa, who give special attention to these matters will be in a better position than myself to make a recommendation as to the proposals outlined in Mr. Tibb's report.

Awaiting your instructions in this matter,

I have the honour to be,
Sir,
Your obedient servant,

Charles C. Perry

C. C. Perry,

Re Sechelt Indian Boarding School.

Dear Sir:-

Early in the present month the filter basin in connection with the drainage system of the new school showed signs of not being able to care for all the water entering it, the condition was accentuated by excessive rains, so when Mr. Perry, the Indian Agent from Vancouver, was here on the 7th, inst. he asked me to investigate it and report to him, this I did on the 10, instant and since that time I have heard nothing in this regard.

On the 9th. the water had risen above the outlet end of the main sewer from the school, and as there was serious danger of same becoming clogged I had a ditch dug about 2' deep from filter to the brow of hill, this lowered the water in septic tank and removed the danger of blocking the sewer, but it is imperative that something be done at once. The ditch is carrying off between five and six thousand gallons of foul water per day.

I herewith enclose a copy of report sent to Mr. Perry.

Yours faithfully,

Arthur H. Tabb.

Inspector of Construction.

Curry
MEMORANDUM

MR. MCLEAN.

It has been reported that the filter bed used in connection with the septic tank at the Sechelt Indian Boarding School is not large enough to properly absorb the discharge from the tank. This is caused by the excessive amount of rain water and also by the low-lying nature of the ground.

In order to remedy this condition, it will be necessary to construct a filter basin 20' in diameter by 12 or 14' deep at a point about 75' south of present site; this would bring it over a raise of ground to a lower level and the storm water could be diverted by pipe to discharge directly over the brow of the hill, relieving the filter of this amount.

The approximate cost of carrying out these very necessary extensions would be approximately \$300.00 and I beg to recommend that Mr. Tebb who is acting as Inspector of Construction on this work, be authorized to have this filter basin constructed at once.

Unless the existing conditions are remedied before Spring, the present situation will be a great menace to the health of all those residing at the school.

Ottawa, January 30, 1923.

Dear Sir,-

Replying to your letter of the 20th inst., with reference to the filter basin in the drainage system of the new Sechelt Indian Boarding School, I beg to advise you that you are authorized to construct a filter basin 20' in diameter by 12 or 14' deep, as outlined in your report of January 10th. Arrangements should also be made in the alterations to the system so that storm water will not come through the septic tank. It is noted that the cost will not exceed \$300.00.

If materials are required, competitive prices should be obtained, and a memorandum attached, when submitting the accounts, showing the names of the firms asked to quote and prices quoted.

In the employment of labour, time sheets should be kept and forwarded to the Department, along with the necessary vouchers.

Your obedient servant,

Dear Sir,

For the guidance of your Department I take the liberty of pointing out to you that there is an inadequate supply of water for the purposes of the new \$200,000.00 School and Indian Reserve and further the source of supply is a swamp and is no doubt accountable for the prevalent sickness at this Institution.

Already one valuable school has been wiped out by fire, and a Church and the best part of the Indian village on several occasions owing to the water playing out during the hot and cold seasons.

Your engineers I understand advised drawing the supply from the adjoining creek but either through shortness of funds or shortsightedness on the part of someone in your department ~~what~~ no action was taken and what money was spent was in my opinion thrown away.

My object in writing is to avert any catastrophe in the future, attributive to the cause, as I personally could have saved the last school had the water been in evidence.

Ottawa, Jan. 30, 1923.

Sir:

I have to inform you that Mr. H. Whitaker, General Manager of the Sechelt Seaside Resort Company, of Sechelt, B.C., has written to the Department relative to the water supply for the Sechelt Indian Residential School and for the contiguous Indian village. This communication reads, in part:

"There is an inadequate supply of water for the purposes of the new \$200,000.00 school and Indian reserve, and further, the source of supply is a swamp and is, no doubt, accountable for the prevalent sickness at this institution.

"Already one valuable school has been wiped out by fire, and a church and the best part of the Indian village on several occasions, owing to the water playing out during the hot and cold seasons.

"Your engineers, I understand, advised drawing the supply from the adjoining creek, but, either through shortness of funds or shortsightedness on the part of someone in your department, no action was taken, and what money was spent was, in my opinion, thrown away.

"My object in writing is to avert any catastrophe in the future, attributive to the cause, as I personally could have saved the last school had the water been in evidence."

The Superintendent of Indian Education reports that you are quite familiar with conditions at Sechelt, and he is of the opinion that there may be a selfish motive for the advice given in the letter of our correspondent. I will be pleased, however, if you will furnish a recommendation to the Department in connection with the question raised by Mr. Whitaker.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

W. E. Ditchburn, Esq.,
Chief Inspector of Indian Agencies,
Victoria, B. C.

Ottawa, Jan. 30, 1923.

Sir:

I have to inform you that Mr. H. Whitaker, General Manager of the Sechelt Seaside Resort Company, of Sechelt, B.C., has written to the Department relative to the water supply for the Sechelt Indian Residential School and for the contiguous Indian village. This communication reads, in part: "There is an inadequate supply of water for the purposes of the new \$200,000.00 school and Indian reserve, and further, the source of supply is a swamp and is no doubt accountable for the prevalent sickness at this institution."

"Already one valuable school has been wiped out by fire, and a church and the best part of the Indian village on several occasions, owing to the water playing out during the hot and cold seasons."

"Your engineers, I understand, advised drawing the supply from the adjoining creek, but, either through shortness of funds or shortsightedness on the part of someone in your department, no action was taken and what money was spent was, in my opinion, thrown away."

"My object in writing is to avert any catastrophe in the future, attributive to the cause, as I personally could have saved the last school, had the water been in evidence."

The Superintendent of Indian Education reports that there may be a selfish motive behind this advice given by Mr. Whitaker, because of the fact that white residents at the resort secure their water from the school supply. However, I will be pleased if, upon the occasion of your next visit, you will make enquiries and send a report to the Department, with your recommendation.

Re Sechelt Indian Boarding School.

Dear Sir:-

Please find below a statement of time I have worked on sundry items, in connection with the school here.

October 22, 1922.	Interviewing Chaplain, regarding the bungalow, and modifying specifications of same: as per. your instructions of October 9, Time 1 day @ \$6.00	\$6.00.
November 14, 1922,	Prepared 10 tracings of ground and first floor plan, and an equal number of specifications for the Electrical Wiring of the principal's residence and mailed same to electrical contractors with requests for tenders, for the installation of same, as per your instructions of October 30,. Time 1 day @ \$6.00 Postage 30¢	\$6.30
November 23,	Made three copies of modified specification, of bungalow for the chaplain. Time ½ day @ \$6.00 per.	\$3.00
November 24. & 25,	Took plans and specifications, of bungalow to Vancouver, and submitted same to nine contracting firms, only four tenders were received. Time 2 days @ \$6.00 per day, Boat Fare \$3.10	\$15.10
December 29,	Uncrating and checking pews for chapel. Time 1 day @ \$6.00 per day.	\$6.00
January 4, 1923.	Started Electrician wiring the Principal's Residence, Time ½ day @ \$6.00 per day.	\$3.00
January 7,	Made final inspection of electrical installation in principals residence. Time 1 day, @ \$6.00 per	\$6.00
January 8,	Inspecting cause of trouble in Filter Bed, and digging emergency ditch from same. Time 1 day	\$6.00
January 9, 10, 11, 12, and 13,	eight hours each day assembling Pews for the chapel, @ \$6.50 per day of eight hours	\$32.50
January 15, & 16.	eight hours each day assembling Kneeling Benches and Book Racks, @ \$6.50 per day of eight hours	\$13.00
January 17, 18, 19, 20, 22, 24, 25, 26, and 27,	eight hours each day Finishing Seats etc. @ \$6.50 per day of eight hours	\$58.50
January 29,	eight hours, and 30, six hours, installing seats etc. in the chapel, @ \$6.50 per day of eight hours	\$11.38
		<u>\$166.78</u>

Yours faithfully,

Arthur H. Tebb

Excerpt from my letter of 7th July, 1922, to
The Secretary.

"The water supply is none too good---plenty for the domestic requirements of the building but there are at present four acres of land under cultivation. The soil is nothing but sand though produces excellent crops if watered. To get results a number of stand-pipes have been laid and garden hose with sprinklers attached are used to afford a system of overhead irrigation. I found a number of these taps leaking, the valves being worn out and I therefore wired to Victoria for one dozen half-inch hose bibs to replace those out of commission. These will be found included in the account for the general hardware supplied to the school. In order that the water might be conserved as much as possible I directed that some of the stand pipes should be cut out and the sprinkling done from more central points in each garden plot. There will then not be so many of the taps to get out of order. I also ordered that the watering of the gardens should be done either in the early morning or in the evening to do away with loss through evaporation. As you are aware, no doubt, the service to the school is through a one-and-a-half inch pipe from a tank installed on the hill above the school but I found that this tank had never filled since it was erected, thus showing that the flow of the pipe is being used to its capacity. Later in the season when water is not needed for the gardens the tank will, no doubt, fill up. However, it is intended to clear up more land to put under crop and the need for water will then be greater than it is at present. It may therefore be necessary in the near future to provide for a greater supply from the springs or other source by the installation of a larger pipe than the one at present, which is a three inch one to the point of diversion to the school. Mr. Tebbs informed me that two lengths of this three inch pipe was in a leaky condition and I would therefore recommend that he be empowered to obtain two new lengths and have these connected up. The force of water, however, may be increased by cutting off the supply from the Indian village to the Whitaker interests. This water the Whitaker people have been allowed to use through a private arrangement between the Indians and themselves. I understand the Whittaker people pay \$200 to the Indians---this money to be used on the upkeep of the church on the reserve. The Whittaker interests include Sechelt Hotel, store and a number of summer cottages. If their supply were cut off entirely the water, no doubt, would back up from the Indian diversion into the three inch main and cause a stronger flow into the diversion for the school. I spoke to Mr. Whittaker on this matter and informed him that it might be necessary to terminate any arrangement he had with the Indians but he asked, if possible, not to do anything this year as they anticipated having a joint water system for all interests of Sechelt undertaken next year. We will, however, be able to see how the present system works out during this season."

not they had ample water throughout the season and I am just in receipt of a reply stating that during the dry weather the water was somewhat short although they were very saving with it. She stated that the supply tank had never been filled and would only have an average of two or three feet of water in it in the mornings and in the evenings it would be quite empty. This all goes to show that it is absolutely important that the valve in the pipe-line at the boundary of the reserve and the Whitaker property ~~should be kept permanently closed and Mr. Whitaker should be informed that it will be impossible for him to obtain any further supply from this system, and then if he is prepared to go ahead with a flume line from Wilson Creek the Department might consider the advisability of participating in such, for I believe that it would be a much more dependable system and better water.~~

11 I am fully of the opinion that the shortage at the school was on account of the Whitaker interests being supplied. This Company has a number of summer cottages, a hotel and store, all situated at the extreme end of the pipe-line and naturally take the water which would otherwise back up from the valve and keep the reservoir filled.

Sir:-

OFFICE OF
CHIEF INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P. O. Box 775

Victoria, B.C.

12th February, 1923.

579257

I beg to acknowledge the receipt of your letter of the 30th ultimo, including an excerpt from a letter from Mr. H. Whitaker, General Manager of the Sechelt Seaside Resort Company, of Sechelt, B. C., relative to the water supply for the Sechelt Indian School and the Indian houses on the reserve.

In reply I beg to say that apparently Mr. Whitaker's letter to you is the outcome of an interview I had with him when at Sechelt in July last at the time of opening the new school at that place when I pointed out to him that, in all likelihood, it might be necessary to terminate any arrangement he had with the Indians for using water from their supply. Attached hereto is a paragraph from my letter to you of 7th July last dealing with this question.

That portion of Mr. Whitaker's letter quoted in your communication would lead me to believe that he has taken up with the Department the question of putting in a larger system than we have at the present time, as he uses these words: "Your engineers, I understand, advised drawing the supply from the adjoining creek, but, either through shortness of funds or shortsightedness on the part of someone in your Department, no action was taken, and what money was spent, was, in my opinion, thrown away." In this connection I may say that when Mr. Myles Morley was Superintendent of Works at the Sechelt School he did look into the possibility of obtaining a greater supply of water from a creek known as Wilson Creek and he appeared to be of the opinion that it would be advisable for the Department to put such a system in operation and then sell the water to the Sechelt Seaside Resort Company, adjoining the reserve on the north, and the people at Selma Park, adjoining the reserve on the south. I pointed out, however, to Mr. Morley that the Department were not in a position to carry such an undertaking out in view of the fact that any license to use water obtained from the Provincial Government was appurtenant to lands, the title of which was held by the applicant, and the only way water could be obtained from Wilson Creek to supply the various interested parties would be for some kind of a joint undertaking to be put into effect, each person taking out a license for their requirements and participating in the construction of the flume. As such a flume would necessarily have to pass through the Indian reserve and apparently the water system then in use for the school and the village was ample for the time being I considered it was up to some of the other interested parties to make the first move.

That there is not sufficient water for the Indian school, the village and the Whitaker interests has been proved, as since the receipt of your letter I wrote to Rev. Sister Gabriel, the Principal of the School, to ascertain whether or

Dear Sir,

Refer No. *177517-1*

On January 23rd. I drew your attention to the danger likely to ^{an} occur through inadequate supply of water for the new Indian School, and I now wish to inform you that this building, and the Indian reserve, with its numerous buildings, have been without water for several days and there is no relief in sight.

There are eighty children and about fifteen staff now in the School building, with no water or electric light, so the consequences can be left to your own imagination.

Yours truly

H. Whitaker

OTTAWA, February 23rd, 1923.

Sir:

I have to acknowledge the receipt of your letter of the 12th instant, regarding the water supply for the Sechelt Indian Boarding School and Indians' houses on the Reserve.

In reply I beg to say that the Department agrees with you that your recommendations as to the action to be taken to overcome the shortage at the school should be carried out, and that any arrangement made with Mr. H. Whittaker, of Sechelt, B.C., should be terminated. A second communication regarding this matter has been received from Mr. Whittaker, in which he states that the school building and Indian Reserve have been without water for several days. We, therefore, sent you the following night letter of today's date:

"Second letter from Whittaker, Sechelt, regarding water supply make immediate action advisable. Please acquaint Agent Perry with facts and instruct him to proceed to Sechelt and take action recommended in your letter 12th instant."

No doubt, if the valve in the pipe line at the boundary of the Reserve and the Whittaker property was kept permanently closed, a sufficient supply of water would be obtained for the use of the school and Indian houses.

I shall be pleased to have a report at a later date as to the action taken by Mr. Agent Perry upon your instructions.

Your obedient servant,

J. D. McLEAN

Dear Sir,-

Would it be possible that Mr. Balls of your Department at Vancouver, B. C. be requested to make an inspection of the water works system at Sechelt, with a view to furnishing me with a report as to the advisability of extending the present system to Wilson Creek together with an approximate estimate of the cost of the work.

I understand that this officer is already familiar with the proposed, and that he could give valuable assistance towards solving the question of providing a reliable water supply for the Sechelt Indian Boarding School.

Re. Bungalow for Chaplain of Sechelt Indian Boarding School

Dear Sir:-

According to the plans of bungalow no door has been provided in the basement, and while fuel might be passed through window, it would be difficult to dispose of the ashes from the furnace, except by carrying up the stairs and out by the front door.

I would suggest that a door 3'x 6' be placed in rear wall, with an entrance area 3'4"x3'4" formed of concrete same as, and of same thickness and height as foundation walls, and to be fitted or molded with three concrete steps, viz. four risers of 7" and said area to have concrete floor as specified for basement.

The Contractors have agreed to make this change for the sum of \$25.00 same to added to contract price.

Yours faithfully,

Arthur R. Tebb.
Inspector of Construction.

First Progress Report on Bungalow for Chaplain of Sechelt Indian Boarding School.

Dear Sir:-

On February 20, all dimension material, cement, and shingles for construction arrived, since that time the excavation for basement has been completed, the concrete foundations, and footings have been put in, and frame of building practically completed, the lumber was supplied by the Hastings Saw-mill Co. and the material is No.1, the contractors, Johnson Bros, do their own towing, and in course of a few days the brick for fireplace, and lath and plaster will be on the job.

At the present time there are three carpenters, one helper, and one laborer employed on the building.

Yours faithfully,

Arthur P. Webb.

Agreement made in duplicate the **Sixth** day of

DECEMBER A. D. **1 9 2 3 .**

BETWEEN His Majesty King George the Fifth, represented by the Superintendent General of Indian Affairs of Canada (hereinafter called the Superintendent General);

AND **JENKINS ELECTRICAL COMPANY LIMITED,**

of **VANCOUVER - B. C.**
called the Contractors).

(hereinafter

The Contractors for themselves, their heirs, executors, administrators and assigns, agree to do in the most workmanlike manner all works and provide all the materials of the best kind shown in the drawings and described in the specifications marked "A" and "B" respectively and signed by the Contractors and to complete, furnish and hand over to the Superintendent General or to some person by him appointed for that purpose the,

**installing of electrical wiring and fixtures in the
Principal's residence at Sechelt, B. C.**

and all other work and labour incidental to and necessary for the entire completion thereof, whether specified or shown in the drawings or specifications or not, by the
day of A. D.

AND in consideration of the above agreement on the part of the Contractors the Superintendent General hereby agree to pay the said Contractors the sum of **Two Hundred and Eight**-----dollars, provided always that the Superintendent General may at any time during the progress or after the completion or alleged completion of the work appoint an Architect, Engineer or other officer, in which case the certificate of such Architect, Engineer or other officer, that the work is duly completed and of the amount, if any, due to the Contractors after making such allowances for penalties and for defective or incomplete work, or for extras and deviations as the Architect, Engineer or other officer shall think fair, shall be a condition precedent to any claim by the Contractors under this contract.

AND the Contractors for themselves their executors, administrators and assigns, further covenant and agree:—

1. That the wages to be paid in the execution of this contract shall be those generally accepted as current in each trade for competent workmen in the district where the work is carried on. If this condition is violated the Superintendent General may cancel the contract and refuse to accept any work done thereunder.

2. That if the Contractors fail at any time to pay any account for any goods or materials supplied, or money advanced by anyone to the said Contractors for the purposes of this agreement, or to pay the account of any sub-contractor for any work or materials done or supplied for the said works to be constructed under this agreement, and such

account is in either of such cases one month overdue, the Superintendent General may notify the Contractors to pay such account and if a week elapse and the same be not paid in full, the Superintendent General may pay such account and may charge the same to the Contractors, and the Contractors covenant with the Superintendent General to repay at once any and every sum so paid.

3. That if the Contractors fail at any time in paying salaries or wages of any person employed by them upon or in respect of the said works, or any of them, and any part of such salary is one month in arrear, or if there be due to any such person one month's wages or salary, the Superintendent General may notify the Contractors to pay such salary or wages, and if two days elapse and the same be not paid in full up to date of payment, or to such other date as may be in accordance with the terms of employment of such person, then the Superintendent General may pay to such person his salary or wages from any date to any date and to any amount which may be payable, and may charge the same to the Contractors and the Contractors covenant with the Superintendent General to repay at once any and every sum so paid.

4. That pursuant to the Statute in that behalf, this Agreement is made subject to the express condition that no member of the House of Commons of Canada shall be admitted to any share or part of this Agreement or any benefit to arise therefrom.

5. That the Contractors shall not assign, transfer or set over this contract or any interest therein to any person or persons whomsoever, without the consent, in writing, of the Superintendent General of Indian Affairs first had and obtained.

IN WITNESS WHEREOF the said Superintendent General of Indian Affairs, acting as aforesaid and the said **JENKINS ELECTRICAL COMPANY LIMITED**, have hereunto set their hands and seals the day and year first above mentioned.
